### ASX RELEASE

1 September 2025

#### Dreamworld land preliminary approval development application - Update

Coast Entertainment Holdings Limited (**Company**) refers to its previous announcement to the ASX on 18 June 2025 regarding the possibility of the Queensland Deputy Premier and Minister for State Development, Infrastructure and Planning (**Minister**) exercising his statutory powers under the Planning Act to “call-in” the Company’s Preliminary Approval Development Application (**Application**).

The Company confirms that this morning it has received a Proposed Call-In Notice from the Minister which indicates that he is proposing to call-in and assess and decide the Application on the basis that it affects the economic and environmental interests of the State. As part of the process, the Minister has sought representations from interested stakeholders, following which he will then make a decision as to whether or not the matter will be called-in for consideration and assessment by him.

The Company will update the market again after the representation period as to whether a Call-in Notice is issued by the Minister or whether the current Council process will continue. The Company has no information as to whether or not its Application will be approved and has not made any decisions, nor has it entered into any commitment or arrangement, regarding the proposed use of the land if its Application is approved.
