About Botanix Pharmaceuticals

Botanix Pharmaceuticals Limited (ASX:BOT) is a dermatology company based in Philadelphia and Phoenix (US) which has received FDA approval for its lead product *Sofdra*TM for the treatment of primary axillary hyperhidrosis. *Sofdra*TM is the first and only new chemical entity approved by FDA to treat primary axillary hyperhidrosis and presents a novel safe and effective solution for patients who have lacked treatment options for this socially challenging medical condition

The Company also has a pipeline of other products in late-stage clinical development for range of other dermatology conditions. To learn more please visit: <http://www.botanixpharma.com/>

Cautionary Note on Forward-Looking Statements

Any statements in this press release about future expectations, plans and prospects for the Company, the Company's strategy, future operations, and other statements containing the words "anticipate," "believe," "estimate," "expect," "intend," "may," "plan," "predict," "project," "target," "potential," "will," "would," "could," "should," "continue," and similar expressions, constitute forward-looking statements. Actual results may differ materially from those indicated by such forward-looking statements as a result of various important factors, including: the Company's ability to successfully develop its product candidates and timely complete its planned clinical programs and the Company's ability to obtain marketing approvals for its product candidates. In addition, the forward-looking statements included in this press release represent the Company's views as of the date hereof. The Company anticipates that subsequent events and developments will cause the Company's views to change. However, while the Company may elect to update these forward-looking statements at some point in the future, the Company specifically disclaims any obligation to do so. These forward-looking statements should not be relied upon as representing the Company's views as of any date subsequent to the date hereof.

***Sofdra* Important Safety Information & Indication**

Indication

Sofdra (sofipironium) topical gel, 12.45% is a prescription anticholinergic medicine used on the skin (topical) to treat excessive underarm sweating (primary axillary hyperhidrosis) in adults and children 9 years of age and older.

IMPORTANT SAFETY INFORMATION

***Sofdra* is for use on the skin in the underarm area only. Wash your hands right away after you apply *Sofdra*. Do not touch your underarms after applying *Sofdra*. *Sofdra* is flammable. Avoid heat and flame while applying *Sofdra*.**

Who should not use *Sofdra*?

Do not use *Sofdra* if you have certain medical conditions that can be made worse by taking an anticholinergic medicine such as glaucoma, severe ulcerative colitis (UC) or certain other serious bowel problems associated with severe UC, myasthenia gravis, and Sjogren's syndrome.

What should I tell my healthcare provider before using *Sofdra*?

- **Tell your healthcare provider about all of your medical conditions**, including bladder or kidney problems, problems passing urine, if you are pregnant or breastfeeding, or plan to become pregnant or breastfeed. It is not known if *Sofdra* will harm your unborn baby or pass into your breast milk.
- **Tell your healthcare provider about all the medicines you take**, including prescription and over-the-counter medicines, especially any anticholinergic medicines.

What are possible side effects of *Sofdra*?

Serious side effects may include:

- **Blurred vision.** Stop using *Sofdra*, call your healthcare provider right away, and do not drive or operate machinery or do hazardous work until your vision is clear.
- **New or worsened urinary retention.** Stop using *Sofdra* and call your healthcare provider right away if you experience difficulty urinating, urinating frequently, urination in a weak stream or drips, full bladder or difficulty emptying your bladder.

The most common side effects of *Sofdra* include dry mouth; blurred vision; pain, redness, swelling, itching, and irritation in the underarm area; dilation of the pupils of your eyes (mydriasis); and problems with urination. These are not all of the possible side effects of *Sofdra*. Call your doctor for medical advice about side effects.

You are encouraged to report negative side effects of prescription drugs to the FDA. Visit www.fda.gov/medwatch or call 1-800-FDA-1088. You may also report side effects to Botanix at 1-866-763-6337.

Keep *Sofdra* and all medicines out of the reach of children.

Notice and Disclaimer

1. Summary information

This presentation has been prepared by Botanix Pharmaceuticals Ltd (“Botanix”) and contains summary information about Botanix and the business conducted by it which is current as at the date of this presentation (“Presentation”) (unless otherwise indicated).

