Directors' Report

The Directors of OzAurum Resources Limited (ASX: OZM, 'OzAurum', or 'Company') submit the financial report of the consolidated group for the year ended 30 June 2025.

DIRECTORS

The names of directors who held office during or since the end of the year:

- **Ashok Parekh** (Chairman, Appointed 21 May 2025)
- **Andrew Pumphrey** (CEO and Managing Director)
- **Jeffrey Williams** (Non-executive Director)
- **Jessica Fertig** (Non-executive Director, appointed 13 January 2025)
- **Andrew Tudor** (Non-executive Director, resigned 13 January 2025)

Directors have been in office since the start of the financial period to the date of this report unless otherwise stated.

COMPANY SECRETARY

The following persons have held the position of company secretary during the financial year:

Stephen Hewitt-Dutton

PRINCIPAL ACTIVITIES

The principal activity of the Group during the financial year was mineral exploration for gold, lithium and rare earth elements.

There were no significant changes in the nature of the Group's principal activities during the financial year.

OPERATING RESULTS

The Company reported a net loss of \$2,279,302 for the year ended 30 June 2025 (30 June 2024: \$2,535,370)

DIVIDENDS PAID OR RECOMMENDED

The directors do not recommend the payment of a dividend and no amount has been paid or declared by way of a dividend to the date of this report.

REVIEW OF OPERATIONS

During the 2025 financial year the Company has progressed the Mulgabbie North project with the exciting discovery at the Cross Fault prospect. Subsequent drilling at Cross Fault has confirmed the existence of high-grade gold at the prospect and the Company continues to plan follow up drill programmes to expand the known mineralization with the aim of defining a maiden Mineral Resource Estimate. Work has also continued with successful drilling at the high grade Mulgabbie North Paleochannel.

At the Company's Patricia Gold Project, a rock chip sampling program was undertaken to follow up the newly discovered Heysen's Find. Several rock chip samples returned high-grade gold from quartz vein stockwork and quartz veins associated with the newly identified shear zone (See ASX announcement dated 29 November 2024).

During the year, OzAurum undertook two soil sampling programs at the Salitre niobium project in Brazil. A subsequent review of the Brazil projects resulted in a decision to reduce our tenure and associated holding costs in Brazil and focus on the Target 1 area at the Salitre Project.

The Company completed two capital raisings during the year. In December 2024, the Company successfully raised \$1.0m (before costs) in a placement to professional and sophisticated investors to fund the Company's operations. During March 2025 the Company undertook a further placement to professional and sophisticated investors and successfully raised \$1.7m (before costs) to fund the Company's operations.

Ashok Parekh was appointed Non-Executive Chairman of the Company in May 2025. Jessica Fertig was appointed Non-Executive Director and Andy Tudor resigned from his role as Non-Executive Director in January 2025.

MULGABBIE NORTH GOLD PROJECT

The Mulgabbie North Gold Project is located approximately 135 km northeast of Kalgoorlie in the Eastern Goldfields of WA, in a typical greenstone belt geological setting within the prolific Archaean Yilgarn Craton. The Eastern Goldfields is a world-class gold district, serviced by the City of Kalgoorlie-Boulder a significant mining and infrastructure hub.

The Mulgabbie North Project is situated on 100% OZM owned tenure including Mining Lease M28/240 and associated Miscellaneous Licences. The project is approximately 3.5km east of Northern Star's 4.0 Mtpa Carosue Dam mining operation and mill. Access to the area is from Kalgoorlie is via the Tropicana heavy haulage road then 15km north west along the OzAurum L28/48 access road to Mulgabbie North.

Figure 1: RC drilling at Cross Fault site Mulgabbie North

Cross Fault Gold Discovery

An interpretation of seismic data identified four north-south faults that cross the Relief Shear running through the Mulgabbie North Gold Project. Two of these new cross fault target zones identified at Mulgabbie North were identified as targets for drilling, with drilling commencing at the first target in early January 2025.

The first Aircore (AC) drilling programme commenced in early January 2025 at the newly identified Cross Fault target area which is situated some 1.3km south of OZM's most southern AC drilling undertaken along the highly prospective Relief Shear corridor. On 3 February 2025, the Company announced that it had received several shallow high-grade 4m composite gold results from the recently completed 51 hole AC drilling programme where

2,013 metres was drilled at the newly discovered Cross Fault target area. These exciting high grade shallow gold intercepts were the focus of future drilling programmes including AC, reverse circulation (RC) and diamond that OZM completed during the financial year.

At the newly discovered Cross Fault target limited historical RC drill holes were drilled in the target area over 38 years ago that intersected significant gold mineralisation and were never followed up. More recently in 1998 Gutnick Resources NL drilled a wide spaced vertical drill hole programme with one vertical RAB hole intersecting significant gold mineralisation.

Significant four metre composite gold results received from this first AC drilling programme at the Cross Fault target include (See ASX Announcement 3 February 2025):

- 20m @ 3.57 g/t gold (Au) – (from 0m) incl 4m @ 10.21 g/t Au – MNOAC 722
- 10m @ 6.59 g/t Au – (from 12m) incl 4m @ 14.17 g/t Au – MNOAC 705
- 4m @ 6.86 g/t Au – (from 0m) – MNOAC 750
- 4m @ 3.62 g/t Au – (from 20m) - MNOAC 720
- 4m @ 3.20 g/t Au – (from 16m) – MNOAC 751
- 49m @ 0.83 g/t Au – (from 0m) – MNOAC 721
- 20m @ 1.59 g/t Au – (from 8m) incl 4m @ 3.62 g/t Au – MNOAC 720
- 4m @ 1.99 g/t Au – (from 20m) – MNOAC 739

The one metre AC sample results from the first Cross Fault AC programme confirmed the initial four metre composite samples high-grade gold as below (See ASX Announcement 13 February 2025);

- 16m @ 3.21 g/t (Au) – (from 6m) incl 4m @ 10.22 g/t Au – MNOAC 722
- 9m @ 6.76 g/t Au EOH – (from 12m) incl 4m @ 13.54 g/t Au – MNOAC 705
- 4m @ 4.92 g/t Au – (from 20m) – MNOAC 720
- 8m @ 3.75 g/t Au – (from 21m) – MNOAC 739
- 12m @ 2.78 g/t Au – (from 8m) incl 4m @ 4.92 g/t Au – MNOAC 720
- 9m @ 1.76 g/t Au EOH – (from 20m) – MNOAC 710
- 45m @ 0.84 g/t Au – (from 0m) – MNOAC 721

A second 32 hole (987m) follow-up AC drilling programme was completed at the new Cross Fault target in late February 2025 that resulted in high grade gold mineralisation being intercepted over a strike length of 400m and defined targets for future RC drilling. A number of AC holes ended in significant mineralisation. Ongoing geological mapping confirmed a number of faults offset positions as well as north-south quartz vein set and quartz veins striking at 315°.

Significant AC drilling results from this programme included (See ASX Announcement 24 February 2025):

- 6m @ 1.54 g/t gold (Au) – (from 31m) EOH – MNOAC 757
- 4m @ 1.66 g/t Au – (from 41m) – MNOAC 755
- 2m @ 1.58 g/t Au – (from 19m) – MNOAC 755

Several AC drill holes from both the AC drilling programs ended in significant gold mineralisation including:

- 6m @ 1.54 g/t Au – End of Hole (EOH) from 31m – MNOAC 757
- 9m @ 6.76 g/t Au – End of Hole (EOH) from 20m – MNOAC 705
- 9m @ 1.76 g/t Au – End of Hole (EOH) from 28m – MNOAC 710

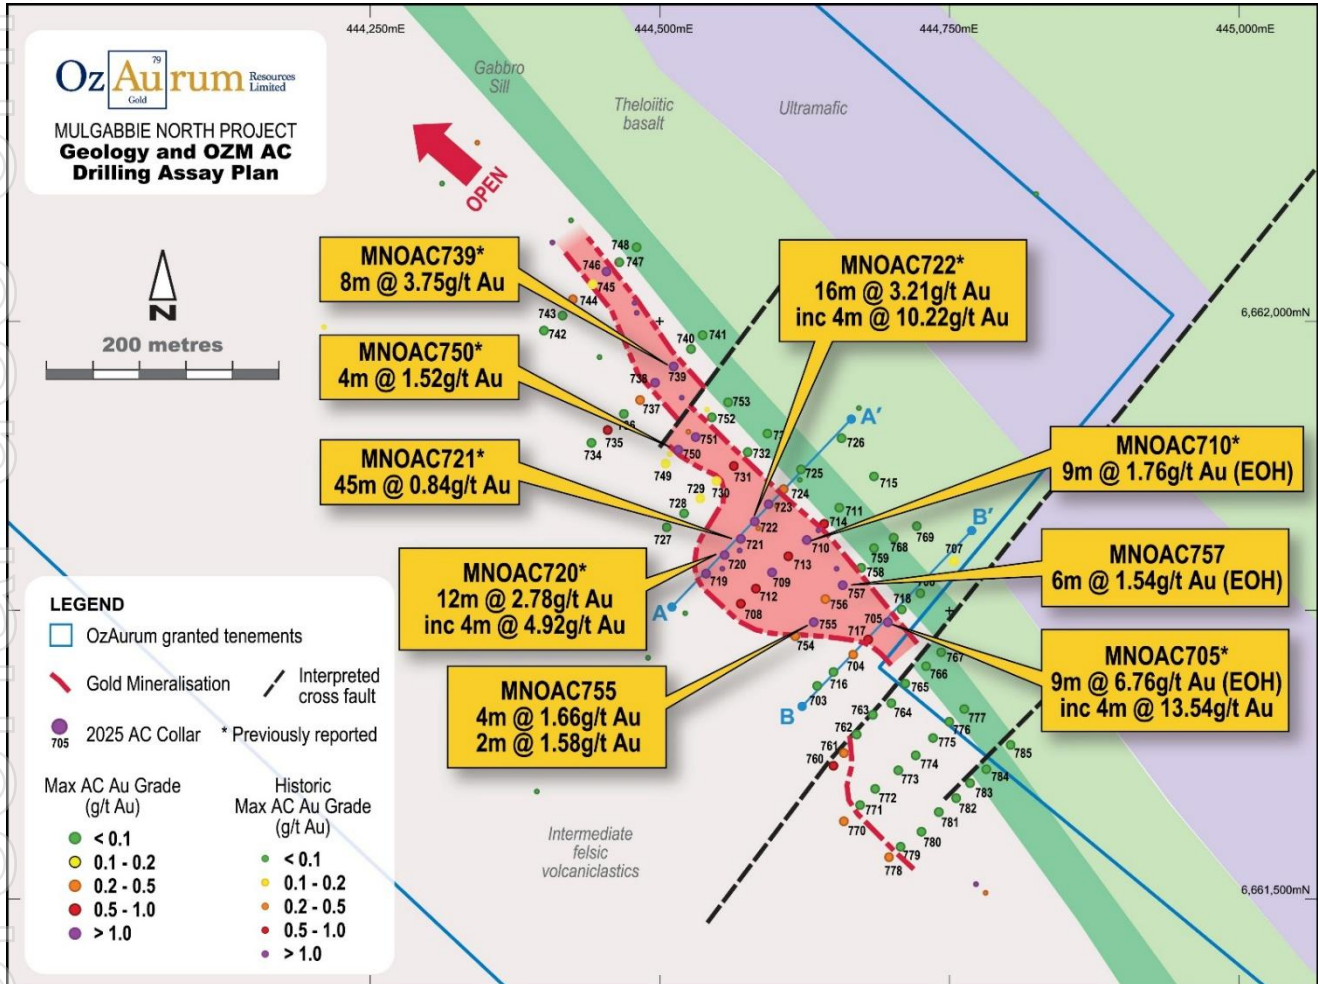

Figure 2: Cross Fault AC drill hole location plan.

During March 2025, the Company completed a 20 hole (1,714m) RC drilling program at the Cross Fault Gold Discovery with a number of holes intersecting significant gold mineralisation along with wide zones of sulphides. This maiden RC drilling campaign confirmed the AC high grade gold mineralisation and intersected gold mineralisation in fresh rock. Significant intercepts included (See ASX Announcement 1 April 2025):

- 48m @ 1.66 g/t gold (Au) – (from surface to 48m, EOH) including 9m @ 5.79 g/t Au (from 12m) – MNORC 221
- 12m @ 4.26 g/t Au – (from 18m) – including 2m @ 22.58 g/t Au MNORC 220
- 17m @ 1.65 g/t Au – (from 45m) – within 39m @ 1.09 g/t Au (from 31m) MNORC 222
- 33m @ 1.15 g/t Au – (from 33m) – including 4m @ 1.60 g/t Au (from 35m), including 5m @ 1.76 g/t Au (from 45m), including 9m @ 1.50 g/t Au (from 58m) MNORC 215
- 14m @ 2.37 g/t Au – (from 28m) MNORC 227
- 16m @ 1.62 g/t Au – (from 81m) within 45m @ 0.77 g/t Au (from 55m) MNORC 219
- 44m @ 0.74 g/t Au – (from 57m) including 1m @ 7.70 g/t Au MNORC 228
- 4m @ 4.55 g/t Au – (from 54m) MNORC 223

- 4m @ 2.62 g/t Au – (from 74m) MNORC 223
- 4m @ 2.28 g/t Au – (from 49m) MNORC 218
- 5m @ 1.71 g/t Au – (from 33m) MNORC 212
- 4m @ 1.58 g/t Au – (from 32m) MNORC 213

A number of RC drill holes ended in significant mineralisation including:

- 48m @ 1.66 g/t gold (Au) – (EOH) from surface to 48m – MNORC 221
- 10m @ 0.77 g/t Au – (EOH) from 38m – MNORC 226
- 1m @ 0.58 g/t Au – (EOH) from 83m – MNORC 222

