Letter from the Chairman

20 August 2025

Dear ECF Securityholders

Takeover offer to ECF securityholders

On behalf of LDR Assets Pty Ltd (ACN 689 671 396) as trustee for the LDR Assets Trust (the **Bidder**), we are pleased to present the Bidder's Offer to acquire all of your stapled securities in the Elanor Commercial Property Fund (**ECF**).

Summary of the Offer

The Offer is an all cash offer of \$0.70 per ECF Security for all of your stapled securities in ECF¹, which enables you to receive an attractive premium for your ECF Securities relative to historical trading levels.

The Offer Price represents an attractive premium to ECF Securityholders

The Offer represents compelling value and represents:

- [a 1.9% premium to ECF's 30 June 2025 net tangible asset backing \(NTA\) per security of \\$0.687, as disclosed in ECF's FY2025 results released to ASX on 26 August 2025;](#)
- a 5.3% premium to the closing price of ECF Securities of \$0.665 on 1 August 2025, being the last trading day prior to the Announcement Date;
- a 10.1% premium to ECF's one month weighted average price (**VWAP**) to the Announcement Date of \$0.636;
- a 12.1% premium to the 3-month VWAP to the Announcement Date of \$0.625;
- a 16.2% premium to the 6-month VWAP to the Announcement Date of \$0.603;
- a 15.0% premium to the 12-month VWAP to the Announcement Date of \$0.609; and
- a 20.6% premium to ECF's equity raising undertaken in October 2024.

Commentary on ECF's FY25 and Elanor's FY24 financial results

[The Bidder announced its intention to make a takeover offer for ECF on 4 August 2025, which was prior to the release of ECF's FY2025 financial results on 26 August 2025. What has been concerning to us, and I believe also to other investors in ECF, is the decline in several key metrics over the last reporting period. Importantly:](#)

- [ECF's NTA per security has declined 17.7% over FY2025;](#)
- [the occupancy rate of ECF's portfolio has fallen 2.1% and WALE has declined 0.6 years; and](#)
- [ECF's funds from operations \(FFO\) has fallen by 10% during FY2025, down from 10.5 cents at 30 June 2024 to 9.4 cents at 30 June 2025.](#)

[The responsible entity of ECF has provided distribution guidance of 6.5 cents per security in FY2026. This represents an approximate 31% decline in annual distributions per security since FY2022 of 9.4 cents per security. The Lederer Family Office first invested in ECF in August 2021 as part of the ECF equity raising to acquire its Cavill Avenue property.](#)

1. The Offer Price will not be adjusted in accordance with the Offer Terms for the distribution of 1.875 cents per ECF Security declared for the quarter ending 30 June 2025, which was announced to ASX on 23 June 2025 and ~~is due to be~~ was paid on 1 September 2025.

[Elanor released its FY2024 annual results on 29 August 25. Elanor's results, quite frankly, are a disaster. Over and above losing their key mandate in Challenger, I can't believe that Elanor's own NTA per security has gone from \\$1.23 per security in FY2023 to 32 cents per security in FY2024 \(down 74%\). Based on Elanor's disclosure, it appears it needs to address nine major issues to remain a going concern by November this year. That's a lot of balls in the air.](#)

Reasons to accept the Offer

The Offer provides ECF Securityholders with a number of significant benefits and compelling reasons to accept the Offer:

- All cash Offer allows you the opportunity to realise value for your ECF Securities with the certainty of cash consideration;
- The Offer removes your exposure to the risks and uncertainties associated with a continued investment in ECF Securities;
- You will not incur any brokerage cost or stamp duty with your acceptance of the Offer; and
- The Offer is only subject to there being no Prescribed Occurrences occurring before the end of the Offer Period. There is no minimum acceptance condition.

- becoming a co-owner of Western Sydney Wanderers, Sydney based A-league team; and
- developing, curating and managing a \$1.2 billion portfolio of real estate assets.

We bring decades of proven success in executing strategies across diverse businesses. Commercial property represents a core component of the Lederer Family Office investment portfolio, managed by a highly experienced in-house team.

Condition of the Offer

The Offer is only subject to there being no Prescribed Occurrences occurring before the end of the Offer Period. The terms of the Offer, including details of the Prescribed Occurrences, are set out in Schedule 1 to this Bidder's Statement. Importantly, the Bidder has waived a number of conditions that it had proposed in its notice of intention to make a takeover bid of ECF that was released on ASX on 4 August 2025.

We encourage you to read this Bidder's Statement for more details about the Offer, about the Bidder and about the Lederer Family Office. The Offer is open for your acceptance until 7.00pm (Sydney time) on , unless extended. If you wish to accept the Offer, please complete and return an Acceptance Form or register and lodge your acceptance via the Automatic Investor Portal.

Why you should accept the offer?

Why you should accept the Offer?

The Offer provides significant benefits to you as an ECF Securityholder. The key reasons why you should accept the Offer are as follows:

1	The Offer delivers an attractive premium to the historic price of ECF Securities and recent NTA per security .
2	The Offer is all cash consideration. As such, you have the opportunity to realise value for your ECF Securities with the certainty of 100% cash.
3	No competing offer has emerged for your ECF Securities and the Bidder considers the likelihood of a competing proposal emerging to be low.
4	The Offer removes your exposure to the risks and uncertainties associated with a continued investment in ECF Securities.
5	The price of ECF Securities may fall if the Offer lapses.
6	There may be a reduction in liquidity in ECF Securities if the Bidder further increases its interest in ECF and the free float of ECF Securities is reduced.
7	If you do not accept the Offer and the Bidder further increases its interest in ECF, you risk becoming a minority securityholder in an entity controlled by the Bidder (and ECF may be delisted from ASX, subject to the satisfaction of certain conditions and safeguards imposed by ASX).
8	The Offer is only subject to there being no Prescribed Occurrences occurring before the end of the Offer Period.

Why you should accept the Offer? continued

The Offer represents an attractive premium to ECF's [NTA per security as at 30 June 2025](#) and trading levels as at the Announcement Date. [The Offer Price](#) and is materially above where ECF has recently traded at, as demonstrated in the chart below.

The Offer represents:

- a [1.9% premium to ECF's 30 June 2025 net tangible asset backing \(NTA\) per security of \\$0.687, as disclosed in ECF's FY2025 results released to ASX on 26 August 2025](#);

~~The Offer Price will not be adjusted in accordance with the Offer Terms for the distribution of 1.875 cents per ECF Security declared for the quarter ending 30 June 2025, which was announced to ASX on 23 June 2025 and is due to be paid on 1 September 2025. [In accordance with the Offer Terms, the Bidder has agreed to waive its entitlement to any Rights attaching to ECF Securities in relation to the distribution of 1.875 cents per ECF Security for the quarter ending 30 June 2025, which was announced to ASX on 23 June 2025 and was paid on 1 September 2025. As a result, the Offer Price will not be adjusted for the June 2025 quarter distribution. However, the Offer Price will be adjusted for all other distributions that are declared, paid, made or arise or accrue after the June 2025 quarter distribution.⁴²](#)

2 The Offer is all cash consideration. As such, you have the opportunity to realise value for your ECF Securities with the certainty of 100% cash

The Bidder is offering you 100% cash consideration for your ECF Securities. If you accept the Offer and the Offer becomes unconditional, it will provide you with an opportunity for liquidity and to realise certain value for your ECF Securities.

[If you accept the Offer and the Offer becomes unconditional, all cash consideration also provides you with the ability to re-invest this cash into other investment opportunities.](#)

⁴² Based on historical distributions in ECF, the Bidder anticipates details of the distribution for the quarter ending 30 September 2025 will be announced by ECF in late-September 2025, which will be before the end of the Offer Period. [The manner in which the Offer Price is adjusted for any Rights that are declared, paid, made or arise or accrue will be impacted by whether the Bidder is the holder of ECF Securities that are the subject of acceptances under the Offer on the record date for those Rights and the time by which the Bidder is required to pay you the Offer Consideration. Refer to the FAQ on page 18 of this Bidder's Statement for further information.](#)

Why you should accept the Offer? continued

3 No competing offer has emerged for your ECF Securities and the Bidder considers the likelihood of a competing proposal emerging to be low

As at the date of this Bidder's Statement, the Bidder is not aware of any other party intending to make a competing proposal to acquire ECF Securities and there is no certainty that any such offer will materialise or that any such offer would be superior to the Offer.

