Clean Seas Seafood Limited announces proposal from Yumbah and grants exclusive due diligence

Clean Seas Seafood Limited (“Clean Seas”, ASX: CSS, “the Company”) advises that it has received a non-binding, indicative and incomplete proposal from Yumbah Aquaculture Ltd (“Yumbah”) to merge with CSS through the acquisition of 100% of CSS shares by way of a scheme of arrangement (“Scheme”) offering \$0.14 cash per share with a scrip alternative in Yumbah (“Proposal”).

About Yumbah

Yumbah is an Australian-owned vertically integrated investment grade shellfish aquaculture portfolio with operations in South Australia, Victoria, Tasmania and New South Wales. The company delivers premium produce from spat through to harvested products, supplying farmers, wholesalers and retailers with sustainably farmed shellfish.

Yumbah is the largest producer of abalone in the Southern Hemisphere, specialising in onshore production of this prized shellfish. In addition, the Group produces oysters, mussels, aquafeed and oyster spat. For more information, visit: www.yumbah.com

Anthony Hall is a director and the largest shareholder of Yumbah with a ~53.6%¹ ownership and is Clean Seas’ largest shareholder with a current ownership of ~22.6%. CSS director Gary Higgins also serves as a director and Chairman of Yumbah.

Details of the Proposal

Under the terms of the Proposal, CSS shareholders will, as the default consideration, receive total cash consideration of \$0.14 per share (“Cash Consideration”). As an alternative to the Cash Consideration, eligible CSS shareholders may elect to receive Yumbah scrip. CSS shareholders who elect to receive scrip will have ongoing economic exposure to the merged Clean Seas and Yumbah business. The exact CSS to Yumbah share ratio (for the scrip alternative) will be determined at a later stage, subject to the relative value of Yumbah scrip.

The Proposal’s Cash Consideration of \$0.14 per share represents a premium of:

- 52.2% to the closing price of \$0.092 on 18 February 2025 (being the last trading day prior to this announcement);
- 46.8% to the one month volume weighted average price (“VWAP”) to 18 February 2025 of \$0.0954; and
- 27.6% to the 3 month VWAP to 18 February 2025 of \$0.1097.

The Board of CSS has established an independent committee of directors (“IBC”) to evaluate and negotiate the terms of the Proposal.²

The Proposal is subject to a number of conditions including:

- mutual satisfactory due diligence;
- unanimous recommendation from the IBC and a commitment from all Clean Seas Directors to vote any shares that they hold or control in favour of, or accept into, the Yumbah Proposal, in the absence of a superior proposal and subject to an independent expert concluding that the transaction is in the best interests of CSS shareholders; and

¹ As per Yumbah’s Annual Report for the financial year ended 30 June 2024.

² The IBC consists of Katelyn Adams and Marcus Stehr. Note that CSS director, Gary Higgins who is also a director and Chairman of Yumbah, is not part of the IBC.

- entry into a Scheme Implementation Deed (“SID”) on customary market terms acceptable to CSS and Yumbah, including:
 - standard conditions precedent including regulatory clearances, no material adverse change, no prescribed occurrences, no regulated events, no material acquisitions/disposals, no dividends/distributions, shareholder and court approval and subject to any matters arising out of due diligence;
 - provisions dealing with vesting or termination of Clean Seas performance rights;
 - standard deal protection mechanisms (including a break fee consistent with Takeovers Panel guidance), no-shop, no-talk, no-due diligence, notification and matching right provisions;
 - standard termination provisions for material breach; and
 - customary representations and warranties.

The Proposal will be funded through a combination of debt and, to the extent eligible CSS shareholders elect to take Yumbah scrip consideration, Yumbah equity.

The proposed consideration under the Proposal would be reduced by the value of any dividends or other distributions declared, proposed or paid on and from today’s date.

The IBC’s Intention

Following careful consideration, the IBC has determined that it is in the best interests of CSS shareholders to progress the Proposal and allow Yumbah to undertake further due diligence.

Subject to Clean Seas and Yumbah agreeing to a SID on terms acceptable to Clean Seas, the IBC unanimously intends to recommend that CSS shareholders vote in favour of the proposed Scheme (at the current offer price of \$0.14 per share) and each director intends to vote any CSS shares they control in favour of the Scheme, subject to:

- the parties entering into a binding SID on terms no less favourable (when taken overall) to CSS’ shareholders than the Proposal;
- no superior proposal being received; and
- an independent expert concluding (and continuing to conclude) that the Proposal is in the best interests of CSS shareholders.

