

ASX ANNOUNCEMENT

Chemist Warehouse Announcement – Supplementary Information

3 April 2025 – Cann Group Limited (ASX: CAN) (Cann or the Company) provides the following additional information regarding the execution of supply agreements with eleven Chemist Warehouse pharmacy outlets located in Queensland (Agreements), as announced earlier today.

The Agreements were executed today between Cannoperations Pty Ltd (a wholly owned subsidiary of Cann Group Limited) and the each of the franchise business owners of eleven individual Chemist Warehouse pharmacies, each located in Queensland.

The initial term of each agreement is two (2) years, automatically renewing for a further term, unless either party provides prior notice of their intention not to renew. Additionally, either party can provide the other with six (6) months' prior notice of termination for convenience.

The financial benefit to Cann from these Agreements will ultimately depend on the volume of orders placed for its medicinal cannabis products. However, Cann deems these Agreements material due to the prominence of the Chemist Warehouse brand, its extensive market reach, and the potential for expanding to more outlets over time. Additionally, this partnership acts as a form of market validation for Cann's Botanitech product range, enhancing its credibility and visibility in the marketplace.
