## SUCCESSFUL PLACEMENT COMPLETED & RIGHTS ISSUE TO OPEN

**Copper Search Ltd (ASX: CUS) (Copper Search or the Company)** is pleased to advise that it has successfully completed a capital raise to **fund exploration and project generation for Heavy Mineral Sands (HMS) in South Australia (SA) and working capital**. The Company will open an entitlement offer to fund gold and copper drill target validation in New South Wales (NSW), business development and working capital on the same terms, details below.

**Summary of Placement**

- \$850,000 Placement at 1.7 cents
- Attaching 1 for 2 Option at 3.4 cents valid for 2 years
- Via two tranches – second tranche subject to shareholder approval
- Including \$100,000 from Directors subject to shareholder approval
- 50M New Shares and 27M Options expected total new securities

**Summary of Planned 1:4 Rights Issue**

- To raise up to \$504,000 from existing shareholders
- Future Record date of 3 June to allow buy in from new investors
- Right to 1 new share for every 4 shares held on the Record Date
- Same terms as placement above
- Shareholders can bid for Overs from shortfall pool

*I'm very encouraged by, and thankful for, the strong support Copper Search has received from new and existing investors in our recent placement, which raised \$850,000 to fund exploration and project generation targeting Heavy Mineral Sands (HMS) in South Australia.*

*The support we have received from this placement allows us to take the next steps on this path – from further sampling, through to heritage clearances and defining drill targets. Our intention is to commence low-cost air-core drilling as soon as the necessary approvals are secured.*

*What particularly excites me is the potential of our new tenement, where old beach strandlines interpreted from magnetic data look to be large, walk-up drill targets. If the mineralogy reflects what we've seen in the recent grab samples collected by our resident Mineral Sands expert, Ian Warland, then this new opportunity could represent a significant win for shareholders.*

*In parallel, I'd like to advise shareholders that our exploration team has just returned from the field in New South Wales, where they have been focussing on the gold and copper porphyry potential at the Byrock Project. The latest boots-on-ground program included ground truthing chargeability anomalies identified by our IP surveys, collecting new gravity data, and field-checking the high-priority Pipes Targets, defined in the recent airborne magnetics program.*

*The rest of 2025 is shaping up to be a very active time for Copper Search, and I look forward to keeping shareholders informed as we progress to drill ready on multiple projects.*

Participants in the Placement will also receive one (1) unquoted option for every two (2) Shares issued for nil additional consideration (**Attaching Options** or **Options**) at an exercise price of \$0.034 and expiry of 31 July 2027.

The Company will issue 24,030,966 Shares (**Unconditional Shares**) utilising the Company's available placement capacities under ASX Listing Rules 7.1 (12,486,580 Shares) and 7.1A (11,544,386 Shares). The remaining 25,969,034 ordinary Shares (**Conditional Shares**) and 25,000,000 Attaching Options will be issued subject to receiving shareholder approval at a general meeting of shareholders to be convened in the coming weeks, including in respect of \$100,000 of Shares to be issued to Directors of the Company.

The Company's board of directors (**Board**) has resolved to, in parallel with the Placement, undertake a non-renounceable entitlement offer to raise up to a further \$504,364 (before expenses), whereby Eligible Shareholders (as defined below) will be offered the opportunity to acquire one (1) Share (New Share) for every four (4) Shares held as at 7:00 pm (Sydney time) on the Record Date (3 June 2025), with no minimum subscription.

The issue price of New Shares under the Offer is the same as the Placement, being \$0.017 per New Share, and Eligible Shareholders will also receive one (1) Attaching Option for every two (2) New Shares issued for nil additional consideration (**Offer**) with an exercise of \$0.034 and expiry of 31 July 2027.

- targeted delineation and high-impact air-core drilling to unlock Heavy Mineral Sands (HMS) potential in South Australia;
- project generation of further HMS opportunities in South Australia;
- low-cost drill target generation at the NSW Byrock and Theseus - Projects;
- business development; and
- general working capital purposes.

A prospectus in relation to the Offer and Shareholder Shortfall Offer (**Prospectus**) will be mailed to Eligible Shareholders in the coming week.

**Appendix 1 – terms of Options****Exercise Period and Expiry Date**

The Options are exercisable at any time on a Business Day prior to 5:00pm (Sydney time) on 31 July 2027 (Expiry Date). Options not exercised by that date will lapse.

**Exercise Price**

Each Option entitles the holder to acquire one (1) Share on payment of the sum of \$0.034 per Option (Exercise Price) to Copper Search.

**Notice of Exercise**

Eligible Shareholders will receive an exercise notice at the same time that they receive a holding statement in respect of the Options (**Exercise Notice**).

Options may be exercised at any time prior to 5:00pm (Sydney time) on the Expiry Date by delivering a duly executed Exercise Notice to Copper Search, together with payment for the aggregate Exercise Price for the Options being exercised.

Options will be deemed to have been exercised at a time determined by Copper Search and in any event no earlier than Copper Search having received the aggregate Exercise Price (in cleared funds) in respect of the Options exercised in accordance with the Exercise Notice.

Some or all of the Options may be exercised at any one time or times prior to the Expiry Date. Options must be exercised in respect of a minimum of 100,000 Options except where an Option holder holds less than 100,000 Options, in which case all Options held by that Option holder must be exercised.

Shares issued pursuant to the exercise of Options will have the same rights and liabilities as Copper Search's existing Shares on issue as at the date of the exercise of the Options.

If the holder of any Options exercises less than the total number of Options registered in their name, Copper Search will provide the holder of any Options with a new holding statement stating the remaining number of Options registered in that holder's name, together with a new exercise notice.

There are no participating rights or entitlements inherent in the Options and holders will not be entitled to participate in new issues of securities offered to Shareholders during the term of the Options, except in their capacity as existing Shareholders.

**Bonus Issues**

If, prior to the expiry of the Options, Copper Search makes a bonus issue of Shares to Shareholders for no consideration, the number of Shares over which an Option is exercisable will be increased by the number of Shares which the holder would have received if the Option had been exercised before the relevant record date for the bonus issue.

**Pro-Rata Issue**

If, from time to time, before the expiry of the Options, Copper Search makes a pro-rata issue of Shares to shareholders, the exercise price of the Options may be amended in accordance with ASX Listing Rule 6.22.2.