The Bidder considers it a low likelihood that an alternative bidder will make a competing proposal for ECF. At the date of this Bidder's Statement, the Lederer Family Office held ~~27.54%~~ 27.9% of the ECF Securities on issue. Such a holding would commonly be considered a blocking stake as it prevents a potential acquirer from obtaining 100% ownership of ECF without the Lederer Family Office's support.

4 The Offer removes your exposure to the risks and uncertainties associated with a continued investment in ECF Securities

The Bidder believes that the cash consideration payable under the Offer represents attractive value for your ECF Securities. As an ECF Securityholder, you are subject to several external and ECF specific risks and uncertainties that could affect the trading price of ECF Securities. If you accept the Offer and the Offer becomes unconditional, you will no longer be exposed to those risks and uncertainties, which include:

4.1 ~~Potential changes to the ECF strategy or acquisition of Firmus' Australian assets~~ Risks of further decline in ECF's net tangible asset backing per security

Conditions in the property investment market including tenant performance, vacancy rates, capex requirements and changes in the adopted market yields can impact the value of ECF's underlying properties which in turn will impact ECF's NTA per security.

According to page 9 of ECF's FY2025 results presentation, ECF's NTA per security declined by approximately 17.7% over FY2025. The current Offer Price represents a 1.9% premium to ECF's disclosed NTA per security of 68.7 cents.

ECF's investment property valuations declined 3.7% in FY2025 in line with market yields. Several factors may further impact the value of ECF investment properties and ECF's future NTA per security, including:

- ECF's short lease expiry profile and exposure to significant vacancy risks as 25.1% of ECF's portfolio (by net lettable area) is vacant or due to expire in FY2026;
- Workzone West occupancy has gone from 100% to 71% in August 2025 as a result of the expiry of the CPB Contractors lease. The asset is currently undergoing a repositioning, however, there is a risk that the investment manager may be unable to successfully re-lease the asset as outlined in ECF's FY2025 results;
- Risks that the investment manager is unable to successfully extend the current Commonwealth Government tenant at Garema Court which would require a significant repositioning of the asset and re-leasing a 100% of the building. This may impact the value of the asset, including if recent valuations of Garema Court have applied a probability weighting to the retention of the Commonwealth Government tenant; and
- Risks that the investment manager is unable to successfully lease the vacant space at Harris Street. Harris Street is currently 26% vacant and there is no certainty that the current leasing campaign will be successful.
- ~~Firmus, which will be acquired by Elanor and is stated to be an element of the expanded Rockworth strategic alliance, manages a portfolio of assets that includes commercial real estate across industrial, retail and office located in Australia and Singapore. The Bidder is concerned that Rockworth or Elanor may look to vend some or all of Firmus' Australian office assets into ECF. A transaction of this nature could:
 - ~~result in a change of control in ECF;~~
 - ~~dilute existing ECF Securityholders;~~
 - ~~have a material negative an unknown impact on the earnings and future distributions in ECF; and~~
 - ~~entrench Elanor's role as the current responsible entity and investment manager of ECF even more should the transaction be implemented through th issue of ECF Securities to certain Elanor investors such as Rockworth and associates of Elanor.~~~~
- ~~The Bidder acknowledges the statement by Elanor released to ASX on 13 August 2025 that Elanor has no intention to vary the current ECF investment strategy, which it states is to only acquire properties within Australia.~~
- ~~Notwithstanding this statement, the Bidder remains concerned that ECF may be used to enact Rockworth's "redefined business strategy" to expand into Asia given this statement has been made by Elanor before completion~~

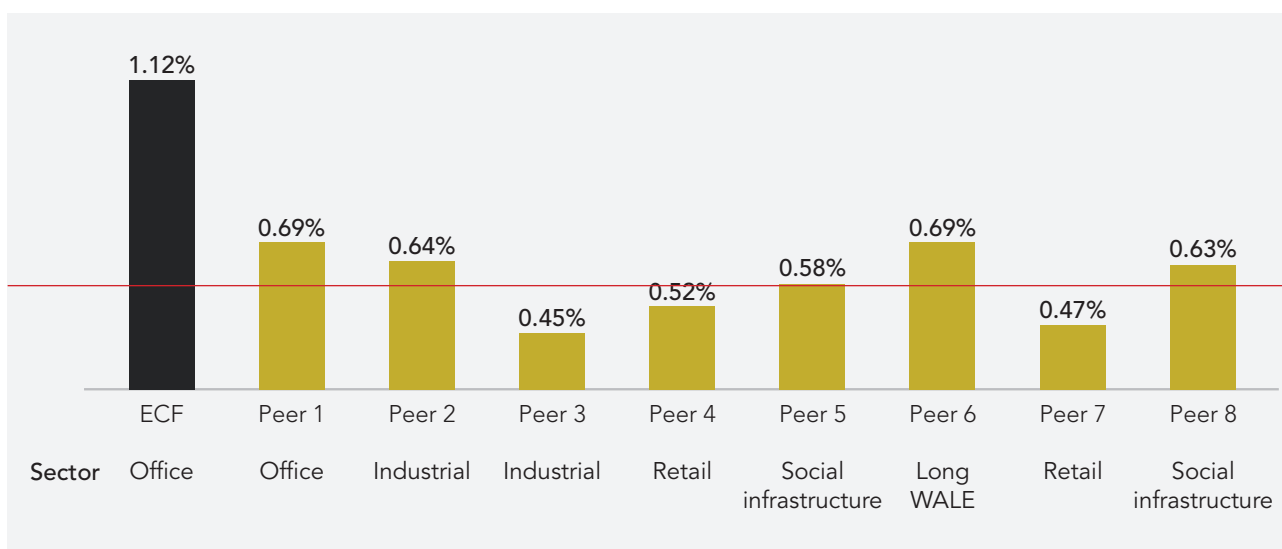

of the recapitalisation transaction with Rockworth. If the transaction is approved by Elanor securityholders, it will result in Rockworth and Su Kiat Lim collectively holding 62% of Elanor securities and gaining effective control of Elanor. Rockworth and Su Kiat Lim have not made their intentions clear in relation to the future operations of Elanor and EGF.

- The Bidder notes that the risks outlined above may require regulatory approvals and the approval of EGF Securityholders, in particular:
 - the acquisition of a substantial asset by EGF (being an asset valued at 5% or more of EGF's equity interests set out in its latest accounts given to ASX) from Elanor, a related party of Elanor, including a person that controls or is controlled by Elanor, or an associate of any of the previously mentioned persons, would require the approval of EGF's independent securityholders under Listing Rule 10.1;
 - the issue of EGF Securities to a person named above may also require the approval of EGF's independent securityholders under Listing Rule 10.11.

4.2 — Continued exposure to elevated MER compared to industry peers

- Risks that Elanor continues as the incumbent responsible entity and investment manager of EGF and EGF continues to incur higher than average fees and expenses compared to comparable listed real estate investment trusts. The management expense ratio (MER) for EGF is, on average, higher than other MERs for comparable listed real estate investment trusts.

The following provides a comparison of the MER for EGF against its industry peers:

Notes:

- MER data has been prepared using information disclosed in the FY2024 annual report for EGF and each peer. Each peer is an externally managed REIT included in the ASX 300 A-REIT Index that were listed for the duration of FY2024.
- MER is defined as management expense ratio and calculated based on total related party fees divided by closing total assets in each FY24 balance sheet.
- Total related party fees includes revenue paid to the responsible entity and investment manager under related party disclosures but excludes property management, facilities/centre management, development management, debt arranger and leasing fees.
- Closing gross asset values based on total assets as disclosed in the FY2024 balance sheet for EGF and each peer.

