Nanollose Limited
Directors' report
For the half-year ended 31 December 2024

The Directors present their report, together with the financial statements of Nanollose Limited (referred to hereafter as the 'Company') for the half-year ended 31 December 2024 ("Reporting Period", "half-year").

Directors

The following persons were directors of the Company during the whole of the financial half-year and up to the date of this report, unless otherwise stated:

Principal Activities, Review of Operations & Operating Results

During the period, Nanollose continued to advance the commercialisation pathway for its patented technology to create fibres, fabrics, and other materials with minimal environmental impact. The Company's product development suite is comprised of two core operating divisions, with a near-term focus on its flagship Nullarbor™ and Nufolium™ sustainable fibres for use in textiles, non-woven fabrics and other industrial applications. In addition, the Company is advancing its patented Biollose™ soilless plant growth technology with multiple product applications for the fast-growing commercial microgreens market.

In its fabric division, Nanollose uses an eco-friendly fermentation process to produce sustainable forest-friendly lyocell fibres. The Company's forest-friendly high tenacity Nullarbor fibres are stronger than conventional lyocell, making them a potentially disruptive alternative to conventional tree-based lyocell and cotton fibres.

During the half-year, key activities included the successful shipment of a 110kg batch of the Company's Nufolium-20™ fibre to its development partner Glatfelter, a leading global manufacturer of engineered materials, for product testing.

The 110kg of Nufolium-20 fibre was produced from Nanollose's third pilot production run which also produced 430kg of Nullarbor-20 fibre – part of a multi-year R&D partnership with Birla Cellulose.

The co-development agreement between the parties provided for the Nufolium-20™ fibre supplied by Nanollose to be converted by Glatfelter into nonwoven fabric samples for Codi Group, which is a leading global manufacturer of wet-wipes. Initial feedback from Glatfelter on the first batch of Nufolium-20 was positive, and the Company is now progressing towards completion of the first trial batch with Codi Group. The development marked an important step forward in Nanollose's strategy to apply its sustainable fabric technology to the multi-billion dollar global wet-wipes market.

To support its ongoing transition from R&D to commercialisation, Nanollose also announced a strategic \$2.1m capital raise during the period, comprising a Two-Tranche Placement to raise \$672,000, a Rights Issue to raise \$1.05m before costs, and a fee-to-equity conversion by Nanollose directors to raise an additional \$400,000.

Along with the near-term focus on its sustainable fabric division, the Company continued to field interest in the period from potential commercial partners in the horticulture sector for its Biollose™ product suite, leaving it well positioned to pursue its multi-channel commercialisation strategy in the second half of the financial year.

The loss for the Company after providing for income tax amounted to \$725,681(31 December 2023: \$516,904). At 31 December 2024, the Company had cash of \$405,008 (30 June 2024: \$138,755) and net liabilities of \$573,932 (30 June 2024: \$223,692).

Events after the Reporting Period

No matter or circumstance has arisen since 31 December 2024 that has significantly affected, or may significantly affect the Company's operations, the results of those operations, or the Company's state of affairs in future financial years.

Dividends

There were no dividends declared or paid during the half-year ended 31 December 2024 (31 December 2023: Nil).

Significant changes in the state of affairs

There were no significant changes in the state of affairs of the company during the financial half-year.

Nanollose Limited
Notes to the financial statements
For the half-year ended 31 December 2024

Note 1. Material accounting policies

Basis of preparation for the half-year financial statements

These financial statements for the interim half-year reporting period ended 31 December 2024 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the *Corporations Act 2001*, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Accounting Standard 34 'Interim Financial Reporting'.

These financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2024 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The Company has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Going concern

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business.

The Company incurred a loss of \$725,681 and had net cash outflows from operating activities of \$357,971 for the half year ended 31 December 2024. As at that date, the Company had net current liabilities of \$612,709 and net liabilities of \$573,932.

The ability of the Company to continue as a going concern is principally dependent upon the ability of the Company to generate sufficient cash inflows from operations, by raising additional capital from equity markets and managing cash flows in line with available funds.

These factors indicate a material uncertainty which may cast doubt as to whether the Company will continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.

The Board believes that there are reasonable grounds to believe that the Company will be able to continue as a going concern and that it is appropriate for it to adopt the going concern basis in the preparation of the financial report after consideration of following factors:

- The Company expects to raise \$1.3 million upon the completion of the rights issue;
- The Company has the ability to issue additional equity securities under the *Corporations Act 2001* to raise further working capital; and
- The Company has the ability to curtail administrative, discretionary research expenses and overhead cash outflows as and when required.

Accordingly, the Board believes that the Company will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report.

The financial report does not include any adjustments relating to the amounts or classification of recorded assets or liabilities that might be necessary if the Company does not continue as a going concern.

Notes to the financial statements
For the half-year ended 31 December 2024

Note 2. Operating segments

Primary Reporting Format – Business Segments

The Company has one geographical location which is Australia. The Company's sole operations are research and development, and promotion of the Company's nanocellulose technology from that location.

Identification of reportable operating segments

The operating segment identified is based on the internal reports that are reviewed and used by the Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments. The CODM reviews EBITDA (Earnings Before Interest, Tax, Depreciation and Amortisation). The accounting policies adopted for internal reporting to the CODM are consistent with those adopted in the financial statements. The information reported to the CODM is on at least a quarterly basis.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the Members of Nanollose Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of Nanollose Limited which comprises the statement of financial position as at 31 December 2024, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, notes comprising a material accounting policy information and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Nanollose Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Company's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Nanollose Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

THE POWER OF BEING UNDERSTOOD ASSURANCE | TAX | CONSULTING

Material Uncertainty Related to Going Concern

We draw attention to Note 1, which indicates that the Company incurred a net loss of \$725,681 and had net cash outflows from operating activities of \$357,971 for the half-year ended 31 December 2024. As at that date, the Company had net current liabilities of \$612,709 and net liabilities of \$573,932. These events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Directors' Responsibility for the Half-Year Financial Report

The directors of Nanollose Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Company's financial position as at 31 December 2024 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
