SMART YOJEE JOINT VENTURE UPDATE

HIGHLIGHTS

- MOSAIC – Next generation freight forwarding solution is now ANZ Customs compliant
- Smart Yojee provides customs messaging for the Australian and New Zealand Freight Forwarding and Customs Brokerage Markets
- Technical Verification of joint venture technology completion

Yojee Limited's (Yojee or the Company) (ASX: YOJ) MOSAIC platform is a simple yet powerful global solution for freight forwarders, bringing teams and partners together on a single platform. Designed to overcome the fragmented nature of supply chain data exchanges between participants and eliminate 'trapped into use' feelings of enterprise-class systems and costly integrations, MOSAIC enhances visibility, optimises freight operations, and ensures every stakeholder works cohesively in real-time.

Yojee commenced a joint venture with SC Software Pty Ltd (ACN 683 815 590) (SmartClear Pty Ltd (ACN 166 521 535) is professionally affiliated) in April 2025 (SmartClear). The Company advises that the Technical Verification of the Technology has been completed.

Mark Connell, CEO of Yojee

"Finalising this joint venture marks a major milestone for both companies, and I'm incredibly proud of the Yojee team for the dedication and focus they've shown throughout the process. Establishing this partnership with SmartClear is a strategic step forward in our mission to deliver world-class logistics technology. With due diligence complete, we're now excited to move into execution, combining our strengths to build scalable, customer-centric solutions that will reshape the International Freight Forwarding and Customs technology space. This collaboration is a powerful example of our growth strategy in action."

Mark Asplet, Director of SmartClear

"We are pleased to confirm that the joint venture agreement between SmartClear and Yojee has been executed and finalised, marking the commencement of a strategic partnership aimed at delivering next-generation software solutions in the Customs messaging sector.

ASX: YOJ

Simplifying the Complex

This agreement establishes a clear framework under which both parties will collaborate, combining their respective expertise and capabilities to develop innovative, scalable, and user-focused technologies. The joint venture is underpinned by a shared vision to create solutions that address current industry challenges and set a new standard in the marketplace.

We consider this partnership a significant milestone in the strategic growth plans of both companies and anticipate that this collaboration will set a new benchmark in the industry, both in terms of technological capability and market impact.”

Further to announcements made on 3 February 2025 and 1 April 2025, the joint venture has completed Technical Verification of the Technology and the Company will issue the first tranche of 2,500,000 fully paid ordinary shares.
