Dear Securityholder,

Goodman Group once again achieved outstanding results for Securityholders in FY25.

This reflects the quality of our assets, the strength of Goodman's financial position, and the continued successful execution of our strategy.

This year marks 30 years since Goodman Group listed on the Australian Securities Exchange – a significant milestone that underpins the long-term nature of the business. Over that time, Goodman has evolved from a local industrial property group with assets worth \$75 million, to a global provider of essential infrastructure that facilitates both the movement of goods and the digital services that support modern life, with a total property portfolio of \$85.6 billion.

Throughout this time, we remained focused on the fundamentals – high-quality real estate in strategic locations close to consumers, disciplined capital management, strong relationships with customers and partners, and a high performing team aligned with Securityholder interests over the long term. These foundations continue to serve Goodman and our stakeholders well, and the Group is positioned for continued success in FY26.

FY25 Annual Report

The enclosed Annual Report provides detailed information on our strong performance in FY25. It includes Consolidated Financial Reports for Goodman Limited (being for the entire consolidated Goodman Group), Goodman Industrial Trust and Goodman Logistics (HK) Limited. The report also incorporates specific climate reporting with additional data and sustainability information available on the Goodman website at www.goodman.com/sustainability.

Annual General Meetings
