8 May 2025

HIGHLIGHTS

- **PME signs AUD \$20M, 5-year contract with University of Iowa Health Care ("UI Health Care")**
- **Visage to replace legacy PACS throughout UI Health Care**
- **Contract is for Full Stack (Visage 7 Viewer, Visage 7 Workflow, Visage 7 Open Archive)**
- **Visage 7 platform to be implemented in the cloud**
- **Transaction-based model with potential upside**

Leading health imaging company Pro Medicus Limited [ASX: PME] today announced its wholly-owned U.S. subsidiary, Visage Imaging, Inc., has signed a A\$20M, 5-year contract with the University of Iowa Health Care ("UI Health Care"), Iowa's comprehensive academic health system.

Based on a transactional licensing model, the contract will see the company's cloud-based Visage 7 Enterprise Imaging Platform ('Visage 7'), including Visage 7 Viewer, Visage 7 Workflow and Visage 7 Open Archive, implemented throughout UI Health Care providing a unified diagnostic imaging platform. Visage will complete the migration from UI Health Care's legacy PACS archive to Visage 7 Open Archive. Visage 7 will also provide enterprise distribution of images integrated to UI Health Care's electronic health record (EHR).

Planning for the rollout is to commence immediately and will be based on Visage's proven cloud-based implementation process, with go-live targeted for Q4 of the 2025 calendar year.

UI Health Care's clinical enterprise spans three patient campuses, including Stead Family Children's Hospital, and comprises nearly 20,000 staff members, with more than 1,200 staff physicians and dentists, nearly 800 resident and fellow physicians, and over 5,300 nursing staff

members. UI Health Care is Iowa's only comprehensive tertiary-level center, and the University of Iowa is one of America's premier public research universities.

"University of Iowa Health Care is a highly respected healthcare institution that takes great pride in the comprehensive care they deliver to all Iowans," said Dr Sam Hupert, Pro Medicus CEO. "They join a long list of Visage 7 clients to opt for a fully cloud-based solution, which, as a result of our CloudPACS strategy, is becoming the standard in the North American healthcare IT market."

Dr Hupert continued, "Our pipeline remains strong and spans all market segments. As has been the case with many of our recent contracts, this deal is for our 'full stack' comprising all three core Visage products, namely viewer, workflow and archive, a trend we see continuing."
