Leadership Commentary

Mr Andrew Goodwin, Wisr's Chief Executive Officer, said, *"FY25 was a pivotal year for Wisr. After navigating a challenging macroeconomic environment, we returned to growth, demonstrating the strength and resilience of our business model.*

"Our strong loan origination performance drove a return to loan book growth, which together with higher net interest margins and lower net losses, delivered EBITDA profitability. Investment in automation, together with disciplined arrears management and robust risk frameworks, has delivered tangible benefits that we expect to continue into FY26 and beyond.

"We continue to deliver on our brand promise of smarter money decisions made easy. Our Customer Net Promoter Score remains consistently high and our platform investment has been recognised with multiple industry awards, including a second consecutive WeMoney Award for Best Mobile Experience.

"With the successful execution of our third warehouse facility in FY25, Wisr is well-positioned for sustained growth. We believe FY25 is just the beginning of what is possible for Wisr as we continue to innovate, grow our market share and support even more people in progressing towards what matters to them," concluded Mr Goodwin.
