# FY 25 Financial Results - 4E

29 August 2025

## 5G NETWORKS DELIVERS STRONG FY25 RESULTS, POSITIVE EBITDA AND STRATEGIC EXPANSION INTO CYBER SECURITY

### Key Year-on-Year Highlights FY25

- Revenue from continuing operations grew 8% to \$53.0 million
- Total consolidated revenue including AUCyber contribution rose 27% to \$62.6 million
- Gross profit increased 5.2% to \$30.0 million (47.8% gross margin)
- Underlying EBITDA of \$3.2 million, a turnaround of \$5.7 million year-on-year
- Cash position of \$29.3 million as at 30 June 2025, after \$19.1 million acquisition of AUCyber and \$4.6 million share buyback
- Acquired controlling stake (89.6%) in AUCyber (ASX:CYB), expanding into sovereign cloud and cyber security
- Enterprise revenue up 7.5% to \$40.4 million, supported by \$9.6 million contribution from AUCyber
- Wholesale revenue up 12% to \$8.9 million, driven by large Asia-Pacific contracts

### Managing Director's Commentary

5G Networks Managing Director, Joe Demase, said:

“FY25 marks a year of transformation and disciplined execution for 5G Networks. We delivered a return to positive EBITDA of \$3.2 million, representing a \$5.7

million turnaround year-on-year. This was achieved while completing the strategic acquisition of AUCyber, expanding our reach into sovereign cloud and cyber security services.

The integration of AUCyber has been immediately accretive, adding \$9.6 million revenue in five months and positioning 5GN as a key provider to Government and critical national industries. At the same time, our Enterprise and Wholesale segments continued to grow, supported by re-pricing of data centre contracts, large-scale wholesale wins in AsiaPac, and the simplification of our service portfolio.

We maintained a strong balance sheet with \$29 million cash at year-end, despite returning \$4.6 million to shareholders via buyback and investing \$19.1 million into AUCyber. This underlines our ability to pursue growth while preserving financial strength. With an expanded product suite across fibre, cloud, data centres, managed services and cyber, 5GN is well-positioned to deliver sustainable growth and shareholder value.”

### Outlook

Looking ahead to FY26, 5G Networks will continue to:

- Complete the integration and potential full acquisition of AUCyber
- Drive Enterprise and Wholesale growth through expanded data centre and cloud capacity
- Leverage cyber security expertise to win Government and critical industry contracts
- Maintain capital discipline while scaling infrastructure and customer reach

## Board Strategic Review of AUCyber

The Board has commenced a strategic review of the Company's investment in AUCyber. As part of this review, management has assessed how the two businesses can work more closely together to unlock operational and strategic benefits. The Board views cyber security as a significant long-term growth area that is strongly aligned with 5GN's existing Managed IT services and will update the market as appropriate.

Basic EPS amounts are calculated by dividing net profit/(loss) for the period attributable to ordinary equity holders of the parent by the weighted average number of ordinary shares outstanding during the period. Diluted EPS amounts are calculated by dividing net profit attributable to ordinary equity holders of the parent by the weighted average number of ordinary shares outstanding during the period plus the weighted average number of ordinary shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares. There were no dilutive potential ordinary shares in existence during the period (2024: Nil) as the share options and performance rights of the Company were antidilutive.

### 6. DETAILS OF ENTITIES OVER WHICH CONTROL HAS BEEN GAINED OR LOST

#### CYBER SECURITY AND HOSTING BUSINESS

On 19th December 2024, the Company acquired 10.74% shareholding of AUCyber (ASX.CYB) for \$1.94m and announced an on-market takeover offer, the price offered was 11 cents per share. On the 28th January 2025 5GN increased its offer to 13.5 cents per share. The on-market offer closed on the 18th February at which point 5GN holding had increased to 89.68%. The Board will continue to consider the option with the intention of completing a compulsory acquisition once it gains over 90% of shares in AUCyber under s661A of the Corporations Act 2001 (Cth).