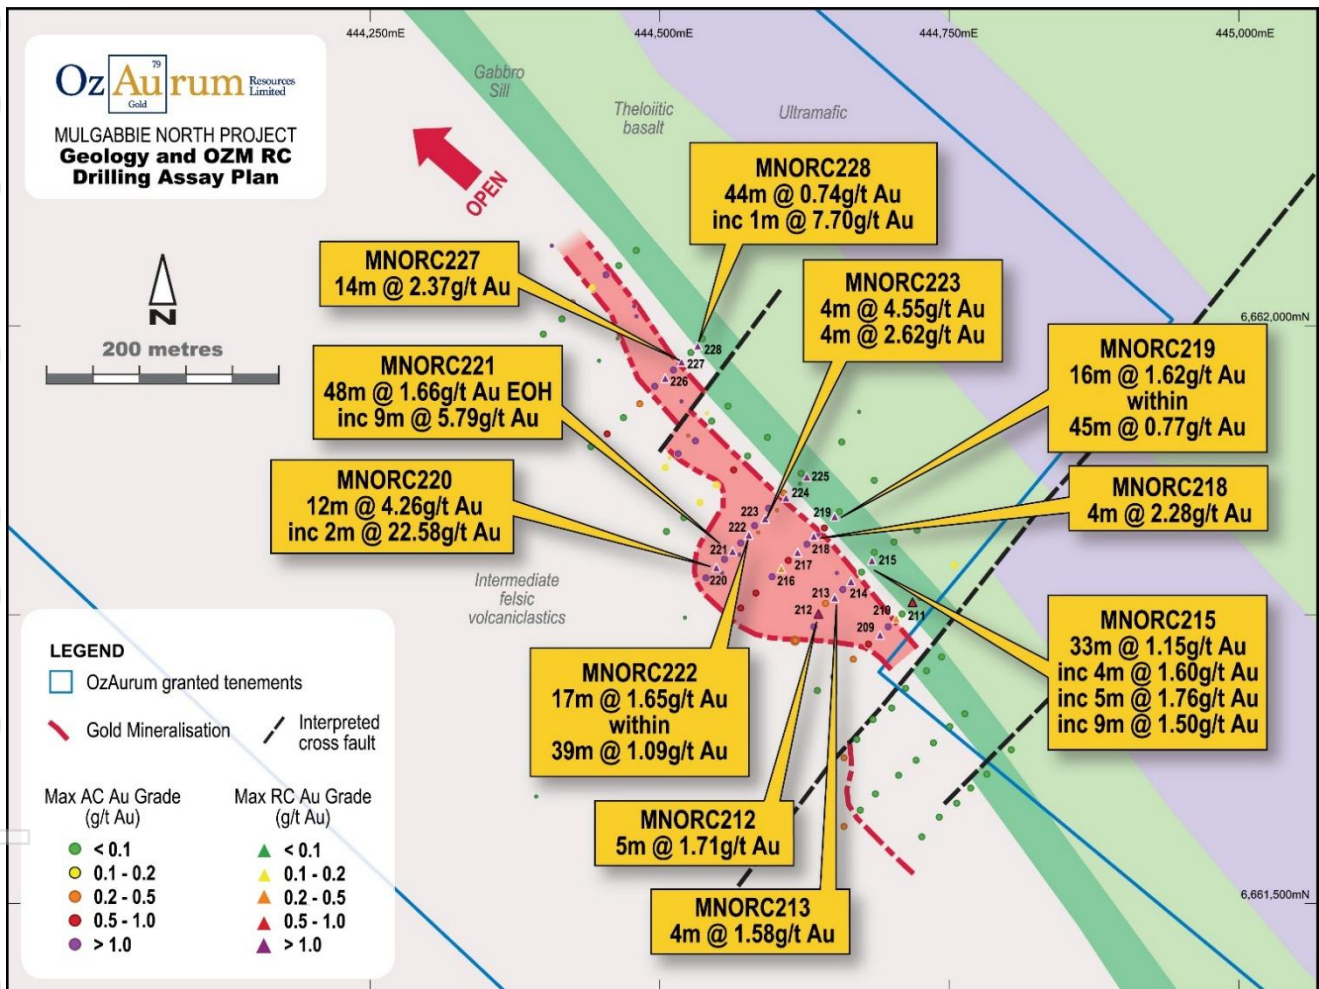

Figure 3: Cross Fault RC drill hole location plan

During April 2025, the Company completed eight RC holes at the Cross Fault Gold Discovery that confirmed previous RC drilling results in fresh rock. Significant intersections included (See ASX Announcement 6 May 2025):

- 10m @ 1.80 g/t Au – (from 127m) – and 1m 3.91 g/t Au to end of hole (EOH) within 35m @ 0.79 g/t Au (from 103m) MNORC 251
- 8m @ 1.81 g/t Au – (from 68m) – within 22m @ 0.84 g/t Au MNORC 250
- 7m @ 2.17 g/t Au – (from 79m) MNORC 253
- 7m @ 1.25 g/t Au – (from 33m) – within 26m @ 0.75 g/t Au (from 29m) MNORC 229
- 4m @ 2.70 g/t Au – (from 18m) MNORC 249
- 4m @ 2.15 g/t Au – (from 73m) MNORC 252
- 1m @ 6.12 g/t Au – (from 76m) MNORC 252
- 1m @ 6.07 g/t Au – (from 41m) MNORC 252

Several RC drill holes ended in significant gold mineralisation including:

- 10m @ 1.80 g/t Au – (from 127m) – and 1m 3.91 g/t Au EOH within 35m @ 0.79 g/t Au (from 103m) MNORC 251
- 15m @ 0.75 g/t Au EOH – (from 105m) MNORC 253
- 1m @ 1.50 g/t Au EOH - (from 64m) MNORC 229

The Company continued drilling during May 2025 with two diamond drill holes completed for 220m and 82 AC holes (2,290m) drilled. Diamond drill holes MNODH 017 and MNODH 018 were situated 70m apart across the strike, targeting two different mineralised positions at Cross Fault. The key observation from the diamond drilling is that mineralisation at the western part of Cross Fault (at MNODH 017) is a sheeted vein system and mineralisation at the eastern contact (in MNODH 018) is breccia dominated. In both drill holes, faults are associated with higher-grade gold mineralisation. The intermediate volcanoclastic host lithology at Cross Fault is dominated by conglomerate, with interbedded sandstone units. Very fine visible gold specks were observed in quartz veins in MNODH 017, associated with oxidised former pyrite and OZM consider this to confirm its geological model.

Significant diamond drilling intercepts included (See ASX Announcement 30 May 2025):

- 25m @ 1.24 g/t Au from 27m – including 1m @ 5.63 g/t Au from 27m and 1m @ 5.83 g/t Au from 43m in DDH MNODH 017
- 17m @ 1.25 g/t Au from surface in DDH MNODH 017
- 25m @ 0.76 g/t Au from 47m – including 1m @ 5.5 g/t Au from 50m and 1m @ 3.48 g/t Au (from 69m) in DDH MNODH 018

Significant AC drilling four metre composite intercepts included (See ASX Announcement 30 May 2025):

- 4m @ 1.03 g/t Au from 24m – in AC MNOAC 835
- 4m @ 0.57 g/t Au from surface – in AC MNOAC 843
- 3m @ 0.33 g/t Au to end of hole (EOH) from 32m – in AC MNOAC 799
- 3m @ 0.23 g/t Au to EOH from 32m – in AC MNOAC 815

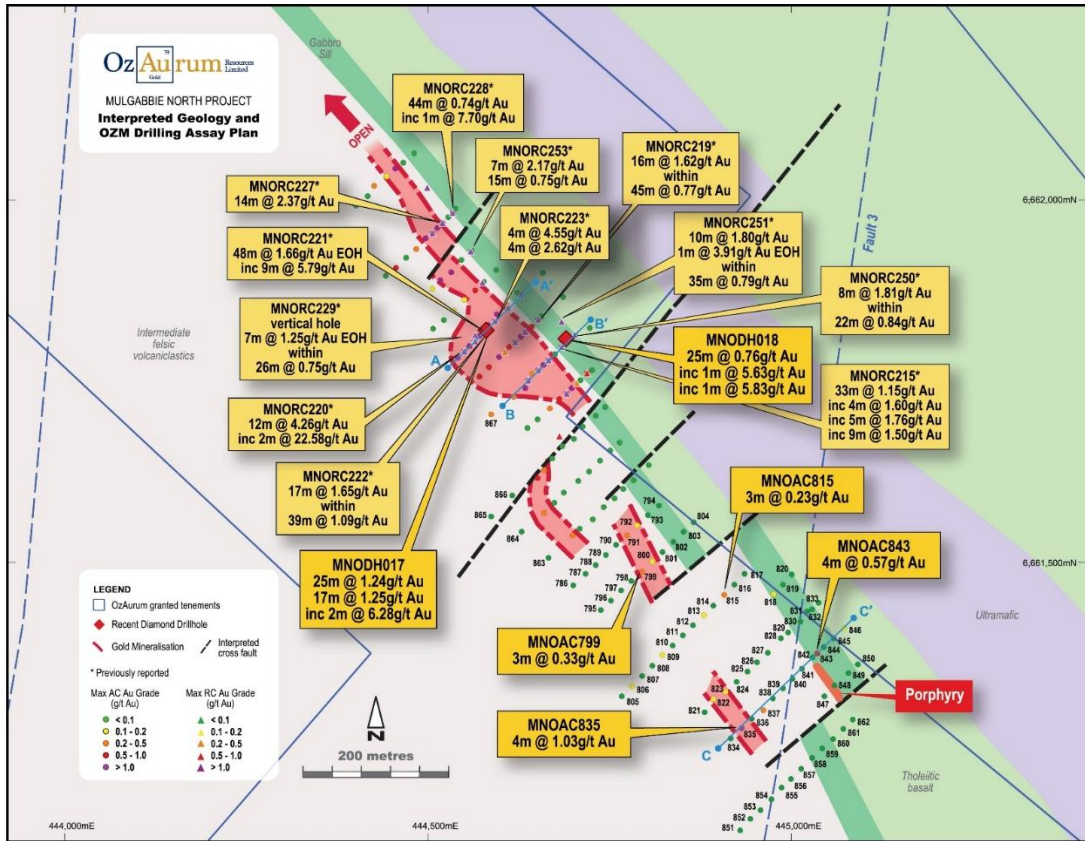

Figure 4: Cross Fault Diamond, RC and AC drill plan

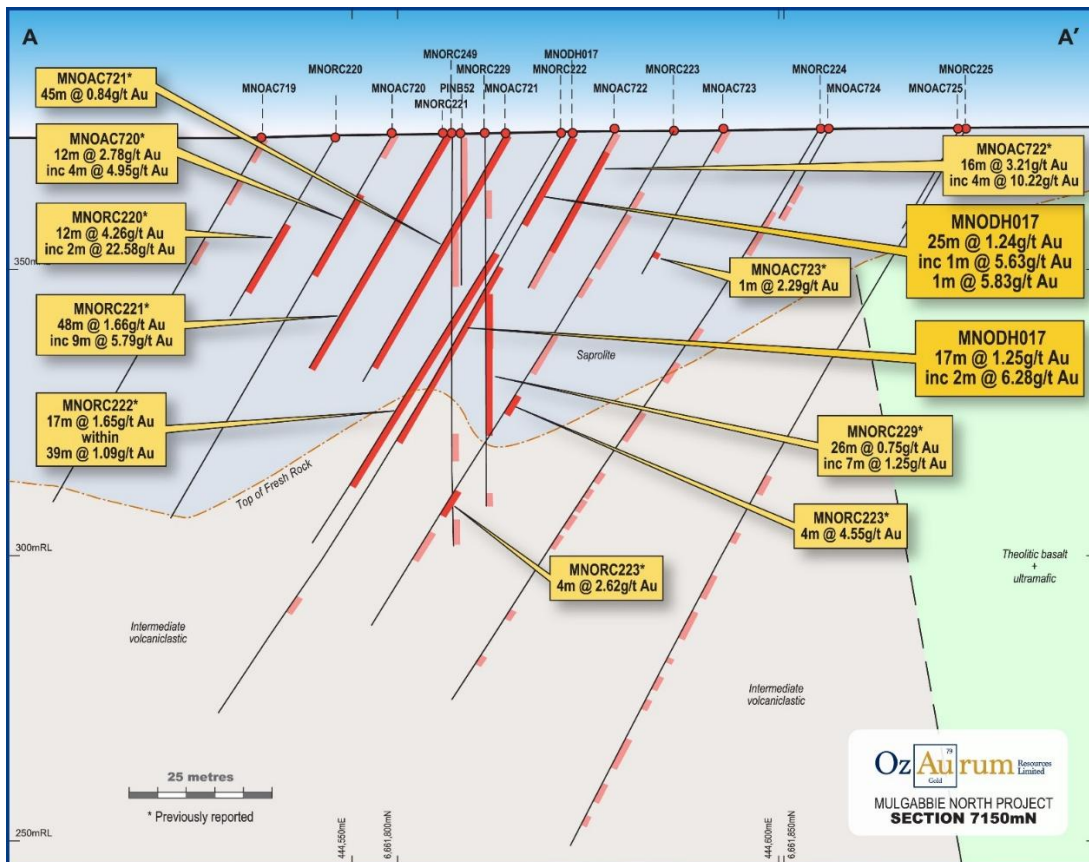

Figure 5: Cross Fault cross section 7150N

During August 2025, the Company completed a RC programme consisting of 17 holes (1,858m) with the aim of extending know mineralisation and drilling to 25m x 25m drill pattern that would enable a future Mineral Resource Estimate to be completed with confidence. Significant drill intercepts included (See ASX Announcement 4 August 2025):

- 10m @ 2.18 g/t Au – (from 85m) – incl 2m @ 6.09 g/t Au (from 85m) and 2m @ 3.12 g/t Au (from 93m) MNORC 269
- 21m @ 1.22 g/t Au – (from 33m) – incl 1m @ 5.45 g/t Au (from 43m) and 1m @ 11.41 g/t Au (from 53m) MNORC 262
- 7m @ 3.14 g/t Au – (from 101m) – incl 1m @ 13.40 g/t Au (from 105m) MNORC 268
- 21m @ 0.94 g/t Au – (from 119m) – incl 1m @ 5.95 g/t Au (from 132m) MNORC 263
- 9m @ 1.09 g/t Au – (from 10m) MNORC 261
- 1m @ 7.24 g/t Au – (from 96m) MNORC 273
- 1m @ 5.18 g/t Au – (from 0m) MNORC 272

Golden Goose

RC hole MNORC 257 at Golden Goose intersected 10m @ 0.90 g/t Au from 22m. The hole was drilled to further understand the gold mineralisation previously intersected there by OZM 2021. MNORC 107, drilled in 2021, intersected 4m @ 1.48 g/t Au (from 30m) within 20m @ 0.68 g/t Au (refer to ASX release 8/11/2021), with deeper RC holes failing to intersect significant gold mineralisation. MNORC 257 was drilled in the opposite direction to MNORC 107 and further RC drilling is planned.

Golden Goose is sandstone-hosted mineralisation that was originally named by Saracen Minerals in 2013. Saracen drilled two RC holes GGRC001 and GGRC002, with GGRC002 intersecting gold mineralisation hosted in sandstone.

