### QUARTERLY REPORT 30 JUNE 2025

Dragon Mountain Gold Limited (“DMG” or “the Company”) is pleased to provide this Quarterly Activities Report for the quarter ending 30 June 2025.

#### **Exploration Activities:**

##### Avalon Project

The Company has continued to review the Avalon Project, which may include high resolution magnetic and gravity surveys to assist with the re-interpretation of sub-surface geological models and structures. Past drilling confirmed the presence of structural zones at depth with elevated gold mineralisation along the identified sheared and altered contacts. The additional geophysical interpretation will aid subsequent drill targets generation.

##### Cawse Project

There were no exploration activities at the Cawse Project this quarter. The Company will continue to focus on the potential for high-grade material at depth, especially in proximity to the historical Cawse Find open pit.

##### New Projects

The Company continues to review and perform due diligence on potential new projects. Discussions and due diligence are on-going with several opportunities, but no decisions have been made at this stage.

##### Cash position

At the end of the quarter, the Company’s cash position was \$130,000.

#### **ASX Additional Information**

Pursuant to ASX Listing Rules 5.3.1 and 5.3.2, the Company advises it has spent \$29,000 on exploration during the quarter. No expenditure was incurred on development or production activities during the quarter.

Pursuant to ASX Listing Rule 5.3.3 the Company advises that it holds the tenements detailed in Annexure A at the end of the quarter.

Pursuant to ASX Listing Rule 5.3.5, the Company advises it has made payments of \$9,000 to directors by way of salary, fees, or superannuation during the quarter.
