Q3 FY25 Quarterly Activities Report: Consolidation of rapid trend growth following successful integration of Oat Milk Goodness

Key Highlights

- Consolidation of post-transaction growth in group revenues and cash receipts, with net sales of \$1.1m (consistent with previous quarter and up by 171% from the prior year comparative period (PCP))
- Revenue momentum underpinned by monthly net sales of +\$500,000 in March 2025, marking the highest monthly net sales total since new management took over the business in June 2023
- Cash receipts from customers of \$1.166m, up from \$1.158m in the December quarter and a gain of 115% on the prior year comparative period
- Group revenues underpinned by a broader product range and an expanded distribution footprint following the Company's successful transition to a multi-brand FMCG platform following the OMG acquisition
- Sales profile complemented by continued strong growth through ecommerce channels and a follow-up purchase order from major retailer Costco Australia ("Costco") valued at \$133,000, marking the third Costco order for Blue Dinosaur products since January 2024 and the largest order to-date
- Strategic inventory build-out to meet increased demand, which is expected to flow through to additional growth in cash receipts from a lower base of cash operating costs in the June quarter
- Operational momentum supported by strategic share placement to raise \$1m before costs via the issue of 142,857,143 new fully paid ordinary shares at \$0.007 per share, which attracted strong support from a network of sophisticated and institutional investors
- Company to be renamed OMG Group Limited (OMG.ASX), subject to shareholder approval at an Extraordinary General Meeting on 20 May 2025
- Appointment of senior FMCG executive Mr Tim Freeburn as a Non-Executive Director, with Mr Daniel Rootes assuming the role of interim Non-Executive Chairman following the resignation of Mr Albert Cheok

Forbidden Foods Ltd (ASX: FFF) ("Forbidden Foods" or "the Company") is pleased to provide the following overview of activities undertaken during the three-month period ended 31 March 2025 (the "quarter").

Management commentary:

Forbidden Foods' Chief Executive Officer, Alex Aleksic said: "The March quarter was highlighted by the achievement of several key operational milestones, including our second straight quarter of net sales above \$1m and the implementation of key initiatives to improve inventory management which leaves us well positioned to drive additional margin growth in the quarters ahead. The strategic inventory build was assisted by the successful completion of our strategic share placement, which positions the business with added flexibility to take advantage of growing sales momentum across our key product channels. As we expand our multi-brand presence in the Australian market, we look forward to providing further updates on our stated strategy to grow revenues from a lower cost base and accelerate the pathway to cash-flow break-even."

Operational Review:

Third product ranging agreement with Costco consolidates market footprint with major retailers

Operational highlights during the quarter included confirmation of an additional product ranging agreement for Blue Dinosaur products with multinational retailer Costco – the third order since January 2024 and the largest order to date.

The Costco order was valued at \$133,000 and reflects strong recent demand for the Blue Dinosaur ‘Bites’ range, which previously sold out across Costco stores. For the third PO, Forbidden Foods will supply the recently launched multi-pack edition of its Bites range, with new flavour profiles and updated product packaging.

A global retail conglomerate with a market capitalisation of over US\$400bn, Costco is a market leader in the discounted bulk-buy retail segment which is well-aligned with the new multi-pack edition of the Bites range. The company operates 16 different locations throughout Australia and New Zealand – providing scope for Forbidden Foods to expand its addressable market across different Costco stores.

Consolidation of group sales momentum

The Costco order highlighted the growing traction for Forbidden Foods products through both physical store networks and online channels. Group revenues were also underpinned by continued growth in online sales of Blue Dinosaur products increasing by 145% on PCP through the first two months of the quarter (refer ASX Announcement 3 March 2025).

The Company subsequently generated net sales in March of \$512,000, a record monthly high since the management team took over the business and implemented a cost-focused restructure in June 2023. Net sales for the quarter totalled \$1.1m, consistent with the three-month period ended 31 December 2024 which was the first full quarter of trade following the strategic acquisition of Oat Milk Goodness.

In turn, group revenues in the December quarter more than doubled from September, highlighting the expanded sales profile of the combined entity. Pleasingly, the three months ended 31 March marked the second straight quarter where net sales exceeded \$1m, consolidating the Company’s sales footprint and leaving it on track to post annual post-acquisition sales of over \$4m. Concurrently, Forbidden Foods generated consistent sales growth with a \$41,000 reduction in staff costs, and continues to position the business to drive ongoing sales from a lower cost case.

Financial and corporate overview:

Pathway to cashflow break-even:

The group’s strong operational progress was complemented in the period by the successful completion of a strategic share placement, which had strong support from a network of sophisticated and institutional investors.

The Placement raised \$1m through the issue of 142,857,143 new fully paid ordinary shares at an issue price of \$0.007 per Share, and included a commitment from Non-Executive Director, Mr Daniel Rootes, to subscribe for approximately \$21,000 of new shares under the Placement, subject to shareholder approval.

Proceeds from the Placement were deployed to fund a strategic inventory build to meet growing demand for key SKUs, positioning the Company to drive additional margin growth in the quarters ahead.

Company to be renamed OMG Group limited

As announced on April 17, the Company intends to re-name and re-brand to OMG Group Limited, subject to shareholder approval at an EGM. Subsequently, the Company intends to trade under the symbols OMG and OMGO, to better reflect the strategic direction of the business in the Better For You food and beverage sector.

Appointment of Non-Executive Director and Board changes

During the quarter, Forbidden Foods announced the appointment of Mr Tim Freeburn as a Non-Executive Director, effective from 1 April 2025. Mr Freeburn currently serves as Managing Director of Sesi3n Tequila, a multi award-winning Australian tequila brand which he co-founded in 2016 with high-profile entrepreneur, Jennifer Hawkins. His appointment significantly strengthens the composition of the Board with senior executive experience in the FMCG sector.

Concurrently, the Company advised that Non-Executive Chairman, Mr Albert Cheok, and Non-Executive Director, Mr Nathan Quailey, have tendered their resignations, effective 1 April 2025. The resignations were agreed jointly between the Company and the outgoing Directors, both of whom hold several other roles. Non-Executive Director Mr Daniel Rootes has assumed the role of Interim Non-Executive Chairman while the Board advances its executive search initiatives.

ASX additional information:
