## N1H Quarterly activity report and trading update (for the period of 1 October 2024 to 31 December 2024)

N1 Holdings Limited (ASX: **N1H** or the “**Company**”) is pleased to announce the December 2024 quarter business update and cashflow results. The Company continues to diligently navigate the challenges presented by higher cost of funds and an operating environment with fewer market transactions. Despite these challenges, the Company continues to achieve growth in revenue, EBIDTA and profitability. The Company’s management attributes this growth to rigorous risk control, a refined funding structure and streamlining of the Company’s operational expenditure.

In line with its risk management approach, the Company’s management has always been averse to construction and development lending. Instead, the team focuses on lending secured by established properties, with niches in yield-generating commercial properties, investment residential properties and prestige properties. This approach, which follows a set of pre-defined pool parameters, ensures the Company maintains a strong equity buffer and liquidity in its loan portfolio whilst also achieving a balanced risk-reward outcome.

The Company’s management is pleased with the current quality of the loan book, as evidenced by the high number of successfully closed loans and replenishment of the Company’s cash balance (see section 1.8 “Net Cash from Commercial Lending” on the accompanying Appendix 4C). Notwithstanding, the Company’s risk management team continues to exercise caution when evaluating potential loans and deploying capital into these loans. Finally, the Company’s management is proud to have made significant progress in expanding funding capacity, reducing our cost of funds and controlling operational expenditure.

As highlighted below, the Company is excited to present key performance metrics that are a testament to the successful execution of management’s strategy.

### Highlights of FYTD (1 July 2024 to 31 December 2024) and quarterly cash flow and financial performance:

- Net profit for the first half year of the financial year ending 30 June 2025 (**HY2025**) was approximately \$633,000 (unaudited), with EBIDTA of \$814,000 (unaudited).
- Revenue for HY2025 was \$10.63 million (unaudited). An uplift of 26.34% compared with the same period last financial year.
- Cash receipts from customers amounted to \$2.93 million for Q2 of FY25 with the size of this figure correlated to the timing of interest payments received from customers.
- The Company’s SME lending business (including management fees derived from One Lending Fund through N1 Asset Management) continued to be the major revenue generator of the Company, accounting for 94% of total cash receipts from customers in the quarter. Total cash receipts from customers via the SME Lending business were \$2.76 million for the quarter.
- Net cash inflow from operating activities for the quarter was \$6.612 million.
- The Company’s cash balance as of 31 December 2024 was \$15.187 million.

### Company Business activities

During Q2 of FY25, the Company recorded gross revenue of \$5.35 million (unaudited) with a net profit of approximately \$83,000 (unaudited).

The Company’s management continues to monitor various economic indicators released in the market so that the Company may respond in the most optimal way. Whilst not speculating on the timing and direction

of the next cash rate movement, the Company has successfully refined its cost of funds and is finalising a new funding source that will materially improve the Company's lending rates and capacity to fund more deals.

In 2025, the Company will be actively allocating resources in marketing activities, including through third-party channels such as the Company's network of mortgage brokers and referral partners in the real estate industry, in order to strengthen deal flow quality and in preparation for funding growth and further improvements to the loan book quality.

One Lending Fund's revenue was \$621K (unaudited) for Q2 FY25. Please note that One Lending Fund's revenue does not form part of the Company's revenue (as this is a separate SME lending fund managed by N1 Asset Management, a 100% owned subsidiary of the Company).

As of the date of this report, the total lending capacity that the Company is able to access and manage is approximately \$205 million, which consists of approximately \$35 million of balance sheet capital raised from private debt, \$150 million under various debt facilities and approximately \$20 million from One Lending Fund, mortgage funds under management. Please note that One Lending Fund is not consolidated into the Company's financial statements and is managed by N1 Venture Pty Ltd, a 100% owned subsidiary of N1H.

The Company continues to raise funds for SME lending purposes, including via One Lending Fund.
