SSR MINING ANNOUNCES CLOSING OF CRIPPLE CREEK & VICTOR ACQUISITION

DENVER – SSR Mining Inc. (Nasdaq/TSX: SSRM; ASX: SSR) (“SSR Mining” or the “Company”) is pleased to announce the completion of the previously announced acquisition (the “Transaction”) of the Cripple Creek & Victor (“CC&V”) gold mine from Newmont Corporation (“Newmont”) on February 28, 2025. As consideration for the Transaction, SSR Mining made a \$100 million cash payment to Newmont, with up to \$175 million in additional milestone-based payments to be made in the future.

CC&V is expected to meaningfully increase SSR Mining’s scale, free cash flow and portfolio diversification, and positions the Company as the third largest gold producer in the U.S.A. As of December 31, 2024, CC&V hosted 2.4 million ounces of gold Mineral Reserves, an 85% year-over-year increase from the 1.3 million ounces of gold Mineral Reserves as of December 31, 2023. Newmont also reported an additional 0.8 million ounces of Measured and Indicated gold Mineral Resources and 0.9 million ounces of Inferred gold Mineral Resources for CC&V as of December 31, 2024. SSR Mining expects to publish a technical report and life of mine plan for CC&V within the next 12 months.

With the closing of the Transaction, production and free cash flow from CC&V are attributable to SSR Mining effective March 1, 2025. The Company anticipates reporting consolidated full-year 2025 production and cost guidance, including attributable guidance for CC&V, before the end of the first quarter.

Rod Antal, Executive Chairman of SSR Mining, said, “We are thrilled to welcome CC&V and its team to SSR Mining. This transaction adds another long-lived, free cash flow generative asset to the portfolio, and we look forward to showcasing our longer-term plans for the operation.”
