1. Why you should accept the Offer

1.1. The Offer Price represents a premium to the recent trading prices for Matsa Shares

Patronus is offering 100% cash consideration to Matsa Shareholders of A\$0.045 cash per Matsa Share.

The all-cash Offer represents a premium to Matsa's last closing share price and volume weighted average price (VWAP) of Matsa Shares as follows:²

- 12.5% premium to the last traded price of Matsa Shares on 6 February 2025, the last trading day prior to this announcement on which Matsa Shares traded, of \$0.040 per share;
- 60.7% premium to Matsa's strategic placement issue price of \$0.028 per Matsa Share, as announced by Matsa on 16 September 2024;
- 18.4% premium to Matsa's placement issue price of \$0.038 per Matsa Share, as announced by Matsa on 30 January 2025;
- 15.1% premium to the 10-day VWAP of Matsa Shares prior to and including 7 February 2025, the last trading day prior to the Announcement Date, being A\$0.0391 per Matsa Share, and
- 15.9% premium to the 30-day VWAP of Matsa Shares prior to and including 7 February 2025, the last trading day prior to the Announcement Date, being A\$0.0388 per Matsa Share.

Patronus considers the Offer represents a superior value proposition to Matsa Shareholders given the current risks and uncertainties associated with remaining a Matsa Shareholder.

1.2. The Offer is an unconditional all cash offer – you will receive certain and immediate value for Your Matsa Shares on T+2 basis

The Offer is an unconditional all cash offer providing Matsa Shareholders with a liquidity opportunity and a certain value.

The key attributes of the Offer are:

- the Offer consists of 100% cash consideration of A\$0.045 per Matsa Share;
- the Offer is unconditional, which provides additional security in respect of receiving your cash consideration;
- you may sell Your Matsa Shares on-market at the Offer Price immediately from the Announcement Date of 10 February 2025 until the Offer closes at the close of trading on ASX (1:00 pm WST / 4:00 pm (Sydney time) on 24 March 2025 unless the Offer Period is extended or the Offer is withdrawn; the Offer Period officially commences at 8:00 am (WST) on 24 February 2025;
- you will receive a cash payment on a T+2 basis (being 2 Trading Days after your acceptance); and
- the Offer is fully funded at A\$0.045 per Matsa Share for all remaining Matsa Shares that Patronus does not hold, enabling shareholders to dispose of large parcels of shares for certain and attractive value without any liquidity concerns.

² All trading data referenced in this Bidder's Statement is based on Matsa Shares trading on both the ASX and Cboe.

1.3. Risk of the price of Matsa shares falling and limited liquidity if the Offer is not accepted³

Patronus' Offer Price of A\$0.045 per Matsa Share represents a premium of A\$0.005 to the last market sale price of Matsa shares prior to the date of the announcement of Patronus' Offer on 10 February 2025. In the event Patronus' Offer is not accepted, and a superior proposal does not materialise, there is risk that the price of Matsa Shares may fall below the Offer Price, after the Offer Period ends.

The Offer allows shareholders to exit Matsa in full at a time when the liquidity in Matsa Share trading, with average daily traded value of approximately A\$16,000 per trading day over the past 12 months to 7 February 2025 based on IRESS data. In the absence of a superior proposal, there is a risk that liquidity in Matsa Shares will be limited following the close of the Offer.

1.4. Risk of remaining as a Matsa shareholder

The certainty of receipt of this all-cash Offer should be compared against the uncertainties of, and risks associated with, remaining a Matsa Shareholder in the current uncertain environment. Patronus believes these risks include, but are not limited to:

