The highlights of the 2025 financial year included the following:

- Group operating revenue growth of 5%;
- Continued growth of the Locate2u business, with revenue increasing by over 13% compared with the prior year;
- Whilst GMV for the Zoom2u business fell by 5%, revenue for the Zoom2u segment fell by only 2%, as a 12% reduction in revenue from Zoom2u (with larger volumes coming from enterprise customers with lower margins) was offset by growth in revenue from 2u Enterprises, with both the Shred2u business and digital marketing services revenue increasing over the prior year;
- The -86% reduction in Normalised EBITDA loss to \$89,075 in the year ended 30 June 2025 from a loss of \$621,297 in the year ended 30 June 2024 through a combination of increased revenue and an optimized cost base.