Further to the Company’s announcement on 20 December 2024 detailing the events surrounding the Year Class 24 cohort of fish and the appointment of Morgans Financial and Bell Potter Securities (“JLMs”) to assist the Company in determining a capital strategy, the IBC has resolved to pursue the Proposal on an exclusive basis and terminate the appointment of the JLMs and all other discussions in relation to raising capital.

Yumbah has indicated that the offer price of \$0.14 per share follows and reflects an initial period of financial, operational and technical due diligence, including in relation to CSS assumptions regarding harvest yield percentages. Yumbah now intends to undertake customary due diligence in the next stage, including in relation to legal, regulatory, workplace and taxation matters.

Next steps

CSS and Yumbah have entered into a Process Deed under which Yumbah has been granted until 24 March 2025 to undertake exclusive due diligence and negotiations on a binding SID. The Process Deed contains customary deal protection mechanisms, fiduciary exclusions and a matching right for Yumbah in the event of a competing proposal. A copy of the Process Deed is attached to this announcement.

CSS shareholders do not need to take any action in relation to the Proposal. The IBC will continue to keep shareholders and the market informed of developments.

The IBC notes that there is no certainty that the engagement between CSS and Yumbah will result in a change of control transaction or an offer capable of acceptance by CSS shareholders.

This announcement does not constitute a proposal to make a takeover bid for the purposes of section 631 of the Corporations Act.

CSS has appointed Candour Advisory as financial advisor and HWLE as legal advisor.

Yumbah has appointed K&L Gates as legal advisor.

This announcement is authorised by the IBC of the Company.

participates in negotiations or discussions with any other person regarding a Competing Proposal, or any agreement, understanding or arrangement that could be reasonably expected to lead to a Competing Proposal, even if that person's Competing Proposal was not directly or indirectly solicited, invited, encouraged or initiated by Clean Seas or any of their Representatives or the person has publicly announced a Competing Proposal.

5.4 No due diligence

- (a) Without limiting clause 5.3 but subject to clause 5.6, during the Exclusivity Period, Clean Seas must not:
- (i) solicit, initiate, facilitate or encourage any party (other than Yumbah or its Representatives) to undertake due diligence on Clean Seas or its Related Body Corporate; or
 - (ii) make available to any other person (other than Yumbah or its Representatives) or permit such person to receive any non-public information relating to Clean Seas or its Related Body Corporate,
- for the purposes of a Competing Proposal.
- (b) Clause 5.4(a) does not prevent Clean Seas from providing information to ASX or Clean Seas's auditors and advisers in the ordinary course of business or to otherwise effect the negotiation and entry into the Implementation Agreement.

5.5 No Competing Proposal

Subject to clause 5.6, during the Exclusivity Period, Clean Seas must not:

- (a) accept or enter into, any agreement, arrangement or understanding regarding a Competing Proposal; or
- (b) approve or recommend a Competing Proposal or announce an intention to do so.

5.6 Fiduciary carve out

- (a) The restrictions in clauses 5.3 to 5.5 (inclusive) do not apply to the extent that the relevant clause (and only to such an extent) restricts Clean Seas or the Independent Board Committee from taking or refusing to take any action with respect to a genuine Competing Proposal (which was not solicited, invited, encouraged or initiated in contravention of this Deed) provided that the Independent Board Committee has determined, in good faith and acting reasonably that:
- (i) after consultation with its financial advisors, such a genuine Competing Proposal is, or could reasonably be considered to become, a Superior Proposal; and
 - (ii) after receiving written legal advice from its external legal advisers failing to respond to such a genuine Competing Proposal would, or would be reasonably likely to constitute a breach of the Independent Board Committee's fiduciary or statutory obligations.

- For personal use only
- (b) In that regard the Independent Board Committee may facilitate, or continue to facilitate, a Competing Proposal notwithstanding that the relevant Competing Proposal may ultimately not be more favourable to Shareholders than any matching or superior proposal to the terms of the Competing Proposal that may be made by Yumbah.
 - (c) Yumbah and Clean Seas agree that the provisions of, and requirements to comply with, clauses 6.1 and 6.4 do not restrict in any way the ability of the Independent Board Committee to determine that clauses 5.3 and 5.4 do not apply with respect to a genuine Competing Proposal under clauses 5.6 and clause 6.4 does not oblige Clean Seas to notify Yumbah of a Competing Proposal before the Independent Board Committee has made a determination under this clause 5.6 as to whether clauses 5.3 and 5.4 apply with respect to a genuine Competing Proposal.