- **Risks of being a minority shareholder:** If you do not accept the Offer from Patronus and Patronus (together with its Associates) ends up with more than 50% of Matsa Shares, but less than 90% of Matsa Shares (and is therefore not entitled to proceed to compulsory acquisition) or Patronus (together with its Associates) ends up with 90% or more of Matsa Shares but does not decide to proceed with compulsory acquisition (and you do not accept a compulsory buy-out offer) you will become a minority Matsa Securityholder. Being a minority Matsa Securityholder may have the following potential implications:
 - the price at which Matsa Shares are traded on ASX/Cboe may fall and trade at a material discount to the Offer Price.
 - the market for Matsa Shares may become less liquid; and
 - depending on the level of ownership acquired by Patronus and the remaining shareholder spread, Matsa may be removed from the official list of ASX.
- **Share price volatility and funding risk:** Matsa may require incremental equity or debt funding to repay or refinance existing indebtedness and fund its ongoing exploration activities which presents a funding risk and could also contribute to share price volatility and dilution to existing Matsa shareholder ownership.

You should read this entire Bidder's Statement before deciding whether to accept the Offer.

³ Trading data includes both the ASX and Cboe.

7. Patronus' intentions in relation to Matsa

7.1. Overview

This Section 7 include statements of Patronus' intentions in relation to:

- (a) the continuation of the businesses of Matsa;
- (b) any major changes to be made to the businesses of Matsa, including any redeployment of the fixed assets of Matsa; and
- (c) the future employment of the present employees of Matsa.

The statements of intention contained in this Section 7 are based on information concerning Matsa and its businesses that is known to Patronus as at the date of this Bidder's Statement.

Final decisions regarding the matters set out below will only be made by Patronus in the light of all material information, facts and circumstances at the relevant time.

Accordingly, it is important to recognise that the statements set out in this Section 7 are statements of current intentions only, which may change as new information becomes available or circumstances change.

Further, the statements of intention contained in this Section 7 are subject to:

- (a) the law (including the Corporations Act) and the ASX Listing Rules, including in particular in relation to 'related party' transactions and conflicts of interest;
- (b) the legal obligations of Matsa's Officers, including to act for proper purposes and in the best interests of Matsa Shareholders;
- (c) the rights of holders of Matsa Shares that may be subject to compulsory acquisition; and
- (d) commercial arrangements and commitments entered into by Matsa, the details of which are not available to Patronus.

7.2. Intentions in relation to Board and management of Matsa

Patronus has made the Offer with an intention of increasing its ownership in Matsa and seeking to potentially restructure the existing Matsa Board and management.

Specific recent actions of Matsa that have concerned Patronus and which have contributed to Patronus' decision to seek to potentially restructure the existing Matsa Board and management include:

- (a) **Strategic placement to Bulletin:** On 16 September 2024, Matsa announced to ASX a strategic placement of 84,794,022 Matsa Shares conducted at \$0.028 per Matsa Share to raise \$2,374,232 (refer Matsa announcement "Matsa Undertakes Strategic Placement") (**Strategic Placement**). Patronus is concerned that a large majority of the Strategic Placement (70,000,000 Matsa Shares for \$1,960,000) was subscribed for by Bulletin Resources Limited in circumstances where there are various relationships between Matsa and Bulletin, including:
 - (i) Matsa's Executive Chairman is the chairman and a non-executive director of Bulletin;
 - (ii) Matsa's Executive Chairman has an indirect shareholding interest in Bulletin via a family trust, a superannuation fund and Strategic Strategies Pty Ltd;

- (iii) a non-executive director of Bulletin is also a director of, and has a beneficial interest in, Goldfire Enterprises Pty Ltd, which is a substantial shareholder in Bulletin;
 - (iv) an entity associated with the above mentioned non-executive director is through their superannuation fund, a secured lender to Matsa under a loan agreement entered into on 1 December 2022; and
 - (v) Matsa Group has an agreement with Bulletin to provide accounting, technical and administrative services to Bulletin on an arms' length basis.
- (b) **Loyalty Option Offer:** Shortly after the Strategic Placement was announced on 16 September 2024, Matsa announced to ASX a "Loyalty Option Offer" on 7 October 2024 (**Loyalty Options Offer**). The majority of the Loyalty Options Offer was sub-underwritten by the spouse of Matsa's Executive Chairman. Patronus believes the sub-underwriting agreement of the Loyalty Options Offer gave the sub-underwriters the ability to materially increase their holdings in Matsa Options (subject to the uptake of the Loyalty Options Offer by other Matsa Shareholders).

