

## SAUNDERS SECURES \$27M CONTRACT AT KALGOORLIE CONSOLIDATED GOLD MINES, WESTERN AUSTRALIA

Monday, 19 May 2025

Saunders International Limited (ASX:SND) (“Saunders” or “the Group”) is pleased to announce it has been awarded a \$27 million CIL4 Tanks installation contract by Primero at Kalgoorlie Consolidated Gold Mines (KCGM) in Western Australia.

The project involves the construction of eight carbon-in-leach (CIL) tanks and interconnecting launders, and seven process tanks that support the increase in plant throughput to Northern Star Resources' Fimiston Processing Plant.

This is the second major project Saunders has been awarded at the Kalgoorlie Consolidated Gold Mines. In May 2024, Saunders secured a \$31.5 million contract with Northern Star Resources. That project is currently underway and scheduled for completion in mid CY26.

Saunders' Managing Director & Chief Executive Officer, Mark Benson said, *“This latest project win further strengthens our footprint in Western Australia and the Resources & Industrial sector. It reinforces our reputation for delivering integrated solutions across our diverse capabilities, underpinned by our proven ability to execute safely and collaboratively in complex mining environments.”*

This project will commence immediately. It is scheduled for completion in November 2025, contributing to Saunders' revenue and earnings in FY25 and FY26.
