## Scout Security Quarterly Update and Appendix 4C

Home security provider Scout Security Ltd (ASX: SCT), "Scout" or "the Company") is pleased to present its Appendix 4C — Quarterly Cash Flow Report for the period ending 31 December 2024 and update on business progress.

### Highlights of the December Quarter

- **Scout signed a Non-Binding Letter of Intent to acquire New York-based DIY home security technology company Roo Inc**
- **\$400k in cash receipts for the quarter**
- **Operating cash outflows were reduced by 31% year-on-year**

### Financial and Operational Highlights

Cash receipts for the quarter were \$400k, contributing to a total of \$1.64m over the twelve months to December 31, 2024. The cash receipts represented an improvement of 52% over the preceding quarter. Operating cash outflows were reduced by 31% compared to the same quarter a year earlier as Management and the Board continued to review opportunities to appropriately and sustainably resource the Company's operations and focus on lowering cash outflows.

At the conclusion of 2Q FY2025 the Company held \$119k cash. The Board was considering a capital strategy based on continuing discussions with the ASX regarding its ongoing suspension from trade and opportunities identified, inclusive of the proposed acquisition of Roo Inc. Material cost and revenue synergies were identified that would sustain the combined entity post integration at positive EBITDA and breakeven-to-positive cash flow, excluding one-off transaction costs.

SCT conducted business as usual during the quarter. There were no substantive changes to its activities. SCT's primary activity is the provision of DIY security monitoring under recurring subscription plans, accompanied by less-predictable one-off hardware and development revenue.

### Statements pursuant to ASX Listing Rule 4.7C.1

Payments to related parties and their associates during the quarter totalled AU\$21k, relating to executive director salary.

Quarterly expenditure was in line with internal budgets and was focused on these areas:

- In reference to item 1.2(f) of the Appendix 4C, administration and corporate costs totaling \$241k were in line with the previous quarter and also within the average quarterly range for these costs.
- In reference to item 1.2(e) of the Appendix 4C, staff costs totaling \$180k were lower than the previous quarter and reflect the cost reductions which have been implemented.
- In reference to item 1.2(b) of the Appendix 4C, product manufacturing and operating costs totaling \$184k were lower than the prior quarter while within the average quarterly range for these costs.

The Company retains sufficient funding to carry out its activities over the coming quarters based on current funding initiatives as described elsewhere in this report and other funding initiatives currently being contemplated by the board.

An Appendix 4C report follows.
