

Management Changes

Tennant Minerals Limited (“TMS” or “the Company”) wishes to advise the market of management changes at the Company.

CEO Vincent Algar has resigned from the position of CEO of the Company effective 31 July 2025. Vincent joined the Company in February 2024 and is leaving to pursue other interests. Vincent will be available as a consultant to the Company to provide expertise on projects that remain ongoing and may require his input, including the Tennant Creek Copper Alliance, research and development activities and metallurgical test work.

We would like to thank Vincent for his support of the Company over the past 17 Months.

The Company remains focused on the development of their Bluebird Copper-Gold Project and exciting exploration targets at Bluebird East and Babbler on their 100% owned Barkly Project.

Authorised for release by the Board of Directors