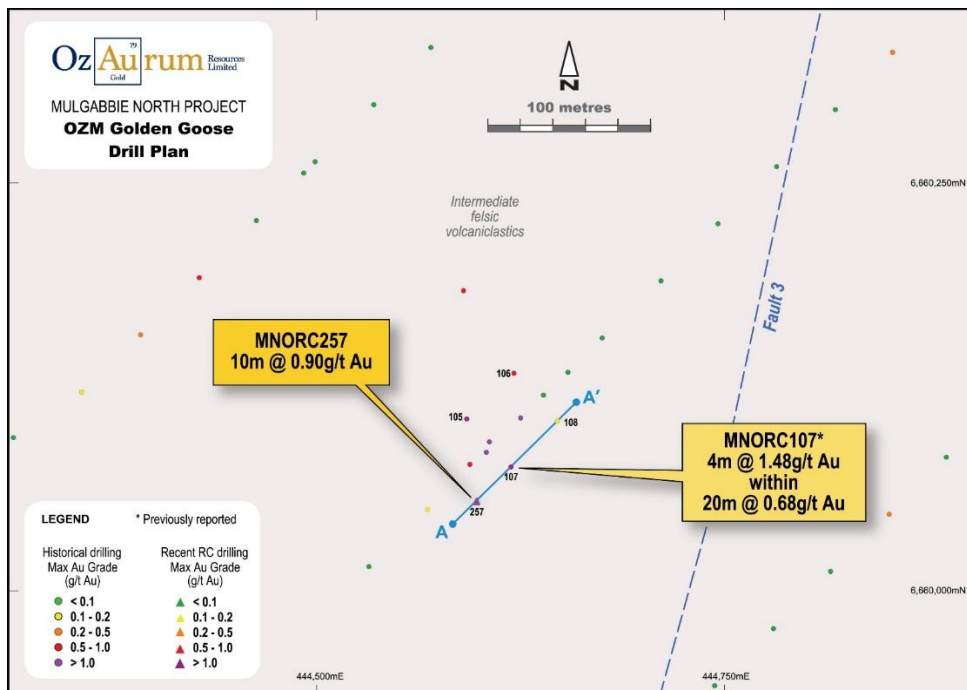

Figure 6: Golden Goose RC drill plan

Paleochannel Zone

Results from a focussed 19-hole resource infill RC hole drill program (684m) at the Paleochannel Zone were announced to ASX announcement 15 April 2025 returning exceptional gold intersections. The purpose of this program was to confirm previous high grade paleochannel intercepts and to increase the confidence level of the existing resource in this area.

Significant gold results received from OZM's 19-hole RC drilling program include (See ASX Announcement 15 Apr 2025):

- 5m @ 5.87 g/t gold (Au) – (from 22m) including 1m @ 16.54 g/t Au (from 22m) – MNORC 241
- 3m @ 7.25 g/t Au – (from 27m) – including 1m @ 10.04 g/t Au MNORC 233
- 2m @ 6.92 g/t Au – (from 27m) – including 1m @ 10.91 g/t Au (from 31m) MNORC 242
- 3m @ 2.39 g/t Au – (from 29m) – MNORC 234

Paleochannel gold mineralisation situated west of the Relief Shear at Mulgabbie North has now been mapped for over 4 km and represents an ancient river system of transported gold. OzAurum drilling has intersected a number of high grade gold intercepts in this paleochannel along the 4km length. This potentially presents exploration opportunities to discover additional ounces adding to the existing resource inventory available to the Mulgabbie North heap leach feasibility study. We have now confidently established the paleochannel flow direction to the north west, with 30m height drop over the 4km. Mulgabbie paleochannel gold is primary gold mineralisation that has been subject to erosion and remobilised with a number of potential sources with at least one situated SW of the Mulgabbie North Resource.

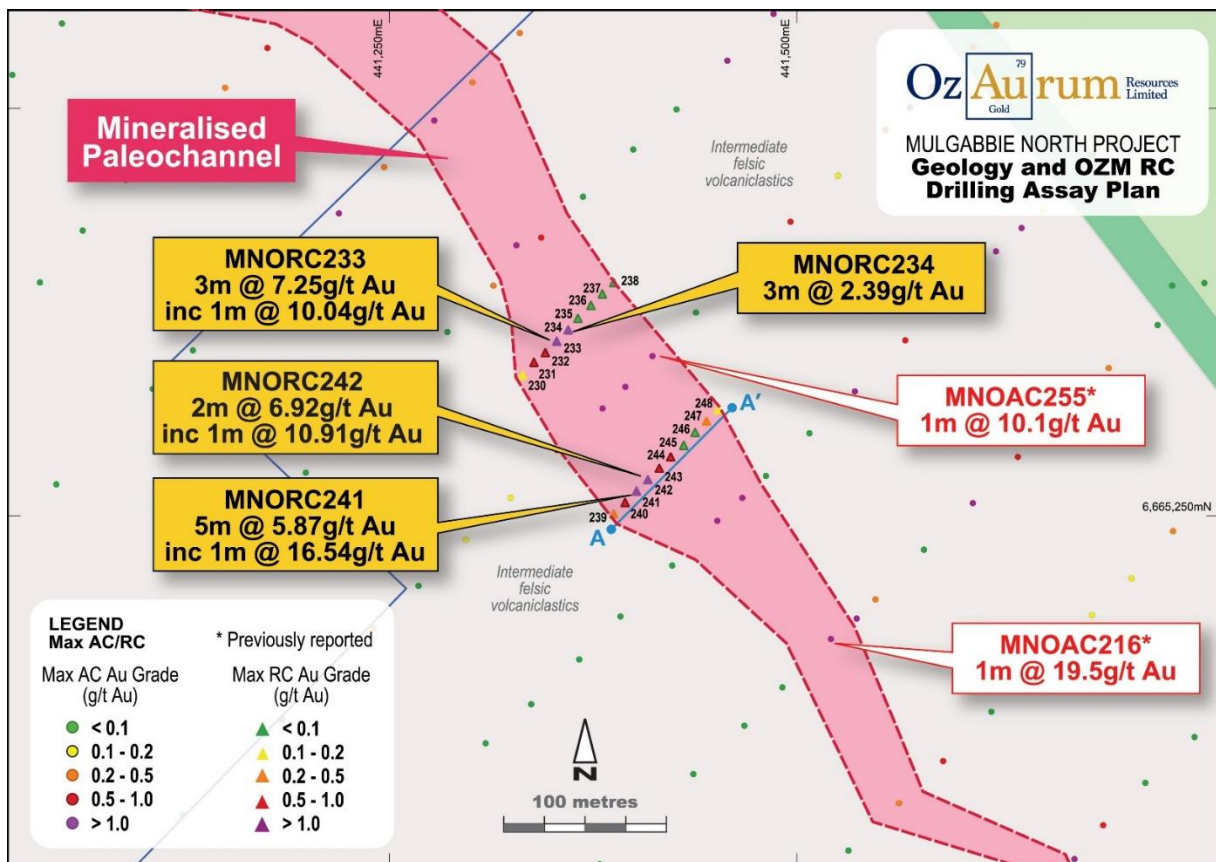

Figure 7: Paleochannel drill hole location plan Mulgabbie North

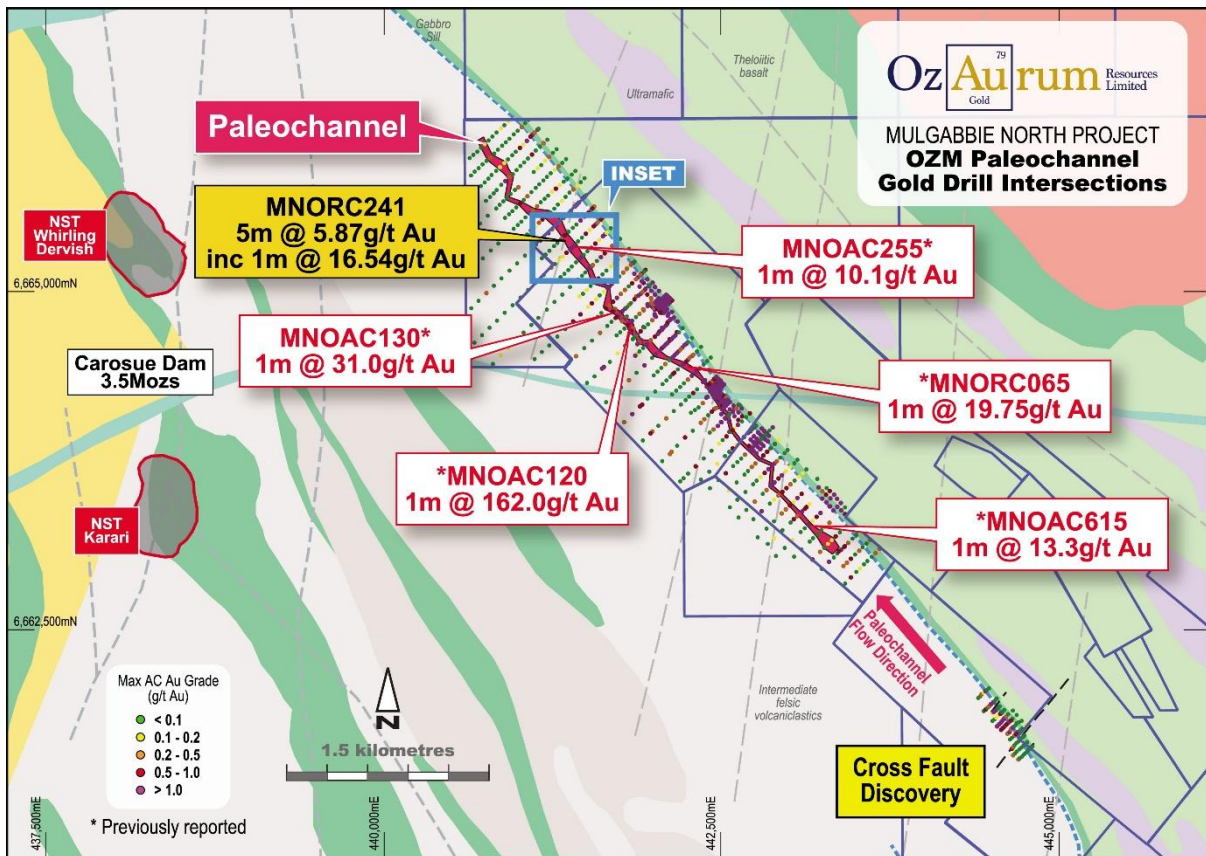

Figure 8: Paleochannel Project drill hole location plan with previous drill intercepts

Mulgabbie Feasibility

On 12 August 2025 Line Hydrogen (Australia) Pty Ltd was placed into voluntary administration. Subsequent to the appointment of administrators, lawyers representing Line Hydrogen (Australia) Pty Ltd have been in contact with OzAurum seeking to be released from the Mulgabbie North Feasibility Study Agreement (announced on 12 September 2024) via a Deed of Release whereby both parties are released from the Agreement.

