

SRJ strengthens Middle East presence through Strategic UAE Acquisition

SRJ Technologies Group Plc (ASX:SRJ, or the Company) is pleased to confirm the completion of its strategic acquisition of a UAE entity registered with a Middle Eastern National Oil Company (“NOC”) (“Acquisition”) as first announced to ASX on 24 July 2025.

Completion of the Acquisition will deliver the platform to contract directly with a regional NOC and major regional clients - significantly advancing SRJ’s commercial capability in the region. This Acquisition forms part of the overarching goal of establishing SRJ as a trusted, embedded Asset Integrity Maintenance (AIM) partner across the UAE, Saudi Arabia, Qatar, and the UK, underpinned by recurring revenues and long-term customer relationships.

ABOUT SRJ TECHNOLOGIES

SRJ delivers a range of asset integrity products, consulting services and solutions to the energy and maritime industries.

Remote inspection services are provided utilising advanced robotics and custom UAV technologies. SRJ’s specialised consulting services and range of containment management solutions enable customers to assure the integrity of new and ageing assets subject to ever more demanding regulatory pressures.

By providing advanced robotic and UAV systems, ACE (an SRJ Group company) is revolutionising asset inspection in terms of minimising human risk and providing accurate and repeatable inspection data. ACE is able to inspect the previously un-inspectable, delivering asset integrity assurance and management to the Energy and Marine industries. ACE has achieved accreditation with all the major Marine Class Societies.

SRJ’s consulting expertise covers all areas of the asset integrity management value chain. Understanding the integrity risks our customers face generates high margin revenues and provides visibility of future product/solution needs particularly as assets degrade with age but require safe and efficient life extension.

SRJ’s range of asset integrity products and solutions have gained industry approval across the energy sector and are now in use across the world. SRJ’s products are designed to maintain and assure the integrity of pressure containment systems and therefore play an important role in the overall integrity of operating facilities.

Using pre-qualified service providers and manufacturers local to customer, SRJ is geolocation flexible and able to deliver a range of high quality, agile and cost-conscious solutions globally.
