## DIRECTORS' REPORT (cont.)

Over the past six months, our sales revenue has improved, in line with the forecasted budgets. Notably, we have also seen an improvement in gross margin and cash generation compared to the previous corresponding period. Our strategic focus has been on consolidating brands to maximize brand awareness at both state and national levels, expanding our existing network with a broader product range, investing in systems and analytics to further drive cross-selling, and leveraging growing economies of scale. In addition, our commitment to optimizing resources and controlling operating expenses, especially in a challenging trading environment, positions us to achieve improved profitability and operating cash flow in the second half of FY2025.

Looking ahead, we expect that the introduction of new projects in H2, particularly the recycling plant, will contribute to stronger results. While operations have been delayed by a few weeks due to the plant awaiting its compliance certification and operating license, operations have now begun and will no-doubt positively impact our performance for the second half of the financial year.

Thank you for your continued support, and we look forward to keeping you updated on our progress.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF-YEAR 31 DECEMBER 2024

## Note 1: Summary of Material Accounting Policies

### Basis of Preparation

These general purpose interim financial statements for the half-year reporting period ended 31 December 2024 have been prepared in accordance with requirements of the Corporations Act 2001 and Australian Accounting Standard AASB 134: Interim Financial Reporting. The Group is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

This interim financial report is intended to provide users with an update on the latest annual financial statements of RPM Automotive Group Limited and its controlled entities (referred to as the “Consolidated Group” or “Group”). As such, it does not contain information that represents relatively insignificant changes occurring during the half year within the Group. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the year ended 31 December 2024 together with any public announcements made during the following half year.

These interim financial statements were authorised for issue on 26th February 2025.

### Accounting Policies

The same accounting policies and methods of computation have been followed in the interim financial report as were applied in the most recent financial statements.

The Group has considered the implications of new and amended Accounting Standards but determined that their application to the financial statements is either not relevant or not material.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF-YEAR 31 DECEMBER 2024 (CONT.)

## Note 2: Business Combination

No acquisitions were made during the half-year reporting period ended 31 December 2024.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF-YEAR 31 DECEMBER 2024 (CONT.)

## Note 3: Operating Segment

The Groups segments represent strategic business units that offer different products and operate in different segments of the automotive aftermarket. They are consistent with the way the CEO monitors and assesses the business performance in order to make decisions about resource allocation across the Group. Performance assessment is based on EBIT (Earnings Before Interest and Tax) and EBITDA (Earnings Before Interest, Tax, Depreciation and Amortisation). These measures are different from the profit and loss reported in the consolidated financial statements which is shown after net interest and tax expense. This is because decisions that affect the net interest expenses and tax expense are made at a Group level. It is not considered appropriate to measure segment reporting at the net profit after tax level.

### **Auditor's Responsibility for the Review of the Financial Report**

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
