Alice Queen's Managing Director, Andrew Buxton said

Following the recent commencement of our process to find a partner for the Horn Island Gold Project, managed by leading Perth investment banking and corporate advisory firm Argonaut PCF (refer ASX Announcement "Board Changes and Update" on 16 July 2025), we have received strong interest. Accordingly, the Company has decided that the timing was right to lodge its Mining Lease Application for the project.

A substantial body of work has gone into this application, representing a huge effort over the past decade by our team and expert consultants. The Company is pleased to advise that the application has been formally lodged with the Queensland DNRM and is now officially registered as Mining Lease Application (MLA) 100454 – Horn Island.