For personal use only

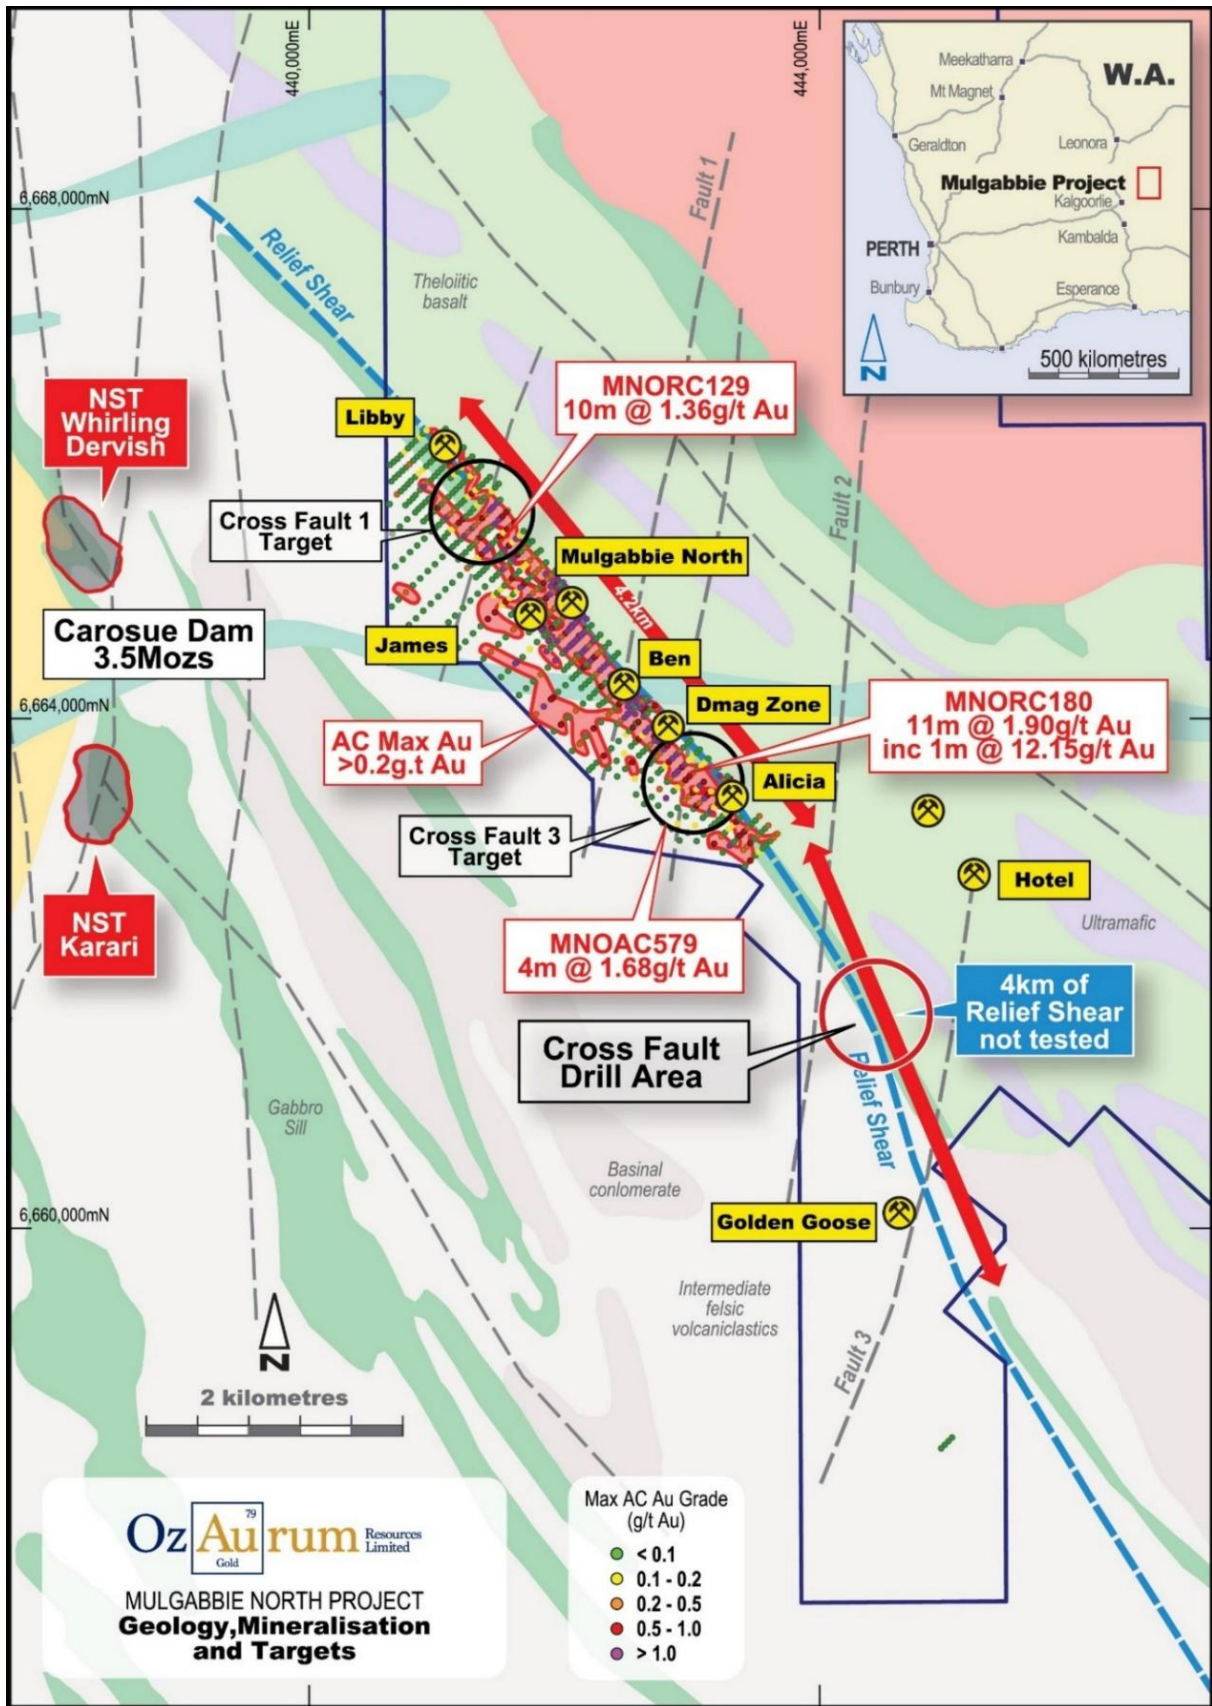

Figure 9: Mulgabbie North Gold Project targets.

Mulgabbie Mineral Resource.

During the prior year, the Group announced the Mulgabbie North Mineral Resource Estimate (MRE) of 11.6 mt @ 0.70 g/t Au for 260,000 ounces of gold, reported at 0.3 g/t Au cut-off.

Table 1: Mulgabbie North Mineral Resource Estimate

Mulgabbie North Gold Deposit			
JORC 2012 Classification	Tonnes	Grade Au g/t	Ounces
Measured	1,475,000	0.82	39,000
Indicated	5,620,000	0.71	128,000
Inferred	4,543,000	0.85	93,000
Total Measured, Indicated and Inferred	11,638,000	0.70	260,000

Notes: The Mineral Resources are reported at 0.3 g/t Au cutoff to a depth of 150m below the surface. All numbers are rounded to reflect appropriate levels of confidence. Apparent difference may occur due to rounding.

Reported according to the 2012 JORC Code on 18 July 2023. Full details of the Mulgabbie North resource calculations as per JORC Code (2012) are contained in the Company's announcement dated 18 July 2023.

OzAurum has an established camp and office situated onsite at Mulgabbie with good communication infrastructure. Access to the site is via the Pinjin-Tropicana Road that has been recently upgraded to Main Roads WA specifications allowing road train access with concessional loading.

PATRICIA PROJECT

Patricia Project Summary

The Patricia Gold Project is situated Northeast of Kalgoorlie in the Eastern Goldfields of Western Australia and located within the Celia Tectonic Zone that hosts numerous large gold deposits and operating gold mines including Sunrise Dam, Deep South, Safari Bore, Linden and the Anglo Saxon Gold Mine.

The newly discovered Heysen's Find is situated on 100% owned exploration Licence E31/1186. Several rock chip samples returned high-grade gold from quartz vein stockwork and quartz veins associated with the newly identified shear zone (See ASX announcement dated 29 November 2024). High gold grades extend for over 250m in strike exposed in two costeans and two shallow prospecting shafts (<5m deep) including;

- PRC 0012 16.23 g/t Au
- PRC 0019 10.33 g/t Au
- PRC 0014 6.20 g/t Au
- PRC 0011 3.65 g/t Au
- PRC 0008 2.47 g/t Au

The high grade gold samples all show abundant gossan boxwork textures after former sulphides – most likely pyrite, indicating mineralisation at depth in fresh rock. The host rock remains still yet to be identified due to its highly altered nature. Outcropping dolerite occurs on the immediate western and eastern contacts of the shear zone extending for 1km along strike to the north. The shear zone foliation is striking 330° and dips near vertical with quartz vein stockwork and quartz veins showing the same orientation.

Geological mapping, and additional rock chip sampling will be undertaken at Heysen's Find and along the 7.5km Patricia shear.

Heritage and archaeological studies have been completed for part of E31/1186. The Section 18 application lodged over the whole of E31/1186 at Heysen's Find has been refused. However, we have been granted approval to drill on an area covering the high grade Heysen's Find rockchip samples and drill targets. The approved area extends 1km to the north along strike. A Programme of Work (POW) has been lodged over this area with Department of

Mines, Petroleum and Exploration (DMPE) to undertake exploration drilling of these targets, that we recently received approval. OzAurum plans to undertake initial Reverse Circulation (RC) drilling program at Heysen's Find at this exciting RC drilling target.

BRAZIL

Catalao and Salitre Niobium + REE Projects

The Salitre and Catalao Niobium REE Projects were identified as prospective areas for carbonatite intrusion-related niobium mineralisation and are situated within the Alto Paranaba Magmatic Province (APMP). The APMP hosts 97% of worldwide niobium production, all from carbonatite intrusions.

The Salitre Project is adjacent to the Salitre and Serra Negra carbonatite complexes that host significant niobium and phosphate Mineral Resources. Open pit mining and processing at the Salitre carbonatite produces phosphate, which in turn hosts niobium and rare earth minerals.

During the September 2024 quarter OzAurum undertook 2 soil sampling programs. Results of the first were announced 3 September 2024 and the second during the quarter on 21 October 2024 (see ASX announcements on those dates for detailed discussion of the exploration results). The first soils program identified an area labelled Target 1. The second program further tested this area, and we have identified a widespread niobium in soil anomaly over a 1km² area with a peak niobium in soil result of 271 ppm. Coincident anomalism of tantalum, hafnium, thorium follows the same pattern as Niobium. These are high field strength elements that along with niobium are immobile in the regolith profile. This strongly suggests a niobium rich carbonatite intrusion as the source of the anomalism. These latest results support and validate our niobium carbonatite intrusion exploration model, (figure 6).

Target 1 at the Saltire Project was identified as an ultra violet (UV) anomaly by consultant Dr Neil Pendock. OzAurum considers this to be an exciting niobium carbonatite exploration project based on coincident high gamma radiation readings and a cluster of nine UV anomalies within a large niobium anomaly over a 1 km² area, (figure 7).

The Company has reduced its tenure and associated holding costs in Brazil and focus on the Target 1 area at the Salitre Project. OzAurum has plans to commence diamond drilling at Target 1, proposed to be drilled to 200m depth. These will be completed utilising the company-owned diamond drilling rig along with the OZM drilling crew.

Target 1 has been subject to intensive agriculture and after examining satellite images taken since December 1985, OzAurum dismisses farming activity as an explanation for these anomalies.

CORPORATE

Ashok Parekh was appointed Non-Executive Chairman of the Company on 21 May 2025. Mr Ashok Parekh brings to OzAurum over 45 years' experience within the mining and resources sector. A highly respected Chartered Accountant and principal of a long-established accounting practice in Kalgoorlie for the past 40 years, Mr Parekh possesses a profound understanding of the operational and financial intricacies of the industry.

Jessica Fertig was appointed Non-Executive Director on 13 January 2025. Jessica is the Founder and Managing Partner of Tau Media, a boutique investor and media relations consultancy providing strategic support to ASX-listed companies across a range of sectors, including mining and resources. With over a decade of experience in investor relations, Jessica has been instrumental in the successful delivery of multiple IPOs and has worked extensively in-house for ASX-listed companies.

Andy Tudor resigned from his role as Non-Executive Director in January 2025. Mr Tudor had been a Director of OzAurum since its incorporation, and the Board acknowledges his commitment and efforts during the last four years.

In December 2024 the Company completed a placement, raising a total of \$1,000,000 (before costs), through the issue of 38,461,539 Shares at an issue price of \$0.026 per Share, and settled on 2 January 2025. During March 2025 the Company undertook a further placement, raising \$1,746,000 (before costs), through the issue of 29,100,000 Shares at an issue price of \$0.06 per Share. The placement was settled on 10 March 2025.

The Company held a General Meeting ("GM") on 19 February 2025 at which the issue of 6,000,000 options with an exercise price of \$0.05 each and an expiry date of 20 December 2027 was approved. A further GM was held on 16 April 2025 at which the issue of 3,000,000 options with an exercise price of \$0.09 each and an expiry date of 10 March 2028 was approved. Both series of options were issued to CPS Capital (and its nominees) in accordance with their engagement as broker and lead manager to the December and March placements.

Business Strategies and Prospects

OzAurum's business model is aimed at generating value from the discovery of economic quantities of mineralisation and resources. It involves identifying projects aligned to OzAurum's strategy, then developing project specific exploration programs designed to quantify a project's mineral potential.

An important part of the OzAurum's proposed model is to assess exploration results on an ongoing basis against the current exploration strategies, other projects, funding options and other opportunities.

OzAurum's activities have inherent risk and the Board is unable to provide certainty of the expected results of these activities or that any or all of these likely activities will be achieved. The material business risks faced by OzAurum that could influence future prospects, and how the risk is managed, are outlined below.

Exploration and Development Risk

Mineral exploration, by its nature, is a high-risk endeavour and consequently, there can be no assurance that exploration of the Group's existing projects, or any other projects that may be acquired in the future, will result in discovery of an economic mineral deposit. Should a discovery be made, there is no guarantee that it will be commercially viable.

The development of mineral projects would follow only if favourable exploration results are obtained. There are still development and operational risks to overcome before a commercial mine can be established. A variety of factors, both geological and market related, can cause a technical discovery to be uneconomic.

Future Capital Requirements

The ability of the Group to continue as a going concern is dependent on securing additional funding through debt or equity issues or partial sale of its mineral properties as and when the need to raise working capital arises, to continue to fund its operational activities.

Management believe there are sufficient funds to meet the Group's working capital requirements as at the date of this report. Subsequent to period end the Group expects to receive additional funds through debt or equity issues.

Native Title and Aboriginal Heritage

The Group's activities in Australia are subject to Commonwealth and State legislation relating to native title and sites of significance to Aboriginal custom and tradition. There is significant uncertainty associated with native title and Aboriginal heritage issues in Australia and this may impact on the Company's future plans. The Directors will closely monitor the potential effect of native title claims or heritage sites involving the Group's projects.

Environmental Risks

The operations and activities of the Group are subject to State and Federal laws and regulations concerning the environment. As with most exploration projects and mining operations, the Group's activities have an impact on the environment. The Group conducts its activities in compliance with all environmental laws.

Climate Change

The Directors recognise that there are a number of risks related to climate change which may affect the Group, including but not limited to:

- the changes which may occur to the climate of the area in which the Group's projects are situated which cannot be predicted;
- changes in governmental policy in response to climate change could adversely impact the value of the Group's assets, its business strategy and/or the costs of its operations; and
- climate change may have an impact on the operations of participants in the mining industry.

General Economic Conditions

General macro-economic conditions such as inflation, currency fluctuation, interest rates, supply and demand and industrial disruption may each have an adverse impact on operating costs, commodity prices and stock market processes. The Groups future possible revenues and Share price can be affected by these factors, which are beyond the control of the Group and its Directors.

INFORMATION ON DIRECTORS

Ashok Parekh

Non-Executive Chairman (appointed 21 May 2025)

Mr Parekh brings to OzAurum over 45 years' experience within the mining and resources sector. A highly respected Chartered Accountant and principal of a long-established accounting practice in Kalgoorlie for the past 40 years, Mr Parekh possesses a profound understanding of the operational and financial intricacies of the industry.

Throughout his distinguished career, Mr Parekh has cultivated a proven track record of advising mining companies and service providers, successfully negotiating numerous mining deals that have led to new IPOs and the establishment of significant gold mining operations. His direct involvement in the management of gold mining and milling companies within the Kalgoorlie region, including his tenure as Managing Director of several such entities and the successful operation of Coolgardie Custom Milling for 12 years, provides OzAurum with exceptional leadership insight.

Mr Parekh's significant contributions to the industry have been recognised through prestigious accolades including the Centenary Medal in 2003 by the Governor General of Australia, and the Meritorious Service Award from Chartered Accountants Australia and New Zealand, the highest award granted by the organisation in Australia.

Andrew Pumphrey

Managing Director & CEO (appointed 5 August 2020)

Mr Pumphrey is a geologist and mine surveyor with over 30 years' experience in the mineral exploration industry. He has extensive field experience in exploring for gold, nickel, silver and zinc throughout Western Australia and has been involved with several private underground and open pit mining operations.

Based in Kalgoorlie since 1989, Mr Pumphrey has operated a successful exploration contracting business and has an extensive knowledge of the geology of the Eastern Goldfields. Mr Pumphrey worked as the Operations Manager and General Manager for MacPhersons Resources Ltd and Horizon Minerals Ltd (ASX:HRZ). Prior to that he worked as the Exploration Manager for MacPhersons Resources Ltd for four years.

Mr Pumphrey is a member of the Australian Institute of Geoscientists and a member of the Australasian Institute of Mining and Metallurgy.

Jeffrey Williams

Non-Executive Director (appointed 5 August 2020)

Mr Williams has over 40 years' experience in the mining industry, with 16 years' experience as a professional mining engineer in Australia and seven years in the stockbroking industry. His mining experience ranges from mine planning, underground management and feasibility studies through to mine development.