AUCyber is an Australian-owned and operated provider of secure cloud and cyber security solutions. They specialize in supporting Australian Government, Critical National Industries, and secure enterprise organizations with services like cloud infrastructure, cyber security, and managed IT services. AUCyber is known for its commitment to data sovereignty, ensuring all customer data and operations remain within Australia's jurisdiction.

### 7. PROPOSED SALE OF 5GN BUSINESS AND RETURN OF CAPITAL

On 27 June 2024 the Company announced that its wholly owned subsidiary 5G Networks Holdings Pty Ltd (5GN Holdings) had entered into sale agreements with entities associated with the Group's Managing Director Mr Joe Demase (Purchasers), in relation to the sale of 100% of the shares in its primary operating subsidiary, 5G Network Operations Pty Ltd (5GN Operations) and its cyber security consultancy business operated by Security Shift Pty Ltd (Security Shift).

On the 27th November 2024 the company advised the market that the proposed sale and capital return will not proceed.

The Sale Agreements were terminated by an agreement entered between the Company and its subsidiaries and the entities associated with Mr Demase.

The independent directors of 5GN carefully considered the termination of the Sale Agreements. The reasons for terminating the Sale Agreements were:

- Conditions precedent in the Sale Agreements cannot now be satisfied by the end date of 31 December 2024 at which time either party would be entitled to terminate them
- Major 5GN shareholders indicated they would not vote in favour of the proposed sale
- The market is improving, and the Board considers 5GN's prospects are also improving
- 5GN's available cash will permit further strategic acquisitions
- The Company received advice that its tax liability provided for in its FY 2024 financial statements would be reduced, freeing up additional funds for both internal growth initiatives and strategic acquisition.

### 8. AUDIT OF ACCOUNTS

The Appendix 4E and Preliminary Financial Report are based on accounts which are in the process of being audited.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## 1. CORPORATE INFORMATION

The consolidated financial statements cover 5G Networks Limited ('the **Company**' or '**5GN**') and its subsidiaries (collectively, 'the **Group**') for the year ended 30 June 2025.

5G Networks Limited is a limited company, incorporated and domiciled in Australia, whose shares are publicly traded on the Australian Securities Exchange (**ASX**).

### OPERATIONS AND PRINCIPAL ACTIVITIES

The principal activities of the Group during the period are described below:

5G Networks provides the following services to enterprise and wholesale customers:

- the supply of cloud-based solutions, managed services; cyber services and network services
- the operation of fibre and wireless infrastructure and management of cloud computing environment
- the operation of data centre facilities

### REGISTERED OFFICE AND PRINCIPAL PLACE OF BUSINESS

The registered office and principal place of business of the Company is Level 7, 505 Little Collins Street, Melbourne Victoria 3000.

## 2. STATEMENT OF COMPLIANCE

The Preliminary Final Report (the Report) has been prepared in accordance with ASX Listing Rule 4.3A and has been derived from the unaudited consolidated financial statements. The consolidated financial statements have been prepared in accordance with Australian Accounting Standards (AASBs) adopted by the Australian Accounting Standards Board (AASB) that are mandatory for the current reporting period and the Corporations Act 2001. The consolidated financial statements also comply with International Financial Reporting Standards ('IFRS') and interpretations ('IFRICs') adopted by the International Accounting Standards Board ('IASB').

The preliminary final report has been prepared on the historical cost basis except for derivative financial assets, contingent consideration payables and share-based payment transactions which are stated at their fair value.

The consolidated financial statements are in the process of being audited. Accordingly, the Report should be read in conjunction with any public announcements made by the Company during the year in accordance with the continuous disclosure requirements arising under the Corporations Act 2001 and ASX Listing Rules.

The Group is of a kind referred to in Corporations Instrument 2016/191, issued by the Australian

Securities and Investments Commission, relating to rounding off. Amounts in this Report have been rounded off in accordance with that Corporations Instrument to the nearest thousand dollars, unless otherwise stated.

## 3. CRITICAL ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events. Management believes to be reasonable under the circumstances and with the exceptions of income tax and revenue recognition, were the same as those applied in the Group's last annual financial statements for the year ended 30 June 2023. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

### PROVISION FOR IMPAIRMENT OF RECEIVABLES

The provision for impairment of receivables assessment requires a degree of estimation and judgement. The level of provision is assessed by taking into account the recent sales experience, the ageing of receivables, historical collection rates and specific knowledge of the individual debtor's financial position.

