Management Discussion & Analysis

FY25 Guidance

- Underlying¹ NPBIT² between \$61.0m and \$65.0m – **ACHIEVED**
- Underlying Free Cash of more than \$75.0m - **ACHIEVED**

FY25 in Review

FY25 was a landmark year for Servcorp, delivering record profit, more than doubling the Underlying NPBIT over the past three years. This performance reflects the resilience of Servcorp's established business model, the consistency of strategy execution, and the depth of its experienced management team.

Revenue reached \$352.1m, an increase of \$35.1m or 11% higher on pcp, achieving a historically high revenue efficiency³, with 11% fewer resources. Underlying NPBIT was \$69.1m, marking a 23% increase on FY24, outperforming the guidance of \$61.0m - \$65.0m, and setting a new historical high, surpassing the record established in the previous year.

Servcorp maintained a healthy balance sheet and a strong cash reserve from organic production of cash flow across its global operations. Servcorp remains geographically diversified and retains the financial and operational flexibility to pursue international expansion where appropriate opportunities align with management depth.

During FY25, Servcorp continued extending its global reach and critical mass, opening 6 new operations selectively and in line with its disciplined growth strategy. Expansion was guided by the availability of experienced management and operational readiness. The client base remains diverse, providing a degree of natural resilience against market-specific volatility. An additional 6 locations are currently under construction or nearing execution and are scheduled to open in FY26.

Investment in internal capability remained a priority. Ongoing training initiatives were complemented by the evolution of Servcorp's proprietary IT ecosystem. This enabled team members globally to effectively articulate and deliver the Group's unique value proposition. The business continues to be supported by a fully in-house developed IT infrastructure, enabling a seamless client experience and enhancing cybersecurity across all geographies. This integrated platform supports operational scalability and underpins sustainable long-term growth.

¹ "Underlying" is a non-statutory measure and is the primary reporting measure used by senior management & Board of Directors for the purpose of assessing the performance of the business, which is not audited by the external auditors.

² NPBIT refers to Net Profit Before non-cash Impairment of assets and Tax.

Cash Flow - continued

Servcorp produced Underlying Free Cash in FY25 of \$84.9m, paid tax of \$5.3m and incurred net capital expenditure of \$28.7m (down \$3.7m from \$32.4m in FY24), representing the investment in the new floors opened across all segments, as well as the upcoming new centres scheduled to be opened in FY26. Servcorp paid \$1.5m in net lease deposits, invested an additional \$2.2m in hybrid securities and ordinary shares. Servcorp also paid \$26.6m in dividends in FY25 and received \$0.7m cash from the issue of equity for exercised options.

Other cash outflows of \$7.1m include \$2.9m of Underlying Free Cash adjustments (refer to reconciliation on page 7), \$8.9m of Cash Rent relating to future years, and \$18.9m effects of exchange rate changes.

Overall cash increased by \$28.7m from \$115.1m at 30 June 2024 to \$143.8m at 30 June 2025.

Office Capacity

In FY25, Servcorp continued expanding its global footprint where suitable opportunities and management depth are present.

In the 12 months to 30 June 2025, \$28.7m capital expenditure were invested to launch 6 new operations, taking the floor count to 136 as of 30 June 2025, in 39 cities across 19 countries.

Net capacity increased by 221 offices to 5,547, and capacity for FY26 is forecast, based on the new leases signed or schedule to be signed in the coming weeks, to increase by 452 offices to 5,999.

Servcorp's global footprint encompasses 136 floors, in 39 cities across 19 countries.

Operating Summary by Region

ANZ & South East Asia

Australia, New Zealand and South East Asia continued their gradual recovery in FY25, supported by ongoing investment in management training and capability. Revenue grew by \$3.5m or 5% to \$73.9m, with approximately half translating into segment profit, which rose 11% to \$17.6m. Cash earnings increased to \$22.9m, driven by disciplined cost control and effective cash conversion.

The segment remains focused on improving occupancy and service conversion to support a more sustainable income base. Maintenance CAPEX was invested to refresh the locations, aimed at supporting long-term organic growth. FY25 margin improved to 24% (FY24: 22%), reflecting stronger execution and stable market demand.

North Asia

Overall, North Asia delivered a solid result in FY25, with revenue increasing by 4% to \$90.0m and segment profit improving by 20% to \$14.8m. The Japanese yen remained relatively stable during FY25, providing some relief from prior years' currency volatility.

While the market environment in the Greater China continues to be challenging, business performance has gradually stabilised, and operating losses have begun to narrow, albeit at a slow pace.

Operating Summary by Region – continued

Europe & Middle East

Mature revenue is up by \$21.1m on pcp.

Five new operations were added to the portfolio in FY25, with another 3 scheduled to open in FY26.

Segment Profit and Cash Earnings for the region were up \$9.8m and \$11.8m respectively on pcp. FY25 Margin was 27% (FY24: 24%).

USA

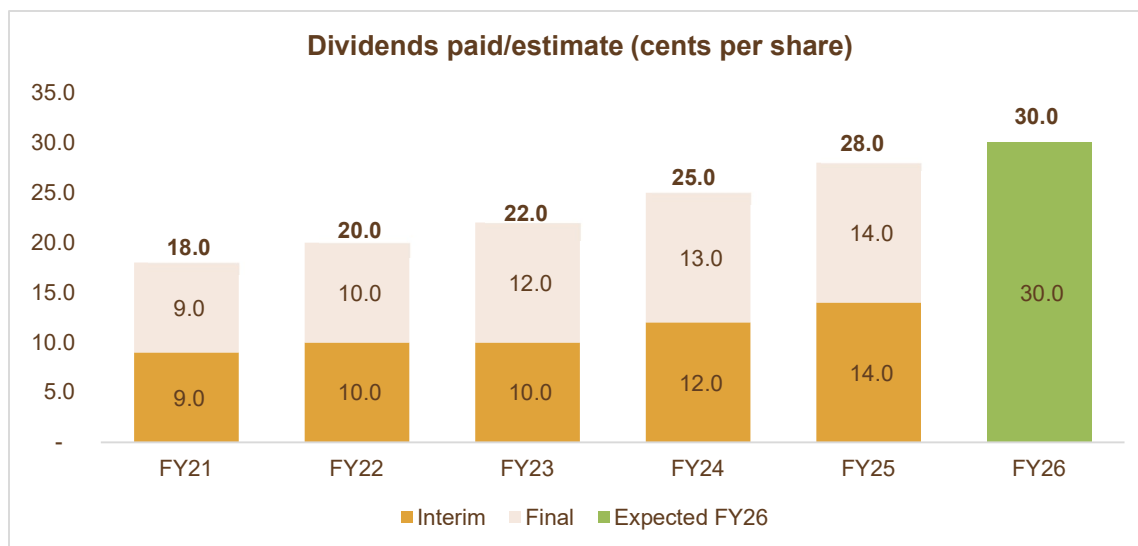

The USA returned a modest but meaningful improvement in FY25, with revenue increasing by 16% to \$22.0m, supported by gradual recovery in occupancy and stable local operations. Segment profit improved from a loss of \$1.3m to near breakeven, reflecting enhanced cost control and better utilisation of existing infrastructure. Cash earnings rose to \$1.5m in FY25, up from \$0.2m in FY24, demonstrating improving cash conversion.

The continued focus on frontline capability has contributed to a more resilient operating environment. The segment remains under close management, with emphasis on building volume and improving efficiency to drive sustainable profitability.

Dividends

The Directors have declared a final dividend of 14.0 cps, 10% franked, payable on 2 October 2025.

This increases total dividends payable in relation to FY25 to 28.0 cps, up 12% on FY24 dividends.

Guidance for FY26 dividends will be announced at the Annual General Meeting in November; our dividend payment is not expected to be below 30.0 cps. Servcorp would expect to make dividend payments consistent with its long term history and commitment to shareholders.

Future dividends are subject to currencies remaining constant, continued strong cash generation, and any continued impacts of global economic uncertainties on the operations.

Outlook & Risks⁹

Strategic Priorities and Operational Focus

Servcorp's aim is to provide the finest workspace solutions to our customers by providing the best locations, facilities, technology and people crucial to making businesses successful. Our operations span 19 countries, 39 cities and 110 locations globally, via serviced offices, co-working, and virtual offerings, and this global footprint provides leverage to exploit our brand, take advantage of new market opportunities and diversify our risk.

Setting new record underlying net profit before impairments and tax in two consecutive years, Servcorp enters the 2026 financial year with a solid foundation. Management remains focused on sustaining growth while navigating a dynamic macroeconomic environment. While market sentiment remains cautious worldwide, Servcorp's global diversification, strong balance sheet, and disciplined execution provide the flexibility to respond to evolving conditions and pursue selective expansion where supported by management depth. We have already committed to new locations in the 2026 financial year and will continue to look for further opportunities for growth in mature markets where we have proven management performance.

The 2026 financial year plan targets further revenue and profit growth, with continued emphasis on driving occupancy and increasing revenue efficiency across the portfolio. The margin trajectory is expected to remain broadly stable, supported by operating leverage in mature locations and tighter cost discipline. Investment in training and development will remain a priority, with a view to strengthening frontline capability and ensuring consistent delivery of Servcorp's unique value proposition globally.

Technology and infrastructure will continue to underpin operational scalability, with further development of our in-house IT ecosystem to enhance client experience, cybersecurity, and internal efficiency.

Ongoing Risks

- **Macroeconomic Volatility**

Ongoing macroeconomic uncertainty, including elevated inflation, interest rate fluctuations, and subdued business confidence, may delay decision-making and therefore place pressure on occupancy and margin performance.

Servcorp actively monitors global economic indicators and maintains disciplined cost control, operational flexibility, and scenario-based planning to mitigate potential disruptions.

- **Foreign Exchange Exposure**

Servcorp operates across multiple currencies, with earnings and cash flows subject to translation and transaction risk.

To manage this exposure, Servcorp adopts a balanced approach including natural hedging through geographic alignment of revenue and costs as well as ongoing organic expansion in local markets to balance exposure. Where appropriate, forward contracts are selectively used to manage short-to-mid-term volatility. Currency movements are regularly monitored with centralised oversight, ensuring a consistent, disciplined, and risk-aware approach to foreign exchange management across various markets.

⁹ These statements are future looking and based on our reasonable assumptions at the time they were made. They include possible outlooks for our operating environments, but are subject to external factors outside Servcorp's control

- **Geopolitical and Regulatory Change**

Servcorp is exposed to geopolitical developments and evolving regulatory frameworks across its international footprint. Changes in local laws, tax regimes, or political stability may impact market access, compliance costs, or day-to-day operations.

Servcorp maintains comprehensive governance and compliance frameworks, supported by regular legal and tax reviews, to ensure readiness and adaptability across jurisdictions.

- **Long-Term Lease Commitments**

Servcorp holds a portfolio of leases with staggered lease life, which may present financial risk in the event of sustained occupancy downturns or shifts in market conditions. These obligations can limit short-term operational flexibility and expose the business to fixed cost pressures.

Servcorp mitigates this risk through measured feasibility analysis before committing to expansion, active lease portfolio management and negotiation to reflect fair market level, and continuous performance monitoring at the location level to enable early intervention where required.

Guidance and Outlook

Given our view, and subject to no worsening near-term economic conditions globally, in FY26 Underlying NPBIT guidance is between \$72.0m and \$76.0m, with the midline representing a 7% increase from FY25 Underlying NPBIT of \$69.1m.

In line with this guidance and performance, the FY26 we expect to produce more than \$90.0m Underlying Free Cash. Our dividend payment is not expected to be below 30.0 cps.

Forecasts and future dividends are subject to currencies remaining constant, continued strong cash generation, and any continued impacts of global economic uncertainties on the operations.

Corporate Governance

The Board of Directors of Servcorp Limited (Servcorp or the Company) has responsibility for the long term financial health and prosperity of Servcorp. The Directors are responsible to the shareholders for the performance of the Company and the Consolidated Entity and to ensure that it is properly managed.

The Board is committed to the principles underpinning the ASX Corporate Governance Council Principles and Recommendations. The Board is continually working to improve Servcorp's governance policies and practices, where such practices will bring benefits or efficiencies to Servcorp.

Details of Servcorp's compliance are set out below, and in the ASX principles compliance statement on Servcorp's website; servcorp.com.au. The information in this statement is current as at 14 August 2025 and has been approved by the Board.

ROLE OF THE BOARD

The central role of the Board is to set Servcorp's strategic direction and to oversee Servcorp's management and business activities.

Responsibility for management of Servcorp's business activities is delegated to the CEO and management.

The Board's primary responsibilities are:

- demonstrating leadership;
- the protection and enhancement of long term shareholder value;
- ensuring Servcorp has appropriate corporate governance structures in place;
- defining Servcorp's purpose and setting strategic direction;
- approving Servcorp's statement of values and code of conduct to underpin the desired culture within Servcorp;
- monitoring Servcorp's performance and overseeing management in its implementation of the strategic direction and instilling Servcorp's values;
- appointing the Chief Executive Officer and evaluating his performance and remuneration;
- overseeing the integrity of the entity's accounting and corporate reporting systems, including the external audit;
- monitoring business performance and results, including whenever required, challenging management and holding them to account;
- identifying areas of significant risk and setting the risk appetite within which the Board expects management to operate, and satisfying itself that Servcorp has in place an appropriate risk management framework (for both financial and non-financial risks), including monitoring and reporting mechanisms to manage those risks;
- establishing appropriate standards of ethical behaviour and a culture of corporate and social responsibility;
- approving senior executive remuneration policies, and satisfying itself those remuneration policies align with the entity's purpose, values, strategic objectives and risk appetite;
- ratifying the appointment of the Chief Operating Officer, Chief Financial Officer and the Company Secretary, and ensuring appropriate pre-appointment checks have been undertaken;
- monitoring compliance with continuous disclosure policy in accordance with the Corporations Act 2001 and the Listing Rules of the Australian Securities Exchange;
- monitoring that Servcorp acts lawfully and responsibly;
- reporting to shareholders;
- addressing all matters in relation to issued securities of the Company including the declaration of dividends;
- ensuring the Board is, and remains, appropriately skilled to meet the changing needs of Servcorp.

The Board Charter is available on Servcorp's website; servcorp.com.au

COMPOSITION OF THE BOARD

The size and composition of the Board is determined by the Board, subject to the limits set out in the Company's Constitution which requires a minimum of three Directors and a maximum of twelve Directors.

The Board comprises four Directors (one executive and three non-executive). All three non-executive Directors are considered to be independent.

There has been no change to the Board since the last annual report.

The Chair of the Board, The Hon. Mark Vaile, is an independent non-executive Director.

