Delay in Release of Appendix 4E and Annual Report

Investor Centre Limited (**ICU** or the **Company**) (ASX: ICU) wishes to advise that it will not be in a position to lodge its Appendix 4E and Annual Report for the year ended 30 June 2025, by 29 August 2025.

In the process of completing its full year results, it has become apparent to the Company and its auditor Hall Chadwick that additional time and information will be required to assess matters including the going concern of the Company as a result of the Company being made aware that Amram Corp Pty Ltd who was providing funding to the Company has gone into liquidation.

The Company is now working to secure alternative avenues of funding to meet its going concern requirements, and at which time it will be in a position to complete and release its Appendix 4E and Annual Report for the year ended 30 June 2025.

The Company anticipates being placed into a compulsory trading suspension from Monday, 1 September 2025 due to non-lodgement of its Appendix 4E by the required date.

The Company will continue to update shareholders in line with its continuous disclosure obligations.

This ASX release has been authorised by the Jody Elliss, Managing Director.