7.3. Intentions upon acquisition of 90% or more of Matsa Shares

This Section sets out Patronus' current intentions if it acquires a Relevant Interest in 90% or more of all Matsa Shares under the Offer and is entitled to proceed to compulsory acquisition of the outstanding Matsa Shares. It should be noted that Patronus is unlikely to be able to acquire a Relevant Interest in 90% or more of all Matsa Shares under the Offer because members of the Delphi Group have informed Patronus they do not intend to accept the Offer in relation to the Matsa Shares they hold (refer Section 6.7).

(a) Compulsory acquisition

If it becomes entitled to do so under the Corporations Act, Patronus does not presently intend to proceed with compulsory acquisition of the outstanding Matsa Shares in accordance with the provisions of Part 6A.1 of the Corporations Act.

If Patronus becomes entitled at some later time to exercise the general compulsory acquisition rights under Part 6A.2 of the Corporations Act, it may exercise those rights, but does not presently intend do so.

If Patronus becomes entitled to exercise the general compulsory acquisition right under Part 6A.2 of the Corporations Act, it does not presently intend to exercise those rights to compulsorily acquire any Matsa Options then on issue. The Offer is extended to any Matsa Shares issued before the end of the Offer Period upon exercise of the Matsa Options.

(b) Corporate matters

Patronus will replace all members of the Matsa Board, all directors of Matsa's subsidiaries and all directors of other entities appointed as Matsa's nominee, with its own nominees.

It is intended that Matsa's corporate office in Perth would be closed having regard to lease and other contractual commitments. Matsa's corporate office will be moved to the corporate office of Patronus in Perth.

(c) Strategic review

Patronus will conduct a strategic review of Matsa's asset base. Patronus' current expectation is that any such review will focus on:

- (i) secure equity funding to repay Matsa's existing indebtedness and concurrently remove the security claims provided to these secured debt providers;

- (ii) assessing and prioritising Matsa's budgets and work programs for its various exploration and development projects to ensure they are robust for further investment. This may include an increase in funds being put toward advancing the existing projects held by Matsa;
- (iii) working through each of Matsa's and Patronus' projects to assess their technical prospects, costs to maintain, expenditure commitments and overall commercial justification;
- (iv) removal of excess corporate, administration and technical costs by consolidating functions where possible into one location;
- (v) phasing out duplication of functions where it is economic to do so; and
- (vi) consider a non-core asset divestment strategy.

(d) Employees

Apart from potential changes to the Matsa Board as noted above, Patronus does not have any specific intentions with respect to making any staffing changes at this time following the Offer.

Patronus anticipates that there will be overlap in terms of job functions between Patronus' and Matsa's employees and some rationalisation may be required, resulting in a reduction of headcount and corporate expenses. The extent and timing of any redundancies cannot be specifically defined at this stage, however, it is intended that the core operational requirements of the Combined Group will ultimately be serviced as much as possible from a single corporate location in Perth and existing operational locations in the field.

Where employees are made redundant, the relevant employees will receive benefits in accordance with their contractual and other legal entitlements.

7.4. Intentions upon acquisition of less than 90%, but more than 50%, of Matsa Shares

Patronus could acquire less than 90% of Matsa Shares but more than 50%. This Section sets out Patronus' current intentions if Matsa were to be a part-owned Controlled Entity (i.e. where Patronus acquires less than 100%, but more than 50%, of all Matsa Shares).

To the extent possible, through its nominees on the Matsa Board, Patronus will seek to implement the intentions detailed in Section 7.2 where they are consistent with Matsa being a Controlled Entity of (but not wholly owned by) Patronus and are considered to be in the best interests of Patronus.