4.2 Uncertainty over the ability of Elanor Investors Group to continue as a going concern

- On 29 August 2025, Elanor released its FY2024 annual financial report to ASX. The directors' report highlights that there is material uncertainty which may cast significant doubt as to whether Elanor will be able to pay its debts as and when they become due and payable and therefore continue as a going concern. Further, Elanor's ability to remain a going concern is dependent on a number of factors including the following (reproduced from pages 73 and 74 of the report. Capitalised terms use in this section have the meaning given to them in the report unless otherwise defined):
 - regulatory and ENN securityholder approvals to enable execution of the Rockworth Investment prior to the sunset date of 30 November 2025, at which time the binding terms will automatically terminate unless otherwise agreed by the parties;
 - satisfaction of customary conditions precedent to draw down of the Rockworth Investment in order to repay the senior secured facility, the corporate notes and the commercial arrangements;

Why you should accept the Offer? continued

- ENN Group and Rockworth reaching agreement on the terms of the long form documentation of the transaction agreements, including there being no material adverse change to the ENN Group's assets, financial position or prospects prior to execution;
- Keyview not exercising their rights in respect of the historical or any future defaults on the senior debt facility;
- lenders to managed funds not exercising their rights in respect of any historical or future defaults, which would constitute a cross default under the Keyview facility;
- the corporate noteholders not exercising their rights in the event of any breach of any condition, subsequent to the waiver issued in relation to the 30 June 2025 compliance requirements;
- counterparties under the commercial arrangements not exercising their rights relating to those arrangements, unless otherwise renegotiated;
- the completion of the orderly asset divestment programs within EHAF and Bluewater Square, in compliance with debt repayment plans agreed with the relevant lenders to those funds, sufficient to provide required capital returns to fund investors, including the ENN Group, and to repay loans and trade receivables due to the ENN Group; and
- the ability of the ENN Group to retain management of funds and mandates and to take necessary steps to achieve sufficient profitability and ensure adequacy of working capital going forward.
- Unless renegotiated with Keyview, the Bidder understands that all of these dependencies need to occur prior to 14 November 2025 at which time Keyview would be able to enforce its rights.
- There is no certainty that Elanor will be able to achieve any or all of these outcomes, many of which are interdependent.
- Elanor's ability to remain a going concern has serious implications for ECF given both the responsible entity and investment manager of ECF are wholly owned subsidiaries of Elanor. If Elanor is unable to implement or achieve the above outcomes and stabilise its financial position or becomes insolvent, the Bidder believes this will have a material impact on the ongoing management of ECF.
- The Bidder believes that the significant risks to Elanor remaining a going concern also have the potential to materially impact the ability of the responsible entity or investment manager of ECF to retain and attract staff which may impact ECF's future performance. Similarly, these risks may impact ECF's ability to deal freely with counterparties (including in connection with future acquisitions or divestments) given the counterparty would be dealing with a potentially insolvent counterparty which may result in less than ideal terms having to be committed to on behalf of ECF.

4.3 Uncertainty over the composition of the Elanor board and senior management

- Ongoing uncertainty around the composition of the Elanor board. This ongoing uncertainty may negatively impact the performance of ECF. In particular, ~~Elanor's announcement~~ the announcements by Elanor and ECF to ASX on 28 July 2025 highlighted that:
 - Rockworth and Su Kiat Lim will collectively hold a 62% relevant interest in Elanor if Elanor securityholders approve the recapitalisation transaction (which includes the Firmus acquisition). Rockworth and Su Kiat Lim will have effective control of Elanor and as such will have control of the responsible entity and investment manager of ECF.
 - Su Kiat Lim will have the right to nominate a director to the Elanor board so long as he holds more than 10% of Elanor securities and Rockworth will preserve its existing right to appoint a nominee director to the Elanor board.
 - As it currently stands, Su Kiat Lim is a director of the responsible entity of ECF (and up until recently was Rockworth's appointed nominee) and Rockworth will also have the right to nominate a director to the board of the responsible entity of ECF.
 - ~~Given the above, Rockworth and Su Kiat Lim will also also have significant influence over the responsible entity of ECF (unless the responsible entity of ECF is changed to an entity that is not part of the Elanor Group):~~
 - ~~The intentions of Rockworth and Su Kiat Lim are unclear and may be in conflict with the interests of ECF Securityholders.~~
- Given the above, Rockworth and Su Kiat Lim will also have significant influence over the responsible entity of ECF (unless the responsible entity of ECF is changed to an entity that is not part of the Elanor Group).
- The intentions of Rockworth and Su Kiat Lim are unclear and may be in conflict with the interests of ECF Securityholders.
- Elanor has announced it will undertake a search for a new CEO for Elanor. It is unclear if Elanor will be able to attract a suitability qualified CEO and how that CEO will shape the future direction of Elanor and the senior leadership team. The impact to ECF (for so long as ECF has an Elanor Group responsible entity or manager) as a result of these changes is unclear.
- Notwithstanding the above risks, the Bidder notes that the responsible entity of ECF has legal obligations to:

- o [act in the best interests of ECF Securityholders, including to act honestly and for a proper purpose;](#)
- o [give priority to the interests of all ECF Securityholders over those of the responsible entity in the event of a conflict between them; and](#)
- o [exercise the degree of care and diligence that a reasonable person would exercise if they were in the responsible entity's position.](#)

4.4 Other possible negative impacts

- The potential for reductions in the frequency and/or quantum of distributions in the future as ECF's look through gearing is approximately 42% as at 31 December 2024 and there is ongoing capex and incentive commitments to be met over the coming years.
- ~~Interest rate risks which can impact the cost of debt of some of ECF's debt facilities and may impact the trading price of ECF Securities on the ASX.~~
- Equity market volatility which can impact the value of ECF Securities on the ASX.

5 The price of ECF Securities may fall if the Offer lapses

The price of ECF Securities closed at \$0.665 per ECF Security on the last trading date prior to the Announcement Date. Given the premium the Bidder is offering, ECF Securities may trade below current levels if the Offer lapses and there is currently no competing or superior proposal and there is unlikely to be one given the Lederer Family Office's ~~27.54%~~ [27.9%](#) interest in ECF.

6 There may be a reduction in liquidity of ECF Securities if the Bidder further increases its interest in ECF

At the date of this Bidder's Statement, the Lederer Family Office held ~~27.54%~~ [27.9%](#) of ECF Securities on issue. Subject to acceptances, during or following close of the Offer, if the Bidder, together with its Associates, increases its interest in ECF, but the Bidder is not entitled to or otherwise does not proceed to compulsorily acquire the remaining ECF Securities in accordance with Part 6A.1 of the Corporations Act and:

- ECF continues to be listed on the ASX following the Offer; and
- you continue to hold ECF Securities,

there may be reduced liquidity in ECF Securities due to the decrease in the number of ECF Securities available for trading. This may make it difficult for you to sell your ECF Securities outside of the Offer and could cause the price of ECF Securities to fall.

7 If you do not accept the Offer and the Bidder further increases its interest in ECF, you risk becoming a minority securityholder in ECF

If the Bidder increases its interest in ECF and the Lederer Family Office gain a majority of the voting power in ECF, but the Bidder is not entitled to or otherwise does not compulsorily acquire the remaining ECF Securities, those ECF Securityholders who have not accepted the Offer will become minority securityholders with less influence over the future direction of ECF.

Once the Offer has closed, the Bidder may seek to replace the existing responsible entity of ECF with a new responsible entity that is independent of both Elanor and any ECF Securityholder, including the Lederer Family Office.

In addition, if the Bidder has a relevant interest in at least 75% of the ECF Securities, it may procure that the responsible entity for ECF apply for removal of ECF from the Official List of the ASX. If ECF is removed from the Official List of the ASX, ECF Securities will be unable to be bought or sold on the ASX and any remaining ECF Securityholders will become minority securityholders in an unlisted real estate investment trust.

[The ability for the Bidder or the responsible entity of ECF to delist ECF from ASX is subject to certain conditions and safeguards imposed by ASX to protect minority securityholders, including a prohibition on the Bidder and its related bodies corporate voting on any special resolution to delist ECF within 12 months after close of the Offer \(refer to section 5.3.4 for further information\).](#)

Please refer to section 5 of this Bidder's Statement for further details regarding the Bidder's intentions in relation to ECF.

Question

Will I be entitled to distributions from ECF if I accept the Offer?

Answer

The Offer to acquire your ECF Securities extends to all the Rights attaching to them, which includes all distributions and all rights to receive any distributions from ECF that are declared, paid, made or arise or accrue on or after the Announcement Date.

Subject to the Offer Terms, if you receive, or any previous holder of your ECF Securities receives, the benefit of any Rights, the Bidder reserves the right to deduct from the Offer Consideration due to you the value of such Rights.