The non-executive Directors bring to the Board an appropriate range of skills, experience and expertise to ensure that Servcorp is run in the best interest of all stakeholders. The skills, experience and expertise of each Director in office at the date of this annual report are set out on pages 7 and 8 of this annual report. The Board will continue to be made up of a majority of independent non-executive Directors. The performance of non-executive Directors was reviewed during the year.

The names of the Directors of the Company in office at the date of this annual report are set out in the table below.

DIRECTORS' INDEPENDENCE

It is important that the Board is able to operate independently of executive management.

The non-executive Directors are considered by the Board to be independent of management. Independence is assessed by determining whether the Director is free of any business interest or other relationship which could materially interfere with the exercise of their unfettered and independent judgement and their ability to act in the best interests of Servcorp.

NAMES OF DIRECTORS IN OFFICE AT THE DATE OF THIS ANNUAL REPORT

DIRECTOR	FIRST APPOINTED	NON-EXECUTIVE	INDEPENDENT	RETIRING AT 2025 AGM	SEEKING RE-ELECTION
A G Moufarrige	24 August 1999	No	No	No	N/A

W Graham	3 October 2017	Yes	Yes	Yes	Yes
T McGrath	27 August 2019	Yes	Yes	No	N/A

ELECTION OF DIRECTORS

The Company's Constitution specifies that an election of Directors must take place each year. One-third of the Board (excluding the Managing Director and rounded down to the nearest whole number), and any other Director who has held office for three or more years since they were last elected, must retire from office at each annual general meeting. The Directors are eligible for re-election. Directors may be appointed by the Board during the year. Directors appointed by the Board must retire from office at the next annual general meeting.

All Director appointments or changes are dealt with by the Nomination Committee.

CONFLICT OF INTEREST

In accordance with the Corporations Act 2001 and the Company's Constitution, Directors must keep the Board advised, on an ongoing basis, of any interest that would potentially conflict with those of Servcorp. Where the Board believes that an actual or potential significant conflict exists, the Director concerned, if appropriate, will not take part in any discussions or decision making process on the matter and will abstain from voting on the item being considered. Details of Director related entity transactions with the Company and the Consolidated Entity are set out in Note 29 to the Consolidated financial report.

DIRECTOR AND OFFICER DEALINGS IN COMPANY SHARES

Servcorp policy prohibits Directors, officers and senior executives from dealing in Company shares or exercising options:

- in the six weeks prior to the announcement to the ASX of the Company's half-year and full-year results; or
- whilst in possession of non-public price sensitive information.

Directors must discuss proposed purchases or sales of shares in the Company with the Chair before proceeding. If the Chair proposes to purchase or sell shares in the Company, he must receive approval from the next most senior non-executive Director before proceeding. Directors must also notify the Company Secretary when they buy or sell shares in the Company. This is reported to the Board.

In accordance with the provisions of the Corporations Act 2001 and the Listing Rules of the ASX, each Director has entered into an agreement with the Company that requires disclosure to the Company of all information needed for it to comply with the obligation to notify the ASX of Directors' holdings and interests in its securities.

The Company's Securities Trading Policy is available on Servcorp's website; servcorp.com.au

INDEPENDENT PROFESSIONAL ADVICE

Each Director has the right to seek independent professional advice, at Servcorp's expense, to help them carry out their responsibilities. Prior approval of the Chair is required, which will not be unreasonably withheld. A copy of any written advice received by the Director is made available to all other members of the Board.

CONTINUOUS DISCLOSURE

Servcorp is committed to ensuring that all shareholders and investors are provided with full and timely information and that all stakeholders have equal and timely access to material information concerning Servcorp. Procedures are in place to ensure that all price sensitive information is disclosed to the ASX in accordance with the continuous disclosure requirements of the Corporations Act 2001 and ASX Listing Rules.

The Company Secretary has been appointed as the person responsible for communications with the ASX.

AUDITOR INDEPENDENCE

The Company's auditor KPMG was appointed at the annual general meeting of the Company on 5 November 2020.

KPMG rotate their audit engagement partner every five years.

KPMG have established policies and procedures designed to ensure their independence, and provide the Audit and Risk Committee with an annual confirmation as to their independence.

ETHICAL STANDARDS

Servcorp's global network goes hand in hand with a social responsibility to respect the basic principles for the ways in which people live and work together. Servcorp is serious about its social responsibility, and we respect human rights as fundamental to our business and the communities in which the Company operates.

All Directors, Executives and Team Members acknowledge their responsibility and commitment to act with the utmost integrity and objectivity, striving at all times to enhance and protect the reputation and performance of Servcorp.

Servcorp's core values are encompassed in our Code of Conduct, Whistleblower Policy and Modern Slavery Statement, which all Directors, Executives and Team Members are expected to uphold and promote. These provide clear expectations of the way in which Servcorp must conduct business lawfully, ethically and responsibly, and sets out the standards of conduct and personal behaviour required.

The Code of Conduct, Whistleblower Policy and Modern Slavery Statement are available on Servcorp's website; servcorp.com.au.

DIVERSITY

Servcorp has a culture that both embraces and achieves diversity in its global operations.

Servcorp is culturally diverse in its employment practices and has a global culture of employing the best qualified available talent for any position regardless of gender, age, race or religion. Servcorp benefits from the diversity of its team members and has training programs to assist with developing their skills and with career advancement. Servcorp has a practice of traveling team members to work in its global locations, giving them exposure to and understanding of various differing cultures and marketplaces.

Servcorp has a high participation of women across all employment levels. The proportion of women team members in the whole organisation, senior executive positions and on the Board is set out in the following table.

FULL TIME EMPLOYEES	TOTAL NO.	WOMEN %	MEN %	BY REGION	TOTAL NO.	WOMEN %	MEN %
Consolidated entity	703	83%	17%	ANZ/ SEA	248	83%	17%
Senior executive	13	54%	46%	North Asia	207	92%	8%
Board	4	25%	75%	EME	217	74%	26%
				USA	31	84%	16%

"Senior executive" are general managers, senior managers and head office executives who report directly to the CEO.

Under the Workplace Gender Equality Act 2012 (WGE Act), any employer with 100 or more employees must submit an Annual Compliance Report detailing the composition of its workplace profile in Australia. Servcorp has lodged its WGE Report for 2025 with the WGE Agency; since inception of the WGE reporting requirements, the Company and its Australian subsidiaries have been compliant with the WGE Act.

Shareholders may access the report on Servcorp's website; servcorp.com.au

COMMITTEES

The Board does not delegate major decisions to Committees. Committees are responsible for considering detailed issues and making recommendations to the Board. The Board has established three Committees to assist in the implementation of its corporate governance practices. Details of these Committees are set out on the following pages.

AUDIT AND RISK COMMITTEE

The members of the Audit and Risk Committee during the year were:

- Mr T McGrath (Chair)
- Mrs W Graham
- The Hon. M Vaile

All three current members are independent non-executive Directors.

The Chair of the Audit and Risk Committee is independent and is not the Chair of the Board.

The primary function of the Audit and Risk Committee is to assist the Board to meet its oversight responsibilities in relation to:

- ensuring the Company adopts, maintains and applies appropriate accounting and financial reporting processes and procedures;
- reviewing and monitoring the integrity of the Company's financial reports and statements;
- ensuring the Company maintains an effective risk management framework and internal control systems;
- monitoring the performance and independence of the external audit process and addressing issues arising from the audit process.

It is the Committee's responsibility to maintain free and open communication between the Committee and the external auditor and the management of Servcorp.

The external auditors attend all meetings of the Committee. The Chief Executive Officer, the Chief Financial Officer and other senior management attend Committee meetings by invitation.

The Audit and Risk Committee met four times during the year. The Committee meets with the external auditors without management being present before signing off its reports each half year. The Committee Chairman also meets with the auditors at regular intervals during the year.

The responsibilities of the Audit and Risk Committee, as stated in its charter, include:

- reviewing the financial reports and other financial information distributed externally;
- reviewing the Company's policies and procedures for compliance with Australian equivalents to International Financial Reporting Standards;
- monitoring the procedures in place to ensure compliance with the Corporations Act 2001, ASX Listing Rules and all other regulatory requirements;
- assisting management in improving the quality of the accounting function;
- monitoring the internal control framework and compliance structures and considering enhancements;
- overseeing the risk management framework;
- reviewing external audit reports to ensure that, where major deficiencies or breakdown in controls or procedures have been identified, appropriate and prompt remedial action is taken by management;
- reviewing reports on any major defalcations, frauds and thefts from the Company;
- considering the appointment and fees of the external auditor;
- reviewing and approving the terms of engagement and fees of the external auditor at the start of each audit;
- considering and reviewing the scope of work, reports and activities of the external auditor;
- establishing appropriate policies in regard to the independence of the external auditor and assessing that independence;
- liaising with the external auditor to ensure that the statutory annual audit and half-yearly review are conducted in an effective manner;
- addressing with management any matters outstanding with the auditors, taxation authorities, corporate regulators, Australian Securities Exchange and financial institutions;
- monitoring the establishment of appropriate ethical standards.

The Audit and Risk Committee Charter is available on Servcorp's website; servcorp.com.au

NOMINATION COMMITTEE

The Nomination Committee members during the year were:

- The Hon. M Vaile (Chair)
- Mrs W Graham
- Mr T McGrath

The primary function of the Nomination Committee is to support and advise the Board in fulfilling its responsibility to shareholders in ensuring the Board is comprised of individuals who are best able to discharge the responsibilities of Directors. Specifically, this will include establishing and reviewing the following matters for non-executive Directors on the Board and Board Committees:

- processes for identification of suitable candidates for an appointment or re-election to the Board, and selection procedures;
- necessary and desirable competencies and experience;
- processes to review Director contributions and the performance of the Board as a whole;
- succession plans;
- induction programs;
- assessment of the independence of Directors;
- gender diversity.

The Nomination Committee met one time during the year.

The Nomination Committee Charter is available on Servcorp's website; servcorp.com.au

REMUNERATION COMMITTEE

The Remuneration Committee members during the year were:

- Mrs W Graham (Chair)
- The Hon. M Vaile
- Mr T McGrath

The primary function of the Remuneration Committee is to assist the Board in adopting remuneration policy and practices that:

- supports the Board's overall strategy and objectives;
- attracts and retains key team members;
- links total remuneration to financial performance and the attainment of strategic objectives.

Specifically, this will include:

- making recommendations to the Board on appropriate remuneration, in relation to both the amount and its composition, for the Chief Executive Officer and senior executives who report to the Chief Executive Officer;
- developing and recommending to the Board short term and long term incentive programs;
- monitoring superannuation arrangements for the Company;
- reviewing recruitment, retention and termination strategies and procedures;
- ensuring the total remuneration policy and practices are designed with proper consideration of accounting, legal and regulatory requirements for both local and foreign jurisdictions;
- reviewing the Remuneration Report for the Company and ensuring that publicly disclosed information meets all legal requirements and is accurate;
- reviewing the WGEA report for the Company and submitting to the Board for approval for lodgement

The Remuneration Committee shall ensure the Company is committed to the principles of accountability and transparency and to ensuring that remuneration arrangements achieve a balance between shareholder and executive rewards.

The Remuneration Committee reviews the executive remuneration structures each year to ensure they continue to be appropriate. Details are included in the Remuneration Report on pages 17 to 28 of this annual report.

The Remuneration Committee met four times during the year. The Chief Executive Officer attends Committee meetings by invitation to assist the Committee in its deliberations.

The Remuneration Committee Charter is available on Servcorp's website; servcorp.com.au

SHARE BUY-BACK

During the year, or since the end of the financial year, the Company has not bought back any shares.

CORPORATE GOVERNANCE

A statement of the Board's governance practices is set out on pages 2 to 6 of this annual report and on Servcorp's website, servcorp.com.au

INDEMNIFICATION AND INSURANCE OF DIRECTORS AND OFFICERS

The constitution of the Company provides that the Company must indemnify, on a full indemnity basis and to the full extent permitted by law, each current and former Director, alternate Director or executive officer against all losses or liabilities incurred in that capacity in defending any proceedings, whether civil or criminal, in which judgement is given in their favour or in which they are acquitted or in connection with any application in relation to any such proceedings in which relief is granted under the Corporations Act 2001.

The Company has agreed to indemnify the following current and former Directors of the Company, Mr A G Moufarrige, The Hon. M Vaile, Mrs W Graham, Mr T McGrath, Mr B Corlett, Mr R Holliday-Smith, Mr T Moufarrige and Mrs J King against any loss or liability that may arise from their position as Directors of the Company and its controlled entities, except where the liability arises out of conduct involving a wilful breach of duty. The agreement stipulates that the Company will meet the full amount of any such liabilities to the extent permitted by law, including reasonable costs and expenses.

The Company has not, during or since the financial year, indemnified or agreed to indemnify an auditor of the Company.

During the financial year the Company has paid insurance premiums in respect of Directors' and officers' liability and legal expenses insurance contracts, for current and former Directors, secretaries and officers of the Company and its controlled entities. The insurance policies prohibit disclosure of the nature of the liability insured against and the amount of the premiums.

STATE OF AFFAIRS

There were no significant changes in the state of affairs of the Consolidated Entity during the financial year.

PRINCIPAL ACTIVITIES

The principal activities of the Consolidated Entity during the financial year were the provision of Executive Serviced and Virtual Offices, Coworking and IT, Communications and Secretarial Services.

There were no significant changes in the nature of the activities of the Consolidated Entity during the year.

CONSOLIDATED RESULTS

Net profit after tax for the financial year was \$53.1 million (2024: \$39.0 million). Operating revenue was \$352.1 million (2024: \$317.0 million). Basic and diluted earnings per share were 53.8 cents and 52.7 cents, respectively (2024: 39.9 cents and 39.8 cents, respectively).

	2025 \$'000	2024 \$'000
Revenue & other income	352,083	317,013
Net profit before tax	62,624	42,947
Underlying net profit before non-cash impairment of assets and tax (i)	69,109	56,650
Net profit after tax	53,120	39,038
Underlying free cash (ii)	84,890	72,454
Net operating cash flows	191,835	165,791
Cash & investment balances	144,433	115,692
Net assets	233,588	194,617
Return on net funds employed	74%	68%
	Cents	Cents
Earnings per share (basic)	53.8	39.9
Dividends per share	28.0	25.0

Notes:

- i. Underlying net profit before non-cash impairment of assets and tax is the statutory net profit before tax adjusted for significant items (before tax) that do not reflect the underlying performance of the business and includes mature floors only. The calculation is applied consistently across each year. In the 2025 financial year, it excludes operating losses from new floors pre-maturity and closed floors post-closure of \$4.9 million (2024: \$5.2 million) and impairment losses, closure costs and other non-recurring costs of \$1.6 million (2024: \$8.2 million).
- ii. Underlying free cash is net operating cash flows before tax paid, less cash rent paid, adjusted for significant items (before tax) which relate to the reported financial year however, because of timing, either occurred in the preceding financial year or will occur in the subsequent financial year.

