12 May 2025

PILOT SECURES CONVERTIBLE NOTE FUNDING TO RAISE UP TO \$1.8 MILLION

Pilot Energy Limited (**ASX: PGY**) (**Pilot** or **Company**) is pleased to announce that it has entered into a binding convertible note arrangement (**Agreement**) with a syndicate of sophisticated investors lead by Discovery Investments Pty Ltd (**Investor Syndicate**), for an investment in the Company of up to \$1.8 million (**Face Value**).

The Agreement provides for an issue of convertible notes (**Notes**) to be issued for the Face Value, subject to and conditional upon shareholder approval being obtained for the issue of the Notes under ASX Listing Rule 7.1 (**Condition**). Of the total Face Value to be subscribed for by the Investor Syndicate under the Agreement, \$750,000 has been advanced to the Company with no conversion rights. Subject to satisfaction of the Condition, the corresponding Notes up to the Face Value will be issued to the members of the Investor Syndicate.

This is the fourth convertible note facility that the Company has entered into together with the Discovery Investor Syndicate since May 2023. The terms of this Agreement are the same as the terms of the agreement the Company entered into with Discovery on 11 November 2024 (see announcement ASX: PGY dated 11 December 2024). The key terms of the Notes are summarized in the attached Appendix.

The Investor Syndicate is being led by Mr. Greg Columbus. Mr. Columbus has over 30 years of experience in the Energy and Oil & Gas industries including technical, commercial, executive and non-executive roles and is also an experienced investor in listed companies. Until recently, he was also the Chairman and a major shareholder of ASX listed Warrego Energy Limited, a developer of natural gas resources in the Perth Basin, Western Australia, which was taken over by the Hancock Prospecting Group in March 2023.

The Agreement is also on the same terms as the agreement entered into on 11 December 2024 which included the agreement with 1Stock Limited for the placement of \$1,800,000 in convertible notes arranged by Powerhouse Advisory Australia Pty Ltd (see ASX:PGY 11 December 2024) and which was approved by shareholders at the Company's AGM held on 12 February 2025. To date, 1Stock Limited has failed to fund under that agreement and so the Company has terminated it with immediate effect and now replaces that funding arrangement with this Agreement with the Investor Syndicate.

The funding received pursuant to this convertible note Agreement provides funding for the Company's ongoing work programme and activities associated with transitioning the Cliff Head facilities from oil production to carbon injection and storage as the cornerstone of the Cliff Head Carbon Storage Project which is a key component of the Company's flagship Mid West Clean Energy Project (MWCEP).

About Pilot: Pilot is a junior oil and gas exploration and production company that is pursuing the diversification and transition to the development of carbon management projects, production of hydrogen and clean ammonia for export to emerging APAC Clean Energy markets. Pilot intends to leverage its existing oil and gas operations and infrastructure to cornerstone these developments. Pilot is proposing to develop Australia's first offshore CO2 Storage Project through the conversion of the Cliff Head Oil field and associated infrastructure from oil production to CO2 Storage as part of the Mid West Clean Energy Project.

Pilot holds a 21.25% interest in the Cliff Head Oil field and Cliff Head Infrastructure (increases to 100% on completion of the acquisition of Triangle Energy (Global) Pty Limited's interest), and a 100% working interest in exploration permit WA-481-P, located offshore Western Australia.