For the avoidance of doubt, the Rights referred to do not include the distribution of 1.875 cents per ECF Security declared for the quarter ending 30 June 2025, which was announced to ASX on 23 June 2025 and ~~is due to be~~ was paid on 1 September 2025.

The Offer Price will be adjusted for all other distributions ~~declared and paid that are declared, paid, made or arise or accrue~~ after the June 2025 quarter distribution.

The way the Offer Price is adjusted for any Rights that accrue will be impacted by whether the Bidder is the holder of ECF Securities that are the subject of acceptances under the Offer on the record date for those Rights and the time by which the Bidder is required to pay you the Offer Consideration.

For example, if you accept the Offer, the Condition becomes unconditional and the Bidder acquires your ECF Securities after the record date for a distribution that is declared before the end of the Offer Period but before the payment date for that distribution, the Offer Terms provide that:

- you will have irrevocably authorised and directed the responsible entity of ECF to pay or account to the Bidder for that distribution. If the Bidder is paid the distribution by the responsible entity of ECF, you would receive from the Bidder \$0.70 cash per ECF Security; or
- if the responsible entity of ECF does not pay or account to the Bidder for that distribution (i.e. the distribution is still paid to you), the Bidder may instead deduct the value of that distribution from the Offer Consideration due to you. If you are paid the distribution or the responsible entity of ECF is unable to pay the Bidder the distribution, you would receive from the Bidder \$0.70 cash per ECF Security less the value of the distribution to be paid to you.

Is the Bidder acquiring ECF Securities on-market?

The Bidder reserves its right to acquire ECF Securities on market where permitted by applicable law, including the Corporations Act and ASIC Market Integrity Rules.

Refer to section 8.9 for further information.

What happens if I do not accept the Offer?

If you do not accept the Offer, you will remain an ECF Securityholder and will not receive any part of the Offer Consideration.

However, if the Bidder becomes entitled to compulsorily acquire your ECF Securities, it intends to do so. If this occurs, you will still be able to claim the Offer Consideration for your ECF Securities but at a later date than you would have received it if you had accepted the Offer.

What are the tax implications of accepting the Offer?

A general description of the taxation treatment for certain Australian resident ECF Securityholders accepting the Offer is set out in section 7.

You should not rely on that description as advice for your own affairs.

You should consult your taxation adviser for detailed taxation advice before making a decision as to whether or not to accept the Offer for your ECF Securities.

4.3 Responsible entity of ECF

The responsible entity of ECF is Elanor Funds Management Limited ACN 125 903 031 (EFM), which is part of the Elanor Investors Group (ASX: ENN).

At the date of this Bidder's Statement, the directors of EFM are as follows:

- Ian Mackie – Chairman
- Tony Fehon – Managing Director
- Su Kiat Lim – Non-Executive Director
- Karyn Baylis AM – Non-Executive Director
- Kathy Ostin – Non-Executive Director

On 28 July 2025, Elanor announced that Su Kiat Lim, who has been Rockworth's nominee director on the Elanor board since his appointment in 2021, would remain on the Elanor board but would "act independently of, and no longer represent, Rockworth's interests in Elanor".

It was also announced that Rockworth would preserve the right to nominate one director to the Elanor board. Given that the Elanor board and the board of the responsible entity of ECF are the same, it is the Lederer Family Office's understanding that Rockworth's right of appointment would currently extend to the board of the responsible entity of ECF.

On 7 August 2025 and in response to the announcement by the Bidder of its proposed takeover offer for ECF on 4 August 2025, EFM announced to ASX that it had established an Independent Board Committee to represent the interests of ECF and ECF Securityholders, comprised of Ian Mackie and Kathy Ostin, with a separate board committee having also been established to represent the interests of Elanor in connection with the Offer (refer to section 8.3 below).

The Bidder's intentions

5 The Bidder's intentions

5.1 Introduction and important note

This section sets out the Bidder's current intentions regarding:

- (a) the continued operation of ECF;
- (b) any major changes to be made to the operation of ECF, including any redeployment of the property of ECF; and
- (c) any plans to remove the current responsible entity of ECF and appoint a new responsible entity.

The Bidder's current intentions for ECF have been formed following a review of facts, information and circumstances about ECF that were publicly available at the date of this Bidder's Statement. The Bidder does not currently have full knowledge of all material information necessary to assess the operations, commercial, taxation and financial implications of its current intentions as the ECF RE has not provided the Bidder with access to any non-public information that would be material to an acquirer of securities in ECF. Final decisions regarding these matters will only be made by the Bidder considering material information and circumstances at the relevant time. Accordingly, the statements set out in this section 5 are statements of current intention only and may change as new information becomes available or circumstances change, and the statements in this section should be read in this context.

Following the close of the Offer, the Bidder currently intends, to the extent it can, to undertake a detailed review of the operations, assets, structure of, and contracts relating to, ECF. The objective of the detailed review will be to evaluate the performance, prospects and strategic relevance of the ECF business. In particular, the Bidder expects the review will focus on:

- (a) the ECF real estate portfolio;
- (b) investment management and property management arrangements between ECF and Elanor Group;
- (c) ECF's debt structure and gearing levels; and
- (d) ECF's capital management (including capex), asset developments and distributions.

This review may result in the modification or curtailment of some of ECF's existing projects and activities. Where possible, the Bidder may seek to implement these intentions before the end of the Offer Period.

Only upon completion of the detailed review and consideration of all material facts and circumstances known to the Bidder, will the Bidder finally determine its intentions for ECF and will take the action as it considers necessary or desirable for all ECF investors.

5.2 Intentions upon acquisition of 90% or more of ECF Securities

This section sets out the Bidder's current intentions if the Bidder and its Associates acquire a relevant interest in 90% or more of the ECF Securities and is entitled to proceed to compulsory acquisition of the outstanding ECF Securities.

5.2.1 Compulsory acquisition

If it becomes entitled to do so, the Bidder intends to compulsorily acquire any outstanding ECF Securities under section 661B of the Corporations Act. To exercise the compulsory acquisition power following a takeover bid, either during or at the end of the Offer Period, the Bidder and its associates:

- (a) must have relevant interests in at least 90% (by number) of the ECF Securities; and
- (b) must have acquired at least 75% (by number) of the ECF Securities that the Bidder offered to acquire under the bid (whether the acquisitions happened under the bid or otherwise).

5.2.2 ASX listing and destapling

After conclusion of the compulsory acquisition process, the Bidder intends to procure that ECF be removed from the Official List of ASX and may destaple the ECF Securities.

Pursuant to Listing Rule 17.4, ASX will suspend ECF Securities from quotation five Business Days after ASX receives a copy of the of the compulsory acquisition notice sent to ECF Securityholders. ECF will then be removed from the Official List pursuant to Listing Rule 17.14 at the close of trading on a date decided by ASX.

5.2.3 Management of ECF

If the Bidder is entitled to proceed with compulsory acquisition, the Bidder intends to:

- (a) rebrand ECF;
- (b) replace EFM as responsible entity of both ECF I and ECF II ([refer to section 5.3.2 below](#)) and, subject to the registered scheme status of ECF I and ECF II ([refer to section 5.2.4 below](#)), appoint a new responsible entity or trustee nominated by the Bidder;
- (c) procure that the trustee of any trust that is a Controlled Entity of ECF is replaced with a new trustee nominated by the Bidder;

5 The Bidder's intentions *continued*

5.2 Intentions upon acquisition of 90% or more of ECF Securities *continued*

- (d) procure that the directors of any company that is a Controlled Entity of ECF are replaced with the Bidder's nominees;
- (e) procure that the new responsible entity or trustee for ECF terminates the Investment Management Agreement with EAS (as investment manager) to the extent EAS does not exercise any right to terminate the Investment Management Agreement prior to that time; and
- (f) review all commercial arrangements between ECF and service providers, including any arrangements with Elanor Group Members. This review may result in the termination of such arrangements.

5.2.4 Registered scheme status

If the Bidder is entitled to proceed with compulsory acquisition, the Bidder intends to apply to deregister both ECF I and ECF II as registered managed investment schemes with ASIC following the conclusion of the compulsory acquisition process.

5.2.5 Refinancing

If the Bidder is entitled to proceed with compulsory acquisition and subject to the outcome of any discussions outlined in section 6.4, the Bidder's current intention is to maintain the existing financing arrangements of ECF during the Bidder's strategic review.