6. Notification of material events

6.1 Matching right

- (a) Before any member of the Clean Seas Group, during the Exclusivity Period, enters into any legally binding agreement to give effect to any Competing Proposal, each of the following conditions must be satisfied:
 - (i) the actual, proposed or potential Competing Proposal was not directly or indirectly brought about by, or facilitated by, a breach of clause 5.2;
 - (ii) Clean Seas must have complied with its notification obligations under clause 6.4 (which at a minimum must include the offer price per share and material terms and conditions and the identity of the third party making the Competing Proposal); and
 - (iii) Clean Seas must give Yumbah (or any of its Affiliates) until the end of the Exclusivity Period to provide a matching or superior proposal to the terms of the Competing Proposal, and the Independent Board Committee must not publicly recommend, endorse or support a Competing Proposal prior to the end of the Exclusivity Period.
- (b) Clean Seas agrees that each successive modification of any Competing Proposal (including a change to the consideration offered, the addition of any consortium member to a third party consortium proposal, a change to the conditions of the proposal or a non-binding proposal becoming complete, capable of acceptance or binding on the third party) will constitute a new Competing Proposal for the purposes of the requirements under this clause 6.1 and clause 6.4.

6.2 Matching or superior Yumbah proposal

If, in accordance with clause 6.1(a)(iii), Yumbah provides to Clean Seas a proposal (**Yumbah Counterproposal**), Clean Seas must procure that the Independent Board Committee considers the Yumbah Counterproposal and determines whether, acting reasonably and in good faith, the Yumbah Counterproposal would provide an equivalent or superior outcome to Shareholders as a whole compared with the Competing Proposal. Following that determination, Clean Seas must:

- (a) procure that the Independent Board Committee promptly, and in any event

within two (2) Business Days, notifies Yumbah of the determination in writing, stating reasons for that determination; and

- (b) if the determination is that the Yumbah Counterproposal would provide an equivalent or superior outcome to Shareholders as a whole compared with the Competing Proposal, then for a period of three (3) Business Days after Clean Seas delivers to Yumbah the notice referred to in clause 6.2(a), Clean Seas and Yumbah must use their best endeavours to agree the transaction documentation required to implement the Yumbah Counterproposal as soon as reasonably practicable.

6.3 Exceptions to the exclusivity arrangement

- (a) Nothing in this clause 6 prevents Clean Seas from:
 - (i) providing information to its Representatives;
 - (ii) providing information to any Government Agency;
 - (iii) providing information to its auditors, customers, financiers, joint venturers and suppliers acting in that capacity in the ordinary course of business;
 - (iv) engaging with its Shareholders (in their capacity as a shareholder of Clean Seas) in relation to the Clean Seas Group, provided that such engagement does not relate to Clean Seas soliciting, inviting, encouraging or initiating an actual, proposed or potential Competing Proposal;
 - (v) continuing to make presentations to, and to respond to enquiries from, brokers, portfolio investors, analysts and institutional lenders in the ordinary course in relation to its business generally; or
 - (vi) fulfilling its legal obligations, including continuous disclosure requirements.
- (b) Despite any other provision in this Deed, a statement by Clean Seas or the Independent Board Committee to the effect that:
 - (i) the Independent Board Committee has determined that a Competing Proposal is a Superior Proposal and has commenced the matching right process set out in clause 6.2; or
 - (ii) that Shareholders should take no action pending the completion of the matching right process set out in clause 6.2,does not of itself:
 - (iii) constitute a change, withdrawal, modification of the recommendation by the Independent Board Committee or an endorsement of a Competing Proposal;
 - (iv) contravene this Deed; or
 - (v) give rise to a termination right under clause 7.1.

6.4 Notification obligation

During the Exclusivity Period, Clean Seas must, subject to clause 5.6:

- (a) promptly, and in any event within one (1) Business Day of the approach, inform Yumbah in writing if it or any of its Representatives receives any approach with respect to any actual, proposed or potential Competing Proposal and must disclose to Yumbah:
 - (i) the fact that the approach has been made;
 - (ii) all material terms and conditions of, and the nature of, the Competing Proposal, including as to value and price;
 - (iii) the details of the person making the approach (and if different, details of and the identity of the proposed Yumbah or acquirer), the material terms of the Competing Proposal and any material updates to the proposal, to allow Clean Seas to properly exercise its right under clause 6.2; and
- (b) as soon as practicable, and in any event within one (1) Business Day after Clean Seas decides to provide information or the Independent Board Committee resolves to consider the approach (or the actual, proposed or potential Competing Proposal), notify Yumbah if Clean Seas proposes to provide confidential information of Clean Seas to any third party in relation to any actual, proposed or potential Competing Proposal,

but nothing in this clause 6.4 limits the obligations of Clean Seas under clauses 5.2 (No shop), clause 5.3 (No talk) or clause 5.4 (No due diligence) and nothing in this clause 6.4 obliges Clean Seas to notify Yumbah of a Competing Proposal until after the Independent Board Committee has determined in accordance with clause 5.6 whether clauses 5.3 and 5.4 apply with respect to a genuine Competing Proposal.

