Explanation of results

The Group reported a consolidated net loss after tax of \$0.112 million for the year ended 24 June 2025, compared to a net profit of \$2.617 million in the prior year. The prior year result included a \$12.612 million gain from the disposal of Main Event. Excluding this one-off gain, the Group's net result improved by \$9.883 million year-on-year.

Total segment revenue from continuing operations (excluding interest income and other income from insurance recoveries) increased by \$9.366 million to \$96.395 million, significantly exceeding FY19 pre-COVID levels of \$67.133 million. This was achieved despite international visitation remaining well below historical levels. The Theme Parks & Attractions business demonstrated consistent growth in both revenue and attendance, notwithstanding ongoing macroeconomic headwinds and adverse weather conditions during the year. Notably, Dreamworld, Whitewater World and SkyPoint were closed for several days due to Ex Tropical Cyclone Alfred in March 2025.

Further details of the Group's performance and significant items impacting this performance are contained in the attached audited financial statements (Directors' Report: Operating and financial review).