(a) Corporate matters

Subject to the constitution of Matsa and the Corporations Act, Patronus intends to seek the appointment of nominees of Patronus to the Matsa Board in such a proportion that at least equates to Patronus' proportionate shareholding interest in Matsa. The Patronus nominees to the board of Matsa have not yet been identified by Patronus and their identity will depend on the circumstances at the relevant time, however it is anticipated they will be drawn from the members of the board of Patronus or the Patronus management team. In that event, it is likely that Patronus would seek to procure the removal of some current Matsa directors from the Matsa Board.

If there is a limited spread of Matsa Shareholders, or limited volume of trading in Matsa Shares, following completion of the Offer, Patronus may seek to procure the removal of Matsa from the official list of ASX. Further, ASX may itself remove Matsa from the official list of ASX, with any such decision by ASX depending upon factors such as the spread of Matsa Shareholders at that time, the level of liquidity in Matsa Shares and the listing requirements of ASX.

(b) Operational and strategic matters

Patronus will encourage Matsa to conduct a strategic review of Matsa's asset base. Key focuses of such review could include:

- (i) secure equity funding (likely via an entitlement issue) to repay Matsa's existing indebtedness and concurrently remove the security claims provided to these debt providers;
- (ii) assessing and prioritising Matsa's budgets and work programs for its various exploration and development projects to ensure they are robust for further investment. This may include an increase in funds being put toward advancing the existing projects held by Matsa;
- (iii) working through each of Matsa's and Patronus' projects to assess their technical prospects, costs to maintain, expenditure commitments and overall commercial justification;
- (iv) removal of excess corporate, administration and technical costs by consolidating functions where possible into one location;
- (v) phasing out duplication of functions where it is economic to do so; and
- (vi) consider a non-core asset divestment strategy.

(c) Further acquisition of Matsa Shares

Patronus may, at some later time, acquire further Matsa Shares in a manner consistent with and permitted by the Corporations Act.

(d) Compulsory acquisition at a later time

If Patronus becomes entitled at some later time to exercise the general compulsory acquisition rights under Part 6A.2 of the Corporations Act, it may exercise those rights.

7.5. Intentions upon acquisition of less than 50% of Matsa Shares

Patronus could acquire less than 50% of Matsa Shares. If Patronus acquires less than 50% of the Matsa Shares, subject to the following, Patronus does not expect to be in a position to give effect to all the intentions referred to in Sections 7.2 and 7.4. In this case:

- (a) without the ability to implement a strategic review, Patronus would reassess the attractiveness of its shareholding in Matsa;
- (b) if Patronus decided to retain its investment, Patronus would intend to seek the appointment of nominees of Patronus to the Matsa Board in such a proportion as at least equates to Patronus' proportionate shareholding interest in Matsa; and
- (c) if Patronus decided to retain its investment, Patronus would intend to seek to influence the ongoing management of Matsa and its assets, businesses, operations and personnel with a view to maximising returns for Patronus and its security holders.

8. Funding of Cash Consideration

8.1. Consideration under the Offer

The consideration for the acquisition of the Matsa Shares to which the Offer relates will be satisfied by the payment of cash (in Australian dollars). The consideration offered for each of Your Matsa Shares is A\$0.045 per Matsa Share.

As at the date of this Bidder's Statement, there are 589,202,333 Matsa Shares on issue excluding the 143,398,275 Matsa Shares already held by Patronus and Patronus' Associates. Consequently, the maximum amount of cash that Patronus would be required to pay under the Offer if acceptances are received in respect of all Matsa Shares on issue at the date of this Bidder's Statement would be A\$26,514,105 (note: this assumes Patronus' Associates retain their Matsa Shares).

In addition, if all of the Matsa Options on issue at the date of this Bidder's Statement were exercised and the holders of the resulting Matsa Shares accepted the Offer in respect of all of those Matsa Shares, an additional A\$10,807,836 would be payable by Patronus under the Offer.

