About EPX

EPX, the most impactful building performance platform provider, is a data as a service platform that delivers sector leading, vendor agnostic, cost and energy efficiency in buildings. EPX is a global leader in improving building performance and reducing costs in the built environment.

EPX's proven proprietary EDGE cloud technology platform delivers energy cost and GHG emissions reduction in commercial real estate with control capability to manage critical energy and infrastructure assets. It is a data repository collecting and analysing more than 5.6 billion points of data per annum with proprietary algorithmic analysis and machine learning.

Our EDGE platform collects BMS, metering and broad operational data from 700+ buildings, 7.5+ million sqm portfolio, in over 25 countries. It accurately identifies operational inefficiencies, building performance and maintenance improvements and CO2e reduction opportunities and
