15 July 2025

## REDIVIUM INITIATES BUSINESS REVIEW AND ADVISOR APPOINTMENT PROCESS

Redivium Limited (ASX: RIL, FSE: HR90) ("**Redivium**" or "the **Company**"), an emerging lithium-ion battery recycler, has commenced a process to appoint professional advisors to evaluate potential restructuring options that may better support Redivium's long-term objectives and enhance shareholder value.

The terms of reference for the restructuring advisors are currently in development and will be finalised in due course. These include a review of the Company's operating model, capital structure and potential pathways to optimise shareholder outcomes.

The Company has also initiated a search for additional directors and company secretary to ensure compliance with its constitution and strengthen its governance framework.

The Company will update the market as developments occur.

This ASX announcement has been authorised for release by Mr Michael O'Leary-Collins, Executive Director.

### About Redivium Limited ([www.redivium.com](http://www.redivium.com))

Redivium aims to provide advanced battery recycling technology across Europe. Redivium also has commercialisation rights to hydrometallurgical technology developed by Neometals and licensed from ACN 630 589 507 Pty Ltd for the UK, Ireland, Scandinavia (Denmark, Finland, Norway, Sweden), Italy, and Central and South East Europe (Albania, Bulgaria, Bosnia and Herzegovina, Croatia, Greece, Romania, Serbia, Slovakia and Slovenia). ACN 630 589 507 Pty Ltd is co-owned by Neometals Ltd (ASX: NMT) and German engineering firm SMS Group GmbH.

Redivium's safe recycling processes eliminate lithium-ion battery waste and recover valuable materials including lithium, nickel, copper and anode components for reuse in new battery production. With strong EU regulation and funding that supports recycling innovation amid the automotive industry's electrification, Redivium aims to become a leading battery recycler.