DIVIDENDS PAID AND DECLARED

Dividends totalling \$27.7 million have been paid or declared by the Company in relation to the financial year ended 30 June 2025 (2024: \$24.6 million). Information relating to dividends in respect of the prior and current financial year, including dividends paid or declared by the Company since the end of the previous year, is set out in the following table.

DIVIDEND		CENTS PER SHARE	TOTAL AMOUNT \$'000	DATE OF PAYMENT	FRANKED %	TAX RATE FOR FRANKING CREDIT
In respect of the previous financial year: 2024						
Interim	Ordinary shares	12.00	11,810	4 April 2024	20%	30%
Final	Ordinary shares	13.00	12,817	2 October 2024	20%	30%
In respect of the current financial year: 2025						
Interim	Ordinary shares	14.00	13,816	2 April 2025	10%	30%
Final	Ordinary shares	14.00	13,875	2 October 2025	10%	30%

REVIEW OF OPERATIONS

Revenue and other income from ordinary activities for the twelve months ended 30 June 2025 was \$352.1 million, up 11% from the twelve months ended 30 June 2024.

Net profit before tax for the twelve months to 30 June 2025 was \$62.6 million, up 46% from \$42.9 million in the prior year, which included one-off expenses totalling \$6.5 million.

Underlying net profit before non-cash impairment of assets and tax was \$69.1 million, up 23% compared to the 2024 year. It includes mature⁽ⁱ⁾ floors only, and is calculated before operating losses from new floors pre-maturity and closed floors post-closure of \$4.9 million and impairment losses, closure costs and other non-recurring costs of \$1.6 million (2024⁽ⁱⁱ⁾: \$56.3 million before operating losses from new floors pre-maturity and closed floors post-closure of \$5.2 million, and impairment losses, closure costs and other non-recurring costs of \$8.2 million).

Net profit after tax for the twelve months to 30 June 2025 was \$53.1 million, up from \$39.0 million in the prior year.

Cash and investment balances (unencumbered) were \$143.9 million at 30 June 2025 (30 June 2024: \$115.0 million).

Return on funds employed was 74% in the 2025 financial year, up from 68% in the 2024 financial year.

The business generated strong net operating cash flows during the 2025 financial year of \$191.8 million, up 16% compared to the 2024 financial year (2024: \$165.8 million). The underlying free cash generated during the 2025 financial year was up 17% to \$84.9 million, calculated after adding back tax paid of \$5.3 million and cash rent adjustments of \$1.4 million and deducting lease liability payments of \$115.3 million, and adding other timing differences of \$1.6 million (2024: underlying free cash generated \$72.5 million, after adding back tax paid of \$10.5 million and deducting cash rent adjustments of \$6.2 million and lease liability payments of \$101.4 million, and adding other timing differences of \$3.8 million).

The 2025 financial year was a landmark year for Servcorp, delivering record profit, and more than doubling the underlying NPBIT over the past three years. This performance reflects the resilience of Servcorp's established business model, the consistency of strategy execution, and the depth of its experienced management team.

Servcorp maintained a healthy balance sheet and a strong cash reserve from organic production of cash flow across its global operations.

The success achieved in the 2025 financial year retains the financial and operational flexibility for Servcorp to achieve long-term sustainable growth.

Notes:

i. Mature means floors that were open in both the current and comparative financial years. A floor is categorised as mature at the earlier of 24 months from the date it becomes operational or after 3 months consecutive operating profit. For the avoidance of doubt, mature excludes closed floors.

ii. Underlying results for the 2024 financial year comparisons, as stated in the Review of operations and in the region reports on the following pages, have been restated to remove the impact of mature floors in 2024 that were closed in the 2025 financial year; to include immature floors in 2024 that have become mature in 2025; and remove non-recurring income.

SERVCORP FOOTPRINT

Organic expansion continues to extend Servcorp's footprint. In the 2025 financial year, net capacity increased by 221 offices. During the year, six floors opened in four new locations and two floors were closed.

As at 30 June 2025, Servcorp operated 136 floors in 39 cities across 19 countries.

AUSTRALIA, NEW ZEALAND AND SOUTHEAST ASIA (ANZ/ SEA)

Australia, New Zealand and South East Asia continued their gradual recovery in the 2025 financial year, supported by ongoing investment in management training and capability. Revenue grew by \$3.5 million or 5% to \$73.9 million, with approximately half translating into segment profit, which rose 11% to \$17.6 million. Cash earnings increased to \$22.9 million, driven by disciplined cost control and effective cash conversion.

The segment remains focused on improving occupancy and service conversion to support a more sustainable income base. Maintenance capex was invested to refresh the locations, aimed at supporting long-term organic growth. The 2025 financial year margin improved to 24% (2024: 22%), reflecting stronger execution and stable market demand.

NORTH ASIA

Overall, North Asia delivered a solid result in the 2025 financial year, with revenue increasing by 4% to \$90.0 million and segment profit improving by 20% to \$14.8 million. The Japanese yen remained relatively stable during the 2025 financial year, providing some relief from prior years' currency volatility.

While the market environment in Greater China continues to be challenging, business performance has gradually stabilised, and operating losses have begun to narrow, albeit at a slow pace.

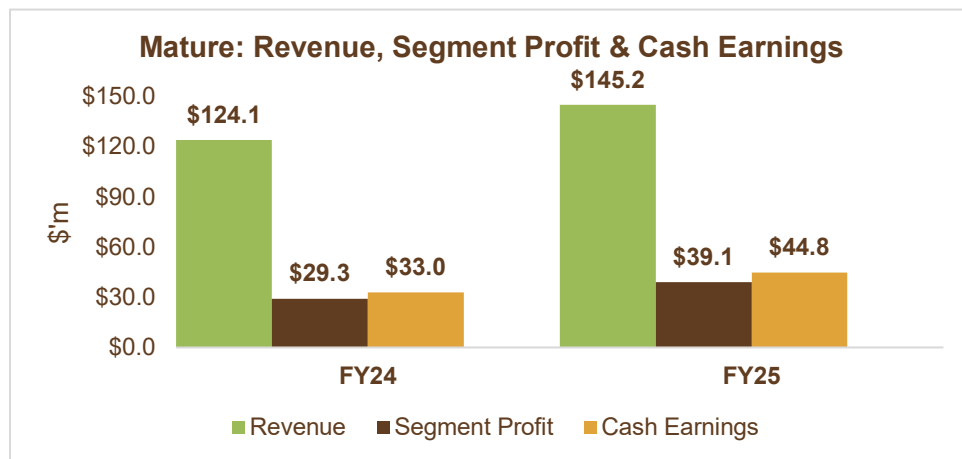

For personal use only

EUROPE AND THE MIDDLE EAST (EME)

Mature revenue increased by \$21.1 million on the 2024 financial year.

Five new operations were added to the portfolio in the 2025 financial year, with another three scheduled to open in the 2026 financial year.

Segment profit and cash earnings for the region were up \$9.8 million and \$11.8 million respectively on the 2024 financial year. The 2025 financial year margin was 27% (2024: 24%).

USA

The USA returned a modest but meaningful improvement in the 2025 financial year, with revenue increasing by 16% to \$22.0 million, supported by gradual recovery in occupancy and stable local operations. Segment profit improved from a loss of \$1.3 million to near breakeven, reflecting enhanced cost control and better utilisation of existing infrastructure. Cash earnings rose to \$1.5 million in the 2025 financial year, up from \$0.2 million in the 2024 financial year, demonstrating improving cash conversion.

The continued focus on frontline capability has contributed to a more resilient operating environment. The segment remains under close management, with emphasis on building volume and improving efficiency to drive sustainable profitability.

STRATEGIC PRIORITIES AND OPERATIONAL FOCUS

Servcorp's aim is to provide the finest workspace solutions to our customers by providing the best locations, facilities, technology and people crucial to making businesses successful. Our operations span 19 countries, 39 cities and 110 locations globally, via serviced offices, co-working, and virtual offerings, and this global footprint provides leverage to exploit our brand, take advantage of new market opportunities and diversify our risk.

Setting new record underlying net profit before impairments and tax in two consecutive years, Servcorp enters the 2026 financial year with a solid foundation. Management remains focused on sustaining growth while navigating a dynamic macroeconomic environment. While market sentiment remains cautious worldwide, Servcorp's global diversification, strong balance sheet, and disciplined execution provide the flexibility to respond to evolving conditions and pursue selective expansion where supported by management depth. We have already committed to new locations in the 2026 financial year and will continue to look for further opportunities for growth in mature markets where we have proven management performance.

The 2026 financial year plan targets further revenue and profit growth, with continued emphasis on driving occupancy and increasing revenue efficiency across the portfolio. The margin trajectory is expected to remain broadly stable, supported by operating leverage in mature locations and tighter cost discipline. Investment in training and development will remain a priority, with a view to strengthening frontline capability and ensuring consistent delivery of Servcorp's unique value proposition globally.

Technology and infrastructure will continue to underpin operational scalability, with further development of our in-house IT ecosystem to enhance client experience, cybersecurity, and internal efficiency.

BUSINESS RISKS

Macroeconomic volatility

Ongoing macroeconomic uncertainty, including elevated inflation, interest rate fluctuations, and subdued business confidence, may delay decision-making and therefore place pressure on occupancy and margin performance.

Servcorp actively monitors global economic indicators and maintains disciplined cost control, operational flexibility, and scenario-based planning to mitigate potential disruptions.

Foreign exchange exposure

Servcorp operates across multiple currencies, with earnings and cash flows subject to translation and transaction risk.

To manage this exposure, Servcorp adopts a balanced approach including natural hedging through geographic alignment of revenue and costs as well as ongoing organic expansion in local markets to balance exposure. Where appropriate, forward contracts are selectively used to manage short-to-mid-term volatility. Currency movements are regularly monitored with centralised oversight, ensuring a consistent, disciplined, and risk-aware approach to foreign exchange management across various markets.

Geopolitical and regulatory change

Servcorp is exposed to geopolitical developments and evolving regulatory frameworks across its international footprint. Changes in local laws, tax regimes, or political stability may impact market access, compliance costs, or day-to-day operations.

Servcorp maintains comprehensive governance and compliance frameworks, supported by regular legal and tax reviews, to ensure readiness and adaptability across jurisdictions.

Long-term lease commitments

Servcorp holds a portfolio of leases with staggered lease life, which may present financial risk in the event of sustained occupancy downturns or shifts in market conditions. These obligations can limit short-term operational flexibility and expose the business to fixed cost pressures.

Servcorp mitigates this risk through measured feasibility analysis before committing to expansion, active lease portfolio management and negotiation to reflect fair market level, and continuous performance monitoring at the location level to enable early intervention where required.

EVENTS SUBSEQUENT TO BALANCE DATE

Dividend

On 14 August 2025, the Directors declared a final dividend of 14.00 cents per share, franked at 10%, payable on 2 October 2025.

The financial effect of the above transaction has not been brought to account in the financial statements for the year ended 30 June 2025.

The Directors are not aware of any matter or circumstance, other than that referred to above or in the financial statements or notes thereto, that has arisen since the end of the year that has significantly affected, or may significantly affect, the operations of the Consolidated Entity, the results of those operations, or the state of affairs of the Consolidated Entity, in future financial years.

LIKELY DEVELOPMENTS

The Consolidated Entity will continue to pursue its policy of seeking to increase the profitability and market share of its major business sectors during the next financial year.

ENVIRONMENTAL MANAGEMENT

The Consolidated Entity's operations are not subject to any particular and significant environmental regulation under a law of the Commonwealth or of a State or Territory.

ROUNDING OFF

The Company is of a kind referred to in ASIC Corporations (Rounding in Financial/ Directors' Reports) Instrument 2016/191 dated 24 March 2016 and, in accordance with that Instrument, amounts in the Financial Report and the Directors' Report have been rounded off to the nearest thousand dollars, unless otherwise stated.

NON-AUDIT SERVICES

During the year KPMG, the Company's auditor, has performed certain "non-audit services" in addition to their statutory duties.

The Board of Directors has considered the non-audit services provided during the year by the auditor and, in accordance with written advice provided by resolution of the Audit and Risk Committee, is satisfied that the provision of those non-audit services, during the year, by the auditor is compatible with the general standard of independence for auditors imposed by, and did not compromise the auditor independence requirements of, the Corporations Act 2001 for the following reasons:

- non-audit services were subject to the corporate governance procedures adopted by the Company and have been reviewed by the Audit and Risk Committee; and
- the non-audit services provided do not undermine the general principles relating to auditor independence as set out in APES 110 Code of Ethics for Professional Accountants as they did not involve reviewing or auditing the auditor's own work, acting in a management or decision making capacity for the Company or jointly sharing risks and rewards.

Details of the amounts paid or payable to the auditor of the Company, KPMG and its related practices for audit and non-audit services provided during the year are set out in Note 30 to the Consolidated financial report.

A copy of the auditor's independence declaration as required under Section 307C of the Corporations Act 2001 is set out on page 29 and forms part of this report.

REMUNERATION REPORT

The Remuneration Report for the financial year ended 30 June 2025 is set out on pages 17 to 28 and forms part of this report.

Signed in accordance with a resolution of the Directors pursuant to section 298(2) of the Corporations Act 2001.

INTRODUCTION

We are pleased to present Servcorp's Remuneration report for the 2025 financial year.

Servcorp's aim is to provide the finest workspace solutions to our customers by providing the best locations, facilities, technology and people crucial to making businesses successful. Our operations span 19 countries, 39 cities and 110 locations globally, via serviced offices, co-working, and virtual offerings. This global footprint provides leverage to exploit our brand, take advantage of new market opportunities and diversify our risk. Notably, for the 2025 financial year offshore revenue represented more than 84% of our total revenue. Skilled, experienced local management in each jurisdiction, supported by Servcorp's market leading IT platform and proprietary product offerings, are critical to our continued success, and with the increasingly competitive environment for talent, we need to have an appropriate reward framework in place. We are highly aware that the markets in which we operate are subject to changing economic factors, and often these may be counter cyclical to the Australian market. Therefore, it is the Board's view that our remuneration strategy should reflect both our vision as a global company and the diversity of our regional businesses.