The information in this Presentation is general in nature and does not purport to be accurate nor complete, nor does it contain all of the information that an investor may require in evaluating a possible investment in Botanix, nor does it contain all the information which would be required in a disclosure document or prospectus prepared in accordance with the requirements of the Corporations Act 2001 (Cth). It has been prepared by Botanix with due care but no representation or warranty, express or implied, is provided in relation to the accuracy, reliability, fairness or completeness of the information, opinions or conclusions in this Presentation by Botanix or any other party.

The information in this Presentation remains subject to change without notice. Reliance should not be placed on information or opinions contained in this Presentation, and Botanix does not have any obligation to finalize, correct or update the content of this Presentation. Certain data used in this Presentation has been obtained from research, surveys or studies conducted by third parties, including industry or general publications.

To the maximum extent permitted by law, Botanix is not responsible for updating, nor undertakes to update, this Presentation. It should be read in conjunction with Botanix’s other periodic and continuous disclosure announcements lodged with the ASX, which are available at www2.asx.com.au or at <https://botanixpharma.com/category/asx-releases/>.

2. Not an offer

Neither this Presentation nor any of its contents will form the basis of any understanding, proposal, offer, invitation, contract or commitment.

3. Industry data

Certain market and industry data used in connection with or referenced in this Presentation has been obtained from public filings, research, surveys or studies made or conducted by third parties, including as published in industry-specific or general publications. Neither Botanix nor its advisers, or their respective representatives, have independently verified any such market or industry data.

4. Financial data

All dollar values are in United States dollars (\$) or US\$) unless otherwise stated. Amounts, totals and change percentages are calculated on whole numbers and not the rounded amounts presented.

5. Forward-looking statements and forecasts

This Presentation contains certain “forward-looking statements” and comments about future matters. Forward-looking statements can generally be identified by the use of forward-looking words such as, “expect”, “anticipate”, “likely”, “intend”, “should”, “could”, “may”, “predict”, “plan”, “propose”, “will”, “believe”, “forecast”, “estimate”, “target”, “outlook”, “guidance” and other similar expressions and include, but are not limited to, plans and prospects for the Company, the Company’s strategy, future operations, the expected timing and/or results of regulatory approvals and prospects of commercializing product candidates or research collaborations with its partners, including in Japan, the outcome and effects of Solfiponium Bromide and the market for Solfiponium Bromide. Indications of, and guidance or outlook on, future earnings or financial position or performance are also forward-looking statements. You are cautioned not to place undue reliance on forward-looking statements. Any such statements, opinions and estimates in this Presentation speak only as of the date hereof, are preliminary views and are based on assumptions and contingencies subject to change without notice, as are statements about market and industry trends, projections, guidance and estimates. Forward-looking statements are provided as a general guide only. The forward-looking statements contained in this Presentation are not indications, guarantees or predictions of future performance and involve known and unknown risks and uncertainties and other factors, many of which are beyond the control of Botanix, and may involve significant elements of subjective judgement and assumptions as to future events which may or may not be correct. Any such forward looking statements are also based on assumptions and contingencies which are subject to change, and which may ultimately prove to be materially incorrect, as are statements about market and industry trends, which are based on interpretations of current market conditions. Investors should consider the forward-looking statements contained in this Presentation in light of those disclosures and not place undue reliance on such statements (particularly in light of the current economic climate and significant volatility, uncertainty and disruption caused by the COVID-19 pandemic). The forward-looking statements in this Presentation are not guarantees or predictions of future performance and may involve significant elements of subjective judgment, assumptions as to future events that may not be correct, known and unknown risks, uncertainties and other factors, many of which are outside the control of Botanix.

Except as required by law or regulation, Botanix undertakes no obligation to finalize, check, supplement, revise or update forward-looking statements or to publish prospective financial information in the future, regardless of whether new information, future events or results or other factors affect the information contained in this Presentation.

