QUARTERLY ACTIVITIES REPORT PERIOD ENDED 31 DECEMBER 2024

ChemX Materials Limited (ASX: CMX) (**CMX** or the **Company**) provides its quarterly activities report for the period ended 31 December 2024.

Corporate

On 25 October 2024, the Company issued a Notice of Meeting to shareholders convening the Annual Meeting. The Notice outlined a number of resolutions for shareholder consideration. Following the meeting, the Company released an ASX announcement detailing the results.

On 7 November 2024, CMX responded to a price and volume query from the ASX. The CMX Board confirmed it was not aware of any information that had not been released to the market, which would explain the recent trading activity.

During the quarter, CMX executed a Deed of Variation with Mercer Street Global Opportunity Fund, LLC (Mercer), a US-based investment fund managed by Mercer Street Capital Partners, to amend the terms of the Convertible Securities Agreement originally entered into on 4 August 2023. The amended agreement provided CMX with increased flexibility as the Company advanced the final commissioning of its High Purity Alumina (HPA) Pilot Plant and progressed key commercialisation activities.

The amendments related to the 2,640,000 convertible notes on issue and remained subject to shareholder and ASX approval, expected to be sought prior to 28 February 2025. Key terms of the variation included a reduction in the floor price for conversion of convertible notes from \$0.06 to \$0.02, and an extension of the maturity date for both the Tranche 1 (1,175,000 notes) and Tranche 2 (2,640,000 notes) convertible notes to 30 March 2026. As part of the variation, CMX agreed to make a payment of \$25,000 by 31 December 2024 for the repayment of 25,000 Tranche 1 convertible notes, and a further payment of \$400,000 by 28 February 2025 for the repayment of 400,000 Tranche 1 convertible notes. Mercer also approved CMX's request to raise up to A\$500,000 in additional funding to support working capital and repayment obligations associated with the amended agreement.

Trading Halt & Suspension from Quotation

On 17 December 2024, CMX requested a trading halt pending the release of a material announcement. Following this, on 19 December 2024, CMX was suspended from quotation at the Company's request under ASX Listing Rule 17.2. The suspension was implemented pending the release of an announcement relating to funding arrangements and a management restructure.

The suspension was extended as CMX was not yet in a position to provide an update to the market on its ongoing funding and management restructure.

Voluntary Administration

Subsequent to the quarter, on 2 January 2025, the Board resolved that a voluntary administration was in the best interest of the creditors and shareholders. The Company appointed Mr Clifford Rocke and Mr Jimmy Trpcevski from WA Insolvency Solutions as Joint and Several Administrators of the Company (**Administrators**) of the Company.

Operational

High Purity Analytical Services Agreement with Vytas Ltd

On 24 November 2024, CMX formalised a binding agreement with Vytas Ltd to provide high-purity analytical services. CMX's investment in its High Purity Laboratory facility continues to be a key enabler for achieving exceptional outcomes in its High Purity Alumina (HPA) Pilot Plant and critical materials manufacturing.

Vytas Ltd, an emerging company in bulk-scale production of Ultra High Purity Quartz (UHPQ), is progressing towards full-scale production in 2025. In addition to UHPQ, Vytas is developing Ultra High Purity Synthetic Silica (SS), carbon-free nano porous silicon, carbon-free silane (poly silicon), and Green Hydrogen on Demand.

CMX's provision of rapid assay turnaround times is essential in supporting Vytas' accelerated R&D efforts and process optimisation. The volume of samples processed under this agreement is expected to generate monthly revenue of approximately \$15,000 to \$30,000.

FY24 R&D Tax Incentive Refund Received

During the quarter, the Company received its FY24 Research and Development (R&D) Tax Incentive refund of \$661,890 from the Australian Taxation Office (ATO).

CMX had previously secured an advance facility of \$442,000 from Radium Capital against the expected refund (ASX announcement dated 6 September 2024). The refund received has been used to fully extinguish the facility. After repayment of all associated fees and charges, the Company retained a net surplus of \$207,381, which was applied towards working capital to support the operations of the Company.

Related Party Payments

In accordance with ASX listing Rule 5.3.5, payments to related parties and their associates outlined in the Company's Appendix 5B for the quarter of approximately \$39k relate to directors' salaries, fees and superannuation payments.

This announcement was approved and authorised for release by the Board of ChemX Materials Limited.