Over the past several years, the Company has been presented with unprecedented challenges. We have managed to navigate through an intense competitive environment and a pandemic, the latter of which caused tremendous change in how and where people work. While sales, floor growth and profits weakened through that period we managed to cut costs, retain a dedicated team, drive strong cash flow, and pay continued dividends for our shareholders. We have seen these efforts pay off in subsequent periods as the environment has improved, and the Board acknowledges the hard work of the Servcorp Team.

In 2025, we have benefited from positive trends in many of our markets, and we believe we are well positioned to capitalise on the continued evolution of flexible working. After a period of consolidation, we returned to floor growth, and have seen continued like-for-like improvement in both our office and virtual revenue. While we are still seeing the impacts of an inflationary environment and uncertainty about the global economy, management has focused on controllable drivers of business performance and achieved impressive results, outperforming global profit and cash flow targets, which were increased from 2024. We also had some standout regional performances, so we feel that the STIs earned are a fair reflection of the team's efforts and resulting outcomes for the Company.

The Board believes that shareholder experience has been aligned to profit growth and remuneration outcomes, with TSR for the 2025 financial year of 47%, and 96% for the 3-year period ended 30 June 2025.

The Board's philosophy and approach to executive remuneration is to attract and retain team members with a fair yet challenging compensation structure which rewards excellence at the regional level, properly incentivises those whose roles span multiple geographies, and supports the growth aspirations of Servcorp as a global business. For Servcorp, we believe financial performance is the key driver of shareholder value, so we have structured our framework to reflect both regional and global contributions of our executives to group performance.

The goals of our strategy are to ensure our competitiveness in the market, improve long-term alignment between remuneration, business performance, and shareholder interests, and provide a long-term compensation mechanism.

In the 2025 financial year:

- the Board did not introduce any new short term executive remuneration components;
- in recognition of profit expectations, the Board increased the global gateway, target and out-perform net profit before impairment and tax for the 2025 financial year, and has improved disclosure around these metrics;
- the Board left non-executive Director base fees constant;
- in December 2024 and June 2025, the Board issued Options to senior executives, including one executive KMP.

In summary, the Board believes Servcorp's approach to non-executive Director and executive KMP remuneration is balanced, fair and equitable and designed to achieve alignment of executive reward with shareholder expectations and value. We will continue to assess our practices to ensure they support Servcorp's strategy, our desired business outcomes, and our goal of retaining and motivating our employees in an increasingly competitive environment for talent.

The Board is committed to ensuring our remuneration practices continue to evolve to support the interests of our shareholders. We welcome feedback from shareholders and proxy advisors, and we thank you for your continued support of Servcorp.

This Remuneration Report sets out, in accordance with the relevant Corporations Act 2001 (Corporations Act) and accounting standard requirements, the remuneration arrangements in place for KMP of Servcorp during the financial year ended 30 June 2025.

REMUNERATION GOVERNANCE

This section explains the role of the Board and the Remuneration Committee, and use of remuneration consultants when making remuneration decisions in respect of non-executive Directors and executive KMP.

Role of the Board and the Remuneration Committee

The Board is responsible for Servcorp's global remuneration strategy and policy. Consistent with this responsibility, the Board has established the Remuneration Committee, which comprises solely non-executive Directors, all being independent.

The role of the Remuneration Committee is set out in its Charter, which is reviewed annually. In summary, the Remuneration Committee's role includes:

- ensure that the appropriate procedures exist to assess the remuneration levels of the Chair, other non-executive Directors, executive Directors, direct reports to the CEO, Board Committees and the Board as a whole;
- ensure that Servcorp meets the requirements of ASX Corporate Governance Principles and Recommendations, and other relevant guidelines;
- ensure that Servcorp adopts, monitors and applies appropriate remuneration policies and procedures;
- ensure that reporting disclosures related to remuneration meet the Board's disclosure objectives and all relevant legal and accounting standard requirements;
- develop, maintain and monitor appropriate talent management programs including succession planning, recruitment, development; and retention and termination policies and procedures for senior management; and
- develop, maintain and monitor appropriate superannuation and other relevant pension benefit arrangements for Servcorp as required by law.

Further information on the Remuneration Committee's role, responsibilities and membership are contained in the Corporate Governance section on page 6.

Use of remuneration consultants

During the 2025 financial year, a remuneration consultancy contract was entered into by Servcorp with respect to a review of the Company's Employee Incentive Plan, and the grant and valuation of Options.

During the 2024 financial year, a remuneration consultancy contract was entered into by Servcorp with respect to the grant and valuation of Options.

Key questions regarding use of remuneration consultants

QUESTION	ANSWER
Did the remuneration consultant provide remuneration recommendations in relation to any of the executive KMP for the 2025 or 2024 financial year?	No.
How much was the remuneration consultant paid by Servcorp for remuneration related and other services?	Remuneration services: Crichton & Associates Pty Ltd \$8,354 (2024: \$8,728); Other services: Nil (2024: Nil).
What arrangements did Servcorp make to ensure that the making of the remuneration recommendations would be free from undue influence by the executive KMP?	Servcorp maintains a protocol which governs the procedure for procuring advice relating to KMP remuneration. The protocol includes a process for the engagement of the remuneration consultant, the provision of information to the remuneration consultant and the communication of remuneration recommendations.
Is the Board satisfied that the remuneration information provided was free from any such undue influence?	Yes, the Board is satisfied.
What are the reasons for the Board being so satisfied?	The Chairman of the Remuneration Committee had oversight of all requests for remuneration information, and the protocol with respect to the procurement of remuneration related advice remains in place.

KEY MANAGEMENT PERSONNEL

Key management personnel have authority and responsibility for planning, directing and controlling the activities of Servcorp and comprise the non-executive Directors, and executive KMP (being the Executive Director and other senior executives named in this report).

Details of the KMP during the year are provided in the following table.

NON-EXECUTIVE DIRECTOR REMUNERATION

Fees and payments to non-executive Directors reflect the demands which are made on, and the responsibilities of, the Directors. Non-executive Directors' fees and payments are reviewed by the Board. The Board ensures non-executive Directors' fees and payments are appropriate and in line with the market. Non-executive Directors are not employed under a contract and do not receive share options or other equity-based remuneration.

Directors' fees

Non-executive Directors' fees are determined by the Board within an aggregate Directors' fees limit approved by shareholders.

The fees limit currently stands at \$700,000 per annum inclusive of payments for superannuation. This limit was approved at the 2024 annual general meeting.

The most recent review of Directors' fees was effective 1 July 2013. Effective 1 July 2013, non-executive Directors' fees were set as:

- Chair - \$175,000 per annum including superannuation;
- Non-executive - \$100,000 per annum including superannuation;
- Chair of the Audit and Risk Committee - an additional \$10,000 per annum including superannuation.

From 1 July 2021, the Superannuation Guarantee rate is scheduled to increase progressively, from 9.5% to 12.0%. To comply with the legislation, and allow these increases to be provided to the Directors, effective 1 July 2021, the non-executive Directors' base fees have been held at the same rates, with superannuation increasing in line with these progressive increases. For the 2025 financial year fees were as follows:

- Chair - \$159,818 per annum plus superannuation, for a total of \$178,197;
- Non-executive - \$91,325 per annum plus superannuation, for a total of \$101,827;
- Chair of the Audit and Risk Committee - an additional \$9,132 per annum plus superannuation, for a total of \$10,182.

The increased Superannuation Guarantee amount was a total of \$1,757 for all non-executive Directors (2024: \$1,758).

For the 2026 financial year, the Board have resolved to keep non-executive Director base fees constant.

Additional fees are not paid for membership of Board committees other than as referred to in the previous paragraph.

Retirement allowances for Directors

Non-executive Directors are not entitled to retirement allowances.

Details of remuneration

Details of the nature and amount of each element of the remuneration of each non-executive Director of Servcorp Limited for the year ended 30 June 2025 are set out in the table on page 27.

Minimum shareholding requirement

Servcorp does not have a minimum shareholding requirement for non-executive Directors. It is noted, however, that all non-executive Directors are shareholders of the Company.

EXECUTIVE REMUNERATION

Remuneration philosophy and principles

The Board recognises that the Consolidated Entity's performance is dependent on the quality and contribution of its team members, particularly the executive KMP and regional executives. To achieve its financial and operating objectives, Servcorp must be able to attract, retain and motivate appropriately qualified and skilled executives at the regional and global level.

The objective of the executive reward framework is to ensure reward for performance is competitive and appropriate for the results delivered. The framework aligns executive reward with achievement of Servcorp's strategic objectives, particularly operating profits at a regional level; and consolidated mature net profit before impairments and tax at a global level. The Board believes that earnings are the metric which best corresponds to value creation for the Company and its shareholders, but will continue to assess the merits of using other performance indicators in our remuneration framework in the future.

Executive remuneration is a balanced mix of fixed and incentive ('at risk') remuneration. In determining the appropriate balance, regular reviews are undertaken that involve cross-referencing position descriptions to reliable accessible remuneration data in the markets in which Servcorp operates.

Servcorp's executive remuneration policy and principles are designed to ensure that the Consolidated Entity:

- provides competitive rewards that attract, retain and motivate our key executives;
- encourages loyalty and commitment to Servcorp;
- builds a structure for growth and includes appropriate succession planning;
- structures remuneration at a level that reflects the executive's duties and accountabilities and is competitive in the markets in which it operates;
- complies with applicable legal requirements and appropriate standards of governance.

The Company's remuneration framework is reviewed annually, and the Board is committed to engaging with shareholders, consultants and proxy advisors as required to ensure proper evolution of its remuneration strategy.

Remuneration structure and elements

The executive KMP remuneration and reward framework at Servcorp consisted of three components:

- fixed remuneration;
- short term incentives; and
- long term incentives.

The combination of these comprises the executive KMP total remuneration opportunity.

The CEO's total target remuneration opportunity, in respect of the 2025 financial year, consisted of 100% fixed and 0% variable pay. The CEO did not participate in the STI plan for the 2025 financial year. He was given an LTI (Options) grant in the 2024 financial year, representing 52% of his fixed remuneration, which was approved by shareholders at the 2023 annual general meeting.

The CFO's total target remuneration opportunity, in respect of the 2025 financial year, consisted of 82% fixed and 18% variable pay. Target variable opportunity (STI + LTI) as a percentage of fixed pay was 21%, and at out-perform levels of global financial performance was 31%.

Fixed remuneration

Fixed remuneration is reviewed each year and adjusted to changes in job role, promotion, market practice, internal relativities and performance.

Remuneration for the 2025 financial year and changes from 2024 are set out in the tables on page 28.

The base salary of the CEO remained constant.

For the 2025 financial year, the base salary of the CFO remained constant. Toward the end of the 2024 financial year, the base salary increased, as set out in his employment agreement. This reflected tenure in the business and increased responsibilities over time.

Short term incentives

Short term incentives (STI) are awarded, in cash, based on achievement against targets set at the beginning of each financial year. The basis of the STI scheme was established for the 2014 financial year and has been applied consistently in subsequent financial years. Alf Moufarrige, the CEO, founder and major shareholder, has elected not to participate in the STI scheme.

Under the STI scheme, an STI dollar value is set for senior executives, which represents the target STI that can be awarded for achieving target for the relevant year. The total target STI opportunity for executive KMP for the 2025 financial year was \$54,000 and the out-perform STI was \$108,000. The target STI opportunity as a percentage of associated fixed remuneration was 9.4%.

STI targets are set in advance each year and are challenging. The STI targets for the 2025 financial year were determined based on a matrix of Consolidated Entity mature net profit before impairments and tax (global STI target) and region mature operating profit (region STI target), where appropriate based on regional responsibilities. To ensure STI targets remained challenging, the global STI target, in the 2025 financial year, was set above 2024 financial year results, and the sum of region STI targets was set above the global STI target. Region STI is only paid if the region STI target is met; there is no gateway.

A gateway consolidated mature net profit before impairment and tax is set each year, and must be achieved before any global STI payout is made. It is intended that a similar approach to STI will be applied for the 2026 financial year. Despite global uncertainty, the gateway consolidated net profit before impairment and tax increased for the 2025 financial year. The gateway has been further increased for the 2026 financial year in anticipation of continued improvement in results, balanced by economic uncertainty, inflationary pressures, and global political events, as provided in the following table.

FINANCIAL YEAR ENDING 30 JUNE	2024 ACTUAL	2025 GATEWAY	2025 TARGET	2025 OUT- PERFORM	2025 ACTUAL	2026 GATEWAY	2026 TARGET	2026 OUT- PERFORM
Consolidated mature net profit before impairments and tax (\$ million)	56.6	57.0	61.0	65.0	69.1	65.0	72.0	76.0

Global STI is calculated as follows:

- if consolidated mature net profit before impairment and tax meets the global gateway - 50% of the global STI target opportunity;
- if consolidated mature net profit before impairment and tax meets the global target - 100% of the global STI target opportunity;
- if consolidated mature net profit before impairment and tax falls between the global gateway and target - the global STI paid is calculated as a percentage between 50% and 100% of global STI target opportunity on an incremental basis, in the same proportion as the net profit before tax is to gateway and target.

There are also additional STI opportunities to provide incentive for executive KMP to out-perform these targets:

- if the global target is exceeded by more than a set amount, representing out-perform profit levels, executive KMP receive double their global STI target opportunity. In the 2025 financial year, this metric was set at \$4 million, representing a global outperform consolidated mature net profit before impairments and tax of \$65 million. This out-perform metric was achieved in 2025, so these payments were made;
- executive KMP with a region target receive an extra \$50,000 for each \$1 million by which they out-perform their region mature operating profit target. In addition, the Board has discretion to reward executive KMP who achieve 'super out-perform' region results with additional STI payments. There were no executive KMP on regional targets in the 2025 financial year, and no discretion was applied to executive KMP remuneration outcomes.

Long term equity incentives

Servcorp Employee Incentive Plan (SEIP)

In August 2022, the Board approved a new Servcorp Employee Incentive Plan (SEIP) with the purpose of encouraging executives and other team members to share in the ownership of the Company and to promote the long-term success of the Consolidated Entity as a shared goal.

- this program is designed to improve executive alignment with our long-term goals, and ensure we evolve with market practice;
- the SEIP provides for various types of awards, including Options and Performance Rights;
- Options were granted to executive KMP during the 2025 financial year, with vesting based on service, and were granted to executive KMP during the 2024 financial year, with vesting based on service and a 3-year cumulative EPS measure;
- when determining the mix of awards and vesting conditions, the Board considers appropriateness of incentives, desired business outcomes, proper alignment to shareholder experience, and quantum of awards;
- the Board determined that the change in vesting conditions for the options in the 2025 financial year was appropriate given their inherent alignment to shareholder outcomes, profit measures already featuring in the STI framework, and the reasonable quantum of awards for executive KMP;
- a summary of the terms of the Performance Rights and Options currently on issue to KMP under the SEIP are detailed in the following table.