6. No liability

The information contained in this document has been prepared in good faith by Botanix. Neither Botanix, nor any of its advisers or any of their respective affiliates, related bodies corporate, directors, officers, partners, advisers, employees and agents have authorised, permitted or caused the issue, lodgment, submission, dispatch or provision of this Presentation in a final form and none of them makes or purports to make any binding statement in this Presentation and there is no statement in this Presentation which is based on any statement by them.

To the maximum extent permitted by law, Botanix and its advisers, affiliates, related bodies corporate, directors, officers, partners, employees and agents: expressly disclaims any and all liability, including, without limitation, any liability arising out of fault or negligence, for any loss arising from the use of or reliance on information contained in this document including representations or warranties or in relation to the accuracy or completeness of the information, statements, opinions, forecasts, reports or other matters, express or implied, contained in, arising out of or derived from, or for omissions from, this document including, without limitation, any estimates or projections and any other financial information derived therefrom, whether by way of negligence or otherwise; and expressly exclude and disclaim all liabilities in respect of, make no representations regarding, any part of this Presentation and make no representation or warranty as to the currency, accuracy, adequacy, reliability or completeness or fairness of any statements, estimates, options, conclusions or other information contained in this Presentation.

Patient Survey

Independent, commissioned US adult hyperhidrosis patient survey - attitudes, preferences, and hope

Selections from a consumer survey conducted by International Hyperhidrosis Society on behalf of E&P analyst David Nayagam

LISA J PIERETTI, MBA
Executive Director & Founding Member

- Previously Director of Account Management at Medical Broadcasting Company, where she designed, developed, and executed integrated multi-channel strategic marketing programs for billion-dollar pharma brands
- Worked with SCIREX Corporation, a leader in CNS clinical research, as the Senior Director of Marketing and Communications
- At Merck & Co. she was a Market Analyst in the vaccine department

Fielded 22 May 2024–6 June 2024

- ❖ On 22 May 2024, the IHhS staff invited 370 Members who are over the age of 18, reside in the US, and who experience excessive uncontrollable underarm sweating, now or in the past
- ❖ On 6 June 2024, the survey closed with 136 completed responses
- ❖ No direct per-person compensation provided, but three respondents were randomly selected for a gift

If more effective than OTC antiperspirants, patients will try a new product

Q2: If a new prescription topical gel is clinically proven to be more effective in reducing underarm sweating than available over-the-counter (OTC) products, what is the likelihood that you would try it?

WWW.BOTANIXPHARMA.COM

Hyperhidrosis patients are surprisingly resilient regarding side effects – within reason

Q3: If this same prescription product—that is clinically proven to be more effective than the available OTC products for reducing underarm sweating—has a small potential for side effects like dry mouth, would that impact your likelihood to try it?

