Dear Sir/Madam

Battery Age Minerals Ltd (“BM8”): Price Query

We refer to your letter dated 4 June 2025 regarding the recent trading in Battery Age Minerals Limited (ASX: BM8) (“**Battery Age**” or “**the Company**”) securities.

The Company’s responses to your queries are detailed below. Capitalised terms used in the response have the same meaning as given in your letter unless otherwise required:

1. Is BM8 aware of any information concerning it that has not been announced to the market which, if known by some in the market, could explain the recent trading in its securities?

No.

2. If the answer to question 1 is “yes”.

(a) Is BM8 relying on Listing Rule 3.1A not to announce that information under Listing Rule 3.1? Please note that the recent trading in BM8’s securities would suggest to ASX that such information may have ceased to be confidential and therefore BM8 may no longer be able to rely on Listing Rule 3.1A. Accordingly, if the answer to this question is “yes”, you need to contact us immediately to discuss the situation.

(b) Can an announcement be made immediately? Please note, if the answer to this question is “no”, you need to contact us immediately to discuss requesting a trading halt (see below).

(c) If an announcement cannot be made immediately, why not and when is it expected that an announcement will be made?

Not applicable.

3. If the answer to question 1 is “no”, is there any other explanation that BM8 may have for the recent trading in its securities?

The recent trading in the securities of Battery Age may be attributable to the following recent publications:

- On 4 June 2025, the Company's CEO, Mr Nigel Broomham, was hosted on an interview conducted by East Coast Research, discussing the activities undertaken across the Company's critical and precious minerals portfolio. This interview can be accessed at https://www.youtube.com/watch?v=dzjp_mc8WlQ.
- As announced on 17 April 2025, the Company is planning to commence its maiden drilling campaign at the Bleiberg Germanium-Zinc Project, subject to approvals, together with advancing a focused program of sampling and reanalysis of historic tailings, supported by modern metallurgical test work, a unique critical mineral project located in the heart of the European Union with historic mine concentrate grades reaching up to 1,500 g/t Ge¹.
- Furthermore, the Company has recently completed its maiden exploration field programs, including soil sampling and geophysics, at its El Aguila high-grade gold and silver project, with results outstanding.

4. Please confirm that BM8 is complying with the Listing Rules and, in particular, Listing Rule 3.1.

The Company confirms that it is in compliance with the Listing Rules and, in particular, Listing Rule 3.1.

5. Please confirm that BM8's responses to the questions above have been authorised and approved under its published continuous disclosure policy or otherwise by its board or an officer of BM8 with delegated authority from the board to respond to ASX on disclosure matters.

The Company confirms the responses to the questions above have been authorized and approved under its published continuous disclosure policy or otherwise by its board or an officer of the Company with delegated authority from the board to respond to ASX on disclosure matters.

Authorised for release by the Board of Battery Age Minerals Limited.

Yours sincerely

When and where to send your response

This request is made under Listing Rule 18.7. Your response is required as soon as reasonably possible and, in any event, by no later than **10:50 AM AWST Wednesday, 4 June 2025**. You should note that if the information

For personal use only

requested by this letter is information required to be given to ASX under Listing Rule 3.1 and it does not fall within the exceptions mentioned in Listing Rule 3.1A, BM8's obligation is to disclose the information 'immediately'. This may require the information to be disclosed before the deadline set out in the previous paragraph and may require BM8 to request a trading halt immediately.

Your response should be sent to me by e-mail at **ListingsCompliancePerth@asx.com.au**. It should not be sent directly to the ASX Market Announcements Office. This is to allow me to review your response to confirm that it is in a form appropriate for release to the market, before it is published on the ASX Market Announcements Platform.

Trading halt

If you are unable to respond to this letter by the time specified above, or if the answer to question 1 is "yes" and an announcement cannot be made immediately, you should discuss with us whether it is appropriate to request a trading halt in BM8's securities under Listing Rule 17.1. If you wish a trading halt, you must tell us:

- the reasons for the trading halt;
- how long you want the trading halt to last;
- the event you expect to happen that will end the trading halt;
- that you are not aware of any reason why the trading halt should not be granted; and
- any other information necessary to inform the market about the trading halt, or that we ask for.

We require the request for a trading halt to be in writing. The trading halt cannot extend past the commencement of normal trading on the second day after the day on which it is granted. You can find further information about trading halts in Guidance Note 16 *Trading Halts & Voluntary Suspensions*.

It should be noted that BM8's obligation to disclose information under Listing Rule 3.1 is not confined to, nor is it necessarily satisfied by, answering the questions set out in this letter.

Release of correspondence between ASX and entity

ASX reserves the right to release all or any part of this letter, your reply and any other related correspondence between us to the market under Listing Rule 18.7A.