Performance Rights and Options currently on issue to executive KMP under the SEIP:

Servcorp Executive Share Option Scheme (ESOS)

In 2016 the Board updated the Servcorp Limited Executive Share Option Scheme (ESOS). From time to time, the Board granted Options to senior executives to encourage and reward superior long term performance. These options were granted subject to vesting criteria based on 3-year service and 2-year EPS growth.

- Options were granted to executive KMP during the 2021 and 2022 financial years;
- a summary of the terms of the Options currently on issue under the ESOS are detailed in the table below.

Options currently on issue to executive KMP under the ESOS:

ASX code	SRVAD
Grant date	11 May 2022
Issue date	19 May 2022

i. Effective 22 August 2024, the Options issued on 19 May 2022 met their performance vesting criteria, as the EPS Performance of the Company met the applicable Vesting Percentage. Continuous service was met on 19 May 2025, and the Options became exercisable.

ii. The Options issued on 19 May 2022 were exercised in full on 1 July 2025 and 100,000 Ordinary shares of the Company were issued.

RELATIONSHIP BETWEEN CONSOLIDATED ENTITY PERFORMANCE, EXECUTIVE KMP REMUNERATION AND SHAREHOLDER WEALTH

The relationship between Consolidated Entity performance and executive KMP remuneration is important to ensure that there is a clear and appropriate correlation and alignment of interests between shareholders and executive KMP.

Key financial indicators

Servcorp's principal activities and financial performance are explained in detail in the Review of Operations section of the Directors' Report on pages 11 to 15.

A summary of Servcorp's financial performance over the last five years is provided in the following table.

MEASURE	FINANCIAL YEAR ENDED 30 JUNE				
	2021	2022	2023	2024	2025
Total revenue (\$million)	276	276	296	317	352

The 2021 and 2022 financial years saw challenging COVID-19 trading conditions and a difficult global economic environment. In particular, there was downward price pressure across our global footprint, affecting revenue. We also experienced notable variation in performance across regions, as the severity of lockdowns and other restrictions differed across geographies. An improving environment, disciplined cost management and minimal impact from non-underlying items saw net profit after tax, and associated earnings per share (EPS), return to higher levels, with EPS up 237% in 2021, and 19% in 2022. In the 2023 financial year, consolidated mature net profit before impairments and tax increased 36%, meeting the market guidance and representing a significant uplift from the prior year.

In the 2024 financial year, the trajectory of improvement continued, with consolidated net profit before tax increasing 153% on the prior year, our best result since 2017.

In the 2025 financial year, the record results have continued, with consolidated net profit before tax increasing 46% on the prior year.

Through all years, cash flows have remained strong, allowing interim and final dividends to continue to be paid to our shareholders. Dividends have increased each year since 2021, and in total Servcorp returned \$26.6 million to shareholders via dividends in the 2025 financial year. In total, the Company has returned \$105.2 million to shareholders over the last 5 years, representing \$1.08 per share, in dividends.

Servcorp's share price has varied considerably over the last several years. It closed at \$2.32 on 30 June 2020, predominately due to the effects of COVID. For next few years it traded in the low to mid \$3.00 range. The continuing underlying performance, and associated upgraded market guidance, has led to a steady increase in the 2025 financial year, with the average price over the financial year being \$5.03, and Servcorp's share price closing at \$5.73 at 30 June 2025.

Over the three year period from 1 July 2022 to 30 June 2025 Servcorp's total shareholder return (TSR) was 96%.

Servcorp is in a financially sound position and we are confident that we will continue to achieve higher profit levels which, when combined with healthy dividends, will contribute to a satisfactory total shareholder return (TSR) performance over the coming years.

In the 2025 financial year, consolidated mature net profit before impairments and tax came in above global "out-perform" levels, and accordingly the out-perform global STI opportunity was paid.

The STI paid out to executive KMP represents 200% of the target opportunity, and 100% of the out-perform opportunity. KMP target STI opportunity forfeited was 0%. The individual 'at risk' rewards paid in the 2025 financial year to executive KMP and the percentage of their target opportunity is provided in the following table.

EXECUTIVE KMP	REGION	STI AWARDED	% OF TARGET OPPORTUNITY	OPTIONS AWARDED NO.	FAIR VALUE OF OPTIONS AWARDED
Alf Moufarrige	Head Office	N/A	N/A	Nil	\$Nil
David Hunt	Head Office & SEA	\$108,000	200%	100,000	\$68,980

Servcorp has a very strong culture focusing on sales and generation of shareholder wealth. Our executive KMP and regional executives include a balance of long-serving team members together with new executive talent, who reflect Servcorp's investment in the future. All executives are aware of the need to perform. Each executive is involved in the target setting for the business and accepts the challenging targets set.

If our forward net profit before tax targets are met, then shareholders, in the opinion of the Board, will be satisfied with the Consolidated Entity's performance and executives will receive their target remuneration opportunity.

If executives fail to meet their targets, the 'at risk' component of executive KMP and regional executive remuneration will be heavily discounted, or in certain circumstances, not be awarded. In this way the alignment of Consolidated Entity performance and executive KMP and regional executive remuneration will be in direct correlation and be unambiguous. The Board also considers shareholder experience when assessing alignment, and reserves the right to exercise discretion to avoid unintended remuneration outcomes.

EMPLOYMENT AGREEMENTS

There are no fixed term employment agreements in place for any executive KMP.

Termination benefits

There are no termination of employment agreements in place for executive KMP. Any termination benefit paid to executive KMP would be limited to 12 months remuneration as required by law and in most cases would be determined based on statutory minimum requirements, years of service and the nature of the termination.

Malus and Clawback

Servcorp introduced a Malus and Clawback Policy in August 2022.

The Policy applies for current executive KMP, to unvested Short Term Incentive and Long Term Incentive awards. The Policy is designed to be preventative rather than a purely remedial or punitive measure. Under the Policy, the Board may take action to adjust downwards (malus) or recover (clawback) unvested 'at risk' remuneration, where there is reasonable evidence that an executive KMP has materially contributed to, or been materially responsible for, the need for the restatement of financial results for defined reasons. Any application of the policy will be disclosed to shareholders.

The Malus and Clawback Policy is available on Servcorp's website; servcorp.com.au

Minimum shareholding requirements

Servcorp does not have a minimum shareholding requirement for executive KMP.

EMPLOYEE SHARE SCHEME AND OTHER EQUITY INCENTIVE INFORMATION

As mentioned previously in this report, the Board introduced the Servcorp Employee Incentive Plan (SEIP) in August 2022, with the purpose of encouraging executives and other team members to share in the ownership of the Company and to promote the long-term success of the Consolidated Entity as a shared goal. The SEIP provides for various types of awards, including Options and Performance Rights.

In prior years, this was achieved by issuing Options under the Servcorp Limited Executive Share Option Scheme (ESOS).

In the 2025 financial year, the Board granted 1,775,000 Options under the SEIP including 100,000 to the CFO, an executive KMP.

In the 2024 financial year, the Board granted 1,675,000 Options under the SEIP including 150,000 to the CFO, an executive KMP. In addition, 1,000,000 options were granted to the CEO, an executive KMP.

Details of the Performance Rights and Options granted, on issue and lapsed are provided in the Directors' Report on page 10.

Details of the Performance Rights and Options granted to each key management personnel are provided in the following table.

Other than the Performance Rights and Options issued as detailed below, at the date of this report there are no shares, rights, options or other equity incentives held by executive KMP and subject to vesting restrictions.

Notes to the Consolidated Financial Statements

For the year ended 30 June 2025

1 About this report

1.1 Reporting entity

Servcorp Limited ("the Company") and the subsidiaries ("the Consolidated Entity") is a company limited by shares incorporated and domiciled in Australia whose shares are publicly traded on Australian Securities Exchange. The address of the Consolidated Entity's registered office is Level 63, 25 Martin Place, Sydney NSW 2000. Servcorp Limited is a for-profit entity, and the principal activities of the Consolidated Entity are the provision of a global network of the finest flexible workspace solutions.

The Financial Report of the Consolidated Entity for the year ended 30 June 2025 was authorised for issue in accordance with a resolution of the Directors on 14 August 2025.

1.2 Basis of preparation

The Financial Report is a general purpose financial report, which has been prepared in accordance with the requirements of the Corporations Act 2001 (Cth), Australian Accounting Standards (AAS) and other authoritative pronouncements of the Australian Accounting Standards Board (AASB). The Financial Report also complies with International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) and interpretations of the International Financial Reporting Interpretations Committee (IFRIC).

The Financial Report has been prepared on the basis of historical cost, except for financial instruments that are measured at their fair value. Cost is based on the fair value of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted. The Consolidated Financial Statements comprise the Financial Statements of the Company and all its subsidiaries.

The Company is of a kind referred to in ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191 dated 24 March 2016 and, in accordance with that Instrument, amounts in the Financial Report and the Directors' Report have been rounded off to the nearest thousand dollars, unless otherwise stated.

1.3 Judgements and estimates

In the application of the accounting policies, management is required to make judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements. Actual results may differ from these estimates.

These estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year.

Judgements and estimation uncertainties

Information about assumptions and estimation uncertainties at the reporting date that have a significant risk of resulting in material adjustment to the carrying amounts of assets and liabilities within the next financial year is included in the following notes:

-Note 14 Right of use assets: key assumptions underlying recoverable amount, including the recoverability of ROU and leasehold improvements.

-Note 11 Tax assets and liabilities: availability of future taxable profit against which deductible temporary differences and tax losses carried forward can be utilised.

Notes to the Consolidated Financial Statements

For the year ended 30 June 2025

1.4 Material accounting policies

The accounting policies set out below and in the notes have been applied consistently to all periods presented in these consolidated financial statements, and have been applied consistently by all subsidiaries in the Consolidated Entity. Other material accounting policies are contained in the notes to the consolidated financial statements to which they relate.

(a) Basis for consolidation

The Consolidated Financial Statements incorporate the Financial Statements of the Company and entities controlled by the Company (its subsidiaries). Control is achieved when the Company has the power, rights to variable returns and the ability to use its power to affect the amount of the returns. Consistent accounting policies are employed in the preparation and presentation of the Consolidated Financial Statements.

On acquisition, the assets, liabilities and contingent liabilities of a subsidiary are measured at their fair values at the date of acquisition. Any excess in the cost of acquisition over the fair value of the identifiable net assets acquired is recognised as goodwill. If, after reassessment, the fair value of the identifiable net assets acquired exceeds the cost of acquisition, the difference is credited to the Consolidated Statement of Profit or Loss and Other Comprehensive Income in the period of acquisition.

The Consolidated Financial Statements include the information and results of each subsidiary from the date on which the Company obtains control, and until such time as the Company ceases to control an entity. In preparing the Consolidated Financial Statements, all intercompany balances and transactions, and unrealised profits arising are eliminated in full.

(b) Foreign currency transactions and balances

Transactions

Foreign currency transactions are translated to Australian currency at the rates of exchange ruling at the dates of the transactions. Amounts receivable and payable in foreign currencies at reporting date are translated at the rates of exchange ruling on that date.

Foreign currency monetary items at reporting date are translated at the exchange rates existing at reporting date. Non-monetary assets and liabilities carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not re-translated.

Exchange differences are recognised in profit and loss in the year in which they arise except exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned or likely to occur, which form part of the net investment in a foreign operation. Such exchange differences are recognised in the foreign currency translation reserve and in the profit and loss on disposal of the net investment.

When a foreign operation is disposed of or borrowings that form part of the net investment are repaid, the cumulative exchange differences are recognised in the Consolidated Statement of Profit or Loss as part of the gain or loss on sale.

(c) Goods and services tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Tax Office (ATO). In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of expense.

Receivables and payables are stated inclusive of GST.

The net amount of GST recoverable from or payable to the ATO is included as a current asset or liability in the Consolidated Statement of Financial Position. Cash flows are included in the Consolidated Statement of Cash Flows on a gross basis. The GST components of cash flows arising from investing and financing activities which are recoverable from or payable to the ATO are classified as operating cash flows.

Notes to the Consolidated Financial Statements

For the year ended 30 June 2025

1.5 Going concern

The Consolidated Entity reported a profit after tax of \$53.1 million (2024: \$39.0 million) from continuing operations for the year, while net cash of \$191.8 million (2024: \$165.8 million) was generated from operations during the year. Although the Consolidated Entity's Statement of Financial Position as at 30 June 2025 reports a net current liability position of \$24.7 million (2024: \$33.7 million) which could give rise to a potential liquidity risk, the Directors concluded and are satisfied after a comprehensive review that no liquidity risk exists after taking into account the following factors:

- the Consolidated Entity has a cash balance totaling \$131.5 million;
- the Consolidated Entity produced positive operating cash flows of \$191.8 million (2024: \$165.8 million);
- the Consolidated Entity is in a net current liabilities position due to the capitalisation of lease commitments. The corresponding right of use asset is classified as a non-current asset. Net current liabilities are impacted by the current position of lease liabilities of \$98.6 million which is forecast to be funded out of operating cash flows;
- the Consolidated Entity has no external debt; and
- the Consolidated Entity has net assets of \$233.6 million as at reporting date.

Based on the above, the Directors consider that the Consolidated Entity is well placed to successfully manage the liquidity risks faced by the organisation.

On the basis of their assessment, the Directors have a reasonable expectation that the Consolidated Entity has and will generate or obtain adequate resources for a period of at least 12 months from the date of approval of these financial statements and consider it appropriate to continue to adopt the going concern basis in preparing the financial statements of the Consolidated Entity as it will continue to pay its debts as and when they fall due.

1.6 New accounting standards and amendments effective from 1 January 2024

In the current year, the Consolidated Entity has adopted other amended standards and amendments. The adoption of the standards and interpretations had no significant impact on the current year or any prior year and are not likely to have a significant impact in future years.