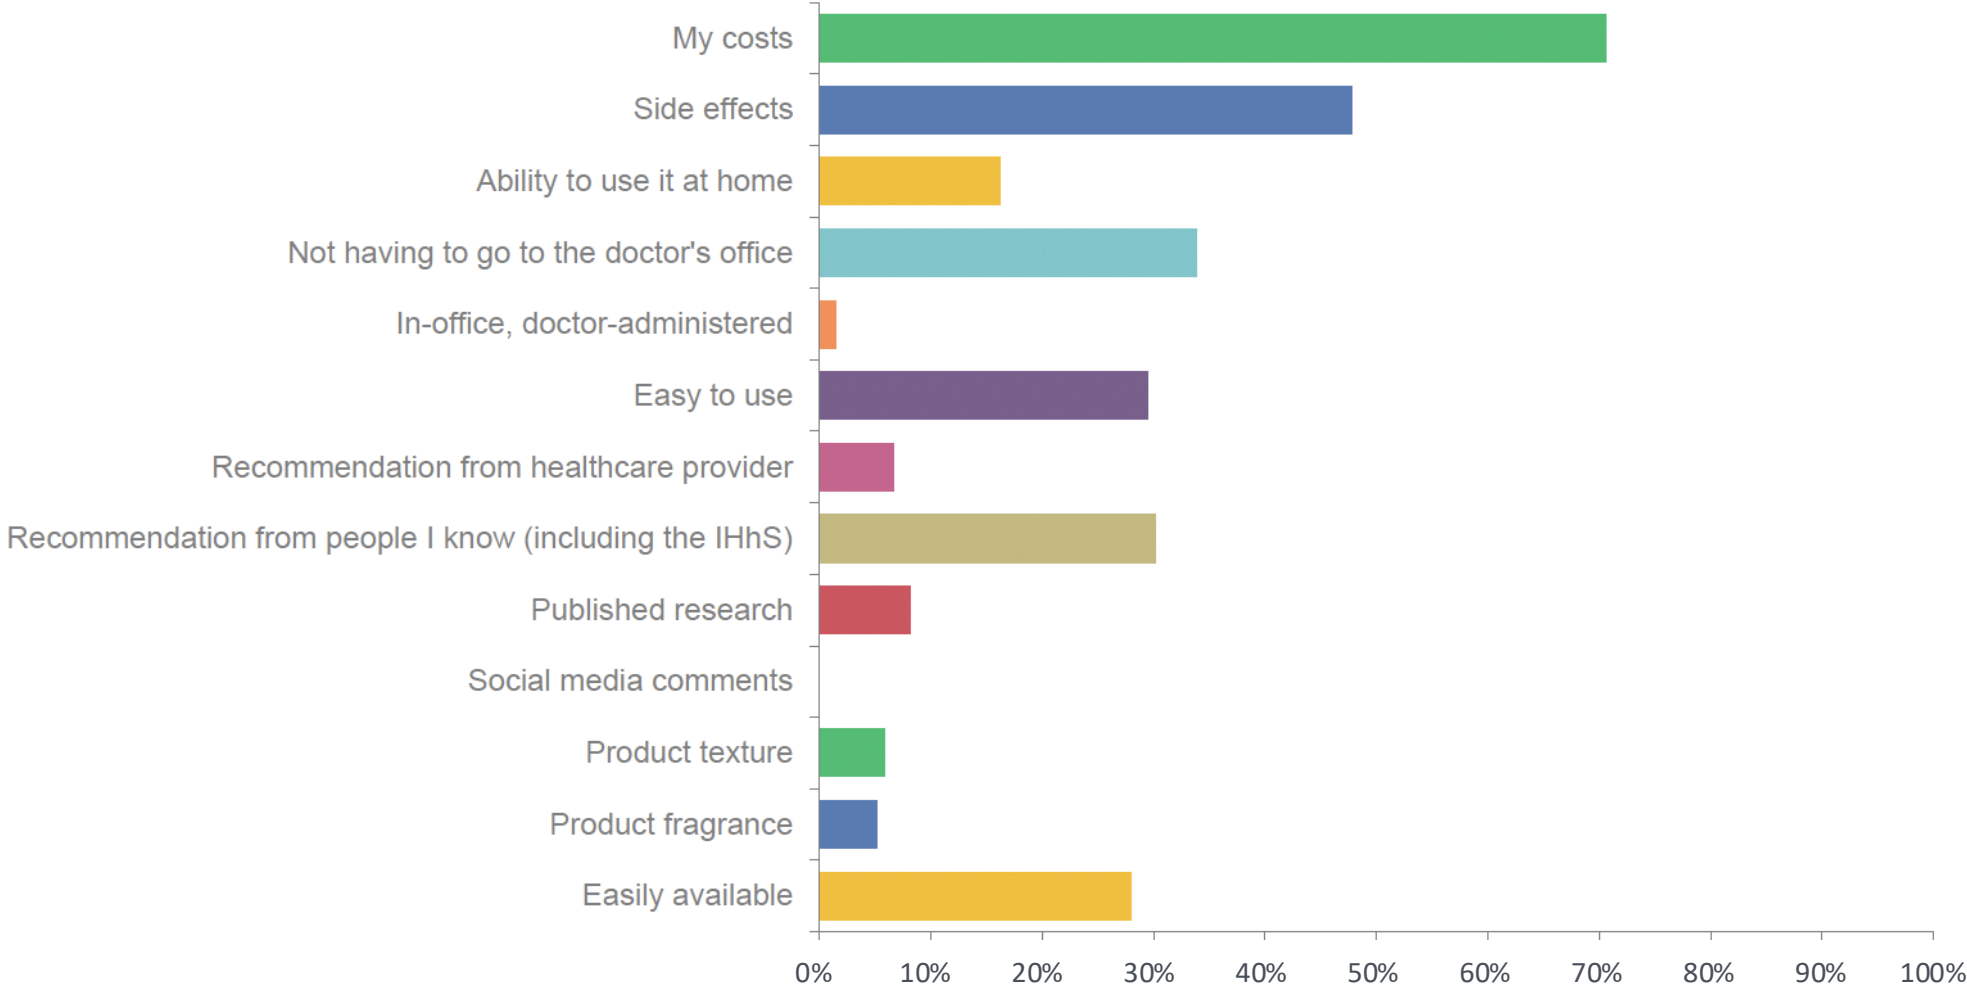

75%
Said that some side effects would impact their decision to try it a little or none at all.

WWW.BOTANIXPHARMA.COM

Top reasons for patient choices

Q6: If given the choice between two treatments that had similar impact on reducing your underarm sweating, what are your top reasons you would try one product over another? You can choose up to 3!

WWW.BOTANIXPHARMA.COM

Patient's minimum efficacy to try and comply

Q7: Putting aside all other considerations, what's the minimum amount a product needs to reduce your underarm sweating for you to **strongly** consider trying it?

Q8: And, once you've tried it, how much does a product need to reduce your underarm sweating for you to **continue** to use it?

Sofdra[™] Patient Experience Program (PEP)

- ❖ Highly qualified patients selected from the IHhS database will utilize the platform to gain early access to *Sofdra*
- ❖ At points in the PEP process, participants will be asked to take surveys to give feedback on the telemedicine and product access experience
- ❖ Patient feedback from survey responses will be used to improve the platform for hyperhidrosis patients
- ❖ The PEP will provide first revenues, data on conversion rates for prospective patient leads and prepare for full commercial launch in Q1 CY2025

The IHhS subscriber database

The screenshot displays the IHhS website with a navigation bar for Patients Family and Friends, Donate, and Medical Professionals. A prominent banner states, "WE HAVE OVER 50,000 LOYAL SUBSCRIBERS TO OUR NEWSLETTER. They would fill a Stadium." Below this is a "SIGN