Dear Fellow Shareholders,

We are pleased to provide you with an update on our performance during the first half of 2025.

The market pricing conditions for our asset class improved during this period. However, gross inflows into the broader alternative asset market remain challenging, given the increasingly crowded landscape. The growing prevalence of private credit offerings, which have captured significant market share, underscores the competitive environment for wholesale investors.

Despite these headwinds, we are proud to report a record-breaking +9% increase in Funds Under Management (FUM) to \$650 million. Additionally, our operating profit from investment management grew by +13%. These numbers reflect our commitment to delivering shareholder value.

The growth in FUM was driven by exceptional investment performance across our flagship funds. The **Deep Value Fund**, **Pure Microcap Value Fund**, and **Global Value Microcap Fund** delivered strong absolute and relative returns, underscoring our ability to navigate market complexities and generate value for our investors.

We are under no illusions, the core reason we exist, is to deliver both outcomes over the long term and certainly this has been our primary focus over the past few years and will continue to be over the years ahead.

Key Financial Highlights

We are pleased to report strong financial performance for the first half of 2025, highlighted by several key achievements:

- Record Funds Under Management (FUM): FUM reached an all-time high of \$650 million, driving recurring revenue to \$5.5 million, a +9% increase compared to the prior corresponding period (pcp).
- Performance Fee Income: Performance fee income, which is inherently volatile, was \$637,000, representing a modest decline of -5% pcp.
- Operating Profit Growth: Operating profit from investment management grew by +13% to \$4.1 million, reflecting the business's ability to capitalize on operating leverage while maintaining excellent cost discipline.

Balance sheet investments continue to grow

When Microequities' IPO in 2018, our balance sheet investments across Microequities' funds stood at \$2.8 million, this figure has grown significantly. As of December 31st, it has increased to \$21.8 million.

These investments now represent a substantial and expanding component of our business, reinforcing alignment between Microequities' investment outcomes and those of our clients. By investing alongside our clients, we strengthen the partnership at the heart of our asset management services.

Looking ahead, the attractive opportunities within our product suite provide compelling reasons to further augment these investments. However, we remain equally committed to our dividend policy, ensuring that we continue to reward our shareholders while prudently growing our balance sheet investments.

1st Half Dividend and Balance Sheet

The Board of Microequities Asset Management Group Limited is pleased to declare a 1.9 cent per share fully franked dividend, an increase of +5.2%. The dividend payment is consistent with the dividend policy of the company, which is to pay between 70% to 100% of the cash operating profit from the investment management operations. The balance sheet of the business has been further strengthened during the half with \$6.8 million in cash at the end of the period and net tangible assets of \$23.5 million +14.1% on pcp.

Outlook FY25

The improved market performance of our asset class during 1H25 is a welcomed development. While we have not yet observed a significant uptick in gross inflows into the asset class, we remain optimistic about the months ahead. With the next RBA rate decision likely to occur within the next nine months, we anticipate that the compelling return profile of this asset class—particularly through our investment products—will attract the interest of new investors.

As we enter 2H25, we are energized by the addition of a refreshed business development team. We are implementing tactical initiatives and making strategic investments in sales and marketing to position ourselves for improved investor sentiment. These efforts reflect our commitment to capturing growth opportunities and driving long-term value for our shareholders.

Thank you for your continued support.

Note 12. Fair value measurement

Fair value hierarchy

The following tables detail the Group's assets and liabilities, measured or disclosed at fair value, using a three level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement, being:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: Unobservable inputs for the asset or liability

Assets				
Investment in unlisted Australian unit trusts	-	15,153,631	6,629,527	21,783,158

There were no transfers between levels during the financial half-year.

The carrying amounts of trade and other receivables and trade and other payables approximate their fair values due to their short-term nature. The fair value of financial liabilities is estimated by discounting the remaining contractual maturities at the current market interest rate that is available for similar financial liabilities.

Valuation techniques for fair value measurements categorised within level 2 and 3

Investments in unlisted Australian unit trusts (level 2)

The investments are recorded at fair value determined on the basis of the published unit prices of those unlisted managed investment funds at the reporting date, adjusted where deemed appropriate, to reflect values based on recent actual market transactions.

Investments in unlisted Australian unit trusts (level 3)

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Microequities Asset Management Group Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Microequities Asset Management Group Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2024, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2024 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the directors for the financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its financial performance for the half-year ended on that date and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