Standard name	Effective date for entity
Lease Liability in a Sale and Leaseback - Amendments to AASB 16 Leases	1 January 2024
Non-current Liabilities with Covenants – Amendments to AASB 1	1 January 2024
Classification of Liabilities as Current or Non-current – Amendments to AASB 1	1 January 2024
Supplier Finance Arrangements – Amendments to AASB 7 and AASB 7	1 January 2024

Notes to the Consolidated Financial Statements

For the year ended 30 June 2025

1.7 Amendments to accounting standards not yet effective, but available for early adoption

The AASB has issued new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting years. The Consolidated Entity has decided not to early adopt these Standards. The following table summarises those future requirements, and their impact on the Consolidated Entity where the standard is relevant:

Standard name	Effective date for entity
Lack of Exchangeability – Amendments to AASB 121	1 January 2025
Sale or Contribution of Assets between an Investor and its Associate or Joint Venture – Amendments to AASB 10 and AASB 128	1 January 2025
Classification and Measurement of Financial Instruments - Amendments to AASB 9 and AASB 7	1 January 2026
Annual Improvements to AASB Accounting Standards - Volume 11	1 January 2026
AASB S2 – Climate-related Disclosures	1 July 2026
AASB18 Presentation and Disclosure in Financial Statements	1 January 2027

The Consolidated Entity is still in the process of assessing the impact of the new standard, particularly with respect to the structure of the Consolidated Entity's consolidated statement of profit or loss, the statement of cash flows and the additional disclosures required for MPMs. Other than the above, there are no standards or interpretations that are not yet effective that would be expected to have a material impact on the Consolidated Entity.

2 Operating segments

The Consolidated Entity identifies its operating segments based on the business activities it engages from which it earns revenues and incurs expenses. These are reviewed regularly by the chief operating decision makers of the Consolidated Entity.

The geographic segments are based on the geographic regions in which business units largely share a high level of similarity in regulatory, economic relationships, time zones, market characteristics, cultural similarities, language clusters, which form the basis for geographic results to the chief operating decision maker. Each reportable segment has its own distinct senior manager responsible for the performance of the segment. The chief operating decision maker is responsible for performance and resource allocation amongst operating segments. All reportable segments are involved in the provision of workspace solutions.

In line with the requirements under AASB 8 *Operating Segments* (AASB 8), the Consolidated Entity is run on a worldwide basis but has four reportable segments: Australia, New Zealand and South East Asia (ANZ/SEA); United States of America (USA); Europe and Middle East (EME); North Asia. Information about other business activities and operating segments that are not reportable under the four reportable segments identified under AASB 8 is aggregated and disclosed as Other.

The Consolidated Entity's reportable operating segments under AASB 8 are presented below. The accounting policies of the reportable operating segments are the same as the Consolidated Entity's accounting policies.

For the year ended 30 June 2025, the Consolidated Entity's Virtual Office revenue, and Serviced Office revenue were \$103.5 million and \$245.9 million respectively (2024: \$96.6 million and \$217.5 million, respectively).

Management reviews segment performance based on profit before other material items, which is not further disaggregated by segment.

Notes:

i. Closed floors represent floors no longer operational, either through deconsolidation or termination.

ii. Refer to Note 14 for details on the net impairment of property, plant and equipment and right of use assets.

iii. Restructuring expense for the year includes costs associated with the proposed public listing of the Servcorp Middle East Group. These costs encompass advisory, legal, and other professional fees incurred during the preparatory phase of the listing process. In November 2024, a strategic decision was made not to proceed with the listing, the associated costs have been recognised as a restructuring expense in the current period.

iv. Refer to Note 4 for further details.

3 Revenue and other income

For the year ended 30 June 2025 The Consolidated Entity has three main revenue streams: lease, communications and service income.

	2025	2024
	\$ 000	\$ 000
Revenue		
Lease revenue	246,589	224,331

Other income	229	298
Total other income	2,719	2,907
Total revenue and other income	352,083	317,013

Recognition and measurement

Revenue

Lease Revenue from leases with customers in the capacity as lessor, is accounted for in accordance with AASB 16 on a straight line basis according to contractual terms.

Services revenue and communications revenue are accounted for according to AASB 15 *Revenue from Contracts with Customers* (AASB 15).

Service revenue primarily comprises revenue earned from provision of office-related services and communication revenue comprises revenue earned from telephone and communications services. Both revenue streams are net of the amount of goods and services tax from the provision of services to entities outside the the Consolidated Entity. Services revenue are typically invoiced in the period in which the services are provided. The services provided under contract are provided over time as the customer simultaneously receives and consumes the benefit of the service. The contract liability associated with consideration received in advanced has been presented as deferred contract liabilities in the trade and other payables balance on the Consolidated Statement of Financial Position.

Interest income

Interest income is recognised on an accrual basis using the effective interest method.

Tax losses of controlled entities recouped	(122)	(36)
Income tax expense	9,504	3,909

Recognition and measurement

Current taxes

Current income tax is calculated by reference to the amount of income tax payable or recoverable in respect of the taxable profit or loss for the year. Income tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the reporting date. Current income tax for current and prior year is recognised as a liability or asset to the extent that it is unpaid or refundable.

(c) Earnings per share	2025	2024
	Cents	Cents
Basic EPS	53.8	39.9
Diluted EPS	52.7	39.8

Recognition and measurement

Basic earnings per share

Basic EPS is calculated by dividing the net profit attributable to members of the Consolidated Entity for the year by the weighted average number of ordinary shares of the Company.

Diluted earnings per share

Diluted EPS is calculated by adjusting the basic EPS earnings by the effect of conversion to ordinary shares of the associated dilutive potential ordinary shares. The notional earnings on the funds that would have been received by the entity had the potential ordinary shares been converted are not included.

The diluted EPS weighted average number of shares includes the number of shares assumed to be issued for no consideration in relation to dilutive potential ordinary shares.

The identification of dilutive potential ordinary shares is based on net profit or loss from continuing ordinary operations and is applied on a cumulative basis, taking into account the incremental earnings and incremental number of shares for each series of potential ordinary shares. There is no impact on diluted EPS resulting from shares under option.

8 Cash and cash equivalents

	2025	2024
	\$ 000	\$ 000
Cash at bank and in hand	79,178	89,401
Bank short term deposits	52,322	13,899
	131,500	103,300

Bank short term deposits mature within an average of 71 days (2024: 28 days) and are considered cash and cash equivalents on the basis of being short term and subject to an insignificant risk of change in value. These deposits and the interest-earning portion of the cash balance earn interest at a weighted average rate of 4.25% (2024: 0.48%).

Recognition and measurement

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

Net trade receivables	41,068	34,192
Other receivables	2,058	1,660
	43,126	35,852

The carrying value of trade receivables is considered a reasonable approximation of fair value due to short-term nature of balances.

There has been no change to the Consolidated Entity's accounting policies in relation to trade receivables and provision for expected credit loss (ECL).

All of the Consolidated Entity's trade receivables relate to customers purchasing workplace solutions and associated services and no individual customer has a material balance owing as a trade receivable. The Consolidated Entity applies the simplified approach to trade receivables and recognises expected credit losses by establishing a provision matrix for forward-looking factors specific to the debtors and the economic environment. The average credit period allowed on rendering of services is 7 days. The Consolidated Entity has applied the expected credit loss model to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition of the assets. Receivables are assessed for impairment at each reporting date and as at 30 June 2025 the Directors believe the provisions raised are sufficient.

Reconciliation of changes in the provision for expected credit loss:

	2025	2024
	\$ 000	\$ 000
Balance at beginning of the year	(1,796)	(1,876)

Trade receivables	27,788	3,525	1,611	3,064	35,988
Expected credit loss rate	- %	14 %	20 %	60 %	

The Consolidated Entity calculated expected credit losses based on the anticipated impact of default events arising either in the 12 months after reporting date, or the entire lifetime of the asset. Receivables are initially recognised at fair value and subsequently at amortised cost using the effective interest rate method less any loss allowance. All receivables with maturities greater than 12 months after balance date are classified as non-current. The increase in provisions during the year ended 30 June 2025 represents Management's judgement based on information available at the time on the impact of economic conditions and the recoverability of debtors. The increase of \$4.0 million (2024: increase of \$0.1 million) was recognised through the Consolidated Statement of Profit or Loss and Other Comprehensive Income during the year. Trade debtors with government authorities are excluded from the expected credit loss rate calculation in the above table, as these balances are considered to carry minimal credit risk.

Considering the current economic environment and global disruptions, the Consolidated Entity reviewed the recoverability of its debtor profile and is satisfied with the expected credit-loss for the financial year ended 30 June 2025.

Recognition and measurement

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using effective interest rate method, less any allowance for impairment. Recoverability of trade receivables is reviewed on an ongoing basis.

No expected credit loss has been provided on lease deposits as, based on past experience, these are expected to be recovered in full.

Lease deposits are accessible upon expiration of the lease.

Recognition and measurement

All recognised financial assets that are within the scope of AASB 9 are required to be initially recognised at fair value and subsequently measured at amortised cost or fair value on the basis of the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

Unrecognised deferred tax assets

Deferred tax assets have not been recognised in respect of the following:

	2025	2024
	\$ 000	\$ 000
Temporary difference	16	16
Tax losses - capital	2,086	2,086
Tax losses - revenue	33,588	29,350
	<u>35,690</u>	<u>31,452</u>

The movements in deferred taxes included above are after the offset of deferred tax assets and deferred tax liabilities where there is a legally enforceable right to set off and they relate to income taxes levied by the same taxation authority. The closing deferred tax position above represents the aggregated deferred tax asset or liability position within individual legal entities, with some companies recognising deferred tax assets and others recognising deferred tax liabilities. The closing position is a net deferred tax asset of \$47.8 million (2024: \$44.2 million).

Recognition and measurement

Deferred tax is accounted for using the comprehensive balance sheet liability method in respect of temporary differences arising from differences between the carrying amount of assets and liabilities in the Consolidated Financial Statements and the corresponding tax base of those items.

In principle, deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. However, deferred tax assets and liabilities are not recognised for temporary differences arising from the initial recognition of an asset or liability in a transaction that is not a business combination and at the time of the transaction affects neither accounting profit nor taxable profit. Furthermore, a deferred tax liability is not recognised in relation to taxable temporary differences arising from goodwill.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries, branches and associates except where the Consolidated Entity is able to control the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with these investments are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise benefits of the temporary differences and they are expected to reverse in the foreseeable future.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the assets and liabilities giving rise to them are realised or settled, based on tax rates and tax laws that have been enacted or substantially enacted by the reporting date.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Consolidated Entity expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the Consolidated Entity intends to settle its current tax assets and liabilities on a net basis.

12 Property, plant and equipment (continued)

Recognition and measurement

The carrying value of property, plant and equipment is measured as the cost of the asset, less accumulated depreciation and impairment.

Depreciation

Items of property, plant and equipment, including buildings and leasehold property but excluding freehold land, are depreciated using the straight line method over their estimated useful lives. Capital works in progress represents costs directly attributable to bring the leasehold improvements to their intended condition for use, Capital works in progress is transferred to leasehold improvements upon completion. Leasehold improvements are depreciated over the useful life of the asset using the straight line method.

All other Property, plant and equipment is depreciated on a straight-line basis over the asset's useful life to the Consolidated Entity, commencing when the asset is ready for use.

The estimated useful lives used for each class of asset are as follows:

The depreciation rates used for each class of depreciable asset are shown below:

Fixed asset class	Depreciation rate
Buildings	40 years
Leasehold improvements	Useful life of the asset
Office furniture and fittings	7.7 years
Office equipment	3 - 4 years
Software	3.7 years
Motor vehicles	6.7 years

The estimated useful lives, residual value and depreciation methods are reviewed annually and, where changed, are accounted for as a change in accounting estimate. Where depreciation rates or methods are changed, the net written down value of the asset is depreciated from the date of the change in accordance with the new depreciation rate or method.

At the end of each annual reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

Derecognition and disposal

An item of property, plant and equipment is derecognised upon disposal or when no further future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying value of the asset) is recorded in profit and loss in the year the asset is derecognised.

13 Intangible assets

Intangible assets relate to assets other than goodwill. For detailed disclosure of goodwill refer to note 15.

Opening balance	2,708	2,433

Disposals	(151)	-
Amortisation	(1,479)	(1,128)
	<u>2,652</u>	<u>2,708</u>

Recognition and measurement

Intangible assets relate to internally developed software and is initially recognised at cost.

Development expenditure is capitalised only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable and the the Consolidated Entity intends to and has sufficient resources to complete development and to use or sell the asset. Otherwise, it is recognised in profit or loss as incurred. Subsequent to initial recognition, development expenditure is measured at cost less accumulated amortisation and any accumulated impairment losses.

Subsequent to initial recognition the intangible assets is carried at cost less accumulated amortisation and impairment losses.

Amortisation is calculated to write off the cost of the intangible assets over the estimated useful lives using the straight-line method.

The estimated useful lives are as follows:

Asset class	Amortisation rate
Internally developed software	4 - 10 years

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

14 Right of use assets

The Consolidated Entity leases property. Information about leased property for which the Consolidated Entity is a lessee is presented below:

	2025	2024
	\$ 000	\$ 000
Balance at beginning of year	316,490	305,311
Additions to right of use assets	94,943	110,374
Acquired through business combinations	-	6,302
Amortisation charge for the year	(99,945)	(95,200)
Impairment of right of use assets	(12,388)	(2,470)
Foreign exchange movements	19,411	(7,827)
	<u>318,511</u>	<u>316,490</u>

Right of use assets and leasehold improvements are assessed for indicators of impairment under AASB 136. Where impairment indicators exist, the CGU is tested for impairment. This test has respective assets grouped into CGUs to determine its "Value in Use" (ViU). The ViU assessment is conducted using a discounted cash flow methodology requiring an estimate of the discounted future cash flows expected to arise from the respective CGU to be determined. When applying the ViU approach to calculate the recoverable amount for each CGU, we deduct the carrying amount of the lease liability both from the CGU's carrying amount and from its ViU.

Inflationary pressures and the uncertain economic climate worldwide is expected to continue to impact the business in the financial year to 30 June 2025. As a result of these conditions, the Consolidated Entity carried out a comprehensive review for potential impairments across the whole portfolio at a CGU level by city.

CGUs are defined as individual cities, being the smallest identifiable group of assets that generate cash flows that are largely independent of other groups of assets. The Consolidated Entity assesses whether there is an indication that a CGU may be impaired, including persistent operating losses, net cash outflows and poor performance against forecasts. The recoverable amounts of right of use assets are based on the higher of fair value less costs to sell and ViU. The Consolidated Entity considered ViU in the impairment testing on a city by city level. Value in use calculations are based on cash flow projections and discount rates, with key assumptions including forecast growth rates and discount rates that reflect market participant expectations for each respective CGU. The pre-tax WACC used in the Consolidated Entity's calculations range between 7.8% and 14.4% (2024: 9.5% and 53.7%). Impairment charges are recognised within the Consolidated Statement of Profit or Loss.