5.3 Intentions upon acquisition of between 50% and 90% of ECF Securities

This section sets out the Bidder's current intentions if, at the end of the Offer Period, the Bidder either independently or together with its Associates was to gain a majority of the ECF Securities and voting power in ECF but was not entitled to proceed to compulsory acquisition of the outstanding ECF Securities.

5.3.1 Compulsory acquisition

If the Bidder does not become entitled to compulsorily acquire ECF Securities under section 661B of the Corporations Act, it may nevertheless become entitled to exercise the general compulsory acquisition power under part 6A.2 of the Corporations Act in the future if the Bidder either alone or with a related body corporate holds full beneficial interests in at least 90% of ECF Securities.

The Bidder intends to exercise that power over the ECF Securities if it becomes entitled to do so.

5.3.2 Responsible entity of ECF

If the Bidder and its Associates either during or at the end of the Offer Period [and subject to the Condition being satisfied or waived](#), ~~have~~ hold a relevant interest in more than 50% of the ECF Securities, the Bidder and its Associates will have the ability to unilaterally pass a resolution under section 601FM of the Corporations Act (as modified by ASIC Corporations (Changing the Responsible Entity) Instrument 2023/681) to remove the responsible entity of ECF and appoint a new responsible entity.

If this occurs, the Bidder will request that the ECF RE call a meeting of members under section 252B of the Corporations Act or the Bidder will call a meeting of members of ECF under section 252D of the Corporations Act for the purpose of considering and passing a resolution to remove EFM as, or any other Elanor Group Member that is, responsible entity of ECF and appoint a new responsible entity that is independent of both Elanor Group and any ECF Securityholder (inclusive of the Bidder and its Associates). [To convene a meeting of members of ECF, ECF Securityholders must receive 21 days' notice of the meeting.](#)

Currently, the responsible entity of ECF is entitled under the constitutions for ECF I and ECF II to a management fee of 0.65% plus GST per annum of GAV but has agreed to waive its entitlement to this fee to the extent a management fee is payable to EAS under the Investment Management Agreement.^{†5} The Bidder anticipates that an independent responsible entity will seek to charge a management fee which would be payable out of the assets of ECF. The Bidder intends to procure that any new investment management agreement entered into by the responsible entity of ECF offsets such fee to the responsible entity by agreeing a lower management fee payable to the new investment manager (refer to section 5.3.3 below).

The Bidder intends to seek the support of ECF Securityholders to appoint Evolution Trustees Limited ABN 29 611 839 519, AFSL 486217 (**Evolution Trustees**) as the independent responsible entity of ECF. Evolution Trustees is a public company that holds an Australian Financial Services Licence authorising it to operate registered managed investment schemes such as ECF I and ECF II. Evolution Trustees was founded in 2016 to create a corporate trustee whose focus was on providing market leading independent governance through expertise, professional passion and modern infrastructure. Evolution Trustees provides a range of fiduciary services to major domestic and international institutions, and it operates over 200 trusts and managed investment schemes with funds under supervision exceeding \$25 billion. Evolution Trustees would charge a fee of 0.05% plus GST per annum of GAV for its role as responsible entity of ECF.

^{†5} Refer to section 9.4.3 of the IPO product disclosure statement dated 6 November 2019 issued by EFM as responsible entity for ECF I and ECF II.

Evolution Trustees (or a related entity) would also be appointed custodian for the assets of ECF on the same commercial terms as the existing independent custodian for ECF.

Evolution Trustees is independent and is not affiliated with the Lederer Family Office.

5.3.3 Management of ECF

If the Bidder and its Associates either during or at the end of the Offer Period have a relevant interest in more than 50% of the ECF Securities, the Bidder will seek to implement its intentions in relation to the management of ECF set out in section 5.2.3 above (excluding intentions concerning the change of the responsible entity of ECF which are outlined in section 5.3.2). The manner in which these changes are implemented may be determined by whether ECF remains listed on ASX (refer to section 5.3.4 below).

The Bidder notes that if the Investment Management Agreement is terminated, EAS may become entitled to a Compensation Amount (refer to section 8.2), which the responsible entity of ECF would be required to satisfy out of the assets of ECF. The Bidder estimates the current Compensation Amount to be approximately \$6 million. Prior to any payment to EAS, the Bidder intends to request that any new independent responsible entity appointed for ECF undertake an audit of the Investment Management Agreement to ensure compliance with its terms, including a review of amounts paid to and the conduct of EAS whilst it has acted as investment manager of ECF.

The Lederer Family Office has sought to engage directly with Elanor with the intention of entering into an implementation agreement that would replace any entitlement to the Compensation Amount. As at the date of the Bidder's Statement, Elanor and the Lederer Family Office have been unable to reach a commercial agreement.

If the Investment Management Agreement is terminated, the Bidder will request that the responsible entity appoint LDR Capital or another Controlled Entity of the Lederer Family Office as the new investment manager of ECF. [However this appointment is subject to the responsible entity of ECF concluding that appointing LDR Capital or another Controlled Entity of the Lederer Family Office as investment manager of ECF is in the best interests of ECF Securityholders.](#) Further information on LDR Capital is set out in section 3.5.

It is the intention that any investment management agreement entered into between the ECF RE and the new investment manager incorporate the following key improvements compared to the existing Investment Management Agreement:

- (a) the removal of any future compensation payments for the investment manager arising from expiry or termination of the agreement, such as payments similar to the Compensation Amount; and
- (b) a reduction in the management fee payable to the investment manager to 0.60% plus GST per annum of GAV (down from 0.65%) and an indefinite waiver of all non-aligned fees such as debt recovery fees, performance fees, acquisition fees and asset fees, and limiting recovery to reasonable third party costs and expenses.

ASX guidance states that before an entity that is already listed enters into a management agreement:

- (a) the agreement should be approved by ordinary resolution of security holders of the listed entity, where all material information about the management agreement has been included in the notice of meeting and the manager and its associates have been the subject of a voting exclusion statement; or
- (b) ASX should have determined that the agreement is appropriate for a listed entity and the structure and operations of the listed entity continue to be appropriate for a listed entity under Listing Rule 12.5.

Any new investment management agreement entered into as contemplated above will be subject to this process.

5.3.4 ASX listing and destapling

If the Bidder and its Associates at the end of the Offer Period have a relevant interest in more than 50% of the ECF Securities, but the Bidder is unable to proceed to compulsory acquisition, the Bidder intends to consider whether it is appropriate for ECF's listing on ASX to be maintained, having regard to considerations such as the Bidder and its Associates' level of ownership, the costs associated with maintaining the listing, the number of remaining ECF Securityholders and the liquidity of the ECF Securities on ASX following the end of the Offer Period.

ASX guidance states that the usual conditions that the ASX would expect to be satisfied in order for it to approve the removal of ECF from the Official List in the context of a successful takeover bid include:

- (a) at the end of the Offer, the Bidder and its related bodies corporate own or control at least 75% of the ECF Securities and the Offer has remained open for at least two weeks after the Bidder attained ownership or control of at least 75% of the ECF Securities;
- (b) the number of ECF Securityholders (other than the Bidder and its related bodies corporate) having holdings with a value of at least \$500 is fewer than 150; and
- (c) the application for removal is made no later than one month after the close of the Offer.

5 The Bidder's intentions continued

5.3 Intentions upon acquisition of between 50% and 90% of ECF Securities continued

[The ASX has also stated it will usually require the following conditions to be satisfied before it will act on a request for removal from the Official List:](#)

- (a) [the responsible entity send a letter or email to ECF Securityholders advising them of the nominated time and date at which ECF will be removed from the Official List and that if they wish to sell their ECF Securities on the ASX, they will need to do so before ECF is removed from the Official List, and if they do not, that they will only be able to sell their ECF Securities off-market; and](#)
- (b) [the removal of ECF from the Official List will not take place any earlier than 3 months after that letter or email has been sent to ECF Securityholders, so that they have at least that period to sell their ECF Securities on the ASX should they wish to do so.](#)

In such case, the ASX will not usually require that approval of ECF Securityholders is obtained for ECF's removal from the Official List.

