APPENDIX 4C AND REPORT ON QUARTERLY ACTIVITIES

Sydney, Australia, 30th July, 2025: Victor Group Holdings (ASX: VIG) (“VIG” or “the Company”), releases its cash flow report for the June 2025 quarter (Appendix 4C) and provides an update on the key areas of activity during the quarter ended 30 June 2025.

Principal Activities

VIG and its controlled entities (the “Group”) provide:

- IaaS, SaaS & PaaS services to customers;
- Education cloud platforms that bring together best-in-class resources and applications from strategic partners, such as education services and e-learning content providers.

Key areas of activity during the quarter:

- IaaS, SaaS & PaaS service in PRC – VIG operates its cloud services and software development in PRC through its subsidiary, Shenghan. During the quarter, Shenghan collected around \$2.62 million in trade receivables, and \$1.57 million cash inflow was contributed by the IaaS, SaaS and PaaS services. The software we delivered includes data management and operating system solutions tailored for clients across various sectors. Compared to the previous quarter, a positive operating cash flow of \$586k was recorded, marking a significant improvement. The management team expects operating cash flow to remain stable in the upcoming quarter.

The consolidated entities held cash and cash equivalents of \$925k at the end of the quarter. As the Group, including its subsidiaries, has no external debt, management believes that external fundraising is not necessary for the current operations in the PRC. However, a financial support confirmation has been provided by the major shareholder to safeguard the Company against any potential default on debts or payables.

- **E-learning and Cloud Education** – The Company collected \$1.05 million in trade receivables during the quarter. It has collaborated with several qualified and reliable E-learning providers focused on vocational training in IT and new media operations, which has supported the promotion of its E-learning content in the market. Management believes there will be continued growth in this area, driven by the increasing demand for IT and AI-related vocational courses.

- A summary of revenue and expenditure (cash basis) incurred in respect of the Company's business activities is as follows:

Activities	Revenue \$A'000	Expenditure \$A'000
Day to Day Operation & Administration	-	(69)
IaaS, SaaS & PaaS Services	1,570	(1,557)
E-learning & Cloud Education	1,050	(408)

Comment on Appendix 4C

The positive net operating cash flow for the quarter was driven by contributions from the IaaS, SaaS & PaaS, and E-learning segments. The Company incurred \$437k in capital expenditures during the quarter. Management believes that the Group's cash flow will remain stable in the next quarter.

Related Party Payments

There were no related party payments in the June 2025 report.