Accordingly, the maximum amount of cash which may be required by Patronus to settle acceptances under the Offer is A\$37,321,941 (**Maximum Offer Consideration**), together with transaction costs.

8.2. Source of funding

Patronus will fund the Maximum Offer Consideration including associated transaction costs under the Offer (**Aggregate Amount**) from existing cash reserves held by Patronus.

Patronus has cash reserves deposited at Australian banks in excess of the Aggregate Amount which have been unconditionally committed by Patronus for the Offer and are not otherwise required for any other arrangements or obligations of Patronus or its subsidiaries.

8.3. Payment of cash consideration

Having regard to the matters set out above, Patronus is of the opinion that it has a reasonable basis for forming, and it holds, the view that it will be able to pay cash consideration including any relevant transaction cost pursuant to the Offer.

The Offer is not subject to any financing conditions.

9. The Offer

9.2. Offer Period

Unless withdrawn, this Offer will remain open for acceptance during the period commencing on the date of this Offer, being 24 February 2025, and ending at the close of trading on ASX (being 1:00 pm WST / 4:00pm Sydney time) on the later of 24 March 2025 and any date to which the Offer Period is extended in accordance with the Corporations Act (**Offer Period**). Patronus expressly reserves its rights to extend the Offer Period in accordance with the Corporations Act.

Notwithstanding the commencement of the formal Offer Period noted above, Euroz Hartleys will acquire in the market on behalf of Patronus all Matsa Shares offered at the Offer Price from 7:00 am (WST) on the Announcement Date of 10 February 2025, so you can sell Your Matsa Shares at the Offer Price immediately.

9.3. Extension of Offer Period

The Offer Period will be automatically extended by law if Patronus' Voting Power in Matsa increases to more than 50% during the last 7 days of the Offer Period. In this case, the Offer Period will end on the 14th day after Patronus' Voting Power in Matsa increases to more than 50%.

9.4. Payment of Offer Consideration

In accordance with the usual rules for settlement of transactions which occur on-market on ASX, if you sell Your Matsa Shares in accordance with Section 2, you will be paid on a T+2 basis (being 2 Trading Days after your acceptance).

9.5. Withdrawal of Offer

Patronus may withdraw the Offer in respect of unaccepted Offers at any time:

- (a) with the written consent of ASIC and subject to the conditions (if any) specified in such consent; or
- (b) where a Prescribed Occurrence occurs, if at the time of the Prescribed Occurrence Patronus' Voting Power in Matsa is at or below 50%; or
- (c) where Matsa experiences an Insolvency Event.

Notice of withdrawal of the Offer must be given by Patronus to ASX.

9.6. Variation

Patronus may vary this Offer by increasing the Offer Price in accordance with the Corporations Act.

Notice of any variation of the Offer Price must be given by Patronus to ASX.

If you have sold Your Matsa Shares prior to any such announcement you will not receive any benefit from the variation.

9.7. Brokerage, stamp duty and other costs

If Your Matsa Shares are registered in an Issuer Sponsored Holding in your name, the relevant Broker you instruct to initiate acceptance on your behalf may charge transactional fees or service charges in connection with acceptance of the Offer.

If Your Matsa Shares are registered in a CHESS Holding or if you are a beneficial holder and Your Matsa Shares are registered in the name of a Broker, bank, custodian or other nominee (i.e. the Controlling Participant), the Controlling Participant may charge transactional fees or service charges in connection with acceptance of the Offer.

Accordingly, you should ask your Broker or Controlling Participant (as applicable) in relation to brokerage which may be charged in connection with your acceptance of the Offer.

All costs and expenses of the preparation, dispatch and circulation of this Offer and all stamp duty payable (if any) on the transfer of Your Matsa Shares in respect of which the Offer is accepted will be paid by Patronus.