6.5 Clean Seas legal advice

- (a) Clean Seas acknowledges that it has received legal advice on this document and the operation of clause 5 and clause 6.
- (b) The parties must not make or cause or permit to be made, any application to a court or the Takeovers Panel for or in relation to a determination in relation to clause 6.

7. Termination

7.1 Termination

- (a) The parties acknowledge and agree that if Yumbah provides notice to Clean Seas under clause 4.6 stating that it has decided to no longer progress with the Transaction, then this Deed shall be automatically terminated with effect on the date of that notice.
- (b) Clean Seas may terminate this Deed by giving written notice of termination with immediate effect if:
 - (i) Yumbah or any of its Affiliates breach any of their material obligations under this document or the Confidentiality Deed and they do not remedy

that breach within five (5) Business Days of receipt of written notice of such breach from Clean Seas;

- (ii) Yumbah or any of its Subsidiaries are subject to an Insolvency Event; or
 - (iii) Yumbah has provided to Clean Seas a Yumbah Counterproposal prior to the end of the Exclusivity Period and the Independent Board Committee has considered the Yumbah Counterproposal in accordance with clause 6.2 and determined that the Yumbah Counterproposal does not provide an equivalent or superior outcome to Shareholders as a whole.
- (c) Yumbah may terminate this Deed by giving Clean Seas written notice of termination with immediate effect if:
- (i) the Independent Board Committee has changed, withdrawn or modified its recommendation of the Transaction as a result of Clean Seas receiving a Competing Proposal that a majority of the Independent Board Committee determines, after all of Yumbah's rights under this Deed have been exhausted, is a Superior Proposal;
 - (ii) Clean Seas or any of its Affiliates breach any of their material obligations under this document or the Confidentiality Deed and they do not remedy that breach within five (5) Business Days of receipt of written notice of such breach from Yumbah;
 - (iii) Clean Seas or any of its Affiliates are subject to an Insolvency Event; or
 - (iv) Clean Seas or any of its Affiliates breach any law that any applicable regulator or Government Agency would reasonably consider renders Clean Seas or any of its Affiliates unfit to Control Clean Seas.
- (d) No party may terminate or rescind this document except as permitted under this clause 7.

7.2 Obligations on termination

- (a) If a party terminates this Deed pursuant to this clause 7 or the document terminates pursuant to clause 8 (other than as a result of the entry by the parties into the Implementation Agreement), all obligations of the parties under this Deed, other than this clause 7.2 and clauses 1.2 (Interpretation), 11 (Notices), 12 (Amendment and Assignment) and 13 (General), immediately cease to be of further force or effect.

Annexure 1 – Public Announcement

ASX ANNOUNCEMENT

19 February 2025

CLEAN SEAS SEAFOOD LIMITED (ASX: CSS) Clean Seas announces proposal from Yumbah and grants exclusive due diligence

Clean Seas Seafood Limited (“Clean Seas”, ASX: CSS, “the Company”) advises that it has received a non-binding, indicative and incomplete proposal from Yumbah Aquaculture Ltd (“Yumbah”) to merge with CSS through the acquisition of 100% of CSS shares by way of a scheme of arrangement (“Scheme”) offering \$0.14 cash per share with a scrip alternative in Yumbah (“Proposal”).

About Yumbah

Yumbah is an Australian-owned vertically integrated investment grade shellfish aquaculture portfolio with operations in South Australia, Victoria, Tasmania and New South Wales. The company delivers premium produce from spat through to harvested products, supplying farmers, wholesalers and retailers with sustainably farmed shellfish.

Yumbah is the largest producer of abalone in the Southern Hemisphere, specialising in onshore production of this prized shellfish. In addition, the Group produces oysters, mussels, aquafeed and oyster spat. For more information, visit: www.yumbah.com

Anthony Hall is a director and the largest shareholder of Yumbah with a ~53.6%¹ ownership and is Clean Seas’ largest shareholder with a current ownership of ~22.6%. CSS director Gary Higgins also serves as a director and Chairman of Yumbah.

