**8 Estimated cash available for future operating activities****\$A'000**

|   |         |
|---|---------|
| 8.1 Net cash from / (used in) operating activities (item 1.9)     | (6,032) |
| 8.2 Cash and cash equivalents at quarter end (item 4.6)           | 629     |
| 8.3 Unused finance facilities available at quarter end (item 7.5) | 8,046   |
| 8.4 Total available funding (item 8.2 + item 8.3)                 | 8,675   |

**Estimated quarters of funding available (item 8.4 divided by item 8.1)****1.44**

8.5 *Note: if the entity has reported positive net operating cash flows in item 1.9, answer item 8.5 as "N/A". Otherwise, a figure for the estimated quarters of funding available must be included in item 8.5.*

8.6 If item 8.5 is less than 2 quarters, please provide answers to the following questions:

8.6.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer: No.

We expect improved operating performance in the second half of the financial year and for the remainder of the calendar year through margin enhancement initiatives, including headcount reduction, procurement improvement activities, price increases, and targeted revenue opportunities.

In addition, within our total facilities there is \$3.7 million of funding which is at the discretion of Bennamon Pty Ltd, which is not included in the calculation of estimated quarters of funding available. Should this be included, the calculated quarters of funding available would be over 2 quarters.

8.6.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: Yes.

The Company is currently working with advisors to explore and execute on plans for longer term funding arrangements and assist with a strategic review of its businesses. As all funding options are being considered (including both debt and equity), we would expect an appropriate longer term funding structure to be executed.

If required, the Company may request to draw down on additional funding from Bennamon Pty Ltd as referenced above.

8.6.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: Yes.

We have an established business within Australia and New Zealand which we are continuing to look to improve the performance through profit enhancement initiatives, including headcount reduction, procurement improvement activities, price increases, and targeted revenue opportunities.

Execution of planned capital projects are subject to the Company's longer term funding arrangements and business performance at the time.

*Note: where item 8.5 is less than 2 quarters, all of questions 8.6.1, 8.6.2 and 8.6.3 above must be answered.*
