Net portfolio performance for the period of 12.18% was substantially higher to the 2.50% return for the previous period.

1 General information

These interim financial statements cover Ophir High Conviction Fund (the "Fund") as an individual entity. The Fund was constituted on 23 July 2015, commenced operations on 31 August 2015 and admitted to the Australian Securities Exchange ("ASX") on 19 December 2018. The Fund will terminate on 30 August 2095 unless terminated earlier in accordance with the provisions of the Fund's Constitution or by Law.

The Trust Company (RE Services) Limited (ABN 45 003 278 831) (AFSL 235150) is the responsible entity of the Fund (the "Responsible Entity"). The Responsible Entity's registered office is Level 18 Angel Place, 123 Pitt Street, Sydney, NSW 2000.

The investment manager of the Fund is Ophir Asset Management Pty Limited (the "Investment Manager").

The Fund principally invests in a concentrated exposure to a high-quality portfolio of Australian listed companies outside the S&P/ASX 50. The Fund may also invest in international equities such as listed securities in New Zealand in accordance with the Product Disclosure Statement and the provisions of the Fund's Constitution.

The interim financial statements of the Fund are for the half-year ended 31 December 2024. The interim financial statements are presented in Australian dollars, which is the functional currency of the Fund.

The interim financial statements were authorised for issue by the directors of the Responsible Entity (the "Directors of the Responsible Entity") on 21 February 2025. The Directors of the Responsible Entity have the power to amend and reissue the interim financial statements.

2 Summary of material accounting policies

The principal accounting policies applied in the preparation of these interim financial statements are set out below. These policies have been consistently applied to all periods presented, unless otherwise stated in the following text.

(a) Basis of preparation

These interim financial statements have been prepared in accordance with Australian Accounting Standards AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standards IAS 34 *Interim Financial Reporting*. The Fund is a for-profit entity for the purpose of preparing the interim financial statements.

The Statement of financial position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and do not distinguish between current and non-current. All balances are expected to be recovered or settled within twelve months, except for investments in financial assets and liabilities at fair value through profit or loss and net assets attributable to unitholders.

The Fund manages financial assets at fair value through profit or loss based on the economic circumstances at any given point in time, as well as to meet any liquidity requirements. As such, it is expected that a portion of the portfolio will be realised within twelve months, however, an estimate of that amount cannot be determined as at half-year end.

(b) Material accounting policies

The accounting policies applied in these interim financial statements are the same as those applied in the Fund's financial statements for the year ended 30 June 2024.

These interim financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these interim financial statements are to be read in conjunction with the annual financial statements for the year ended 30 June 2024 and any public announcements made in respect of the Fund during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the half-year beginning 1 July 2024 that have a material impact on the amounts recognised in the prior periods or will affect the current or future periods.

2 Summary of material accounting policies (continued)

(c) Rounding of amounts

The Fund is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' report) Instrument 2016/191* issued by the Australian Securities and Investments Commission ("ASIC") relating to the "rounding off" of amounts in the interim financial statements. Amounts in the interim financial statements have been rounded to the nearest thousand dollars in accordance with that *ASIC Corporations Instrument*, unless otherwise indicated.

(d) Comparative revisions

Comparative information has been revised where appropriate to enhance comparability. Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current period.

3 Fair value measurement

The Fund measures and recognises the following financial assets at fair value on a recurring basis.

- Financial assets at fair value through profit or loss ("FVTPL") (see Note 5)

The Fund has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 *Fair Value Measurement* requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

(i) Fair value in an active market (level 1)

The fair value of financial assets and liabilities traded in active markets (such as listed equity securities and listed unit trusts) is based on their quoted market prices at the close of trading at the end of the reporting period without any deduction for estimated future selling costs.

The Fund values its investments in accordance with the accounting policies set out in Note 2 to the interim financial statements. For the majority of its investments, information provided by independent pricing services is relied upon for valuation of investments.

The quoted market price used to fair value financial assets held by the Fund is the last-traded prices.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

3 Fair value measurement (continued)

(ii) *Recognised fair value measurements*

The following table presents the Fund's financial assets measured and recognised at fair value as at 31 December 2024 and 30 June 2024.

As at 31 December 2024	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000

Listed unit trusts	20,861	-	-	20,861
Total	628,229	-	-	628,229

(iii) *Transfers between levels*

The Fund's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between the levels in the fair value hierarchy during the half-year ended 31 December 2024.

(iv) *Valuation processes*

Portfolio reviews are undertaken regularly by the Investment Manager to identify securities that potentially may not be actively traded or have stale security pricing. This process identifies securities which possibly could be regarded as being level 3 securities.

Further analysis, should it be required, is undertaken to determine the accounting significance of the identification. For certain security types, in selecting the most appropriate valuation model, the Investment Manager performs back testing and considers actual market transactions. Changes in allocation to or from level 3 are analysed at the end of each reporting period.

(v) *Fair value of other financial instruments*

The Fund did not hold any financial instruments which were not measured at fair value in the Statement of financial position. Due to their short term nature, the carrying amounts of receivables and payables are assumed to approximate fair value.

6 Net assets attributable to unitholders

Under AASB 132 *Financial instruments: Presentation*, puttable financial instruments meet the definition of a financial liability to be classified as equity where certain strict criteria are met. The Fund has elected into the AMIT tax regime and consequently the Fund's Constitution has been amended. The Fund does not have a contractual obligation to pay distributions to unitholders. Therefore, the net assets attributable to unitholders of the Fund meet the criteria set out under AASB 132 and are classified as equity.

Movements in number of units and net assets attributable to unitholders during the half-year were as follows:

	Half-year ended			
	31 December 2024 No. '000	31 December 2024 \$'000	31 December 2023 No. '000	31 December 2023 \$'000

Closing balance	222,598	719,994	222,598	609,469

As stipulated within the Fund's Constitution, each unit represents a right to an individual share in the Fund and does not extend to a right to the underlying assets of the Fund. There are no separate classes of units and each unit has the same rights attaching to it as all other units of the Fund.

6 Net assets attributable to unitholders (continued)

Capital risk management

The Fund classifies its net assets attributable to unitholders as equity. The Fund is a closed-ended Fund and is not subject to applications and redemptions from the date of listing on the ASX. The movements in the number of units during the half-year were as a result of additional units being allotted under the distribution reinvestment plan.

Generally, the Fund's strategy is to hold liquid investments. Liquid assets include cash and cash equivalents and listed investments.

7 Distributions to unitholders

Distributions are payable at the end of each financial period. Such distributions are determined by reference to the net taxable income of the Fund.

No distributions relating to the half-year were paid or are payable (31 December 2023: nil).

8 Earnings/(loss) per unit

Basic earnings/(loss) per unit amounts are calculated by dividing operating profit/(loss) before distributions by the weighted average number of units outstanding during the half-year.

Diluted earnings/(loss) per unit are the same as basic earnings/(loss) per unit.

	Half-year ended	
	31 December	31 December
	2024	2023
Operating profit/(loss) for the half-year (\$'000)	78,494	15,423

Basic and diluted earnings/(loss) per unit in cents	35.26	6.93

9 Segment information

The Fund has only one reportable segment. The Fund operates predominantly in Australia and is engaged solely in investment activities, deriving revenue from dividend and distribution income, interest income and from the sale of its investment portfolio.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report. We are independent of the Fund in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' responsibilities for the half-year financial report

The directors of the Responsible Entity of the Fund are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors of the Responsible Entity determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Fund's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is
