ASX RELEASE
19 September 2025

Scout Security Quarterly Update and Appendix 4C

Home security provider Scout Security Ltd (ASX: SCT), "Scout" or "the Company") is pleased to present its Appendix 4C — Quarterly Cash Flow Report for the period ending 30 June 2025 and update on business progress.

Highlights of the June Quarter

- **\$259k in cash receipts for the quarter**
- **Operating cash outflows were reduced by 48% year-on-year**
- **Existing investors provide funding support**

Financial and Operational Highlights

Cash receipts for the quarter were \$259k, contributing to a total of \$1.24m over the twelve months to June 30, 2025. Operating cash outflows were reduced by 48% compared to the same quarter a year earlier as Management and the Board continued to review opportunities to appropriately and sustainably resource the Company's operations and focus on lowering cash outflows.

At the conclusion of 4Q FY2025 the Company held \$78k cash. The Board continued to consider the Company's capital strategy based on continuing discussions with the ASX regarding its ongoing suspension from trade and opportunities identified, inclusive of the proposed acquisition of Roo Inc. A ~\$45k secured loan note was arranged with existing shareholders, with an existing secured loan note holder agreeing to convert an equivalent amount to equity. Engagement with Roo Inc. continued to optimise the deal structure, with the focus remaining on achieving positive EBITDA and breakeven-to-positive cash flow, excluding one-off transaction costs.

SCT conducted business as usual during the quarter. There were no substantive changes to its activities. SCT's primary activity is the provision of DIY security monitoring under recurring subscription plans, accompanied by less-predictable one-off hardware and development revenue.

Statements pursuant to ASX Listing Rule 4.7C.1

Payments to related parties and their associates during the quarter totalled \$10k, relating to CEO remuneration and consulting fees paid to Non-Executive Director.

Quarterly expenditure was in line with internal budgets and was focused on these areas:

- In reference to item 1.2(f) of the Appendix 4C, administration and corporate costs totaling \$181k were in line with the previous quarter and lower than the average quarterly range for these costs. This reflects the cost reductions which have been implemented
- In reference to item 1.2(e) of the Appendix 4C, staff costs totaling \$80k were lower than the previous quarter and reflect the cost reductions which have been implemented.
- In reference to item 1.2(b) of the Appendix 4C, product manufacturing and operating costs totaling \$80k were in line with the prior quarter and lower than the average quarterly range for these costs. This reflects a reduction in larger product orders placed with manufacturers.

The Company retains sufficient funding to carry out its activities over the coming quarters based on current funding initiatives as described elsewhere in this report and other funding initiatives currently being contemplated by the board.

An Appendix 4C report follows.

This ASX release has been authorised by the Board of Directors of Scout Security Ltd.