In addition, ASX may approve an application for ECF to be removed from the Official List with ECF Securityholder approval and, where such removal is sought later than 12 months after the close of the Offer, the Bidder and its related bodies corporate would ordinarily be entitled to vote on the resolution approving the removal.

If ECF is removed from the Official List, there may be risks related to remaining as a minority securityholder in ECF which would be an unlisted real estate investment trust. These include reduced or no liquidity for ECF Securityholders that may wish to sell their ECF Securities. Following delisting, the Bidder may also procure that ECF Securities are destapled.

As at the date of this Bidder's Statement, the Bidder has not determined whether or in what circumstances it would seek to delist [ECF from the](#) ASX and destaple ECF Securities.

5.3.5 Capital management and distributions

The Bidder intends to form views on the most effective and efficient capital structure for ECF, including whether ECF's gearing levels could be reduced from its current levels. This may affect the Bidder's view on the payment of future distributions by ECF.

The Bidder considers that the proposed review of ECF's distribution and capital management policies will assist in identifying the most effective and efficient capital structure for ECF. The Bidder's view on payment of distributions by ECF may be different to ECF's current distribution policy.

No determination has yet been made by the Bidder regarding ECF's distribution and capital management policies, nor is it practical to make any such determination until after the conclusion of the Offer and the Bidder has had the opportunity to undertake a detailed review of ECF as referred to in section 5.1. Any change to ECF's distribution and capital management policies will also be subject to whether the ECF RE agrees to adopt such measures.

5.3.6 Further acquisition of ECF Securities

The Bidder and its Associates may, at some later time and subject to market conditions, acquire further ECF Securities in a manner consistent with the Corporations Act and any other applicable laws; for example, as a result of acquisitions of ECF Securities in reliance on the "3% creep" exception in item 9 of section 611 of the Corporations Act. Further acquisitions may also result in the Bidder satisfying the threshold for compulsory acquisitions as set out in section 5.3.1 above.

5.4 Intentions upon acquisition of less than 50 percent of ECF Securities

[This section sets out the Bidder's current intentions where the Bidder and its Associates have a relevant interest in less than 50% of the ECF Securities.](#)

5.4.1 End of the Offer Period

If the Bidder and its Associates at the end of the Offer Period have a relevant interest in less than 50% of the ECF Securities, the interest will become an investment of the Bidder which will be reviewed in accordance with the Bidder's investment policy. In these circumstances, the Bidder will:

- (a) subject to market conditions, deal with its stake in ECF with a view to maximising returns for the Bidder, which may include disposing of ECF Securities or making further acquisitions in the manner set out in section 5.3.6 above; and
- (b) pursue its intentions in relation to ECF set out in section 5.3 above to the extent possible and where the Bidder forms the opinion that it either individually or together with its Associates has the requisite control in ECF.

5.4.2 Term Sheet between PEJR and Elanor Group

[On 22 August 2025, the Lederer Family Office received correspondence from Elanor in which it was asserted that Elanor considers the content of section 5 of the original Bidder's Statement contained a proposal to change the responsible entity and/or investment manager of ECF and sought an explanation as to how the Lederer Group was acting in accordance with the Term Sheet.](#)

Following the release of ECF's FY2025 results on 26 August 2025, the Lederer Family Office wrote to Elanor on 29 August 2025 advising it that it considers the performance of ECF during FY2025 to have constituted material underperformance of the market relative to its peers (having regard to the ASX 300 A-REIT index).

As a result, the Lederer Family Office advised Elanor that it considers the Restraint agreed by PEJR under the Term Sheet between PEJR and the Elanor Group to have been released (refer to paragraph (d) in section 8.1). Further and without limitation to the above, the Bidder notes that the solvency risks associated with Elanor Group and ability to continue as a going concern (refer to item 4.2 on page 9 of this Bidder's Statement) may lead to separate grounds under which the Restraint would be released (refer to paragraph (b) in section 8.1). In this correspondence, the Lederer Family Office also rejected the position of Elanor set out in its 22 August 2025 correspondence.

As at the date of this Bidder's Statement, the only response Lederer Family Office has received from Elanor is its assertion that the Restraint continues to apply. In particular, Elanor in its response made no comment to contradict the Lederer Family Office's conclusions in relation to the material underperformance of ECF based on ECF's FY2025 results.

In an announcement by Elanor to ASX on 1 September 2025, the Elanor Board Committee (established in relation to the Bidder's takeover offer) stated that it considers that the Lederer Group's proposal in section 5 of the Bidder's Statement (which summarises the Bidder's intentions as required by the Corporations Act) to replace the responsible entity and investment manager of ECF to constitute a breach of the undertakings in Elanor's agreement with PEJR disclosed to ASX on 13 September 2024 (being the Term Sheet). The Bidder and the Lederer Family Office reject this assertion by the Elanor Board Committee.

Having regard to the above, the Bidder either individually or together with its Associates may seek to implement the intentions set out in section 5.3 at any time, including during the Offer Period and/or where a relevant interest is held in less than 50% of ECF Securities.

Based on Elanor's public statements as at the date of this Bidder's Statement, there is a risk that Elanor will seek to enforce the Term Sheet in circumstances where regardless of the Bidder and the Lederer Family Office's views that PEJR and its related bodies corporate have been released from the restraint under the Term Sheet as a result of the material underperformance of ECF in FY25, Elanor may continue to seek to enforce to the Term Sheet. This may delay or impact the ability of the Bidder to implement its intentions in relation to ECF as set out above.

5.5 Limitations in giving effect to intentions

The ability of the Bidder to implement the intentions set out in this section 5 will be subject to the legal obligation of the ECF RE board to have regard to the best interests of ECF and all ECF Securityholders (see below) and the requirements of the constitutions of each of the ECF entities, together with requirements of the Corporations Act and the Listing Rules (where applicable), including in relation to transactions between related parties. These rules may limit or modify the implementation of some or all of the intentions outlined above.

The intentions and statements of future conduct outlined above are also subject to:

- (a) the Bidder either individually or together with its Associates obtaining requisite control of ECF. The Bidder notes that its Associate, PEJR Investments Pty Ltd as trustee for the Lederer Investments Trust, has given certain undertakings on behalf of itself and its related bodies corporate to Elanor Group in relation to the change or removal of the current responsible entity and investment manager of ECF (refer to the Restraint outlined in section 8.1). Where the Bidder either individually or together with its Associates does not obtain the requisite control of ECF, notwithstanding the matters set out in section 5.4.2, or PEJR Investments Pty Ltd as trustee for the Lederer Investments Trust and its related bodies corporate remain bound to the Restraint, the ability for the Bidder to implement its intentions may be impacted;
- (b) any ECF Securityholder (including minorities) approval(s) required for the implementation of some of those intentions; and
- (c) the ability for the Bidder and its Associates to change or influence any change to the commercial arrangements of ECF and its Controlled Entities, including limitations that may exist under the terms of those commercial arrangements.

The Bidder notes that because ECF is an externally managed REIT, the ability of the Bidder to implement its intentions outlined above, particularly where it is unable to proceed with compulsory acquisition, will be limited to the extent the Bidder and its Associates can control or influence the decisions of the person or entity that is the responsible entity of ECF. This influence is further limited by the fact that the responsible entity of ECF, whether this is an Elanor Group Member or someone else, has legal obligations to:

- (d) act in the best interests of ECF Securityholders, including to act honestly and for a proper purpose;
- (e) give priority to the interests of all ECF Securityholders over those of the responsible entity in the event of a conflict between them; and
- (f) exercise the degree of care and diligence that a reasonable person would exercise if they were in the responsible entity's position.

Sources of funding

6 Sources of funding

6.1 Consideration under the Offer

The price for the acquisition of ECF Securities under the Offer is to be satisfied by the payment of cash. The Offer Price is \$0.70 cash for each ECF Security that ECF Securityholders own.

The relative amounts of cash to be paid will depend on the number of ECF Securities that the Bidder acquires under the Offer.

If all ECF Securityholders, including Associates of the Bidder, accept the Offer, the maximum cash consideration payable by the Bidder would be approximately \$285 million. This is calculated on the basis of 407,002,325 ECF Securities on issue as at the date of this Bidder's Statement at an Offer Price of \$0.70 per ECF Security.