9.8. Notice and return of documents

Subject to the Corporations Act, a notice or other communication given by Patronus to you in connection with the Offer will be deemed to be duly given if it is in writing and is signed or purports to be signed on behalf of Patronus by any director of Patronus and:

- (a) is delivered at your address as recorded in the register of Matsa Shareholders; or
- (b) is sent by prepaid ordinary post, or in the case of any address outside Australia, by prepaid airmail, to you at your address as recorded in the register of Matsa Shareholders.

9.9. Governing law

This Offer and any contract that results from your acceptance of this Offer are governed by the laws in force in Western Australia.

10. Taxation implications

10.1. No tax advice given

The following is a general description of the Australian income tax, GST and stamp duty consequences for Matsa Shareholders of disposing of Matsa Shares in return for cash under the Offer. This taxation summary is not, and is not intended to be, taxation advice to any Matsa Shareholder and should not be relied on as such.

Acceptance of the Offer may have taxation implications, which may differ depending on the individual financial affairs of each shareholder. You should seek professional advice regarding the taxation implications of accepting the Offer.

The Bidder and its advisors do not accept any liability or responsibility for any taxation implications arising from the acceptance of the Offer by Australian resident and non-resident Shareholders or for the summary below. Shareholders should obtain independent Australian advice on the taxation consequences of the Offer before accepting.

10.2. Australian taxation issues

It is not possible to cover all shareholder situations in the Australian taxation summary that follows (which, except where otherwise expressly stated, applies only to Australian tax-resident taxpayers) and the taxation implications of the decision by a shareholder whether or not to accept the Offer will depend on the particular circumstances of each shareholder.

The Australian taxation summary that follows is based on the law, and interpretation thereof, in force as at the date of this Bidder's Statement.

(a) Australian resident shareholders

Matsa Shares held on revenue account

For shareholders who are tax resident in Australia and who dispose of Matsa Shares held on revenue account, any gain or loss from the disposal will be assessed as ordinary income or claimed as a revenue deduction. CGT roll-over relief will have no application to the shareholders. The CGT discount will also not be available.

Matsa Shares held on capital account

Shareholders may realise a capital gain or capital loss in respect of the disposal of their Matsa Shares where the shares are held on capital account. The acceptance of this Offer would constitute the disposal of Matsa Shares by the shareholder, which in turn would constitute a CGT event for Australian taxation purposes. CGT roll-over relief will not be available to the shareholders. For shareholders who are tax resident in Australia, a capital gain should arise on disposal of their Matsa Shares to the extent that the capital proceeds from the disposal (being the consideration received under the Offer) exceed the cost base of the shares. The taxation treatment of the gain will depend on the date of acquisition of the Matsa Shares, the shareholder's cost base and the nature and tax attributes of the shareholder.

For Matsa Shares disposed of within 12 months of acquisition, the full amount of the capital gain realised would be assessable. If a shareholder (being an individual, trust or superannuation fund) has held their Matsa Shares for at least 12 months, the shareholder may apply the CGT discount. The CGT discount is used to reduce the assessable capital gain by one half (i.e. 50%) for individuals and by one third (i.e. 33 1/3%) for superannuation funds. For trusts, the ultimate availability of the discount for the beneficiaries of the trust, in relation to distributions of capital gains by the trust, will depend on the particular circumstances of the beneficiaries. Companies are not entitled to the

CGT discount. (CGT discount is applied after the realisation of any current or carried forward capital losses.)

Shareholders who are tax resident in Australia may realise a capital loss on disposal of their Matsa Shares to the extent the amount of the capital proceeds received is less than the cost base of the shares. The shareholder may utilise the capital loss against any available capital gains of the current year in working out their net capital gains for the income year for inclusion in their assessable income. Any excess capital loss may be carried forward to be offset against any capital gains made by the shareholder in a future year.

