Business Update

Successful Delivery of Major Contract and Full Year Result update

Key Highlights

- SenSen has completed delivery of its significant contract with Agence de mobilité durable de Montréal in June 2025.
- Full-year revenue, now expected to be in the range A\$14.6 million to A\$15.3 million, delivering over 20% YoY growth.
- Cash relating to the delivery to Agence de mobilité durable de Montréal is expected to be collected in Q1 FY26.
- Cash collections for the year are expected to be in the range A\$13.5 million to A\$14.1 million.

SenSen Networks Limited (ASX: SNS) (“SenSen” or “the Company”) has achieved successful delivery and customer acceptance of its initial order for the supply of vehicle mounted mobile enforcement systems and software with Agence de mobilité durable de Montréal in Canada. The upfront revenue of approximately A\$1.7 million linked to this contract will now be recognised in Q4 FY25. The cash from this is expected to be received in Q1 FY26.

As a result, the Company now expects full-year revenue to be in the range A\$14.6 million to A\$15.3 million subject to final audit, a record full year revenue result.

Cash relating to delivery of this system is expected to be collected in Q1 FY26 rather than Q4 FY25, due to timing of invoices and their payment terms.

The Company’s full year cash collections are expected to be in the range A\$13.5 million to A\$14.1 million, a new high for the Company, with collections continuing until close of business on 30 June.

The successful and timely delivery of this and other projects in FY25 is a key driver of SenSen’s year-on-year revenue growth.

Commenting on the delivery and full year performance, SenSen CEO Dr Subhash Challa said: *“This performance is a testament to our groundbreaking innovations and our proven ability to sell and deliver at scale globally. I extend my congratulations to the entire SenSen team for this demonstrable success.”*

This announcement has been authorised for release by the Board of SenSen Networks Limited.
