

## ASX ANNOUNCEMENT

5 June 2025

### White Plains Lithium Brine Project, Utah, United States

Lithium Energy Limited (ASX:LEL) (**Lithium Energy or Company**) is pleased to confirm that it has (through its United States subsidiary) staked 6,150 hectares of mineral claims (760 in total) in Utah, United States (**White Plains Lithium Brine Project or White Plains**), which it considers prospective for potentially hosting lithium brine mineralisation.

White Plains is located approximately 200km west of Salt Lake City and comprises a large portion of a land-locked hypersaline salt pan bounded by mountains on three sides. The Salt Lake City region has been a focus for lithium and potash companies, including Intrepid Potash's (NYSE:IPI) potash at Wendover, US Magnesium's and Waterleaf Resources' direct-lithium extraction (**DLE**) lithium projects at the Great Salt Lake.

Lithium Energy has also acquired historical exploration data relating to areas within White Plains which it is currently reviewing. In addition, Lithium Energy has recently undertaken (non-ground disturbing) survey activities within the White Plains project area, the results of which are currently also being reviewed.

Figure 1: Lithium Energy staff undertaking site survey at White Plains Lithium Brine Project in Utah, United States

For personal use only

White Plains is well serviced by nearby infrastructure, being located adjacent to US Highway 89 and 15km from the town of Wendover.

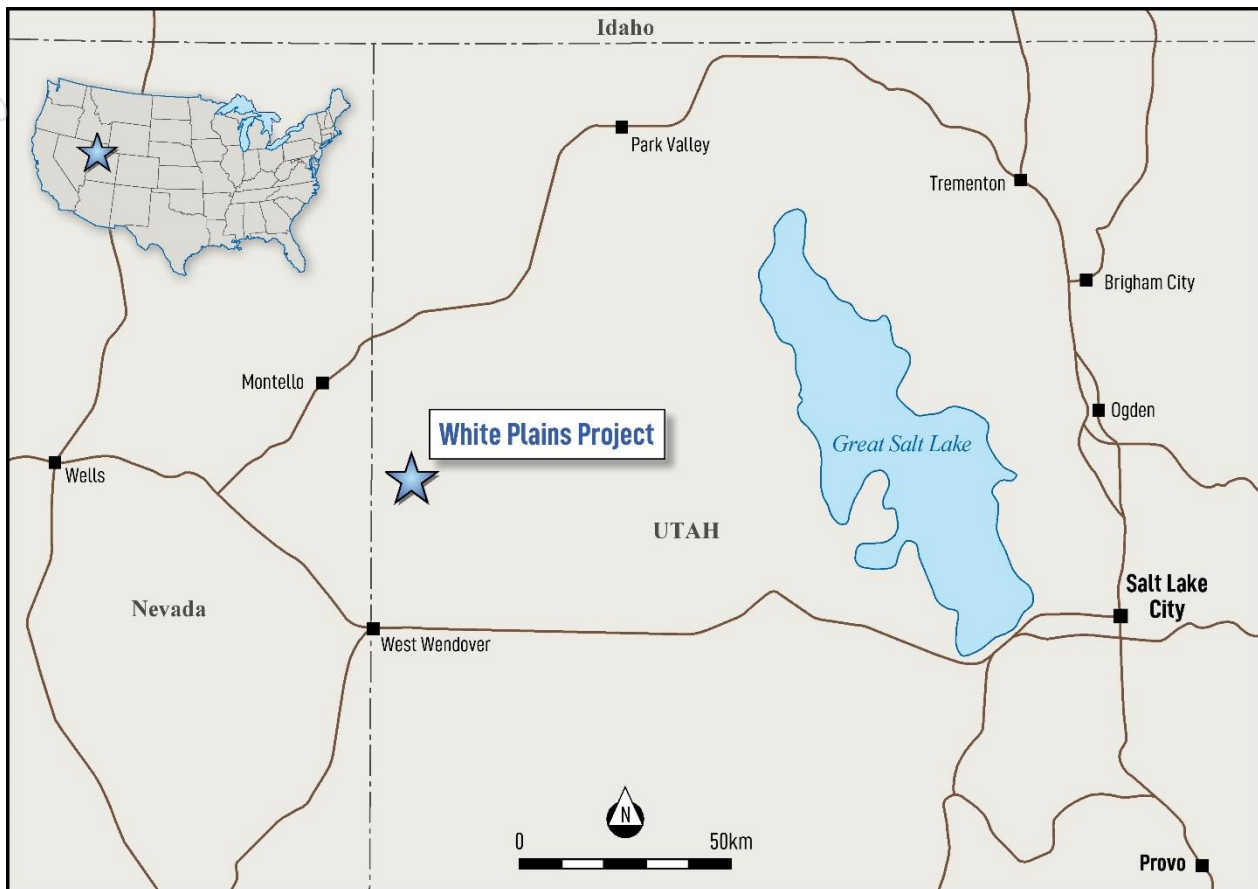

Figure 2: Location of White Plains Lithium Brine Project, Utah, United States

The securing of the White Plains Lithium Brine Project is consistent with Lithium Energy’s battery minerals focus and, being in Utah, United States, is located in a mining friendly state and a country with a large established and growing demand for locally produced battery minerals such as lithium.

Executive Chairman, William Johnson:

*Following the successful development and sale of Lithium Energy’s Solaroz Lithium Brine Project in Argentina, the Company identified White Plains as a project that shows similar potential for value-add by Lithium Energy. The experience gained by Lithium Energy in advancing Solaroz is directly applicable to the advancement of White Plains. The securing of White Plains (together with the recent acquisition of the Capricorn Gold-Copper Belt Project in Queensland) is an integral part of Lithium Energy’s strategy for the eventual reinstatement of the Company’s shares on ASX.*

The White Plains claim details are in Annexure A.
