Comments on the operations and the results of those operations are set out below:

For the quarter ended 30 June 2025, International Equities Corporation Ltd (IEQ) continued to deal with the effects of a slowing economy. Higher operating cost, payroll, interest rates and inflation has hindered and cost savings measures put in place. Revenue from tourism remains weak as domestic and international travel recover.

At Seasons Heritage Melbourne and Seasons Botanic Gardens, both in Melbourne, trading remains at low levels as cost of living pressures and higher state taxes dampen economic activity. We expect with confidence to improve for the next 6 months due to increase tourist activities and sporting events. We expect little improvement in occupancies. However, it room rates will improve in summer leading to better casflows.

Apartments held have retained their value in the current economic climate. At this time the Company will hold off selling its stock of apartments in consideration of a lease rent.

This quarter saw poorer revenue from the hotel division. The Company will continue to make its presence felt through advertising and marketing. Confidence in the sector remains competitive for the year ahead. This segment resulted in an after-tax loss from operations of \$0.095 million on revenue of \$0.279 million.

On Sales and Leasing activities the company will continue to actively list new properties for sale or lease. Revenues were \$0.313 million for a profit after tax stood at \$0.171 million from commissions on long term leases. The outlook for the year ahead remains stable.

For the quarter ended 30 June 2025, the Group generated revenues of \$0.593 million from leasing of property, hotel accommodation and related activities. This resulted in an after-tax loss of \$0.154 million.

The Company will also continue to develop further our presence in the hospitality and tourism sector and return to property development when conditions improve.

This financial year Loss after tax per security was 0.57c (2024: Profit after Tax per security was 0.36c). Net tangible asset backing per security was 4.36c (2024: 4.93c)
