Overview

Rent.com.au Limited is undertaking a fully underwritten 1-for-8 non-renounceable entitlement offer to raise approximately \$2.67 million at \$0.025 per share, representing a 39% premium to its most recent capital raise.

Proceeds will be used to fund a \$1.5 million interest-bearing cash security, enabling drawdown under the Company’s recently announced \$10 million funding facility (27 June 2025), and to support the internalisation and scaling of the Company’s flagship RentBond® product.

RentBond® is a high-demand, proven financial product that helps renters manage the upfront costs of moving, such as bond payments and rent in advance. With demand exceeding 4,000 applications each month, this capital raise enables Rent.com.au to internalise RentBond® funding, improve margins, accelerate product growth, and drive stronger long-term returns for shareholders.

With infrastructure, licensing, and operational capabilities already established via the Company’s RentPay platform, Rent.com.au is well-positioned to execute this transition and unlock the next phase of RentBond®’s evolution.

The Entitlement Offer is fully underwritten by RM Corporate Finance, with strong participation and support from Directors and management.

Jan Ferreira, CEO, commented:

“RentBond® has already helped over 37,000 Australians secure a rental home, and this raise is the next step in unlocking its full potential. By bringing financing in-house, we can improve margins, scale more efficiently, and fully capitalise on the strong and growing demand we’re seeing, with more than 4,000 applicants each month.

With the platform built, momentum building, and shareholder support firmly behind us, we’re now positioned to accelerate growth, deliver stronger returns, and expand the positive impact RentBond® delivers for renters across the country.”

Details of the Entitlement Offer

The Entitlement Offer will be a non-renounceable, pro-rata offer of 1 new share for every 8 shares held on the Record Date, comprising up to 106,617,797 new fully paid ordinary shares at \$0.025 per share.

The Offer is expected to raise approximately \$2.67 million before costs.

The issue price represents a 10.7% discount to the 5-day VWAP of \$0.028 per share prior to the date of the Offer Document.

Eligible shareholders will also have the opportunity to apply for Shortfall Shares, with priority over the Underwriter and sub-underwriters. Shortfall applications may be made via BPAY® or EFT, as outlined in Section 1.6 of the Offer Document.

The Entitlement Offer is fully underwritten by RM Corporate Finance Pty Ltd (“RM Corporate Finance” or “the Underwriter”). Directors and key management of the Company have either committed to taking up their full entitlements or have entered into sub-underwriting agreements with the Underwriter, for a total of approximately \$450,000.

Full details of the Underwriting Agreement, and terms of the Entitlement Offer are set out in the Offer Document released to the ASX today, which will also be dispatched to shareholders in accordance with ASX Listing Rules.