### ESTIMATION OF USEFUL LIVES OF ASSETS

The Group determines the estimated useful lives and related depreciation and amortisation charges for its property, plant and equipment and finite life intangible assets. The useful lives could change significantly as a result of technical innovations or some other event. The depreciation and amortisation charge will increase where the useful lives are less than previously estimated lives, or technically obsolete or non-strategic assets that have been abandoned or sold will be written off or written down.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## GOODWILL AND OTHER INDEFINITE LIFE INTANGIBLE ASSETS

The Group tests annually, or more frequently if events or changes in circumstances indicate impairment, whether goodwill and other indefinite life intangible assets have suffered any impairment, in accordance with the Group's accounting policy.

## IMPAIRMENT OF NON-FINANCIAL ASSETS OTHER THAN GOODWILL AND OTHER INDEFINITE LIFE INTANGIBLE ASSETS

The Group assesses impairment of non-financial assets other than goodwill and other indefinite life intangible assets at each reporting date by evaluating conditions specific to the Group and to the particular asset that may lead to impairment. If an impairment trigger exists, the recoverable amount of the asset is determined. This involves fair value less costs of disposal or value-in-use calculations, which incorporate a number of key estimates and assumptions.

## LEASES

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has the option, under some of its premises leases to lease the assets for additional terms of five years. The Group applies judgement in evaluating whether it is reasonably certain to exercise the option to renew. That is, it considers all relevant factors that create an economic incentive for it to exercise the renewal. The Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise (or not to exercise) the option to renew (e.g., a change in business strategy).

The Group excluded the renewal period as part of the lease term for leases of rental premises as the Group is not reasonably certain to exercise the renewals.

## INCOME TAX

The Group is subject to income taxes in the jurisdictions in which it operates. Significant judgement is required in determining the provision for income tax. There are many transactions and calculations undertaken during the ordinary course of business for which the ultimate tax determination is uncertain. The Group recognises liabilities based on the Group's current understanding of the tax law. Where the final tax outcome of these matters is different from the carrying amounts, such differences will impact the current and deferred tax provisions in the period in which such determination is made.

## RECOVERY OF DEFERRED TAX ASSETS

Deferred tax assets are recognised for deductible temporary differences only if the Group considers it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

## LONG SERVICE LEAVE PROVISION

The liability for long service leave is recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at the reporting date. In determining the present values of the liability, estimates of attrition rates and pay increases through promotion and inflation have been taken into account.

## BUSINESS COMBINATIONS

Business combinations are initially accounted for on a provisional basis. The fair value of assets acquired, liabilities and contingent liabilities assumed are initially estimated by the Group taking into consideration all available information at the reporting date. Fair value adjustments on the finalisation of the business combination accounting is retrospective, where applicable, to the period the combination occurred and may have an impact on the assets and liabilities, depreciation and amortisation reported.

Sundry income	960	144
R&D Refundable tax offset	287	-
<b>Total Other Income</b>	<b>3,688</b>	<b>3,536</b>

## 6. EARNINGS PER SHARE

Basic Earnings Per Share (EPS) amounts are calculated by dividing net profit or loss for the year attributable to ordinary equity holders of the parent by the weighted average number of ordinary shares outstanding during the period.

Diluted EPS amounts are calculated by dividing net profit attributable to ordinary equity holders of the parent by the weighted average number of ordinary shares outstanding during the year plus the weighted average number of ordinary shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

There were no dilutive potential ordinary shares in existence during the year (2024: Nil) as the share options and performance rights of the Company were antidilutive.