Mr Williams was the Managing Director of Mineral Deposits Ltd for 15 years and departed in late 2011. He secured the Sabodala gold and Grande Cote zircon projects in Senegal in West Africa, and commenced gold production in March 2009. The market capitalisation of Mineral Deposits Ltd increased from A\$6m in 2003 to over A\$1b in 2011.

Interest in Shares	1,187,500	Fully paid ordinary shares
Interest in Options	4,000,000	
Current Directorships	Nil	

Jessica Fertig

Non-Executive Director (appointed 13 January 2025)

Ms Fertig is the Founder and Managing Partner of Tau Media, a boutique investor and media relations consultancy providing strategic support to ASX-listed companies across a range of sectors, including mining and resources. With over a decade of experience in investor relations, Jessica has been instrumental in the successful delivery of multiple IPOs and has worked extensively in-house for ASX-listed companies.

Ms Fertig's academic credentials include a Master of Business Law from the University of Sydney, a Graduate Diploma in Psychology from Monash University, and a Bachelor of Commerce in Law & Economics from Rhodes University.

In addition to her professional accomplishments, Ms Fertig serves as a Director of Australian Women in Mining and Resources (AWIMAR), where she is a vocal advocate for increasing diversity and fostering inclusion in the mining and resources industry.

Interest in Shares	Nil	Fully paid ordinary shares
Interest in Options	Nil	
Other Directorships	Nil	

Andrew Tudor

Non-Executive Director (appointed 5 August 2020, resigned 13 January 2025)

Mr Tudor's experience has been gained over more than 35 years as a geologist in the mining industry. He has encompassed roles ranging from Managing Director/CEO of ASX listed companies to General Manager, Country Manager and Exploration Manager roles, as well as exploration and mine geology functions.

Mr Tudor has also held the position of General Manager and Principal Consultant of a global mineral consulting firm where his role concentrated on project assessment, due diligence and evaluation studies, in conjunction with geological and resource assessments.

Mr Tudor's career commenced exploring and mining gold in Western Australia and progressed to the varying gold and base metal environments of the Australasian/Pacific region.

Interest in Shares	162,500	Fully paid ordinary shares (holding at time of resignation)
Interest in Options	4,000,000	(holding at time of resignation)
Other Directorships	Nexus Minerals Limited (appointed 6 July 2016)	

COMPANY SECRETARY

Stephen Hewitt-Dutton

(Appointed 20 August 2020)

Mr Hewitt-Dutton has over 30 years of experience in corporate finance, accounting and company secretarial matters and holds a Bachelor of Business from Curtin University. Prior to joining OzAurum Resources Limited as permanent staff on 1 July 2021, he was an Associate Director of Trident Capital Pty Ltd for 12 years providing accounting and company secretarial services and corporate advice to listed and unlisted companies. He has held Financial Controller and Company Secretary positions for both public and private companies in excess of 30 years, including more than 15 years for listed mineral exploration companies.

Before joining Trident Capital Pty Ltd, Mr Hewitt-Dutton worked in a big 4 accounting firm and corporate accounting roles, and was an Associate Director of Carmichael Corporate Pty Ltd, where he assisted clients by providing equity market, IPO and M&A advice and assistance.

MEETINGS OF DIRECTORS

The number of directors' meetings held during the financial year and the number of meetings attended by each director is:

	Number Eligible to attend	Meetings Attended
Ashok Parekh	1	1
Andrew Pumphrey	8	8
Jeffrey Williams	8	8
Jessica Fertig	3	3
Andrew Tudor	5	5

The Company does not have a formally constituted audit committee as the board considers that the Group's size and type of operation do not warrant such a committee.

SIGNIFICANT CHANGES IN STATE OF AFFAIRS

There were no significant changes in the state of affairs of the Group during the year.

EVENTS OCCURRING AFTER THE REPORTING PERIOD

Other than as outlined above, there has been no matters or circumstances that has arisen after reporting date that has significantly affected, or may significantly affect, the operations of the consolidated entity, the results of those operations, or the state of affairs of the consolidated entity in future financial years.

LIKELY DEVELOPMENTS AND EXPECTED RESULTS OF OPERATIONS

The Group has projects in Western Australia and Brazil and manages the exploration on the projects. The Group will continue exploration of all projects and also to review other potential projects with the object of increasing shareholder value.

ENVIRONMENTAL REGULATION

The Group is aware of its environmental obligations with regards to its exploration activities and ensures that it complies with all regulations when carrying out any exploration work.

Greenhouse gas and energy data reporting requirements

The group has reviewed the reporting requirements of both the Energy Efficiency Opportunities Act 2006 and the National Greenhouse and Energy Reporting Act 2007. Based on the Group's current operations, they are not required to register, nor are they required to report emissions data to the Greenhouse and Energy Data Officer.

REMUNERATION REPORT (Audited)

The information provided in this remuneration report has been audited as required by section 308(3C) of the *Corporations Act 2001*.

Key management personnel covered in this report:

Name	Position Held
Ashok Parekh	Non-Executive Chairman (Appointed 21 May 2025)
Andrew Pumphrey	Managing Director & CEO (Appointed 5 August 2020)
Jeffrey Williams	Non-Executive Director (Non-Executive Chairman to 21 May 2025) (Appointed 5 August 2020)
Jessica Fertig	Non-Executive Director (Appointed 13 January 2025)
Andrew Tudor	Non-Executive Director (Appointed 5 August 2020, resigned 13 January 2025)

Remuneration policy

The remuneration policy of OzAurum Resources Limited has been designed to align director and executive objectives with shareholder and business objectives by providing a fixed remuneration component which is assessed on an annual basis in line with market rates and offering specific long-term incentives based on key performance areas affecting the Group's financial results. The board of OzAurum Resources Limited believes the remuneration policy to be appropriate and effective in its ability to attract and retain the best directors and executives to run and manage the Group.

The board's policy for determining the nature and amount of remuneration for board members and senior executives of the economic entity is as follows:

The remuneration policy, setting the terms and conditions for the executive directors and other senior executives, was developed by the board. All executives receive a base salary (which is based on factors such as length of service and

experience) and superannuation. The board policy is to review executive packages annually by reference to the economic entity's performance, executive performance and comparable information from industry sectors and other listed companies in similar industries.

The board may exercise discretion in relation to approving incentives, bonuses and options. The policy is to attract the highest calibre of executives and reward them for performance that results in long-term growth in shareholder wealth.

Executives are also entitled to participate in the employee share and option arrangements. The executive directors and executives receive a superannuation guarantee contribution required by the government and do not receive any other retirement benefits. All remuneration paid to directors and executives is valued at the cost to the company and expensed. Options are valued using the Black-Scholes method.

The board policy is to remunerate non-executive directors at market rates for comparable companies for time, commitment and responsibilities. The board determines payments to the non-executive directors and reviews their remuneration annually, based on market practice, duties and accountability. Independent external advice is to be sought when required, however has not been sought during this reporting period. The directors set the maximum aggregate amount of fees that can be paid to non-executive directors at \$250,000 on 22 September 2020. Fees for non-executive directors are not linked to the performance of the economic entity. However, to align directors' interests with shareholder interests, the directors are encouraged to hold shares in the company and are able to participate in the employee option plan.

The objective of the Company's executive reward framework is set to attract and retain the most qualified and experienced directors and senior executives. The board ensures that executive reward satisfies the following key criteria for good reward governance practices:

- Competitiveness
- Acceptability to shareholders
- Performance linkage
- Capital management

Directors' fees

A director may be paid fees or other amounts as the directors determine where a director performs special duties or otherwise performs services outside the scope of the ordinary duties of a director. A director may also be reimbursed for out of pocket expenses incurred as a result of their directorship or any special duties.

Bonuses

No bonuses were given to key management personnel during the 2025 financial year.

Performance based remuneration

The Group currently has no performance-based remuneration component built into director and executive remuneration packages given that the Company is currently still in exploration phase. Therefore, all remuneration is fixed and no amount is considered at risk.

Group performance, shareholder wealth and director's and executive's remuneration

The remuneration policy has been tailored to increase goal congruence between shareholders and directors and executives.

Key management personnel

The following persons were key management personnel and specified executives of OzAurum Resources Limited during the financial year:

Broker Options (March 2025 raising)	0.09c	10 Mar 2028	3,000,000

INDEMNIFYING OFFICERS

In accordance with the constitution, except as may be prohibited by the *Corporations Act 2001* every Officer, auditor or agent of the Company shall be indemnified out of the property of the Company against any liability incurred by him in his capacity as Officer, auditor or agent of the Company or any related corporation in respect of any act or omission whatsoever and howsoever occurring or in defending any proceedings, whether civil or criminal.

INDEMNIFICATION OF AUDITORS

To the extent permitted by law, the Company has agreed to indemnify its auditors, HLB Mann Judd, as part of the terms of its audit engagement agreement against claims by third parties arising from the audit (for an unspecified amount). No payment has been made to indemnify HLB Mann Judd during or since the financial year.

PROCEEDINGS ON BEHALF OF GROUP

No person has applied for leave of Court under s.237 of the Corporations Act to bring proceedings on behalf of the Group or intervene in any proceedings to which the Group is a party for the purpose of taking responsibility on behalf of the Group for all or any part of these proceedings. The Group was not a party to any such proceedings during the year.

NON-AUDIT SERVICES

The Directors are satisfied that the provision of non-audit services, during the year, by the auditor or a related practice of the auditor is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*.

Non – audit services have been provided by an overseas affiliate of the Group's auditors. Remuneration paid to the Group's auditors is set out in note 10.

AUDITOR'S INDEPENDENCE DECLARATION

The lead auditor's independence declaration under section 307C of the *Corporations Act 2001* for the year ended 30 June 2025 is set out on page 27.

This report is signed in accordance with a resolution of the Board of Directors.

Ashok Parekh
Chairman

Dated this 19th day of September 2025

Competent Persons Statement

The information in this report that relates to exploration results is based on information compiled by Andrew Pumphrey who is a Member of the Australian Institute of Geoscientists and is a Member of the Australasian Institute of Mining and Metallurgy. Andrew Pumphrey is a full-time employee of OzAurum Resources Ltd and has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 edition of the "Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves". Mr Pumphrey has given his consent to the inclusion in this report of the matters based on the information in the form and context in which it appears.

OzAurum confirms it is not aware of any new information or data that materially affects the information included in the original market announcements, and that all material assumptions and technical parameters underpinning the estimates in the relevant market announcements continue to apply and have not materially changed. The Company confirms that the form and the context in which the Competent Persons findings are presented have not been materially modified from the original announcements.

The information relating to the mineral resource is extracted from the Company's ASX announcement dated 18 July 2023 and is available to view on the Company's website. The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcement and, in the case of estimates of Mineral Resources, that all material assumptions and technical parameters underpinning the estimates in the relevant market announcement continue to apply and have not materially changed. The Company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcement.

AUDITOR'S INDEPENDENCE DECLARATION

As lead auditor for the audit of the consolidated financial report of OzAurum Resources Limited for the year ended 30 June 2025, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- a) the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- b) any applicable code of professional conduct in relation to the audit.

The above consolidated statement of changes in equity should be read in conjunction with the accompanying notes.

Notes to the Consolidated Financial Statements

for the year ended 30 June 2025

1. CORPORATE INFORMATION

The consolidated financial report of OzAurum Resources Limited (“OzAurum”) for the year ended 30 June 2025 was authorised for issue in accordance with a resolution of the directors on 19 September 2025 and covers OzAurum Resources Limited as an individual entity as well as the Consolidated Entity consisting of OzAurum Resources Limited and its subsidiaries as required by the Corporations Act 2001.

The consolidated financial report is presented in the Australian currency.

OzAurum Resources Limited is a company limited by shares incorporated in Australia whose shares are publicly traded on the Australian Stock Exchange.

2. SUMMARY OF MATERIAL ACCOUNT POLICIES

The material accounting policies adopted in the preparation of the financial report are set out below. These policies have been consistently applied to all periods presented unless otherwise stated. The financial report includes financial statements of the consolidated entity consisting of OzAurum Resources Limited and its subsidiary (referred to as “the Group”).

(a) Basis of Preparation

The financial report is a general purpose financial report which has been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board and Interpretations and the *Corporations Act 2001*. OzAurum Resources Limited is a for-profit entity for the purpose of preparing the financial statements.

Compliance with IFRS

Australian Accounting Standards include Australian Equivalents to International Financial Reporting Standards (AIFRS). Compliance with AIFRS ensures that the financial report complies with International Financial Reporting Standards (IFRS).

Historical cost convention

These financial statements have been prepared under the historical cost convention.

Critical accounting estimates

The preparation of financial statements in conformity with AIFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Group’s accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in Note 3.

(b) Going Concern

The Group has incurred a net loss after tax for the year ended 30 June 2025 of \$2,279,302 (2024: \$2,535,370) and experienced incurred net cash outflows from operating activities of \$1,817,877 (2024: \$1,607,025). At 30 June 2025, the Group had current assets of \$2,030,332 (2024: \$1,224,110).

The ability of the Group to continue as a going concern is dependent on securing additional funding through debt or equity issues or partial sale of its mineral properties as and when the need to raise working capital arises, to continue to fund its operational activities.

These conditions indicate a material uncertainty that may cast a significant doubt about the Group's ability to continue as a going concern and, therefore, that it may be unable to realise its assets and discharge its liabilities in the normal course of business.

Management believe there are sufficient funds to meet the Group's working capital requirements as at the date of this report. Subsequent to period end the Group expects to receive additional funds through debt or equity issues.

The financial statements have been prepared on the basis that the Group is a going concern, which contemplates the continuity of normal business activity, realisation of assets and settlement of liabilities in the normal course of business for the following reasons:

- The Group has a proven history of successfully raising capital.
- The Directors believe that there is sufficient cash available for the Group to continue operating until it can raise sufficient further capital to fund its ongoing activities.
- The fact that future exploration and evaluation expenditures are generally discretionary in nature and may be slowed or suspended as part of the management of the Group's working capital and other forecast commitments.

Should the Group not be able to continue as a going concern, it may be required to realise its assets and discharge its liabilities other than in the ordinary course of business, and at amounts that differ from those stated in the financial statements and that the financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or liabilities that might be necessary should the Group not continue as a going concern.

(c) Basis of Consolidation

Subsidiaries

The consolidated financial statements comprise the financial statements of OzAurum Resources Limited and its subsidiaries at 30 June each year ("the Group"). Subsidiaries are all entities (including structured entities) over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases. The financial statements of subsidiaries are prepared for the same reporting period as the parent, using consistent accounting policies.

All intercompany balances and transactions, including unrealised profits arising from intragroup transactions have been eliminated. Unrealised losses are also eliminated unless costs cannot be recovered.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of financial position respectively.

Subsidiaries are accounted for in the parent entity's financial statements at cost.

