Embedded electricity provider, Locality Planning Energy Holdings Limited (ASX: LPE) (the **Company** or **LPE**), is pleased to provide an overview of activities for the period ending 30 June 2025 (**Quarter**).

LPE continues to renew the strategic leadership team

David Jarjoura has stepped down from the role of Board Chair for personal reasons and remains as a Non-Executive Director.

Craig Chambers, an existing LPE Non-Executive Director, was appointed Chair of the Board on 27 June 2025. Craig has deep industry expertise, bringing 30 years of leadership experience in the energy and infrastructure sectors to his newly appointed role.

Sandra Pienaar has transitioned into the role of Chief Financial Officer (CFO) from 1 July 2025. Sandra is a highly accomplished finance executive and Chartered Accountant with a distinguished career spanning over two decades across multinational corporations and private equity supported enterprises.

Bundaberg BioHub

The Bundaberg BioHub Pty Ltd (BioHub) has informed LPE that the anticipated sale and refinancing of its Bundaberg facility, intended to facilitate repayment of the outstanding facility, remains subject to a final technical review.

The BioHub has advised that settlement of the transaction remains on track to occur prior to the release of LPE's audited FY25 Annual Accounts in August 2025. LPE has agreed to amend the terms of its existing arrangement with BioHub, extending the repayment date to 31 August 2025.

Interest have been accrued at penalty rate. No interest was paid in the June quarter.

LPE will provide a further update to the market upon completion of the refinancing process, or on the release of its audited Annual Financial Statements.

Legal Matters

On 16 July 2024, LPE lodged a Statement of Claim with the Supreme Court of NSW against the Body Corporate for Harbour Towers Strata Plan 77177 for disputed costs. LPE continues to actively pursue this matter.

Financial Commentary

Due to the receipt of the Cost-of-Living Rebate (COLR) in Qtr 1 (therefore not recognised in Qtr 4), LPE recorded a net cash outflow for the June. Importantly, LPE is cashflow positive for the 12 months year to date ending 30 June 2025.

We are holding the COLR for the benefit of customers to apply to their individual accounts in lieu of cash payments. Practically the money is in credit against a customer's account with LPE drawing on it when the customer's bills fall due. This creates a cash flow timing issue as the COLR payment is received in an earlier period as to when the COLR monies are applied to customers bill. In summary:

- As of 31 March 2025, the available COLR balance for application was \$7.3m.
- During the quarter ending June 2025, \$2.3m was applied against customer bills. Additionally, \$0.03m in cash was received from the government, resulting in normalised receipts of \$10.4m.
- As of 30 June 2025, the remaining COLR balance available for application was \$5.0m.
- Operating payments for the quarter totalled \$9.4m, down from \$11.1m in the previous quarter. This decrease was predominately driven by seasonal factors. The winter period typically results in lower cost of goods sold due to decreased usage and demand.
- Additionally, LPE continued to fund Site Conversion Costs (\$0.2m) from Working Capital during the quarter, with the associated revenue and cash inflows expected to be recognised in future periods.

Capital Management

LPE has repaid \$2.17 million under its \$10 million loan facility with Roadnight Capital, reducing the outstanding balance to \$100,000 as at 30 July 2025. LPE has preserved access to a \$7 million redraw capacity.

Related Party Expenditure

Payments to related parties and their associates during the Quarter totalling \$159k were for directors' fees, remuneration and superannuation.

Forward Guidance

The Board reaffirms its FY25 net profit guidance in the range of \$3.0 million to \$3.5 million. This guidance does not incorporate any potential provisions that may arise in relation to either the BioHub loan or the Harbour Towers litigation, both of which remain subject to future resolution and external dependencies.

Authorised by the Board.