The following represents the share data used in the EPS computations:

	Consolidated 2025 Number	Consolidated 2024 Number
Weighted average number of shares used in calculating earnings per share and diluted earnings per share	300,694,883	317,757,331

## 7. CASH AND CASH EQUIVALENTS AND RESTRICTED CASH

### Reconciliation of Cash and Cash equivalents

For the purposes of the statement of cash flows, cash includes cash at bank and in hand net of bank overdrafts. Cash at the end of the year as shown in the statement of cash flows is reconciled to the related items in the statement of financial position as follows:

	Consolidated	
	2025 \$000	2024 \$000
Cash at bank and in hand	25,914	64,986
Restricted cash	3,315	2,925
<b>Total Cash &amp; Cash Equivalents</b>	<b>29,229</b>	<b>67,911</b>

### Restricted cash

The restricted cash amounts of \$3.315 million (2024: \$2.925 million) are held as security for property lease bank guarantees issued by Commonwealth Bank of Australia on behalf of the Group.

## 8. TRADE AND OTHER RECEIVABLES

	Consolidated	
	2025 \$000	2024 \$000
Trade receivables	7,729	-
Allowance for impairment of receivables	(184)	-
	<b>7,545</b>	-
Unsecured loans – at call <sup>1</sup>	378	378
Other receivables	942	144
<b>Total Trade and Other Receivables</b>	<b>8,865</b>	<b>522</b>

<sup>1</sup> Unsecured loans represent loans granted to key management personnel and employees to allow them to take up shares in a capital raising undertaken by 5G Networks Limited in FY21.

The Group applies the AASB 9 simplified model of recognising lifetime expected credit losses for all trade receivables as these items do not have a significant financing component.

In measuring the expected credit losses, the trade receivables have been assessed on a collective basis as they possess shared credit risk characteristics. They have been grouped based on the past due and also according to the geographical location of customers.

The expected loss rates are based on the payment profile for sales over the past 36 months before 30 June 2025 and 1 July 2024 respectively as well as the corresponding historical credit losses during that period. The historical rates are adjusted to reflect current and forward-looking macroeconomic factors affecting the customer's ability to settle the amount outstanding.

Trade receivables are written off (i.e. derecognised) when there is no reasonable expectation of recovery. Failure to make payments within 120 days from the invoice date and failure to engage with the Group on alternative payment arrangements amongst other is considered indicators of no reasonable expectation of recovery.

## 9. CONTRACT ASSETS AND LIABILITIES

Contract assets consist of the following:

	Consolidated	
	2025 \$000	2024 \$000
<b>Contract assets<sup>2</sup></b>		
Work in progress	975	-
	<b>975</b>	-

Movement of contract assets during the period:

	Consolidated	
	2025 \$000	2024 \$000
<b>As at 1 July 2024</b>	-	1,089
Additions	2,899	1,946
Cash received	(1,924)	(2,275)
Assets reclassified as held for sale	-	(760)
<b>As at 30 June 2025</b>	<b>975</b>	-

<sup>2</sup> The Group makes use of a simplified approach in accounting for contract assets and records the loss allowance as lifetime expected credit losses. After the assessment of contract asset on a collective basis, the Group determined to apply zero as the loss rate.

## 11. LEASES

The Group has leases for data centres and related facilities, and offices premises. With the exception of short-term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability. Variable lease payments which do not depend on an index or a rate (such as lease payments based on a percentage of Group sales) are excluded from the initial measurement of the lease liability and asset.

Set out below are the amounts recognised in profit and loss during the period:

	2025 \$000	2024 \$000
Depreciation expense of right-of-use assets	3,818	2,622
Net Loss on transfer of assets held for sale	942	-

Assets reclassified as held for sale	(7,224)	(293)	(7,517)
<b>As at 30 June 2024</b>	<b>-</b>	<b>-</b>	<b>-</b>

Each lease generally imposes a restriction that, unless there is a contractual right for the Group to sublet the asset to another party, the right-of-use asset can only be used by the Group. Leases are either non-cancellable or may only be cancelled by incurring a substantive termination fee. Some leases contain an option to purchase the underlying leased asset outright at the end of the lease, or to extend the lease for a further term. The Group is prohibited from selling or pledging the underlying leased assets as security. For leases over data centres and office premises the Group must keep those properties in a good state of repair and return the properties in their original condition at the end of the lease. Further, the Group must insure items of property, plant and equipment and incur maintenance fees on such items in accordance with the lease contracts.