UP!" button. A menu bar includes categories like "KNOW SWEAT", "SWEATING WHERE?", "TREATMENTS", "INSURANCE TOOLS", "TAKE ACTION!", and "ABOUT US". The main content area features "Listen" (podcasts), "Learn" (news alerts), and "Watch" (patient stories) sections. A large graphic asks "Focused on Sweating? So Are We." and includes the IHhS logo and "SweatHelp.org". A sign-up form for the news blog is visible on the right, with fields for First Name, Last Name, Email, and Year of Birth.

- ❖ The International Hyperhidrosis Society (IHhS) is the world's largest organization dedicated to hyperhidrosis
- ❖ Members self selected to receive regular information about new treatments, studies and other tips for managing their condition
- ❖ ~500 initially engaged on Patient Experience Program
- ❖ ~18,000 further target patients follow quickly, to test and scale platform

Reimbursement and contracting

Reimbursement plan is on track

- ❖ Primary axillary hyperhidrosis is a reimbursed medical condition that does not require a separate “code”
- ❖ A patient’s access to *Sofdra*[™] will either be:
 - covered with no restrictions;
 - covered with one or two minor obstacles that a Payer (insurance company) may impose;
 - non-formulary (subject to review by the Payer); or
 - not covered
- ❖ In the case of *Sofdra* – the potential obstacles that a Payer (insurance company) may impose are:
 - ensuring that the patient actually *has* the medical condition per the label; and/or
 - the patient confirms they’ve tried an existing product such as Drysol[™]
- ❖ Qualified commercial patients will have \$0 pharmacy co-pay