(d) Income Tax

The income tax expense for the year is the tax payable on the current period's taxable income based on the national income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences between the tax base of assets and liabilities and their carrying amounts in the financial statements, and to unused tax losses.

(e) Impairment of Non-Financial Assets

At each reporting date the Group assesses whether there is any indication that individual assets are impaired. Where impairment indicators exist, recoverable amount is determined and impairment losses are recognised in the statement of profit or loss and other comprehensive income where the asset's carrying value exceeds its recoverable amount. Recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

For the purpose of assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

Where it is not possible to estimate recoverable amount for an individual asset, recoverable amount is determined for the cash-generating unit to which the asset belongs.

(f) Exploration, Evaluation and Development Expenditure

Exploration and evaluation costs including costs of studies, exploratory drilling, trenching and sampling and associated activities and an allocation of depreciation and amortisation of assets used in exploration and evaluation activities along with those for general and administrative costs are expensed in the period they are incurred. Acquisition costs of acquiring the tenements are capitalised until the viability of the area of interest is determined. Those acquisition costs are carried forward when the following conditions are satisfied:

- (i) the rights to tenure of the area of interest are current; and
- (ii) at least one of the following conditions is also met:
 - a) the exploration and evaluation expenditures are expected to be recouped through successful development and exploration of the area of interest, or alternatively, by its sale; or
 - b) exploration and evaluation activities in the area of interest have not at the reporting date reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves, and active and significant operations in, or in relation to, the area of interest are continuing.

Exploration and evaluation assets are assessed for impairment when facts and circumstances suggest that the carrying amount of an exploration and evaluation asset may exceed its recoverable amount. The recoverable amount of the exploration and evaluation asset (for the cash generating unit(s) to which it has been allocated being no larger than the relevant area of interest) is estimated to determine the extent of the impairment loss (if any). Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but only to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in previous years.

Where a decision has been made to proceed with development in respect of a particular area of interest, the relevant exploration and evaluation asset is tested for impairment and the balance is then reclassified to development.

(g) Property, Plant and Equipment

All property, plant and equipment is stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Depreciation on other assets is calculated on a straight-line basis over the estimated useful life of the asset as follows:

- Vehicles	3 – 5 years
- Furniture, fittings and equipment	3 – 8 years
- Software	1 – 4 years
- Plant and equipment	10 – 15 years

The assets’ residual values and useful lives are reviewed and adjusted, if appropriate, at each reporting date.

An asset’s carrying amount is written down immediately to its recoverable amount if the asset’s carrying amount is greater than its estimated recoverable amount (Note 2(e)).

Gains and losses on disposals are calculated as the difference between the net disposal proceeds and the asset’s carrying amount and are included in the statement of profit or loss and other comprehensive income in the year that the item is derecognised.

(h) Right-of-Use Asset and Lease Liability

Measurement and recognition of leases as a lessee

At lease commencement date, the Group recognises a right-of-use asset and a lease liability on the statement of financial position. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Group, an estimate of any costs to dismantle and remove the asset at the end of the lease, and any lease payments made in advance of the lease commencement date (net of any incentives received).

The Group depreciates the right-of-use asset on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Group also assesses the right-of-use asset for impairment when such indicators exist.

At the commencement date, the Group measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Group's incremental borrowing rate.

Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed), variable payments based on an index or rate, amounts expected to be payable under a residual value guarantee and payments arising from options reasonably certain to be exercised.

Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero.

(i) Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing the net loss attributable to equity holders of the Group, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the year.

Diluted earnings per share

Earnings used to calculate diluted earnings per share are calculated by adjusting the basic earnings by the after-tax effect of dividends and interest associated with dilutive potential ordinary shares. The weighted average number of shares used is adjusted for the weighted average number of shares assumed to have been issued for no consideration in relation to dilutive potential ordinary shares.

(j) New and Amended Accounting Standards and Interpretations

The Group applied relevant new standards and amendments, which are effective for annual years beginning on or after 1 July 2024. The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

(k) Standards Issued but not yet Effective

The Australian Accounting Standards and Interpretations that are issued or amended, but not yet effective, up to the date of issuance of the Group's financial statements have not been early adopted by the Group for the annual reporting period ended 30 June 2025. The Group has not yet assessed the impact of these new or amended Accounting Standards and Interpretations.

3. ACCOUNTING ESTIMATES AND JUDGMENTS

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the entity and that are believed to be reasonable under the circumstances. There are no estimates, assumptions or judgments that are expected to have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, except for the following:

Exploration and Evaluation Assets

Acquisition costs in respect of each identifiable area of interest. These costs are carried forward in respect of an area that has not, at reporting date, reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves. The future recoverability of exploration and evaluation expenditure is dependent on a number of factors, including whether the Group decides to exploit the related tenement itself, or if not, whether it successfully recovers the related exploration and evaluation assets through sale. Factors that could impact the future recoverability include the level of reserves and resources, future technological changes, which could impact the cost of mining and changes to commodity prices.

Share Based Payments

The Group measures the cost of equity-settled transactions with other parties by reference to the fair value of the goods or services received. Where the fair value of the goods or services cannot be reliably determined, or where the goods or services cannot be identified, the Group measures the cost of the transaction by reference to the fair value of the equity instruments granted. The fair value is determined by using either the quoted market price (if available) or the Black-Scholes model taking into account the terms and conditions upon which the instruments were granted. The accounting estimates and assumptions relating to equity-settled share-based payments would have no impact on the carrying amounts of assets and liabilities within the next annual reporting period but may impact profit or loss and equity.

4. SEGMENT REPORTING

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors.

OzAurum Resources Limited operates in the mineral exploration industry in Australia and Brazil.

Given the nature of the Group, its size and current operations, management does not treat any part of the Group as a separate operating segment. The Group's management operate the business as a whole without any special responsibilities for any separately identifiable segments of the business.

Geographic Information

The Groups revenues and expenditure reported in the financial statements derive from the Groups country of domicile (Australia) and Brazil based on the location of the Group's exploration projects.

	-	-

DEFERRED TAX ASSETS AND LIABILITIES

	2025	2024
	\$	\$
c) Recognised deferred tax assets and liabilities	30%	30%
Deferred tax assets		
Employee provisions	34,845	23,285
Other provisions and accruals	22,980	20,738
Right of use asset	41,215	51,559
Blackhole – previously expensed	701	1,284
Tax losses (to the extent of deferred tax liabilities)	119,698	131,092
	219,439	227,958
Set off of deferred tax liabilities	(219,439)	(227,958)
Net deferred tax assets	-	-
Deferred tax liabilities		
Prepayments	(146)	(371)
Exploration and mine properties	(172,072)	(145,610)
Plant & equipment	(8,552)	(30,418)
Right of use assets	(38,669)	(51,559)
	(219,439)	(227,958)
Set off of deferred tax liabilities	219,439	227,958
Net deferred tax liabilities	-	-
d) Unused tax losses and temporary differences for which no deferred tax asset has been recognised		
Deferred tax assets have not been recognised in respect of the following using the corporate tax rate of:	30%	30%
Deductible temporary differences	70,460	100,149
Tax revenue losses	4,782,972	4,152,383
	4,853,432	4,252,532

The corporate tax rates on both recognised and unrecognised deferred tax assets and deferred tax liabilities have been calculated with respect to the tax rate that is expected to apply in the year the deferred tax asset is realised or the liability is settled.

The tax benefits of the above deferred tax assets will only be obtained if:

- the Group derives future assessable income of a nature and of an amount sufficient to enable the benefits to be utilised;
- the Group continues to comply with the conditions for deductibility imposed by law; and
- no changes in income tax legislation adversely affect the Group in utilising the benefits.

9. LOSS PER SHARE

Reconciliation of earnings used in calculating loss per share

	2025 \$	2024 \$
Basic and diluted loss per share		
Loss from operations attributable to ordinary equity holders of OzAurum Resources Limited used to calculate basic loss per share	2,279,302	2,535,370
	2025 Number	2024 Number
Weighted average number of ordinary shares used as the denominator in calculating basic loss per share	187,182,874	151,050,409

The Company's potential ordinary shares, being options granted, are not considered dilutive as conversion of these shares would result in a decrease in the net loss per share.

Cash at bank and in hand	25,879	84,130
At call deposits	1,877,438	1,003,383
	1,903,317	1,087,513

Cash at bank and in hand, are not interest bearing, cash held in at call deposits does earn interest.

The Groups exposure to interest rate risk is discussed in Note 22. The maximum exposure to credit risk at the end of the reporting period is the carrying amount of each class of cash and cash equivalents mentioned above.

12. TRADE AND OTHER RECEIVABLES

	2025	2024
	\$	\$
GST receivable	34,035	11,266
Withholding tax receivable	1,530	1,530
Deposits paid	-	65,451
Other	6,075	-
	41,640	78,247

As of 30 June 2025 and 2024, there were no trade or other receivables which were past due but not impaired. Please refer to Note 22 for assessment of Financial Risk Management.

13. SUBSIDIARIES

The consolidated financial statements incorporate the assets, liabilities and results of the following subsidiaries in accordance with the accounting policy described in Note 2(c).

	Country of incorporation	Class of shares	Equity holding	
			2025	2024
OzAurum Mines Pty Ltd	Australia	Ordinary	100%	100%
OzAurum Brazil Pty Ltd	Australia	Ordinary	100%	100%
OzAurum Brasil Ltda	Brazil	Ordinary	100%	100%

The proportion of ownership interest is equal to the proportion of voting power held.

14. PROPERTY, PLANT AND EQUIPMENT

Closing balance	171,864	171,864
Less accumulated depreciation		
Opening balance	-	(71,940)
Additions	(42,966)	(31,652)
Expiry of existing lease	-	103,592
Closing balance	(42,966)	-
Net book value at end of year	128,898	171,864

Refer to Note 18 for further details.

16. EXPLORATION ASSETS

	2025	2024
	\$	\$
Exploration and evaluation phases		
At cost	1,146,383	1,332,428

A reconciliation of the movements in the capitalised exploration assets is detailed below:

	2025	2024
	\$	\$
Opening balance	1,332,428	1,146,383
Acquisition of projects in Brazil	-	287,176
Brazil acquisitions terminated	(186,045)	(80,210)
Foreign exchange movements	-	(20,921)
Closing Balance	1,146,383	1,332,428
Exploration costs expenses during the year	1,169,592	973,280

Exploration costs are only carried forward to the extent that they are expected to be recouped through the successful development or sale of the area or where activities in the area have not yet reached a stage that permits reasonable assessment of the existence of economically recoverable reserves.

17. TRADE AND OTHER PAYABLES

	2025	2024
	\$	\$
Trade payables ¹	84,150	42,155
Accruals	60,567	85,106
Other creditors	44,910	18,297
	189,627	145,558

Note 1: Trade payables are non-interest bearing and are normally settled within 30-day terms.

18. LEASES

The Company signed a three-year, lease agreement for office premises in Kalgoorlie, Western Australia with a commencement date of 4 June 2021 and an expiry date of 30 June 2024. During the 2024 financial year the Company signed a new four year lease agreement for the existing premises with a commencement date of 1 July 2024. The lease agreement was accounted for under AASB 16 which resulted in the recognition of 'right of use asset' and 'lease liability' on the statement of financial position. Refer to Note 15 for the net book value of the 'right of use asset'.

The lease imposes a restriction that, the right-of-use asset can only be used by the Company. The Company can sublet the asset to another party, only if prior consent is obtained from the landlord. The Company is prohibited from selling or pledging the underlying leased asset as security. The Company must keep the property in a good state of repair and return the property in their original condition at the end of the lease. Further, the Company must insure items of fixed assets and incur maintenance fees on such items in accordance with the lease agreement.

Lease liability is presented in the statement of financial position as follows:

	2025	2024
	\$	\$
Lease liability – Current	39,711	34,481
Lease liability – Non-current	97,672	137,383
	137,383	171,864

Set out below are the carrying amounts of lease liability and the movements during the year:

	2025	2024
	\$	\$
Opening balance	171,864	36,094
Interest	16,309	1,672
Repayments made	(50,790)	(37,766)
Initial recognition of additional lease liability	-	171,864
Closing Balance	137,383	171,864

19. CONTRIBUTED EQUITY

	2025	2024

Exercisable at the end of the period	40,215,910	0.179	33,506,244	0.199

The weighted average remaining life of options on issue at balance date is 1.63 years (2024: 2.43 years)

Capital risk management

The Group's and the parent entity's objectives when managing capital are to safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

20. SHARE BASED PAYMENTS

Options

The Company issued the following options as share based payments during the prior financial year;

- 500,000 options issued to a contractor;
- 6,000,000 Broker Options issued under the terms of the appointment of CPS Securities as Lead Manager of the Company's placement undertaken in December 2024 (taken to share issue costs); and
- 3,000,000 Broker Options issued under the terms of the appointment of CPS Securities as Lead Manager of the Company's placement undertaken in March 2025 (taken to share issue costs).

As the fair value of the goods or services was not able to be reliably determined, the fair value of the options was determined using the Black-Scholes option valuation methodology and applying the following inputs:

	Contractor Options	Broker Options (Dec 2024)	Broker Options (Mar 2025)
Exercise Price	\$0.23	\$0.05	\$0.09
Expiry Date	26 Nov 2027	20 Dec 2027	10 Mar 2028

22. FINANCIAL RISK MANAGEMENT

(a) General objectives, policies and processes

In common with all other businesses, the Group is exposed to risks that arise from its use of financial instruments. This note describes the Group's objectives, policies and processes for managing those risks and the methods used to measure them. Further quantitative information in respect of these risks is presented throughout these financial statements.

The Group's principal financial instruments comprise cash and short term deposits. The main purpose of the financial instruments is to earn the maximum amount of interest at a low risk to the Group. The Group also has other financial instruments such as other debtors and creditors which arise directly from its operations. For the current financial year, it has been the Group's policy not to trade in financial instruments

The main risks arising from the Group's financial instruments are interest rate risk, liquidity risk and credit risk. There have been no substantive changes in the Group's exposure to financial instrument risks, its objectives, policies and processes for managing those risks or the methods used to measure them during the period unless

otherwise stated in this note.

All loans to subsidiary companies are eliminated on consolidation and therefore do not expose the group to credit risk.

The Board has overall responsibility for the determination of the Group's risk management objectives and policies. The Groups' risk management policies and objectives are designed to minimise the potential impacts of these risks on the results of the Group where such impacts may be material.

The overall objective of the Board is to set polices that seek to reduce risk as far as possible without unduly affecting the Group's competitiveness and flexibility. Further details regarding these policies are set out below:

(b) Market Risk

Market risk arises from the use of interest bearing financial instruments. It is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in interest rates (interest rate risk).

