ASX RELEASE

Timing of Completion of EM Solutions Divestment

Electro Optic Systems Holdings Limited ("EOS" or "Company") (ASX: EOS) announces that the divestment of EM Solutions Pty Limited ("EM Solutions") is now expected to be completed on 31 January 2025.

This announcement follows an announcement made by EOS on 21 November 2024 of its intention to sell 100% of EM Solutions to Cohort plc ("Cohort"). Since that date, the necessary conditions have been met (including obtaining counterparty consents, waivers and amendments for certain material contracts) and Cohort has indicated its intention to complete the transaction on 31 January 2025.

Further details are included in the announcement dated 21 November 2024.

ABOUT ELECTRO OPTIC SYSTEMS (ASX: EOS)

EOS operates in two divisions: Defence Systems and Space Systems

Defence Systems specialises in technology for weapon systems optimisation and integration, as well as ISR (Intelligence, Surveillance and Reconnaissance) and C4 systems for land warfare. Its key products include next-generation remote weapon systems, vehicle turrets, high-energy laser weapons (directed energy), as well as fully integrated and modular counter-UAS and C4 systems.

Space Systems currently includes all EOS space and communications businesses, and operates as two entities – Space Technologies and EM Solutions. Space Technologies specialises in applying EOS-developed optical sensors and effectors to detect, track and characterise objects in space. It includes capabilities in the domain of space control and space warfare. EM Solutions delivers world-leading RF and optical space communications technology. Its core product range centres around the development and production of high-end, broadband radio transceivers for satellite communications as well as satellite communications-on-the-move terminals for defence and government customers.