In the approach detailed above, an impairment loss of \$12.4 million was raised in relation to CGUs in Europe and North Asia for the year ended 30 June 2025 (2024: 2.5 million was raised in relation to CGUs in Europe and North Asia). Any adverse movement in key assumptions in the CGUs in North Asia would lead to further impairment.

The Consolidated Entity monitors for events or changes in circumstances that require reassessment of its right of use assets specific to the CGU which involves challenging the assumptions used in management's profitability forecasts in the underlying impairment model. As a result of the extended underperformance in North Asia and continued uncertainty in global economic conditions, no previously recognised impairment loss was reversed.

For the year ended 30 June 2025

14 Right of use assets (continued)

Recognition and measurement

The Consolidated Entity assesses whether a contract is or contains a lease, at inception of the contract. For lease arrangements in which the Consolidated Entity is a lessee, a right of use asset and a corresponding liability is recognised at the date at which the leased asset is available for use by the Consolidated Entity.

When the contract does not exceed 12 months the lease is classified as short term in nature and not recognised in terms of AASB 16. Lease payments are expensed in profit and loss.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be determined, the lessee's incremental borrowing rate is used, being the rate that the lessee would have to pay to borrow the funds necessary to obtain an asset of similar value in a similar economic environment with similar terms and conditions. It is remeasured when there is a change in future lease payments arising from a change in rate, if there is a change in the Consolidated Entity's estimate of the amount expected to be payable under a residual value guarantee, or if the Consolidated Entity changes its assessment of whether it will exercise a purchase, extension or termination option.

Each lease payment is allocated between the liability and finance cost. The finance cost is charged to profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Lease liabilities include the net present value of the following lease payments:

- fixed payments, less any lease incentives receivables;
- variable lease payments that are based on an index or a rate;
- amounts expected to be payable by the lessee under residual value guarantees;
- the exercised price of a purchase option if the lessee is reasonably certain to exercise that option; and
- payments of penalties for terminating the lease, if the term reflects the lessee exercising that option.

The lease liability is presented as a separate line in the Consolidated Statement of Financial Position.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

The cost of right of use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right of use assets are subsequently measured at cost, less any accumulated depreciation and impairment losses, and are adjusted for any remeasurement of lease liabilities.

Whenever the Consolidated Entity incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under AASB 137 *Provisions, Contingent Liabilities and Contingent Assets* (AASB 137). To the extent that the costs relate to a right of use asset, the costs are included in the related right of use asset.

Right of use assets are depreciated over the lease term of the underlying asset. If a lease transfers ownership of the underlying asset or the cost of the right of use asset reflects that the Consolidated Entity expects to exercise a purchase option, the related right of use asset is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease.

The right of use assets are initially measured at cost, which comprises:

- the amount of the initial measurement of the lease liability;
- any lease payments made at or before the commencement date, less any lease incentives and any initial direct costs incurred by the lessee and an estimate of the costs to dismantle and remove the underlying asset or to restore the underlying asset.

Right of use assets are subject to impairment in accordance with AASB 136 *Impairment of Assets* (AASB 136).

The Consolidated Entity is currently party to a lease portfolio of 125 (2024: 123) leases as lessee.

Multiple lease term amendments have been accounted for as a lease modification to the existing lease by remeasuring the lease liability using a revised discount rate with the corresponding change in lease liability reflected against the right of use asset.

15 Goodwill

Allocation of goodwill to cash generating units

Each of the following countries is a group of Cash Generating Units (CGUs):

Japan, Australia, New Zealand, China, Malaysia, Singapore, Thailand, Belgium, United Arab Emirates, Bahrain, Qatar, Saudi Arabia, Philippines, Lebanon, Turkey, France, Germany, United States of America, Kuwait and United Kingdom.

Goodwill was allocated to the CGU in which goodwill arose. Not every CGU has goodwill allocated to it.

The carrying amounts of goodwill relating to each group of CGU as at 30 June 2025 were as follows:

	2025	2024
	\$ 000	\$ 000
Japan	9,161	9,161
Australia	6,136	6,136
New Zealand	785	785
Singapore	706	706
Thailand	325	326
China (i)	-	160
	<u>17,113</u>	<u>17,274</u>

(i) Impairment of \$0.2 million was recognised in China CGU during the year ended 30 June 2025 (2024: nil) primarily driven by market conditions. The carrying amounts of leasehold improvements and right-of-use assets associated with these CGUs were assessed for indicators of impairment. No impairment was identified for the other CGUs to which goodwill had been allocated.

The Consolidated Entity tested goodwill for impairment as at 30 June 2025. The recoverable amount of a CGU or group of CGUs to which goodwill is allocated is determined based on the greater of its value in use and its fair value less costs of disposal. Fair value is determined as being the amount obtainable from the sale of a CGU in an arm's length transaction between knowledgeable and willing parties. If relevant, this fair value assessment less costs of disposal is conducted by management based on extensive knowledge of the industry including the current market conditions prevailing. The value in use (ViU) assessment is conducted using a discounted cash flow methodology requiring the Directors to estimate the discounted future cash flows expected to arise from the CGU.

When applying the ViU approach to calculate the recoverable amount for each CGU, the Consolidated Entity incorporates the use of projected financial information and a discount rate that are developed using market participant based assumptions. The cash-flow projections are based on financial forecasts for a five-year period. Financial forecasts developed by management include revenue projections, capital spending trends, and investment in working capital to support anticipated revenue growth. The selected discount rate considers the risk and nature of the respective reporting unit's cash flows and the rates of return market participants would require to invest their capital in the Consolidated Entity's reporting units. The Consolidated Entity's methodology for determining recoverable amounts remained consistent during the year.

The following key assumptions have been used in calculating the ViU for each country:

- future cash flows are based on forecasts prepared by management which are based on expected occupancy growth and price growth for each respective CGU. The model excludes cost savings and restructurings that are anticipated but had not been committed to at the date of the determination of the ViU;
- these forecasts exclude the impact of acquisitive growth expected to take place in future periods;
- Cash flows beyond 30 June 2028 have been extrapolated using a growth rate which management believes is a reasonable long-term growth rate for any of the markets in which the entity operates.
- the Consolidated Entity applies a country specific pre-tax discount rate to the pre-tax cash flows for each country. The country specific discount rate is based on the underlying weighted average cost of capital (WACC) for the Consolidated Entity. The WACC is then adjusted for each country to reflect the assessed market risk specific to that country.

The recoverable amount of goodwill relating to each group of CGU was determined based on ViU calculations, which is based on a discounted cash flow ("DCF") analysis by discounting the estimated future cash flows over the next five year to their present value in order to estimate the value-in-use. Cash flows beyond the five year period have been extrapolated using estimated growth rates.

For the year ended 30 June 2025, the pre-tax discount rate applied to the above countries ranged from 7.6%-10.9% (2024: 8.0%-23.8%).

For the year ended 30 June 2025

15 Goodwill (continued)

Recognition and measurement

Goodwill arising on acquisition is recognised as an asset and initially recognised at cost, representing the excess of the cost of acquisition over the net fair value of the identifiable assets, liabilities and contingent liabilities acquired. Goodwill is not amortised, but is tested for impairment at each reporting date and whenever there is an indication that goodwill may be impaired. Any impairment of goodwill is recognised immediately in the Consolidated Statement of Profit or Loss and Other Comprehensive Income and is not subsequently reversed.

For the purpose of impairment testing, goodwill is allocated to each of the Consolidated Entity's CGU, or groups of CGUs, expected to benefit from the synergies of the business combination. Each CGU or group of CGUs to which the goodwill is allocated represents the lowest level within the entity at which the goodwill is monitored for internal management purposes, and is not larger than an operating segment of the Consolidated Entity. CGUs (or groups of CGUs) to which goodwill has been allocated are tested for impairment annually, or more frequently if events or changes in circumstances indicate that goodwill might be impaired.

If the recoverable amount of the CGU (or group of CGUs) is less than the carrying amount of the CGU, the impairment loss is allocated to reduce the carrying amount of any goodwill allocated to the CGU (or group of CGUs) and then to the other assets of the CGUs pro-rata on the basis of the carrying amount of each asset in the CGU (or group of CGUs). On disposal of an operation within a CGU, the attributable amount of goodwill is included in the determination of the profit or loss on disposal of the operation.

Contract liabilities	24,676	28,568
Other creditors and accruals	24,669	25,328
	74,580	63,684

Recognition and measurement

Trade and other payables are recognised initially at fair value. Subsequent to initial recognition, they are measured at amortised cost. This applies when goods and services are received, whether or not billed to the The Consolidated Entity, prior to the end of the reporting period.

Balance at 30 June 2024	<u>11,110</u>	<u>3,242</u>	<u>14,352</u>

Recognition and measurement

Provisions are recognised when the Consolidated Entity has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured at the present value of management's best estimate of the outflow required to settle the obligation at the end of the reporting period. The discount rate used is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the unwinding of the discount is taken to finance costs in the Consolidated Statement of Profit or Loss and Other Comprehensive Income.

Servcorp has controlled entities operating in 20 countries and its presentation currency is Australian dollars. The assets and liabilities are translated to Australian dollars using the exchange rate at year end; income and expenses are translated using an average exchange rate for the year. On translation of foreign operations, exchange differences are recognised in other comprehensive income and the FCTR.

The individual financial statements of each controlled foreign entity are presented in its functional currency, being the currency of the primary economic environment in which the entity operates. For the purpose of the Consolidated Financial Statements, the results and financial position of each entity are expressed in Australian dollars, which is the functional currency of the Company and the presentation currency for the Consolidated Financial Statements.

22 Bank guarantees and contingent liabilities

The Consolidated Entity has bank guarantees and letters of credit held with certain banks, predominantly in support of leasehold contracts with a variety of landlords, amounting to \$28.9 million (30 June 2024: \$28.5 million).

23 Equity settled employee benefits reserve

The equity settled employee benefits reserve arises on the grant of rights to Key Management Personnel (KMP), senior executives and managers in accordance with the provisions of Servcorp's Executive Share Option Scheme and the Servcorp Employee Incentive Plan. Amounts are transferred out of the reserve and into share capital when the rights vest, the rights are exercised and shares issued.

For the year ended 30 June 2025 the following rights were granted:

During the year ended 30 June 2025, 1,775,000 unquoted Options over unissued shares in Servcorp Limited were issued to senior executives and managers. The fair value of services received in return for options granted is based on the fair value of options granted, measured using the Binomial approximation model.

During the year ended 30 June 2025, the Company issued 515,000 ordinary shares as a result of the exercise of Options over unissued shares. The amount paid on each share was \$2.48. The total due upon exercise was \$1,277,200 which increased contributed equity.

The weighted average share price at the date of exercise for share options exercised in the period was \$5.16 (2024: \$2.92). When vested options are exercised, the Consolidated Entity issues new shares and receives cash equal to the exercise price of the options. The cash received is recorded as an increase in share capital, and the amount previously recognised in the equity settled employee benefits reserve is transferred to equity

23 Equity settled employee benefits reserve (continued)

During the year ended 30 June 2025, 270,000 Options over unissued shares expired or were cancelled. The options lapsed as a result of conditional rights to securities' conditions having not been met, or having become incapable of being satisfied.

Options over unissued ordinary shares in Servcorp Limited, cancelled, are as follows:

20 February 2025	10,000 options expiring 1 September 2028
4 December 2024	25,000 options expiring 1 September 2028 50,000 options expiring 1 September 2027 7,500 options expiring 18 September 2025
2 September 2024	40,000 options expiring 1 September 2028 50,000 options expiring 1 September 2027 87,500 options expiring 3 September 2026

The movements in the equity settled employee benefits reserve are as follows:

	2025	2024
	\$ 000	\$ 000
Balance 1 July	1,600	938
Total movement taken to reserve	461	662
Balance 30 June	2,061	1,600

The Consolidated Entity recognised \$1.0 million (2024: \$0.7 million) as a share based payment expense for the year ended 30 June 2025. These costs have been included in administrative expenses.

Recognition and measurement

The Board may grant options to eligible executives in accordance with the Servcorp Employee Incentive Plan. These equity settled share based payments are non-market based.

Equity settled share based payments with employees are measured at the fair value of the equity instrument at the grant date. Fair value is measured by use of a Black Scholes model. The expected life used in the model has been adjusted, based on management's best estimate for the effects of non-transferability, exercise restrictions, and behavioural considerations.

The fair value determined at the grant date of the equity settled share based payments is expensed on a straight line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest.

At each reporting date, the Company revises its estimate of the number of equity instruments that are expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss, with a corresponding adjustment to the equity settled employee benefits reserve.

Interim	Fully paid ordinary shares	12.00	11,810	4 April 2024	30 %	20 %

Unrecognised amounts

Since the end of the financial year, the Directors have declared the following dividend:

Final	Fully paid ordinary shares	14.00	13,875	2 October 2025	30 %	10 %
-------	----------------------------	-------	--------	----------------	------	------

In determining the level of future dividends, the Directors will seek to balance growth objectives and rewarding shareholders with income. This policy is subject to the cash flow requirements of the Consolidated Entity and its investment in new opportunities aimed at growing earnings. The Directors cannot give any assurances concerning the extent of future dividends, or the franking of such dividends, as they are dependent on future profits, the financial and taxation position of the Company and the impact of taxation legislation.

Dividend franking account

	2025 \$ 000	2024 \$ 000
30% franking credit available	547	551

The above available balance is based on the dividend franking account at year-end adjusted for:

- franking debits that will arise from the payment of dividends recognised as a liability at the reporting date; and
- franking credits that will arise from the receipt of dividends recognised as receivables at the reporting date;

The tax rate at which paid dividends have been franked at 30 June 2025 is 30% (2024: 30%). Dividends declared and unpaid will be franked at the rate of 30% as at 30 June 2025 (2024: 30%).

25 Capital structure and risks

This section outlines the market, credit and liquidity risks that the Consolidated Entity is exposed to and how it manages these risks. Capital comprises shareholders' equity and financing arrangements.

Capital management

The Company's Audit and Risk Committee oversees the establishment of the capital and financial risk management system, which identifies, evaluates, classifies, monitors, qualifies and reports significant risks to the Board of Directors. All controlled entities in the Consolidated Entity apply this risk management system to manage their own risks.

The Company's objective when managing capital is to ensure that entities within the Consolidated Entity will be able to continue as a going concern while maximising the return to stakeholders.

The Consolidated Entity's policy is to maintain a strong cash base so as to maintain investor, creditor and market confidence and to sustain future expansion of the business. The capital structure of the Consolidated Entity consists of equity attributable to equity holders of the parent company issued capital, reserves and retained earnings.

