Benz Mining Corp. (TSXV: BZ, ASX: BNZ) (**Benz or the Company**) is pleased to announce that it has received firm commitments for a placement of 33,750,750 new fully paid CHESS Depository Interests (**CDIs**) in the Company at an issue price of A\$0.40 per CDI to raise approximately A\$13.5 million (before costs) (**Placement**).

The Placement was strongly supported by a range of international and domestic institutional, sophisticated and professional investors. In addition, Benz's largest shareholder, Spartan Resources Limited (**Spartan**), has exercised its right to participate in the Placement pro rata and will maintain its ~14.91% shareholding in the Company, subject to shareholder approval.

Proceeds from the Placement will be primarily used to accelerate exploration activities at Benz's 100% owned Glenburgh Gold Project, including follow-up RC and diamond drilling programs to test high-grade extensions at Zone 126 and other high priority targets, geological modelling, and associated fieldwork, as well as for the commencement of exploration activities at the Egerton Gold Project, including targeting high-grade near-surface mineralisation with RC drilling, mapping, and geochemical surveys to refine future drill programs. Additionally, a portion of the proceeds will also be used to undertake a scoping study at the Eastmain Gold Mine in Quebec and for general working capital purposes.

Benz Chair, Mr Evan Cranston, commented:

"We are very pleased to have received such strong support for the placement which is a testament to the depth of our gold portfolio and, in particular, the significance of our recent gold discovery at Zone 126 at the Glenburgh Project which highlighted the significant growth potential at Glenburgh and validated our conceptual model.

"With a strengthened balance sheet, we are well funded to continue unlock the value of our portfolio and I'd like to take this opportunity to thank our shareholders for their continued support and welcome our new shareholders on board."

The participation of Spartan for 5,028,750 Placement CDIs will be subject to shareholder approval which will be sought at a general meeting of shareholders in due course (**Tranche Two Placement**).