## 18. ASSETS CLASSIFIED AS HELD FOR SALE

As at 30 June 2024, the assets and liabilities of the Group's primary operating subsidiary, 5G Networks Operations Pty Ltd and its cyber security consultancy business operated by Security Shift Pty Ltd were classified as held for sale.

On 27 November 2024, the Company announced that the proposed sale would not proceed and that the Sale Agreements have been terminated by agreement between the Company and the entities associated with Mr Joe Demase. Accordingly, the assets and liabilities of the Group's primary operating subsidiary, 5G Networks Operations Pty Ltd and its cyber security consultancy business operated by Security Shift Pty Ltd were reclassified from assets held for sale as at 27 November 2024.

A loss on remeasurement of a non-current asset (or disposal group) classified as held for sale of \$3,339,150 has been recorded in the profit or loss from continuing operation.

This amount represents the depreciation and amortisation of property, plant and equipment, right-of-use assets and intangible assets for the period when these assets were classified as held for sale.

## 19. BUSINESS ACQUISITIONS

### AUCyber Limited

On 3 February 2025, 5G Networks Limited (ASX:5GN) acquired control of AUCyber Limited (ASX:CYB), a specialist provider of cyber security solutions, including threat detection, penetration testing, and managed security services, operating within the Australian enterprise and government sectors.

AUCyber Limited's product offering and workforce complement that of 5GN, and we expect to realise synergies between the two companies.

#### (a) Details of the purchase consideration, the net assets acquired and goodwill are as follows:

	\$'000
Cash paid	10,762
<b>Total purchase consideration</b>	<b>10,762</b>

This was a stepped acquisition, with 5GN initially acquiring a 10.737% interest in AUCyber on 20 December 2024. Total ownership came to 50.709% on 3 February 2025, at which point new directors were appointed and control was obtained.

#### (b) Remeasurement of Previously Held Interest:

In accordance with AASB 3, previously held ownership interests acquired up to the point of acquisition were remeasured to fair value at the acquisition date, resulting in a loss of \$267,683, recognised in profit or loss.

#### (c) Details of the net assets acquired and goodwill are as follows.

The provisional fair value of the net assets acquired were:

	\$'000
Cash	4,091
Trade receivables	2,838
Prepayments and Other Receivables	884
Plant and equipment	10,146
Other Intangible Assets	84
Trade payables	(2,130)
Accruals and Other Payables	(6,044)
Employee benefit obligations	(948)
Customer Related Intangibles	789
Brand Names	787
<b>Net identifiable assets acquired</b>	<b>10,497</b>
<b>Goodwill</b>	<b>12,057</b>

The goodwill is attributable to the workforce and potential synergies to be realised in the acquired business. It will not be deductible for tax purposes.

#### (d) Revenue and profit contribution

The acquired business contributed revenues of \$10m and net loss of \$3.97m to the group for the period from 3 February 2025 to 30 June 2025.

Pro-forma revenue and loss for the year ended 30 June 2025 would have been \$85m and \$20.46m respectively. These amounts have been calculated using the acquired entities' results.

#### (e) Non-controlling Interest

In accordance with AASB 3, the non-controlling interest (NCI) in AUCyber Limited was measured at its fair value at the acquisition date, using the prevailing share price of AUCyber Limited (ASX:CYB) and market-based valuation benchmarks for comparable entities. This approach reflects the full goodwill method and results in the recognition of goodwill attributable to both the parent and the non-controlling interest.

As at 3 February 2025, following the acquisition of control of AUCyber Limited, 5G Networks Limited held a 50.709% ownership interest, with the remaining 49.291% held by non-controlling shareholders.

As at 30 June 2025, further share acquisitions were undertaken by 5GN, reaching a total 89.96% ownership in AUCyber.

For the period from 3 February 2025 to 30 June 2025:

- The profit/(loss) attributable to the NCI was (\$391,750)
- The equity interest attributable to the NCI as at 30 June 2025 was \$1,825,941.

#### (f) Reconciliation of NCI in AUCyber Limited

	\$'000
Opening NCI balance (as at acquisition date)	10,884
Transactions with NCI (purchase/sale of additional interest without loss of control)	(8,666)
