SSH Group Ltd (ASX:SSH) (**Company, SSH or Group**) is pleased to release its June 2025 Quarterly Activities Report and Appendix 4C. Financial results released within this document are from unaudited management accounts.

## CONTINUED FINANCIAL PERFORMANCE AND ACHIEVEMENTS

---

SSH Group's receipts from customers totalled \$9.7m in the quarter, and the Group generated cash receipts of \$42.2m for the 12 months ending 30 June 2025.

The Group has delivered nine consecutive quarters with positive operating cashflow, with \$0.7m net operating cashflow being generated in the latest quarter.

## CAPITAL RAISE

---

SSH Group received commitments for a \$2.75 million capital raise during the quarter through a placement of 26.19 million shares at \$0.105 per share, each with a one-for-two free attaching option exercisable at \$0.25 over a two-year term (Placement). The Placement was well-supported, attracting participation from institutional funds, sophisticated investors and prominent industry leaders. Notably, the Company welcomed Mr Ross Norgard as a cornerstone investor with a \$1.1 million commitment. Mr Norgard is best known as the founding Chairman and major shareholder of both Brockman Mining and Nearnmap, companies that each reached valuations in excess of US\$1 billion. The first tranche of the Placement has been completed with the second tranche to be completed subject to shareholder approval at a General Meeting of Shareholders, scheduled for 31 July 2025.

The proceeds of the raise will be deployed toward several growth initiatives, including the commercialisation of low-grade gold stockpiles at the Mt Fisher Gold Project, the mobilisation of SSH Mining at the Gold Duke Project, where SSH has been appointed preferred tenderer, the execution of mining joint ventures and profit-sharing opportunities, and the assessment of direct ownership positions in near-production gold projects. Additional funds have been allocated for general working capital requirements across SSH Group operations.

On 4 July 2025, SSH lodged a Prospectus for the issuance of 12.6 million Placement Options, 5 million Lead Manager Options, and 476,190 Director Options. These instruments are structured to facilitate future capital conversion while aligning shareholder participation with the Company's medium-term growth strategy.

## ACQUISITION COMPLETION AND INTEGRATION OF TOTAL CONTRACT MINING

---

During the quarter, SSH completed the acquisition of 100% of Total Contract Mining, further advancing the Company's mining services vertical. The acquisition significantly bolsters SSH Mining's operational delivery capability, workforce strength and internal systems. As part of the acquisition, Mr Samuel Baker was appointed Chief Operating Officer

of SSH Group's mining services vertical, SSH Mining. Mr Baker brings over 12 years of experience in hard rock mining, having held key operational roles with companies such as BHP, Byrnescut and Pit N Portal.

In addition, Mr Kevin Malaxos joined the SSH Board as a Non-Executive Director effective 1 July 2025. Mr Malaxos has over 35 years of experience across gold, nickel, iron ore and silver.

With this initiative, the Group has successfully rounded out a vertically integrated mining services offering—bringing people, equipment and execution under one roof.

## **EQUIPMENT DEBT REDUCTION OF 28% YEAR ON YEAR**

---

Over the 12-month period to 30 June 2025, KMH's rental vertical successfully replenished its fleet with new assets to meet client demand. Importantly, this reinvestment was accompanied by a material improvement in the Company's financial position. Asset finance related debt decreased by 28% over the year, from \$23.9 million on 30 June 2024 to \$18.6 million as of 30 June 2025 (unaudited). This achievement reflects disciplined capital management and an ability to scale without increasing financial risk, positioning KMH Rental ready to respond to expanding project opportunities in FY26.

## **MINING PROFIT SHARE AGREEMENT WITH HIGH TECH METALS (ASX:HTM)**

---

SSH Mining executed a profit-sharing agreement with High-Tech Metals Limited to process historic stockpiled ore at the Mt Fisher Gold Project. Under the agreement, SSH Mining will manage drilling, metallurgical testing, haulage and gold sales, with SSH Mining being entitled to 15% of net proceeds. The total volume of material to be evaluated and processed is estimated at between 144,000 and 195,000 tonnes at a grade range of 0.80 to 1.20 grams per tonne gold. SSH is currently finalising negotiations with nearby processors for toll treatment arrangements. Following the end of the quarter, HTM received formal approvals for a Program of Work and Small Mining Operation over the Mt Fisher lease, enabling site works to commence in FY26. Refer to ASX: HTM announcements on 21 May 2025 and 15 July 2025.

## **SSH GROUP'S LOOK AHEAD**

---

As SSH Group enters FY26, it is strategically positioned to deliver on its vision of becoming a diversified, vertically integrated metals and mining company. Operating across the Mining, Civil and Construction sectors, the Group's structure is built around three core

pillars, Hire, Mine and Own, delivered through KMH, SSH Mining and SSH Group respectively.

This integrated model enables SSH to provide end-to-end solutions across the entire project lifecycle, from workforce and equipment resourcing, through mining execution, to ownership and long-term value realisation.

SSH will continue to update the market on material developments, including:

- ▶ Mt Fisher project commencement.
- ▶ General Meeting outcomes.
- ▶ Additional mining partnerships or asset acquisitions.

## CORPORATE

---

On 1 July 2025, Mr Kevin Malaxos formally joined the SSH Board as a Non-Executive Director.

Effective 1 August 2025, SSH's registered office will relocate to Level 4, 88 William Street, Perth WA 6000. All other contact details, including telephone and email, will remain unchanged.

In line with its governance obligations, SSH lodged a Prospectus on 4 July 2025 to seek quotation for the options to be issued under the June 2025 capital raise. This follows the lodgement of Notice of General Meeting on 27 June 2025, with the meeting scheduled for 31 July 2025, at which shareholders will consider resolutions primarily related to the capital raise.