The Consolidated Entity operates globally, primarily through subsidiary companies established in the markets in which the Consolidated Entity operates. Operating cash flows are used to maintain and expand the Consolidated Entity, as well as to make routine outflows of tax and dividend payments.

26 Financial risk management

The Consolidated Entity activities expose it primarily to the financial risks of changes in foreign currency exchange rates. The Consolidated Entity enters into forward foreign currency exchange contracts to economically hedge anticipated transactions.

(a) Financial risk management objectives

The financial risks that result from the Consolidated Entity's activities are credit risk and market risk (interest rate risk and foreign exchange risk).

The Consolidated Entity's corporate treasury function provides services to the business, co-ordinates access to domestic and international financial markets, and manages the financial risks relating to the operations of the Consolidated Entity.

The Consolidated Entity does not apply hedge accounting. The use of financial derivatives is governed by policies approved by the Board of Directors.

The Consolidated Entity's corporate treasury function reports to the Company's Audit and Risk Committee, an independent body that monitors risks and policies implemented to mitigate risk exposures.

Notes to the Consolidated Financial Statements

For the year ended 30 June 2025

26 Financial risk management (continued)

(b) Market risk

The Consolidated Entity's activities expose it primarily to the financial risks of changes in foreign currency exchange rates. The Consolidated Entity enters into forward foreign currency exchange contracts to economically hedge anticipated transactions.

(i) Foreign exchange risk

The Consolidated Entity operates internationally and is exposed to foreign exchange risk arising from various currency exposures.

The Consolidated Entity's foreign exchange risk arises primarily from:

- risk of fluctuations in foreign exchange rates to the Australian dollar (the functional and presentation currency);
- firm commitments of receipts and payments settled in foreign currencies or with prices dependent on foreign currencies;
- investments in foreign operations; and
- loans and trading accounts to foreign operations.

Foreign currency assets and liabilities

For accounting purposes, net investment in foreign operations are revalued at the end of each reporting year with the movement reflected as a movement in the foreign currency translation reserve. Borrowings and forward exchange contracts not forming part of the net investment in foreign operations are revalued at the end of each reporting year with the fair value movement reflected in the Consolidated Statement of Profit or Loss and Other Comprehensive Income as exchange gains or losses.

Foreign currency sensitivity analysis

The following table summarises the material sensitivity of financial instruments held at reporting date to movements in the exchange rate of the Australian dollar to foreign exchange rates, with all other variables held constant. The sensitivity is based on reasonably possible changes, over a financial year, using the observed range of actual historical rates for the preceding five-year period.

(c) Liquidity risk

Ultimate responsibility for liquidity risk management rests with the Board of Directors, who have built an appropriate liquidity risk management framework for the management of short, medium and long term funding. The Consolidated Entity manages liquidity risk by maintaining adequate reserves, banking facilities and borrowing facilities.

The following table details the Consolidated Entity's remaining contractual maturity for its financial liabilities. The table is based on the earliest date on which undiscounted cash flows of financial liabilities are contractually to be paid. The table includes both principal and interest cash flows.

26 Financial risk management (continued)

(d) Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in financial loss to the Consolidated Entity. The Consolidated Entity has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral where appropriate, as a means of mitigating the risk of financial loss from defaults.

Trade receivables consist of a large number of customers, spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable. The Consolidated Entity does not have any significant credit risk exposure to any single counterparty or any group of any counterparties having similar characteristics. Security deposits are received from customers when entering into a contract which reduces the credit risk. Security deposits held are disclosed in the Consolidated Statement of Financial Position as Other financial liabilities.

Credit risk on cash and short-term fixed deposits is limited because counterparties are banks with high credit ratings assigned by international credit rating agencies. These liquid funds are managed centrally by the Company's senior management on a daily basis.

Lease deposits paid to landlords are typically made to reputable property owners with strong credit standing, and forms part of the Group's credit risk management strategy to minimise exposure to counterparty defaults.

27 Fair value measurement of financial instruments

Fair value hierarchy

Servcorp measures various financial assets and liabilities at fair value which, in some cases, may be subjective and depend on the inputs used in the calculations. The different levels of measurement are described below:

Level 1	Unadjusted quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date.
Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
Level 3	Unobservable inputs for the asset or liability.

The Board of Directors consider that the carrying amount of financial assets and financial liabilities approximate their fair value other than in respect of the Company's investment in subsidiaries.

Financial instruments that are measured subsequent to initial recognition at fair value are grouped into Levels 1 to 3 based on the degree to which fair value is observable:

The table below shows the assigned level for each asset and liability held at fair value by the Consolidated Entity:

	Level 1	Level 2	Level 3	Total

28 Organisational structure

This section explains how the Consolidated Entity is structured, and disclosures for the parent entity.

Subsidiary entities

The Consolidated Financial Statements of Servcorp incorporate the assets, liabilities and results of all controlled entities. Controlled entities are all entities over which the Consolidated Entity has power to direct the activities of the entity and an exposure to and ability to influence its variable returns from its involvement with the entity.

An entity, including a structured entity, is considered a subsidiary when we determine that the Company has control over the entity. Control exists when the Consolidated Entity is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The Consolidated Entity assesses power by examining existing rights that give the Company the current ability to direct the relevant activities of the entity. The effect of all transactions between entities in the Consolidated Entity have been eliminated on consolidation.

Controlled entities are fully consolidated from the date control is obtained until the date that control ceases. Inter-entity transactions and balances are eliminated.

Servcorp Dallas LLC (in liquidation)	USA	100	100

The following subsidiaries are not wholly owned by the Consolidated Entity. Nonetheless, they are consolidated as the Consolidated Entity retains control in accordance with AASB 10 Consolidated Financial Statements, having the power to direct relevant activities and being exposed, or having rights, to variable returns from its involvement with these entities, with the ability to affect those returns through its power over the investees. This judgement was based on the fact that local regulations limit the maximum ownership by any single shareholder. These entities are fully consolidated from the date control is obtained until the date that control ceases. Inter-entity transactions and balances are eliminated. The table below sets out the Company's ownership interest:

Name of subsidiary	Country of incorporation & tax residency	Ownership interest	Ownership interest
		2025	2024

29 Key management personnel remuneration (continued)

Key management personnel related party transactions

Several key management personnel, or their related parties, hold positions in other entities that result in them having control or significant influence over the financial or operating policies of those entities. A number of these entities transacted in conjunction with the Consolidated Entity in the reporting year or prior year. The terms and conditions of the transactions with key management personnel and their related parties were no more favourable than those available, or which might reasonably be expected to be available, on similar transactions to non-key management personnel related entities on an arm's length basis. For further details and information related to key management personnel remuneration, please refer to the Remuneration Report.

From time to time Directors of the Company and its controlled entities, or their Director-related entities, may purchase services from or provide services to the Consolidated Entity. These purchases or sales are on the same terms and conditions as those entered into by other employees, suppliers or customers of the Consolidated Entity and are trivial or domestic in nature. All transactions with Director-related entities are disclosed to the Board and reviewed to ensure they bring a benefit to the Consolidated Entity.

Related parties entered into the following transactions with the Consolidated Entity.

Mr. A G Moufarrige has an interest in and is a Director of Tekfon Pty Ltd (Tekfon). Servcorp has a lease on arm's length terms with Tekfon for the use of Tekfon's premises for storage. Servcorp utilises off-site storage facilities in many of its global locations, for storage of office furniture and retention of records. Tekfon's premises are in a suburb of Sydney, and have been utilised by Servcorp's Sydney locations and head office for storage since before the Consolidated Entity's IPO in 1999. Research confirms that the lease is at arm's length terms for similar facilities in the area. The Board, with Mr. A G Moufarrige absent, reviews the lease with Tekfon on an annual basis to ensure that the terms are at market rate or better.

Relatives of Mr. A G Moufarrige have an interest in Refrigerated Display Lighting Pty Ltd (RDL) (formerly Nualight AUSNZ Pty Ltd), Light Energy Australia Pty Ltd (LEA) and Ility Pty Ltd (Ility), who are clients of Servcorp in Sydney, Melbourne, Adelaide, New York, London and China. Mr A G Moufarrige has no interest in the affairs of RDL or LEA, and owns 7.3% of the issued shares in Ility. Ility provides platform and software consulting services to the Consolidated Entity.

On 17 May 2024, Servcorp entered into a Master Access and Service Agreement with Ility to develop a tenant-facing web platform accessible to Servcorp tenants.

Mr. A G Moufarrige has an interest in and is a Director of Sovori Pty Ltd (Sovori). Mr. A G Moufarrige has personal credit cards which, in the main, are used to pay for Servcorp expenses during his business travels. For convenience, these are often paid by Servcorp whilst he travels and they are then reconciled upon his return and personal expenses are repaid, on a monthly basis, to Servcorp by Sovori. During the year ended 30 June 2025, Servcorp sold a motor vehicle to Mr A G Moufarrige at arms length totalling \$33,400.

Servcorp has in excess of 55,000 clients globally. From time to time a client will be an entity which is defined as a Director related party, even though the Director has had no involvement in the decision to become a client of Servcorp. The following disclosures fall into this category.

Mrs. W Graham has an involvement with ECP Management, LP (ECP), a US-based private equity firm. ECP is a client of Servcorp in Sydney. Mrs. W Graham did not have any involvement in negotiation of the arrangement with ECP, which are at arm's length terms.

The terms and conditions of the transactions with Directors and their Director-related parties were no more favourable than those available, or which might reasonably be expected to be available, on similar transactions to non-Director-related parties on an arm's length basis.

In our opinion, the accompanying Financial Report of the Company gives a true and fair view, including of the **Consolidated Entity's** financial position as at 30 June 2025 and of its financial performance for the year then ended, in accordance with the *Corporations Act 2001*, in compliance with *Australian Accounting Standards* and the *Corporations Regulations 2001*.

The **Financial Report** comprises:

- Consolidated Statement of Financial Position as at 30 June 2025
- Consolidated Statement of Profit or Loss and Other Comprehensive Income, Consolidated Statement of Changes in Equity, and Consolidated Statement of Cash Flows for the year then ended
- Consolidated Entity Disclosure Statement and accompanying basis of preparation as at 30 June 2025
- Notes, including material accounting policies
- Directors' Declaration.

The **Consolidated Entity** consists of the Company and the entities it controlled at the year end or from time to time during the financial year.

Basis for opinion

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Consolidated Entity in accordance with the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the Financial Report in Australia. We have fulfilled our other ethical responsibilities in accordance with these requirements.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the Financial Report of the current period.

This matter was addressed in the context of our audit of the Financial Report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

Recoverability of right-of-use assets and leasehold improvements

Refer to Note 12 'Property, plant and equipment' (Leasehold improvements: \$76.2m) and Note 14 'Right of use assets' (\$318.5m) in the Financial Report

The key audit matter	How the matter was addressed in our audit
<p>The recoverability of right-of-use assets and leasehold improvements is a key audit matter due to:</p> <ul style="list-style-type: none"> the significant size of these assets to the Consolidated Entity's financial statements; and the level of judgement required by us in evaluating the significant forward-looking assumptions the Consolidated Entity applied in their Value In Use (VIU) models, particularly for those Cash Generating Units (CGUs) with extended underperformance. <p>We focused on:</p> <ul style="list-style-type: none"> Forecast future cash flows and growth rates given the associated estimation uncertainty; and Discount rates - these are subjective in nature and vary according to the specific conditions and environment of the relevant CGU. We involved our valuation specialists with this assessment. <p>The Consolidated Entity recorded an impairment of \$14.8m in this financial year.</p>	<p>Our procedures included:</p> <ul style="list-style-type: none"> We assessed the Consolidated Entity's indicators of impairment analysis for CGUs, against current and historical business performance and external factors. We assessed the appropriateness of the VIU method applied by the Consolidated Entity against the requirements of the accounting standards. We compared forecast future cash flows contained in the VIU models to budget presented to the Board. We assessed the accuracy of previous Consolidated Entity forecasts to inform our evaluation of forecasts incorporated in the VIU models. We applied increased scepticism to forecasts in areas where previous forecasts were not achieved. We challenged the Consolidated Entity's forecast future cash flow and growth rate assumptions, in particular for CGUs with extended underperformance. We used our knowledge of the Consolidated Entity, its past performance, its business plan, published studies of expected industry trends and our industry experience. Working with our valuation specialists, we independently developed a discount rate range using publicly available market data for

	<p>comparable entities, adjusted by risk factors specific to the CGUs environment and the location it operates in.</p> <ul style="list-style-type: none"> • We assessed the integrity of the VIU models used, including the accuracy of the underlying calculation formulas. • We recalculated the impairment charge against the recorded amount disclosed. • We assessed the disclosures in the financial report using our understanding obtained from our testing against the requirements of the accounting standards.

The Other Information we obtained prior to the date of this Auditor’s Report was the Director’s Report, Remuneration Report and Corporate Governance Statement. The Chairman’s Report, CEO’s Report and Shareholder Information are expected to be made available to us after the date of the Auditor’s Report.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not and will not express an audit opinion or any form of assurance conclusion thereon, with the exception of the Remuneration Report and our related assurance opinion.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor’s Report we have nothing to report.

Responsibilities of the Directors for the Financial Report

The Directors are responsible for:

- preparing the Financial Report in accordance with the *Corporations Act 2001*, including giving a true and fair view of the financial position and performance of the Consolidated Entity, and in compliance with *Australian Accounting Standards* and the *Corporations Regulations 2001*
- implementing necessary internal control to enable the preparation of a Financial Report in accordance with the *Corporations Act 2001*, including giving a true and fair view of the financial position and performance of the Consolidated Entity, and that is free from material misstatement, whether due to fraud or error
- assessing the Consolidated Entity and Company’s ability to continue as a going concern and whether the use of the going concern basis of accounting is appropriate. This includes

disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Consolidated Entity and Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Financial Report.

A further description of our responsibilities for the audit of the Financial Report is located at the *Auditing and Assurance Standards Board* website at: https://www.auasb.gov.au/media/bwvicgre/ar1_2024.pdf. This description forms part of our Auditor's Report. References to group in this description are to be read as "Consolidated Entity".

Report on the Remuneration Report

Opinion

In our opinion, the Remuneration Report of Servcorp Limited for the year ended 30 June 2025, complies with *Section 300A* of the *Corporations Act 2001*.

Directors' responsibilities

The Directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with *Section 300A* of the *Corporations Act 2001*.

Our responsibilities

We have audited the Remuneration Report included in pages 17 to 28 of the Directors' report for the year ended 30 June 2025.

Our responsibility is to express an opinion as to whether the Remuneration Report complies in all material respects with *Section 300A* of the *Corporations Act 2001*, based on our audit conducted in accordance with *Australian Auditing Standards*.