6.2 Overview of the Bidder's funding arrangements

The Bidder has access to internal cash reserves of the Lederer Family Office equivalent to \$300 million that have been earmarked for the purpose of the Offer. Internal cash reserves comprise cash at bank and assets readily convertible to cash on a timely basis, such as money market securities. The Lederer Family Office has agreed to provide the Bidder a loan facility with an aggregate limit of \$300 million that may be drawn down by the Bidder to fund acceptances under the Offer and associated transaction costs.

The Bidder will provide supplementary disclosure to this Bidder's Statement if there is a change in circumstances in relation to the Bidder's funding arrangements set out above.

6.3 Payment of cash consideration

Having regard to the matters set out above, the Bidder is of the opinion that it has a reasonable basis for forming, and it holds, the view that it will be able to pay the cash consideration including any relevant transaction costs pursuant to the Offer. The Offer is not subject to any financing conditions.

6.4 Debt financing of ECF

The Bidder is aware that ECF has debt facilities with an external financier. To the extent a change in control of ECF would trigger an event of default giving rise to an acceleration of debt under those existing debt facilities, the Bidder intends to work with the responsible entity of ECF and the external financier to request a consent to or waiver of any change of control event, arising as a consequence of the Bidder's Offer, triggering the aforementioned event of default.

Tax considerations

7 Tax considerations

7.1 Introduction

The following is a summary of the potential Australian income tax consequences generally applicable to a ECF Securityholder who disposes of ECF Securities under the Offer. This summary is based on the law and practice in effect on the date of this Bidder's Statement.

The following summary is not intended to be an authoritative or complete statement of the tax law applicable to the specific circumstances of every ECF Securityholder.

In particular the summary is only applicable to ECF Securityholders that are Australian residents for income tax purposes and hold their ECF Securities on capital account for income tax purposes. This summary does not apply to ECF Securityholders that hold their ECF Securities in the course of a business of trading or dealing in securities. The summary does not apply to ECF Securityholders who acquired their ECF Securities as part of an employee share scheme operated by ECF.

All ECF Securityholders are advised to seek independent professional advice about their particular circumstances and non-resident ECF Securityholders should seek their own advice on the Australian and foreign taxation consequences of any sale of their ECF Securities.

Each unit in ECF I and ECF II is a separate CGT asset as the summary below applies to each of these securities separately.

7.2 CGT consequences on the disposal of ECF Securities

An ECF Securityholder that accepts the Offer and whose ECF Securities are subsequently transferred to the Bidder, is taken to have disposed of their ECF Securities for Australian capital gains tax (**CGT**) purposes. Securityholders make a capital gain equal to the amount by which the Offer consideration exceeds the cost base that the ECF Securityholder has for the ECF Securities. Subject to the availability of the CGT discount (see below) and any losses available to be offset against the capital gain, this amount is included in the ECF Securityholder's taxable income.

An ECF Securityholder will alternatively make a capital loss equal to the amount by which the reduced cost base of the ECF Securities exceeds the Offer consideration. A capital loss may be used to offset a capital gain made in the same income year or be carried forward to offset a capital gain made in a future income year, subject to the satisfaction of certain loss recoupment tests applicable to companies and trusts.

7.3 Cost base of ECF Securities generally

The cost base of ECF Securities would generally be equal to the amount the relevant ECF Securityholder paid to acquire the ECF Securities which includes certain incidental costs of the acquisition (such as brokerage).

7.4 CGT discount

Any ECF Securityholder who is an individual, the trustee of a trust or a complying superannuation entity may be entitled to claim the CGT discount in calculating any capital gain provided that:

- (a) the ECF Securities were acquired at least 12 months before disposal to the Bidder;
- (b) the ECF Securityholder did not choose to index the cost base of their ECF Securities; and
- (c) the CGT discount is applied to the capital gain after any available capital losses are first offset against that capital gain.

The CGT discount allows a ECF Securityholder who is an individual or the trustee of a trust to discount the capital gain by 50 percent and include 50 percent of the capital gain in the taxable income of that individual or trust.

A ECF Securityholder that is an complying superannuation entity may discount the capital gain by 33½ percent and include 66½ percent of the capital gain in the taxable income of that complying superannuation entity.

7 Tax considerations *continued*

7.5 Foreign resident CGT withholding obligations

Australia's foreign resident CGT withholding tax regime applies to transactions involving the acquisition of certain indirect interests in Australian real property from relevant foreign residents.

A 'relevant foreign resident' for these purposes is any ECF Securityholder who:

- (a) the Bidder knows or reasonably believes their ECF Securities to satisfy the TARP Test⁴⁶; and
- (b) the Bidder:
 - (i) knows is a foreign resident; or
 - (ii) reasonably believes is a foreign resident;
 - (iii) or does not reasonably believe is an Australian resident, and either has an address outside Australia or the Bidder is authorised to provide a financial benefit relating to the transaction to a place outside Australia.

The relevant withholding tax rate is 15%.

Based on the information as at the date of this Bidder's Statement, the Bidder does not anticipate having to withhold any amount under these provisions. However, the Bidder may seek a declaration as to residency from certain ECF Securityholders to ensure that an amount is not required to be withheld and remitted to the ATO. ECF Securityholders who have an amount withheld should generally be entitled to a credit for the amount withheld upon lodging an Australian income tax return.

7.6 Stamp duty and GST

ECF Securityholders who dispose of their ECF Securities under the Offer are not expected to incur any Australian stamp duty or be subject to GST on that disposal.

7.7 Obtain your own taxation advice

Do not rely on the comments or the statements contained in this Bidder's Statement as advice about your own affairs. The taxation laws are complex and there could be implications in addition to those generally described in this Bidder's Statement.

Accordingly, consult your own tax advisers for advice applicable to your individual needs and circumstances. To the extent permitted by law, none of the Bidder nor its Associates accepts any responsibility for tax implications for individual ECF Securityholders.

The Bidder is not a registered tax agent under the *Tax Agent Services Act 2009* (Cth) and cannot provide tax advice to specific ECF Securityholders. ECF Securityholders should obtain their own tax advice that has regard to their own personal circumstances from a registered tax agent on the consequences of accepting the Offer.

⁴⁶ More than 50% of the value of each of ECF I and ECF II is attributable to direct or indirect interests in Australian real property.

Additional information

8 Additional information

8.1 Term Sheet between PEJR Investments Pty Ltd and the Elanor Group

On 6 September 2024, PEJR Investments Pty Ltd ACN 159 037 635 as trustee for the Lederer Investment Trust (**PEJR**), entered into a binding term sheet with Elanor Investors Limited ACN 169 308 187, EFM as responsible entity for the Elanor Investment Fund ARSN 169 450 926 (**EIF**), EFM as responsible entity for ECF I and ECF II, and EAS (**Term Sheet**).

Pursuant to the Term Sheet, PEJR agreed to acquire 39,755,650 ECF Securities from Elanor, which at the time was equal to 12.6% of the total ECF Securities on issue. The transaction was undertaken at a price of \$0.60 per ECF Security and completed on 11 September 2024 (**Settlement Date**).

A copy of the Term Sheet in its entirety was released on ASX on 13 September 2024 as an annexure to the Elanor Group's Form 605 Notice of ceasing to be a substantial holder in ECF.

Restraint

Under the Term Sheet, PEJR and its related bodies corporate (defined together in the Term Sheet as the **Lederer Group**) agreed they would not, for two years effective from the Settlement Date, support any proposal to change the responsible entity of ECF or replace the investment manager of ECF (the **Restraint**) unless one of the following occurs (paragraphs (a) to (f) below are reproduced from the Term Sheet):

- (a) change of control of ECF, ECF RE or the Investment Manager occurs;
- (b) ECF RE or the Investment Manager suffers an Insolvency Event as defined in the Investment Management Agreement;
- (c) the ECF Fund Manager ceases to be employee of Elanor and a replacement suitable to Lederer Group (acting reasonably) is not appointed within 6 months of their ceasing to be an employee;
- (d) ECF materially underperforms the market relative to its peers over a 12 month period (having regard to TSR performance relative to the ASX 300 A-REIT benchmark and underlying change in NTA per security);
- (e) ECF is in breach of its financial debt covenants or other material debt covenant which is not waived or remedied to the satisfaction of the relevant lender within the cure period set out in the relevant debt document; or
- (f) ECF RE or the Investment Manager is found to have been fraudulent, negligent, in breach of trust or engaged in wilful misconduct by a court of competent jurisdiction.

