DoxAI & WhiteHawk Announce Strategic Partnership

Highlights

- **DoxAI & WhiteHawk announce Strategic Partnership to advance AI-Powered Cyber Risk, Compliance and Security Solutions**
- **DoxAI, is a global leader in AI-powered automation for secure document and data workflows, trusted by major global brands and enterprises**
- **Focus is to accelerate the distribution and adoption of advanced automation and next generation cybersecurity technologies, across North America and Australia.**
- **Collaboration combines DoxAI's enterprise-grade AI automation platform—with WhiteHawk's enterprise Cyber compliance, resilience and Supply Chain analytics platform & SaaS Solutions**
- **Under the agreement, both companies will work together as appropriate on supporting each other's clients and distribute each other's solutions.**

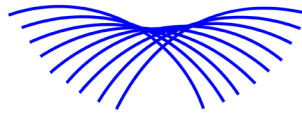

Perth, WA and Alexandria, VA – WhiteHawk Limited (ASX:WHK) (“WhiteHawk” or “the Company”), is the first global online AI based cyber security exchange enabling all businesses and organizations to take smart action to prevent cybercrime, fraud and disruption and mitigate the impacts continuously – with automated and scalable Cyber Risk Assessments, SaaS, and Platform as a Service (“PaaS”) product lines that are tailored for clients of all sizes.

WhiteHawk is pleased to announce that it has entered into a three-year strategic partnership with DoxAI Australia Pty Ltd (“DoxAI”), a leading AI automation platform that empowers enterprises to securely process, analyse, and manage millions of documents and data points.

This partnership enables WhiteHawk to introduce DoxAI automation technologies to its enterprise and government clients, enabling them to streamline and optimize compliance processes, strengthen data security, and scale digital transformation.

DoxAI will incorporate and distribute WhiteHawk's cyber risk to resilience SaaS and PaaS solutions to its customers, expanding its offering to include tailored, continuous cyber and supply chain risk management programs and actionable remediation pathways.

WHITEHAWK[®]

By aligning DoxAI's automation expertise with WhiteHawk's global cyber intelligence, the partnership creates a new category of integrated solutions that simplify regulatory compliance, enhance resilience, and drive efficiency for sectors including financial services, legal, education, healthcare, and government.

The agreement is strategically significant to WhiteHawk, as it broadens its product offering and enhances market reach. The partnership is effective immediately and is not subject to any conditions precedent nor upfront considerations. Financially, the strategic partnership is expected to open up new opportunities for revenue for WhiteHawk beyond its current revenues through the increased opportunities and introductions to new clients who are already aware and investing in data security and protection.

Mr Giuseppe Porcelli, Executive Director and Head of Strategy of WhiteHawk, also serves as Chair of DoxAI.

JOINT MARKET IMPACT

The partnership is already in motion. Current engagements with enterprises include end-to-end visibility of cyber risk and compliance gaps, while offering automated remediation solutions that are secure, scalable, and easy to replicate across industries.

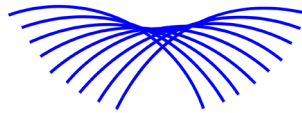

"This partnership represents a critical step for DoxAI in expanding into the next generation cybersecurity space. By working with WhiteHawk, we can deliver solutions that not only automate compliance and operation processes but also address real cyber risks faced by enterprises globally," said Alfonso Porcelli, Co-Founder & Co-CEO of DoxAI.

"For WhiteHawk, we have been searching for the optimal AI powered, process automation platform partner. DoxAI will enable our clients to seamlessly transition from "traditional cybersecurity and supply chain risk management" to next generation AI-driven smart resilience and compliance with measures and metrics. Organizational transformation is never easy but together we can make it seamless and effective," said Terry Roberts, Founder & CEO of WhiteHawk.

About WhiteHawk

Launched with financing in 2018, WhiteHawk developed the first cloud, AI/ML based cyber risk monitoring, prioritization and mitigation online cyber security exchange, democratizing access for all companies and organizations to address their Digital Age Risks and those of their suppliers/vendors, continuously and cost-effectively. WhiteHawk's 100% automated product lines include one-time or annual subscriptions for a Cyber Risk Program (one Enterprise), or Cyber Risk Radar (portfolio of Organizations or Suppliers) and virtual Cyber Consults tailored to Client Needs. Via the WhiteHawk online cyber security exchange, the Company also continuously vets and offers a breadth of next generation cyber risk and security solutions, enabling all businesses and organizations to take smart action against cybercrime, fraud, and disruption, for themselves, their clients and across their supply chains, on an ongoing basis with demonstrated time and cost savings.
