Status of conditions

The Transaction is conditional, among other things, on MAC obtaining from each counterparty to the Silver Stream, the Copper Stream, the Royalty Deed and the Intercreditor Deed all necessary consents, approvals, amendments, exemptions or waivers in respect of the Transaction (in a form and subject to such conditions which are satisfactory to Harmony (acting reasonably) (the **Consents Condition**)).

MAC and Harmony have agreed that the Consents Condition will be taken to be satisfied when:

- various restructuring documents with Harmony, OR Royalties Limited (formerly Osisko Bermuda Limited) (**OR Royalties**) (in relation to the Copper Stream and the Silver Stream) and Glencore (in relation to the Royalty Deed) (the **Restructuring Documents**) have been executed by each of the parties to those documents; and
- certain specified conditions precedent to one of the Restructuring Documents, being a restructure deed between MAC, Harmony, OR Royalties, CSA Jersey Limited (a newly incorporated wholly-owned subsidiary of MAC), MAC Australia and CMPL, are satisfied or waived by OR Royalties (the **Streams Restructure Deed**).

MAC is pleased to announce that it has entered into the Restructuring Documents with Harmony, OR Royalties and Glencore (as applicable) pursuant to which the parties have agreed to amend various documents in connection with the Copper Stream, the Silver Stream and the Royalty Deed, with such amendments to take effect after the Scheme has been implemented.

Following the execution of the Restructuring Documents, the only steps required to satisfy the Consents Condition, are for the specified conditions precedent to the Streams Restructure Deed to be satisfied or waived. These conditions include:

- the delivery of customary certificates, legal opinions and other ancillary documents to OR Royalties;
- no event of default or trigger event occurring under the Silver Stream or Copper Stream before the date that is two Business Days before the Court Sanction Hearing; and
- the form of the deed of release in respect of the Senior Debt being agreed by all parties to that deed, Harmony and OR Royalties.

In relation to the regulatory approvals required in connection with the Transaction, Harmony (with the assistance of MAC) has submitted applications to the Australian Foreign Investment Review Board (on behalf of the Australian Federal Treasurer) and the South African Reserve Bank to obtain the requisite regulatory approvals.

Unanimous Board Recommendation

The MAC board continues to unanimously recommend that MAC shareholders vote in favour of the Scheme, in the absence of a Superior Proposal (as defined in the Implementation Deed). Each of MAC's directors (who together hold or control 2.4% of MAC's total current fully paid ordinary shares and CDIs on issue) also intend to vote their MAC shares in favour of the Scheme, subject to the same qualification.

Forward Looking Statements

This release includes “forward-looking statements.” The forward-looking information is based on the Company’s expectations, estimates, projections and opinions of management made in light of its experience and its perception of trends, current conditions and expected developments, as well as other factors that management of the Company believes to be relevant and reasonable in the circumstances at the date that such statements are made, but which may prove to be incorrect. Assumptions have been made by the Company regarding, among other things: the price of copper, continuing commercial production at the CSA Copper Mine without any major disruption, the receipt of required governmental approvals, the accuracy of capital and operating cost estimates, the ability of the Company to operate in a safe, efficient and effective manner and the ability of the Company to obtain financing as and when required and on reasonable terms. Readers are cautioned that the foregoing list is not exhaustive of all factors and assumptions which may have been used by the Company. Although management believes that the assumptions made by the Company and the expectations represented by such information are reasonable, there can be no assurance that the forward-looking information will prove to be accurate.

MAC’s actual results may differ from expectations, estimates, and projections and, consequently, you should not rely on these forward-looking statements as predictions of future events. Words such as “expect,” “estimate,” “project,” “budget,” “forecast,” “anticipate,” “intend,” “plan,” “may,” “will,” “could,” “should,” “believes,” “predicts,” “potential,” “continue,” and similar expressions (or the negative versions of such words or expressions) are intended to identify such forward- looking statements. These forward-looking statements include, without limitation, MAC’s expectations with respect to future performance of the CSA Copper Mine. These forward-looking statements involve significant risks and uncertainties that could cause the actual results to differ materially from those discussed in the forward-looking statements. Most of these factors are outside MAC’s control and are difficult to predict. Factors that may cause such differences include, but are not limited to: (i) the completion of the Transaction on anticipated terms and timing, including obtaining required shareholder and regulatory approvals, and the satisfaction of other conditions to the completion of the Transaction; (ii) the ability of Harmony or its affiliates to obtain the necessary financing arrangements; (iii) potential litigation relating to the Transaction that could be instituted against MAC, Harmony or their respective directors, managers or officers, including the effects of any outcomes related thereto; (iv) the risk that disruptions from the Transaction will harm MAC’s business, including current plans and operations; (v) the ability of MAC to retain and hire key personnel; (vi) potential adverse reactions or changes to business relationships resulting from the announcement or completion of the Transaction; (vii) continued availability of capital and financing and rating agency actions; (viii) legislative, regulatory and economic developments affecting MAC’s business; (ix) general economic and market developments and conditions; (x) potential business uncertainty, including changes to existing business relationships, during the pendency of the Transaction that could affect MAC’s financial performance; (xi) certain restrictions during the pendency of the Transaction that may impact MAC’s ability to pursue certain business opportunities or strategic transactions; (xii) unpredictability and severity of catastrophic events, including but not limited to acts of terrorism, pandemics, outbreaks of war or hostilities, as well as MAC’s response to any of the aforementioned factors; (xiii) significant transaction costs associated with the Transaction; (xiv) the possibility that the Transaction may be more expensive to complete than anticipated, including as a result of unexpected factors or events; (xv) the occurrence of any event, change or other circumstance that could give rise to the termination of the Transaction, including in circumstances requiring MAC to pay a break fee or other expenses; (xvi) competitive responses to the Transaction; (xvii) the risks and uncertainties pertaining to MAC’s business, including those set forth in Part 1, Item 3(D) of the Company’s most recent Annual Report on Form 20-F, as such risk factors may be amended, supplemented or superseded from time to time by other reports filed by MAC with the SEC; (xviii) the supply and demand for copper; (xix) the future price of copper; (xx) the timing and amount of estimated future production, costs of production, capital expenditures and requirements for additional capital; (xxi) cash flow provided by operating activities; (xxii) unanticipated reclamation expenses; (xxiii) claims and limitations on insurance coverage; (xxiv) the uncertainty in mineral resource estimates; (xxv) the uncertainty in geological, metallurgical and geotechnical studies and opinions; (xxvi) infrastructure risks; and (xxvii) other risks and uncertainties indicated from time to time in MAC’s other filings with the SEC and the ASX. MAC cautions that the foregoing list of factors is not exclusive. MAC cautions readers not to place undue reliance upon any forward-looking statements, which speak only as of the date made. MAC does not undertake or accept any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements to reflect any change in its expectations or any change in events, conditions, or circumstances on which any such statement is based.

More information on potential factors that could affect MAC's or CSA Copper Mine's financial results is included from time to time in MAC's public reports filed with the SEC and the ASX. If any of these risks materialize or MAC's assumptions prove incorrect, actual results could differ materially from the results implied by these forward-looking statements. There may be additional risks that MAC does not presently know, or that MAC currently believes are immaterial, that could also cause actual results to differ from those contained in the forward-looking statements. MAC anticipates that subsequent events and developments will cause its assessments to change. However, while MAC may elect to update these forward-looking statements at some point in the future, MAC specifically disclaims any obligation to do so, except as required by law.