Interest rate risk

The Group is exposed to movements in market interest rates on short term deposits. The Directors monitor the Group's cash position relative to the expected cash requirements. Where appropriate, surplus funds are placed on deposit earning higher interest. The Group does not have short or long term debt, and therefore this risk is minimal. The Group's exposure to interest rate risk and the effective weighted average interest rate for each class of financial assets and financial liabilities is set out in the following table:

	Floating Rates \$	Fixed interest maturing in			Non-interest bearing	Total \$
2025		<1 year \$	1-5 years \$	>5 years \$		
Financial Assets						
Cash and cash equivalents	1,877,438	-	-	-	25,879	1,903,317
Trade and other receivables	-	-	-	-	127,015	127,015

Trade and other receivables	-	-	-	-	136,597	136,597
Total	1,003,383	-	-	-	220,727	1,224,110
Weighted average interest rate	1.15%	0.00%	0.00%	0.00%	0.00%	0.97%
Financial liabilities						
Trade payables	-	-	-	-	42,155	42,155
Lease liability	-	34,481	137,383	-	-	171,864
Total	-	34,481	137,383	-	42,155	214,019
Weighted average interest rate	0.00%	10.72%	10.72%	0.00%	0.00%	8.61%

Group sensitivity

At 30 June 2025, a change in interest rate by 50 basis points would change results by \$9,387 higher/lower (2024: \$4,845). The group's interest income comes solely from the parent entity.

(c) Credit Risk

Credit risk is managed on a group basis. Credit risk arises mainly from cash and cash equivalents, and deposits with banks and financial institutions. For banks and financial institutions, only independently rated parties with a minimum rating of 'A' are accepted.

The Group does not have any significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics. The carrying amount of financial assets recorded in the financial statements, net of any provisions for losses, represents the Group's maximum exposure to credit risk. As at 30 June 2025, the group held cash at bank with financial institutions with an S&P rating of AA-.

The Group does not consider there to be any material credit risk owing to the nature of the financial assets held.

(d) Liquidity risk

Liquidity risk is the risk that the Group may encounter difficulties raising funds to meet commitments associated with financial instruments, e.g. borrowing repayments. The Group actively manages its operating cash flows and the availability of funding so as to ensure that all refinancing, repayment and funding needs are met. As part of its overall prudent liquidity management, the Group maintains sufficient levels of cash to meet its working capital requirements. The Group does not have any overdraft, loans or borrowings facilities from financial institutions as at reporting date.

Maturity analysis for financial liabilities

Financial liabilities of the Group include trade and other payables, employee entitlements and lease liabilities. As at 30 June 2025 trade payables and employee entitlements are contractually due within 60 days. The lease liability is in relation to the premises occupied by the Group. See note 18 for details.

(e) Fair Values

The carrying value less impairment provision of trade receivables and payables are assumed to approximate their fair values due to their short-term nature. The same applies to the carrying value of cash and cash equivalents.

(f) Foreign exchange risk

The Group transacts in Australian dollars and Brazilian real and does not participate in the use of derivative financial instruments. Minor exposure to foreign exchange transactions occur from the Group's transaction in other jurisdictions arising from variations in the Australian exchange rate. The impact of these foreign exchange rate differences are not material, therefore the Group considers there is no material foreign exchange risk present.

23. CASH FLOW INFORMATION

	2025	2024
	\$	\$
Reconciliation of loss after income tax to net cash flow from operating activities		
(Loss) for the year	(2,279,302)	(2,535,370)

- increase in provisions	38,535	20,037
Net cash flow used in operating activities	(1,817,877)	(1,607,025)

Non-cash financing activities

During the 2025 and 2024 financial years, the Company did not engage in any non-cash financing activities.

24. RELATED PARTY TRANSACTIONS

Parent entity

OzAurum Resources Limited is the ultimate parent entity of the Group.

Subsidiaries

Interests in subsidiaries are disclosed in Note 13.

Transactions with related parties

Transactions with related parties are disclosed below.

Outstanding balances

Outstanding balances in relation to transactions with related parties are disclosed in Note 24.

Key management personnel compensation

	2025	2024
	\$	\$
Short term benefits	375,909	372,072
Post-employment benefits	36,630	34,328
Share based payments	-	531,714
Annual and long service leave provided	21,561	20,892
	434,100	959,006

Further details of compensation of the key management personnel of OzAurum Resources Limited are set out in the Remuneration Report on page 20.

Loans from/to key management personnel

There were no loans to or from key management persons.

Related party transactions

The following related party transactions were recorded during the year. These amounts have not been included in the table of remuneration included in the Remuneration Report unless otherwise stated:

	2025 \$	2024 \$
Payments to James Pumphrey, Mr Andrew Pumphrey's son, being remuneration under an employment arrangement. Mr J Pumphrey was employed by the Group as a drillers assistant.	-	6,260
Payments to Ben Pumphrey, Mr Andrew Pumphrey's son, being remuneration under an employment arrangement. Mr B Pumphrey was employed by the Group as a drillers assistant.	2,885	-
Payment to Tau Media Pty Ltd, a business associated with Ms Jessica Fertig, in relation to consultant investor relations services provided to the Company on an arm's length basis, prior to her appointment as a Director.	3,000	-
	5,885	6,260

¹ Included in remuneration report.

Liabilities at Reporting Date

Aggregate amounts of liabilities at reporting date relating to director fees are as follows:

	2025 \$	2024 \$
Current Liabilities		
Andrew Pumphrey	22,400	22,200
Tau Media Pty Ltd	5,500	-
Ashok Parekh	6,667	-
Jeffrey Williams	5,000	6,667
Geoex Pty Ltd (A Tudor)	-	16,500
	39,567	45,367

Amounts are non-interest bearing and are contractually due within 60 days.

25. CONTINGENT LIABILITIES

As at the date of the report, the Directors are not aware of any material contingent liabilities that would require disclosure.

26. COMMITMENTS

	2025	2024
	\$	\$
Exploration commitments		
Payable		
Within one year	415,060	404,600
Later than one year but not later than 5 years	504,000	590,808
Later than 5 years	118,504	143,647
	1,037,564	1,139,055

27. EVENTS OCCURRING AFTER THE REPORTING DATE

Other than as outlined above, there has been no other matters or circumstances that has arisen after reporting date that has significantly affected, or may significantly affect, the operations of the consolidated entity, the results of those operations, or the state of affairs of the consolidated entity in future financial periods.

Consolidated Entity Disclosure Statement

	Entity Type	Trustee, Partner or JV Participant	Date of Incorporation	Place of Incorporation	Taxation Residency	Ownership Interest	
						202	2024
Parent Entity							
OzAurum Resources Limited	Company	No	5 Aug 2020	NSW, Aust.	Australia		
Controlled Entities							
OzAurum Mines Pty Ltd	Company	No	14 Oct 2020	WA, Aust.	Australia	100%	100%
OzAurum Brazil Pty Ltd	Company	No	28 Jul 2023	WA, Aust.	Australia	100%	100%
OzAurum Brasil Ltda	Company	No	26 Sep 2023	Sao Paulo, Brazil	Brazil & Australia	100%	100%

Basis of Preparation

The Consolidated Entity Disclosure Statement (CEDS) has been prepared in accordance with the Corporations Act 2001 and includes required information for each entity that was part of the consolidated entity as at the end of the financial year.

Consolidated Entity

This CEDS includes only those entities consolidated as at the end of the financial year, in accordance with AASB 10: Consolidated Financial Statements.

Determination of Tax Residency

Section 295.3A of the Corporations Act 2001 defines tax residency as having the meaning in the Income Tax Assessment Act 1997. The determination of tax residency involved judgement as there are currently several different interpretations that could be adopted, and which could give rise to a different conclusion on residency.

In determining tax residency, the Consolidated Entity has applied the following interpretations.

Australian tax residency

The Consolidated Entity has applied current legislation and judicial precedent, including having regard to the Tax Commissioner's public guidance.

Foreign tax residency

Where necessary, the Consolidated Entity has used independent tax advisors in foreign jurisdictions to assist in its determination of tax residency to ensure applicable foreign tax legislation has been complied with.

Directors' Declaration

for the year ended 30 June 2025

The directors of the Company declare that:

1. The financial statements and notes of the consolidated entity, as set out on pages 28 to 54 are in accordance with the *Corporations Act 2001* and:
 - (a) comply with Accounting Standards, Corporations Regulations 2001 and other mandatory professional reporting requirements; and
 - (b) give a true and fair view of the financial position of the Group as at 30 June 2025 and of its performance for the year ended on that date.
2. There are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.
3. The Consolidated Entity Disclosure Statement included in this report is true and correct.

The Directors have been given the declarations by the Managing Director and Chief Financial Officer required by Section 295A of the Corporations Act for the financial year ending 30 June 2025.

This declaration is made in accordance with a resolution of the Board of Directors and is signed for and on behalf of the directors by:

Ashok Parekh
Chairman

Dated this 19th day of September 2025

INDEPENDENT AUDITOR'S REPORT

To the Members of OzAurum Resources Limited

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of OzAurum Resources Limited ("the Company") and its controlled entities ("the Group"), which comprises the consolidated statement of financial position as at 30 June 2025, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, notes to the financial statements, including material accounting policy information, the consolidated entity disclosure statement and the directors' declaration.

In our opinion, the accompanying financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Group's financial position as at 30 June 2025 and of its financial performance for the year then ended; and
- (b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* ("the Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 2 in the financial report, which indicates that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit

of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matter described in the *Material Uncertainty Related to Going Concern* section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the key audit matter
<p>Carrying amount of exploration and evaluation expenditure Refer to Note 16</p> <p>In accordance with AASB 6 Exploration for and Evaluation of Mineral Resources, the Group capitalises acquisition costs and subsequently applies the cost model after recognition.</p> <p>Our audit focussed on the Group's assessment of the capitalised acquisition costs, as this is one of the most significant assets of the Group and is material to the users of the financial statements.</p>	<p>Our procedures included but were not limited to the following:</p> <ul style="list-style-type: none"> – We obtained an understanding of the key processes associated with management's review of the carrying values of each area of interest; – We considered the Directors' assessment of potential indicators of impairment; – We obtained evidence that the Group has current rights to tenure of its areas of interest; – We examined the exploration budget for the coming period and discussed with management the nature of planned ongoing activities; – We enquired with management, reviewed ASX announcements and reviewed minutes of Directors' meetings to ensure that the Group had not resolved to discontinue exploration and evaluation at any of its areas of interest; and – We examined the disclosures made in the financial report.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2025, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of:

For personal use only

- (a) the financial report (other than the consolidated entity disclosure statement) that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001*; and
- (b) the consolidated entity disclosure statement that is true and correct in accordance with the *Corporations Act 2001*, and

for such internal control as the directors determine is necessary to enable the preparation of:

- (a) the financial report (other than the consolidated entity disclosure statement) that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
- (b) the consolidated entity disclosure statement that is true and correct and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON THE REMUNERATION REPORT

Opinion on the Remuneration Report

We have audited the Remuneration Report included within the Directors' Report for the year ended 30 June 2025.

In our opinion, the Remuneration Report of OzAurum Resources Limited for the year ended 30 June 2025 complies with Section 300A of the *Corporations Act 2001*.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with Section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

Corporate Governance Statement

The Board is responsible for establishing the Company's corporate governance framework. In establishing its corporate governance framework, the Board has referred to the 4th edition of the ASX Corporate Governance Councils' Corporate Governance Principles and Recommendations. This Corporate Governance Statement has been approved by the Board and is current as at the date of this Annual Report.

The Corporate Governance Statement discloses the extent to which the Company follows the recommendations. The Company will follow each recommendation where the Board has considered the recommendation to be an appropriate benchmark for its corporate governance practices. Where the Company's corporate governance practices will follow a recommendation, the Board has made appropriate statements reporting on the adoption of the recommendation. In compliance with the "if not, why not" reporting regime, where, after due consideration, the Company's corporate governance practices will not follow a recommendation, the Board has explained its reasons for not following the recommendation and disclosed what, if any, alternative practices the Company will adopt instead of those in the recommendation.

The following governance-related documents can be found on the Company's website at www.ozaurumresources.com under the section marked "Corporate Governance":

- a) Statement of Values;
- b) Board Charter;
- c) Code of Conduct;
- d) Audit and Risk Committee Charter;
- e) Remuneration and Nomination Charter;
- f) Securities Trading Policy;
- g) Continuous Disclosure Policy;
- h) Shareholder Communication Policy;
- i) Risk Management Policy;
- j) Diversity Policy;
- k) Privacy Policy;
- l) Anti-Bribery & Corruption Policy;
- m) Related Parties Transactions and Conflicts of Interest Policy; and
- n) Whistleblower Policy.

Principle I: Lay solid foundations for management and oversight

Recommendation 1.1

The Company has established the respective roles and responsibilities of its Board and management, and those matters expressly reserved to the Board and those delegated to management, and has documented this in its Board Charter.

The responsibilities of the Board include but are not limited to:

- a) setting and reviewing strategic direction and planning;
- b) reviewing financial and operational performance;
- c) identifying principal risks and reviewing risk management strategies; and
- d) considering and reviewing significant capital investments and material transactions.

In exercising its responsibilities, the Board recognises that there are many stakeholders in the operations of the Company, including employees, shareholders, co-ventures, the government and the community.

The Board has delegated responsibility for the business operations of the Company to the Chief Executive Officer and the management team. The management team, led by the Chief Executive Officer is accountable to the Board.

Recommendation 1.2

The Company undertakes appropriate checks before appointing a person, or putting forward to shareholders a candidate for election as a director and provides shareholders with all material information in its possession relevant to a decision on whether or not to elect a director.

The checks which are undertaken, and the information provided to shareholders, are set out in the Company's Board Charter and Remuneration and Nomination Committee Charter.

Recommendation 1.3

The Company has a written agreement with each of the Directors. The material terms of any employment, service or consultancy agreement the Company, or any of its child entities, has entered into with its Chief Executive Officer, any of its directors, and any other person or entity who is a related party of the Chief Executive Officer or any of its directors will be disclosed in accordance with ASX Listing Rule 3.16.4 (taking into consideration the exclusions from disclosure outlined in that rule).

Recommendation 1.4

The Company Secretary is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board. The Company Secretary is responsible for the application of best practice in corporate governance and also supports the effectiveness of the Board by:

- a) keep or cause to be kept a minute book of all minutes relating to the Board and any committee;
- b) keep or cause to be kept a minute book of all minutes relating to general meetings of the Company;
- c) keep or cause to be kept the company's share register; and
- d) give or cause to give notice of all Board meetings and general meetings of the Company.