Investment Committee

The Term Sheet also provided for the establishment of an Investment Committee initially comprising the ECF investment manager [being EAS], the chief investment officer (or equivalent), one board member from the responsible entity of ECF [being EFM], and one PEJR representative (for so long as PEJR maintains an interest in ECF greater than or equal to 14%).

The purpose of the Investment Committee would be to oversee any material ECF initiatives, major capital expenditure, investments and divestments. Any recommendations made by the Investment Committee were to be made having regard to the best interests of all ECF Securityholders. The Investment Committee would make recommendations to the board of the responsible entity of ECF [being EFM], but the board would not be obliged to act on those recommendations.

Since entry into the Term Sheet and as at the date of this Bidder's Statement, an Investment Committee as contemplated under the Term Sheet has not been established.

Information Undertakings

The Term Sheet also provided that whilst PEJR maintains an interest in ECF greater than or equal to 14%, subject to PEJR agreeing to customary confidentiality obligations in respect of any information disclosed, the responsible entity of ECF [being EFM] or the ECF investment manager [being EAS] on ECF's behalf would supply the following to PEJR:

- (a) Special Purpose Monthly Financial Purpose Report briefings to PEJR representatives on business initiatives and comparison to the performance against the business plan; and
- (b) other ad-hoc information customary for a strategic investment of this nature as may reasonably be requested by PEJR representatives anytime.

The information undertaking permitted the responsible entity of ECF [being EFM] to withhold the disclosure of information otherwise required to be provided under the undertaking in certain circumstances.

Since entry into the Term Sheet and as at the date of this Bidder's Statement, no information has been received by PEJR from EFM or EAS in connection with this undertaking.

8.2 Compensation payment to EAS under the Investment Management Agreement

The Investment Management Agreement between EFM (as responsible entity for ECF I and ECF II) and EAS (as investment manager) provides for the payment of a Compensation Amount to EAS out of the assets of ECF in certain circumstances where the Investment Management Agreement expires and is not extended or is terminated by the responsible entity of ECF or EAS.

The Compensation Amount is an amount equal to two years of management fees under the Investment Management Agreement, determined as at the date of expiry or termination of the Investment Management Agreement.

For the purpose of the Offer and the Bidder's intentions in relation to ECF as set out in section 5, the Bidder notes that the responsible entity of ECF or EAS may terminate the Investment Management Agreement in the event of a 'Change of Control' (as defined in the Investment Management Agreement), which includes but is not limited to a change in a person having or a person gaining:

- (a) Control of the ability to remove a responsible entity of ECF I or ECF II;
- (b) Control of more than half the voting rights attaching to ECF Securities; or
- (c) Control of more than half the ECF Securities.

The right for the responsible entity of ECF to terminate is on 90 days' notice to EAS and the right for EAS to terminate is immediate if the Change of Control occurs without the prior written approval of EAS.

If the Bidder is successful in implementing its intentions set out in section 5 in relation to the change of the responsible entity of ECF and/or the Lederer Family Office gains Control of more than half of the ECF Securities and voting rights attaching to them either under the Offer, through on market acquisitions during the bid period (refer to section 8.9) or acquisitions following the Offer Period in accordance with the Corporations Act, this will trigger a right for the responsible entity of ECF or EAS to terminate the Investment Management Agreement.

EAS will not be entitled to the Compensation Amount if the Investment Management Agreement is terminated by the responsible entity of ECF in circumstances where EAS is in material default under the Investment Management Agreement and the default is not rectified within 90 days or where EAS suffers an insolvency event and is not replaced by Elanor Group with another manager within 60 days of the insolvency event.

The Bidder estimates the current Compensation Amount to be approximately \$6 million. Prior to any payment, the Bidder intends to request that any new independent responsible entity appointed for ECF undertake an audit of the Investment Management Agreement to ensure compliance with its terms, including a review of amounts paid to and the conduct of EAS whilst it has acted as investment manager of ECF. This may result in a reduction in the estimated Compensation Amount.

8.3 Independent Board Committee

The Bidder notes ECF's announcement released to ASX on 7 August 2025 regarding the establishment of an independent board committee (IBC) for EFM (the responsible entity of ECF). The IBC plays a crucial role in corporate governance given its primary purpose is to represent the interests of ECF and ECF Securityholders. In particular, the IBC has responsibility to independently decide whether or not to recommend the Offer described in this Bidder's Statement and such recommendation must be in the best interests of ECF Securityholders.

According to ASX's Corporate Governance Principles and Recommendations 4th edition, to describe a director as "independent" carries with it a particular connotation that the director is not aligned with the interests of management or a substantial holder and can and will bring an independent judgement to bear on issues before the board.

ECF's IBC is comprised of Ian Mackie and Kathy Ostin, on the basis that these persons are, according to ECF's announcement to ASX on 7 August 2025, independent directors of EFM. However, for this independence to be established and for the IBC to be able to carry out its role effectively, these individuals must be free from any material relationships with EFM and any other member of the Elanor Group.

Given the boards of Elanor and the responsible entity of ECF are the same, the Bidder questions the ability of any of the current directors of Elanor to genuinely bring an independent mind to the IBC. Elanor has clearly acknowledged that there is a need to reform the governance arrangements for Elanor and its managed funds (which would include ECF), evidenced by Elanor's announcement to ASX on 1 July 2025 of its intention to appoint a new board of directors to EFM that is different and separate to the directors of Elanor. This initiative was most recently reiterated in Elanor's announcement to ASX on 13 August 2025.

For so long as the responsible entity of ECF continues to be a subsidiary of Elanor, this initiative will not address the Bidder's present concern in relation to the independence of the IBC and its ability to properly assess the merits of the Bidder's Offer having regard to the best interests of ECF Securityholders. This concern will continue to remain even after the Offer closes unless the responsible entity of ECF is no longer a wholly owned subsidiary of Elanor.

8 Additional information continued

Accordingly, the Bidder restates the prior requests of the Lederer Family Office, including in the 4 August 2025 announcement for EFM to retire as responsible entity of ECF and a new responsible entity that is not affiliated with Elanor or any other ECF Securityholder (which would include the Lederer Family Office) be appointed.

8.4 Status of Condition

The Offer is subject only to there being no Prescribed Occurrences occurring during the bid period (as defined in the Corporations Act). Prescribed Occurrences are certain events listed in section 652C of the Corporations Act which if they occur, will give the Bidder the right not to proceed with the Offer. Pursuant to section 650F(1)(a) of the Corporations Act, the Bidder is permitted to free the Offer of a Prescribed Occurrences condition not later than three Business Days after the end of the Offer Period.

The Bidder will provide updates on any material developments relating to the status of the Condition through announcements to the ASX. The Bidder is not aware of any events or circumstances which would result in the non-fulfilment of the Condition. If the Bidder decides to waive or free this Offer of the Condition, it will announce that decision to ASX in accordance with section 650F of the Corporations Act.

The date for giving the notice of the status of the Condition required by section 630(1) of the Corporations Act is  (subject to variation in accordance with section 630(2) of the Corporations Act if the Offer Period is extended).

If:

- (a) at the end of the Offer Period, the Condition has not been fulfilled; and
- (b) by the end of the third Business Day after the end of the Offer Period, the Bidder has not declared the Offer free from the Condition,

all contracts resulting from the acceptance of the Offer will be automatically void.

8.5 Date for determining holders of ECF Securities

For the purposes of section 633(2) of the Corporations Act, the date for determining the persons to whom information is to be sent under items 6 and 12 of section 633(1) of the Corporations Act is the Register Date.

8.6 Inducing benefits given during previous four months

Except as set out in this Bidder's Statement, neither the Bidder nor any of its Associates has, during the period of four months before the date of the Offer, or in the period commencing on the date of this Bidder's Statement and ending on the date of the Offer, given, offered or agreed to give, a benefit to another person where the benefit was likely to induce the other person, or an associate, to:

- (a) accept an Offer; or
- (b) dispose of ECF Securities,

which benefit was not offered to all ECF Securityholders under the Offer.

8.7 Regulatory matters

- (b) which are a correct and fair copy of, or extract from, what purports to be a public official document; or
- (c) which are a correct and fair copy of, or extract from, a statement which has already been published in a book, journal or comparable publication.
