Sydney, 21 March 2025

\$4m contract win to deliver PICQ for the Republic of Ireland

Beamtree Holdings Limited (“**Beamtree**” or “**the Company**” or “**the Group**”) (ASX: BMT), a leading provider of AI decision support and data insights solutions, is delighted to announce that its partnership with the Healthcare Pricing Office (HPO) in the Republic of Ireland has been renewed for another five years, with Beamtree having again been awarded the EU-wide tender to deliver PICQ® as the national data quality tool for public hospitals. Beamtree’s market-leading PICQ® software has been utilised by clinical coders in Ireland since 2018, with this new contract worth €2.3m (AU\$3.95m) over five years and subject to the usual rights of termination for non-performance.

Beamtree is a recognised global leader in audit and automation of clinical record classification – and in use of the Australian health classification – ICD-10-AM, which is licenced in Ireland and other European countries. Beamtree’s SaaS-based product PICQ® automates the audit of classification and supports clinical record coders improve the quality of coding data and is widely used in countries including in Australia, New Zealand, Kingdom of Saudi Arabia, and Canada and is under development for the UK.

Marek Stepniak, Beamtree’s CEO, said ‘We are proud of this important recognition of the value of PICQ from one of longstanding national customers. It is our great privilege to continue to support the HPO as they work to deliver coding excellence for the Republic of Ireland. Our proven expertise in clinical record classification and audit together with our PICQ® and automated coding software, assist health services in improving the quality, reliability and use of data to create a learning health system and deliver better outcomes for patients.’

Authorised for release by the Chair of the Board.