Details of the Proposal

Under the terms of the Proposal, CSS shareholders will, as the default consideration, receive total cash consideration of \$0.14 per share (“Cash Consideration”). As an alternative to the Cash Consideration, eligible CSS shareholders may elect to receive Yumbah scrip. CSS shareholders who elect to receive scrip will have ongoing economic exposure to the merged Clean Seas and Yumbah business. The exact CSS to Yumbah share ratio (for the scrip alternative) will be determined at a later stage, subject to the relative value of Yumbah scrip.

The Proposal’s Cash Consideration of \$0.14 per share represents a premium of:

- 52.2% to the closing price of \$0.092 on 18 February 2025 (being the last trading day prior to this announcement);
- 46.8% to the one month volume weighted average price (“VWAP”) to 18 February 2025 of \$0.0954; and
- 27.6% to the 3 month VWAP to 18 February 2025 of \$0.1097.

The Board of CSS has established an independent committee of directors (“IBC”) to evaluate and negotiate the terms of the Proposal.²

¹ As per Yumbah’s Annual Report for the financial year ended 30 June 2024.

² The IBC consists of Katelyn Adams and Marcus Stehr. Note that CSS director, Gary Higgins who is also a director and Chairman of Yumbah, is not part of the IBC.

The Proposal is subject to a number of conditions including:

- mutual satisfactory due diligence;
- unanimous recommendation from the IBC and a commitment from all Clean Seas Directors to vote any shares that they hold or control in favour of, or accept into, the Yumbah Proposal, in the absence of a superior proposal and subject to an independent expert concluding that the transaction is in the best interests of CSS shareholders; and
- entry into a Scheme Implementation Deed (“SID”) on customary market terms acceptable to CSS and Yumbah, including:
 - standard conditions precedent including regulatory clearances, no material adverse change, no prescribed occurrences, no regulated events, no material acquisitions/disposals, no dividends/distributions, shareholder and court approval and subject to any matters arising out of due diligence;
 - provisions dealing with vesting or termination of Clean Seas performance rights;
 - standard deal protection mechanisms (including a break fee consistent with Takeovers Panel guidance), no-shop, no-talk, no-due diligence, notification and matching right provisions;
 - standard termination provisions for material breach; and
 - customary representations and warranties.

The Proposal will be funded through a combination of debt and, to the extent eligible CSS shareholders elect to take Yumbah scrip consideration, Yumbah equity.

The proposed consideration under the Proposal would be reduced by the value of any dividends or other distributions declared, proposed or paid on and from today’s date.

The IBC’s Intention

Following careful consideration, the IBC has determined that it is in the best interests of CSS shareholders to progress the Proposal and allow Yumbah to undertake further due diligence.

Subject to Clean Seas and Yumbah agreeing to a SID on terms acceptable to Clean Seas, the IBC unanimously intends to recommend that CSS shareholders vote in favour of the proposed Scheme (at the current offer price of \$0.14 per share) and each director intends to vote any CSS shares they control in favour of the Scheme, subject to:

- the parties entering into a binding SID on terms no less favourable (when taken overall) to CSS’ shareholders than the Proposal;
- no superior proposal being received; and
- an independent expert concluding (and continuing to conclude) that the Proposal is in the best interests of CSS shareholders.

Further to the Company’s announcement on 20 December 2024 detailing the events surrounding the Year Class 24 cohort of fish and the appointment of Morgans Financial and Bell Potter Securities (“JLMs”) to assist the Company in determining a capital strategy, the IBC has resolved to pursue the Proposal on an exclusive basis and terminate the appointment of the JLMs and all other discussions in relation to raising capital.

Yumbah has indicated that the offer price of \$0.14 per share follows and reflects an initial period of financial, operational and technical due diligence, including in relation to CSS assumptions regarding harvest yield percentages. Yumbah now intends to undertake customary due diligence in the next stage, including in relation to legal, regulatory, workplace and taxation matters.

Next steps

CSS and Yumbah have entered into a Process Deed under which Yumbah has been granted until 24 March 2025 to undertake exclusive due diligence and negotiations on a binding SID. The Process Deed contains customary deal protection mechanisms, fiduciary exclusions and a matching right for Yumbah in the event of a competing proposal. A copy of the Process Deed is attached to this announcement.

CSS shareholders do not need to take any action in relation to the Proposal. The IBC will continue to keep shareholders and the market informed of developments.

The IBC notes that there is no certainty that the engagement between CSS and Yumbah will result in a change of control transaction or an offer capable of acceptance by CSS shareholders.

This announcement does not constitute a proposal to make a takeover bid for the purposes of section 631 of the Corporations Act.

CSS has appointed Candour Advisory as financial advisor and HWLE as legal advisor.

Yumbah has appointed K&L Gates as legal advisor.

This announcement is authorised by the IBC of the Company.