Recommendation 1.5

The Company has a Diversity Policy, the purpose of which is:

- a) recognise that diversity and inclusivity contribute to corporate success;
- b) promote a Company culture that upholds diversity, inclusivity and equality;
- c) ensure the Company fosters a safe, fair and respectful working environment for all Personnel; and
- d) ensure the Company provides and maintains equal employment opportunities for all Personnel and candidates for Board appointment or employment with the Company.

The Board intends to set measurable objectives for achieving diversity, specifically including gender diversity and will review and report on the effectiveness and relevance of these measurable objectives. However, due to the current size of the Board and management, these measurable objectives have not yet been set.

Recommendation 1.6

The Chair will be responsible for evaluating the performance of the Board, Board committees and individual directors. An evaluation of the Board, its committees and individual directors is currently being undertaken.

Recommendation 1.7

The Chief Executive Officer will be responsible for evaluating the performance of the Company's senior executives. The Chair will be responsible for evaluating the performance of the Chief Executive Officer. An evaluation of the Chief Executive Officer is currently being undertaken.

Principle 2: Structure the board to add value

Recommendation 2.1

Due to the size of the Board, the Company does not have a separate nomination committee. The roles and responsibilities of a nomination committee are currently undertaken by the Board.

The duties of the full Board in its capacity as a nomination committee are set out in the Company's Remuneration and Nomination Charter which is available on the Company's website.

When the Board meets as a remuneration and nomination committee is carries out those functions which are delegated to it in the Company's Remuneration and Nomination Charter. Items that are usually required to be discussed by a Remuneration and Nomination Committee are marked as separate agenda items at Board meetings when required.

The Board has adopted a Remuneration and Nomination Charter which describes the role, composition, functions and responsibilities of a Nomination Committee and is disclosed on the Company's website.

Recommendation 2.2

The mix of skills and diversity which the Board is looking to achieve in its composition is:

- a) a broad range of business experience; and
- b) technical expertise and skills required to discharge duties.

Recommendation 2.3

The Board considers the independence of directors having regard to the relationships listed in Box 2.3 of the Principles and Recommendations.

Currently the Board is structured as follows:

- a) Ashok Parekh (Independent, Non-Executive Chairman)- Appointed 21 May 2025;
- b) Jeffrey Williams (Independent, Non-Executive Director)- Appointed 5 August 2020;
- c) Jessica Fertig (Independent, Non-Executive Director) – Appointed 13 January 2025; and
- d) Andrew Pumphrey (Chief Executive Officer and Managing Director) - Appointed 5 August 2020.

Recommendation 2.4

Currently, the Board considers that membership weighted towards technical expertise is appropriate at this stage of the Company's operations. Accordingly, the Board does not have a majority of independent directors.

Recommendation 2.5

As noted above, Mr Parekh is an independent Chairman.

Recommendation 2.6

It is a policy of the Company, that new Directors undergo an induction process in which they are given a full briefing on the Company. Where possible this includes meetings with key executives, tours of the premises, an induction package and presentations.

In order to achieve continuing improvement in Board performance, all Directors are encouraged to undergo continual professional development. Specifically, Directors are provided with the resources and training to address skills gaps where they are identified.

Principle 3: Act ethically and responsibly

Recommendation 3.1

The Company has adopted a Statement of Values which sets out the following core values and fundamental principles of the Company:

- a) to act fairly and ethically;
- b) to comply with the law at all times and act accordingly;
- c) to respect others, both inside and outside of our workplace;
- d) to promote diversity; and
- e) to be honest and transparent in our dealings.

Recommendation 3.2

The Company is committed to promoting good corporate conduct grounded by strong ethics and responsibility. The Company has established a Code of Conduct (Code), which addresses matters relevant to the Company's legal and ethical obligations to its stakeholders. It may be amended from time to time by the Board, and is disclosed on the Company's website.

The Code applies to all Directors, employees, contractors and officers of the Company.

Recommendation 3.3

The Company adopted a Whistleblower Policy which sets out:

- a) who is entitled to protection as a Whistleblower;
- b) the protections available to Whistleblowers; and
- c) how the Group will handle disclosures made by Whistleblowers.

Recommendation 3.4

The Company adopted an Anti-Bribery & Corruption Policy which sets out the that the Company will:

- a) not engage in corrupt business practices;
- b) implement measures to prevent bribery and corruption by all Personnel;
- c) at a minimum, endeavour to comply with all applicable laws, regulations and standards, including Anti-Bribery and Corruption Laws; and
- d) when dealing with third parties, undertake reasonable due diligence to ensure that such parties are suitable for the Company to associate with and will not make bribes or perform corrupt acts on the Company's behalf or for which the Company may be or become responsible or liable.

Principle 4: Safeguard integrity in corporate reporting

Recommendation 4.1

Due to the size of the Board, the Company does not have a separate Audit Committee. The roles and responsibilities of an audit committee are undertaken by the Board.

The full Board in its capacity as the audit committee is responsible for reviewing the integrity of the Company's financial reporting and overseeing the independence of the external auditors. The duties of the full Board in its capacity as the audit committee are set out in the Company's Audit Committee Charter which is available on the Company's website.

When the Board meets as an audit committee it carries out those functions which are delegated to it in the Company's Audit Committee Charter. Items that are usually required to be discussed by an Audit Committee are marked as separate agenda items at Board meetings when required.

The Board is responsible for the initial appointment of the external auditor and the appointment of a new external auditor when any vacancy arises. Candidates for the position of external auditor must demonstrate complete independence from the Company through the engagement period. The Board may otherwise select an external auditor based on criteria relevant to the Company's business and circumstances. The performance of the external auditor is reviewed on an annual basis by the Board.

The Board has adopted an Audit Committee Charter which describes the role, composition, functions and responsibilities of the Audit Committee and is disclosed on the Company's website.

Recommendation 4.2

Before the Board approves the Company financial statements for each financial period it will receive from the Chief Executive Officer and the Chief Financial Officer or equivalent a declaration that, in their opinion, the financial records of the Company for the relevant financial period have been properly maintained and that the financial statements for the relevant financial period comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the Company and the consolidated entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

Recommendation 4.3

The Company has an effective system of internal control, review and approval which it applies to public documents that are not reviewed or audited by its external auditor.

Principle 5: Make timely and balanced disclosure

Recommendation 5.1

The Company is committed to:

- a) ensuring that shareholders and the market are provided with full and timely information about its activities;
- b) complying with the continuous disclosure obligations contained in the Listing Rules and the applicable sections of the Corporations Act; and
- c) providing equal opportunity for all stakeholders to receive externally available information issued by the Company in a timely manner.

The Company has adopted a Continuous Disclosure Policy, which is disclosed on the Company's website. The Continuous Disclosure Policy sets out policies and procedures for the Company's compliance with its continuous disclosure obligations under the ASX Listing Rules, and addresses financial markets communication, media contact and continuous disclosure issues. It forms part of the Company's corporate policies and procedures and is available to all staff.

The Company Secretary manages the policy. The policy will develop over time as best practice and regulations change and the Company Secretary will be responsible for communicating any amendments.

Recommendation 5.2

The Company ensures that Directors are provided with a copy of all material market releases promptly after lodgement.

Recommendation 5.3

The Company ensures that for any new and substantive investor or analyst presentation, it shall release a copy of the presentation materials on the ASX Market Announcements Platform ahead of the presentation.

Principle 6: Respect the rights of security holders

Recommendation 6.1

The Company provides information about itself and its governance to investors via its website at www.ozaurumresources.com. The Company is committed to maintaining a Company website with general information about the Company and its operations and information specifically targeted at keeping the Company's shareholders informed about the Company. In particular, where appropriate, after confirmation of receipt by ASX, the following will be posted to the Company website:

- a) relevant announcements made to the market via ASX;
- b) media releases;
- c) investment updates;
- d) Company presentations and media briefings;
- e) copies of press releases and announcements for the preceding three years; and
- f) copies of annual and half yearly reports including financial statements for the preceding three years.

Recommendation 6.2

The Company has a Shareholder Communication Policy which aims to ensure that Shareholders are informed of all major developments of the Company. The policy is disclosed on the Company's website.

Information is communicated to Shareholders via:

- a) reports to Shareholders;
- b) ASX announcements;
- c) annual general meetings; and
- d) the Company website.

While the Company aims to provide sufficient information to Shareholders about the Company and its activities, it understands that Shareholders may have specific questions and require additional information. To ensure that Shareholders can obtain all relevant information to assist them in exercising their rights as Shareholders, the Company has made available a telephone number and relevant contact details (via the website) for Shareholders to make their enquiries.

Recommendation 6.3

The Board encourages full participation of Shareholders at meetings to ensure a high level of accountability and identification with the Company's strategies and goals as set out in the Shareholder Communication Policy.

Recommendation 6.4

In order to ascertain the true will of the Company's security holders attending and voting at any of its General meetings including the Annual General Meeting, whether they attend in person, electronically or by proxy or other representative, in most situations where this can be achieved the Company will conduct the voting procedure by a poll.

Recommendation 6.5

Shareholders are given the option to receive communications from, and send communication to, the Company and its share registry electronically. To ensure that shareholders can obtain all relevant information to assist them in exercising their rights as shareholders, the Company has made available a telephone number and relevant contact details (via the website) for shareholders to make their enquiries.

Principle 7: Recognise and manage risk

Recommendation 7.1

Due to the size of the Board, the Company does not have a separate Risk Committee. The Board is responsible for the oversight of the Company's risk management and control framework.

When the Board meets as a risk committee it carries out those functions which are delegated to it in the Company's Risk Committee Charter. Items that are usually required to be discussed by a Risk Committee are marked as separate agenda items at Board meetings when required.

The Board has adopted an Audit and Risk Committee Charter which describes the role, composition, functions and responsibilities of the Risk Committee and is disclosed on the Company's website.

The Board has adopted a Risk Management Policy, which is disclosed on the Company's website. Under the policy, responsibility and control of risk management is delegated to the appropriate level of management within the Company with the Chief Executive Officer having ultimate responsibility to the Board for the risk management and control framework.

Recommendation 7.2

The Board will review the Company's risk management framework annually to satisfy itself that it continues to be sound, to determine whether there have been any changes in the material business risks the Company faces and to ensure that the Company is operating within the risk appetite set by the Board. The review for the 2025 year is currently underway.

Arrangements put in place by the Board to monitor risk management include, but are not limited to:

- a) a minimum of quarterly reporting to the Board in respect of operations and the financial position of the Company; and
- b) six monthly rolling forecasts prepared.

Recommendation 7.3

The Company does not have, and does not intend to establish, an internal audit function. To evaluate and continually improve the effectiveness of the Company's risk management and internal control processes, the Board relies on ongoing reporting and discussion of the management of material business risks as outlined in the Company's Risk Management Policy.

Recommendation 7.4

The Company undertakes mineral exploration activities which, by its very nature, is speculative and as such faces inherent risks to its business, including economic, environmental and social sustainability risks which may materially impact the Company's ability to create or preserve value for shareholders over the short, medium or long term. The Board is regularly briefed by management as well as keeping itself abreast of possible material exposure to risks that the Company may face.

The Board periodically reviews, economic, environmental and social sustainability risks in the areas in which it operates. Risk areas include the impact on the environment as a result of operational activities. The Company has in place policies and procedures to help manage these risks.

The Company is committed to sustainable development of resources in an environmentally and socially responsible manner. All operational activities are conducted in strict compliance with the terms of relevant surface use agreements. Surface disturbances, critical wildlife habitat, view-sheds, noise levels, air quality and water quality impacts to the environment will, at a minimum, comply with all applicable legal and regulatory thresholds and otherwise be managed for minimal impact.

Principle 8: Remunerate fairly and responsibly

Recommendation 8.1

Due to the size of the Board, the Company does not have a separate remuneration committee. The roles and responsibilities of a remuneration committee are currently undertaken by the Board.

The duties of the full board in its capacity as a remuneration committee are set out in the Company's Remuneration and Nomination Committee Charter which is available on the Company's website.

When the Board meets as a remuneration committee it carries out those functions which are delegated to it in the Company's Remuneration and Nomination Committee Charter. Items that are usually required to be discussed by a Remuneration Committee are marked as separate agenda items at Board meetings when required.

The Board has adopted a Remuneration and Nomination Committee Charter which describes the role, composition, functions and responsibilities of the Remuneration Committee and is disclosed on the Company's website.

Recommendation 8.2

Details of the Company's policies on remuneration will be set out in the Company's "Remuneration Report" in each Annual Report published by the Company. This disclosure will include a summary of the Company's policies regarding the deferral of performance-based remuneration and the reduction, cancellation or clawback of the performance-based remuneration in the event of serious misconduct or a material misstatement in the Company's financial statements.

Recommendation 8.3

The Company's Security Trading Policy includes a statement on the Company's policy on prohibiting participants in the Company's Employee Incentive Plan entering into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the Employee Incentive Plan.

Security Trading Policy

In accordance with ASX Listing Rule 12.9, the Company has adopted a trading policy which sets out the following information:

- a) closed periods in which directors, employees and contractors of the Company must not deal in the Company's securities;
- b) trading in the Company's securities which is not subject to the Company's trading policy; and
- c) the procedures for obtaining written clearance for trading in exceptional circumstances.

The Company's Security Trading Policy is available on the Company's website.

Details of Mineral Resources and Ore Reserves

Results of Annual Review of Mineral Resource and Ore Reserve

The Mulgabbie North mineral resource was first estimated during the 2023 financial year and no review has subsequently been conducted.

The Company does not have any ore reserves.

Governance Arrangements for Mineral Resource and Ore Reserves Estimates

Mineral Resources are estimated by independent external consultants in accordance with the JORC 2012 Code, using industry standard techniques and internal guidelines for the estimation and reporting of Mineral Resources. All statements have been accompanied by the appropriate sections of Table 1 from the JORC (2012) guidelines. Mineral Resource Statements included in the Annual Report are reviewed by suitably qualified Competent Persons from the Company prior to its inclusion.

Mulgabbie North Mineral Resource

Table 2: Mulgabbie North Mineral Resource Estimate

Mulgabbie North Gold Deposit			
JORC 2012 Classification	Tonnes	Grade Au g/t	Ounces
Measured	1,475,000	0.82	39,000
Indicated	5,620,000	0.71	128,000
Inferred	4,543,000	0.85	93,000
Total Measured, Indicated and Inferred	11,638,000	0.70	260,000

Notes: The Minerals Resources are reported at 0.3 g/t Au cutoff to a depth of 150m below the surface. All numbers are rounded to reflect appropriate levels of confidence. Apparent difference may occur due to rounding.

Reported according to the 2012 JORC Code on 18 July 2023. Full details of the Mulgabbie North resource calculations as per JORC Code (2012) are contained in the Company's announcement dated 18 July 2023.