(b) Non-resident shareholders

Matsa Shares held on revenue account

If a shareholder who is not resident in Australia enters into a profit-making transaction in Australia with respect to their Matsa Shares, the profit on disposal of the Matsa Shares may be included in its assessable income as ordinary income. The Australian taxation implications will depend on the source of the gain and whether there is a double tax agreement between the non-resident shareholder's country of residence and Australia.

Matsa Shares held on capital account

Shareholders who are not resident in Australia will generally not be subject to Australian CGT on acceptance of the Offer unless they, together with their Associates, directly own at least 10% or more of the Matsa Shares and more than 50% of the value of Matsa's assets are attributable to Australian real property.

10.3. Foreign taxation issues

The foreign taxation implications of non-resident shareholders disposing of Matsa Shares will be a function of the taxation laws (foreign and Australian) as they apply to the shareholders. It is not possible to address these situations as they will be specifically dependent on the taxation laws of the applicable jurisdictions, any relevant double-tax agreements and the particular circumstances of the shareholder.

10.4. Transfer taxes

Generally, no stamp duty (share transfer duty) is payable for transfers of shares in listed companies. 'Land rich' or 'Landholder' duty may be payable following an acquisition of 90% or more of Matsa Shares if Matsa directly or indirectly holds any interests in land in Australia with a value over a certain threshold. Should any such duty become payable as a result of the Offer, the applicable duty will be paid by the Bidder.

10.5. GST

The disposal of Matsa Shares pursuant to the Offer would not be subject to GST. To the extent that you are charged GST in relation to your Broker carrying out your instructions to institute acceptance of the Offer or for any other costs incurred in accepting the Offer, you may not be able to claim any or full input tax credits for GST incurred on the costs as the disposal of shares is input taxed. This will depend on the individual circumstances of each Shareholder.

11.3. Regulatory and other approvals

There are no regulatory approvals that Patronus is required to obtain before acquiring Matsa Shares under the Offer

Patronus is a 'foreign person' within the meaning of the *Foreign Acquisitions and Takeover Act 1975* (Cth) (**FATA**) (by reason of the shareholding interests of the Delphi Group in Patronus Shares), but the Offer is not conditional on any notification or approval under the FATA. Prior to the Announcement Date, Patronus received notification from the Australian Government's Treasury under section 75(2) of the FATA that the Commonwealth has no objection to the acquisition by Patronus of up to a 100% interest in Matsa under the Offer.

Acquisition from Announcement

The Bidder has appointed the Bidder's Broker to purchase all Matsa Shares that exist or will exist from today until the conclusion of the Offer Period which are not already owned or controlled by the Bidder or its associates, on its behalf, on market during the official trading days (**Trading Days**) of ASX. Settlement and brokerage

Payment for Matsa Shares sold to the Bidder under the Offer will be made on a T+2 settlement basis in accordance with the usual ASX Settlement Operating Rules for ASX trading.

As the Offer will only be capable of acceptance by holders of Matsa Shares (**Shareholders**) selling through brokers which are participating organisations of ASX, all Matsa Shares to be purchased by the Bidder will be purchased on market only during Trading Days.

Any brokerage charged by brokers acting for Shareholders wishing to sell their Matsa Shares will be the sole responsibility of those Shareholders.

Offer Period

The Bidder's Broker will stand in the market on behalf of the Bidder and accept Matsa Shares offered to it at the Offer Price from the date of this announcement and before the commencement of the Offer Period. However, the Offer will officially be made during the period commencing on 24 February 2025 and ending on 24 March 2025 unless extended by the Bidder pursuant to the Corporations Act (**Offer Period**).

The Bidder reserves the right to withdraw unaccepted Offers in the circumstances permitted by, and in accordance with, Part 6.7 of the Corporations Act, at any time before the end of the Offer Period.

In accordance with section 635 of the Corporations Act, a Bidder's Statement will today be served on Matsa and lodged with each of the ASX and Australian Securities and Investments Commission. A copy of the Bidder's Statement will also be sent to Matsa shareholders prior to commencement of the Offer Period.
