PME Achieves Authority to Operate (ATO) from the U.S. Department of Veterans' Affairs

01 September 2025

HIGHLIGHTS

- **PME achieves Authority to Operate (ATO) from the U.S. Department of Veterans' Affairs.**
- **ATO is for Visage 7 | CloudPACS in the Veterans' Affairs Enterprise Cloud (VAEC).**
- **Visage has successfully demonstrated, documented, tested and validated rigorous Federal security controls.**

Leading health imaging company Pro Medicus Limited [ASX: PME] today announced its wholly owned U.S. subsidiary, Visage Imaging, Inc. ("Visage"), has been granted an Authority to Operate (ATO) for the Veterans Affairs Enterprise Cloud (VAEC), by the U.S. Department of Veterans' Affairs, for [Visage 7 | CloudPACS](#), the cloud-based implementation of the Visage 7 Enterprise Imaging Platform ("Visage 7").

By securing this Agency ATO, Visage has successfully demonstrated, documented, tested and validated rigorous Federal security controls. Achieving VAEC ATO is a significant, multi-year milestone in Visage Imaging's journey working with the Veterans' Health Administration (VHA).

"We are honoured to work with VHA on their journey to the cloud. The ATO, has been years in the making and is the final sign-off to enable us to transition our current on-premise implementation of Visage 7 to the VAEC which we believe will be a first. Once completed, we aim to use this as a reference site for other VISN's (Veterans' Integrated Service Network) looking to migrate to the VAEC," said Dr Sam Hupert, CEO of Pro Medicus.

Visage exhibited last week at the 2025 Defense Health Information Technology Symposium (DHITS) in Nashville, TN. Visage 7 was demonstrated to federal health information technology physicians and professionals from the VHA and Defense Health Agency (DHA).
